

ALL-SPORTS TROPHY

The GLVC All-Sports Trophy, first presented following the 1981-82 season, is awarded to the institution that demonstrates the best all-around performance in the league's 20 sponsored sports.

Relative to the institution's final standing in each conference sport, a value of points equal to the number of competing institutions shall be assigned for first place, one point less for second, to one point for last place. In individual sports, the following rules shall apply unless addressed otherwise in the sports section of the GLVC Handbook: the number of competing institutions is the number that field teams with at least the minimum number of participants to count as a contest for NCAA purposes, teams with less than this minimum number of participants do not earn points for the all-sports trophy. If a conference tournament or meet is held, as many places as possible shall be determined by that result, with the remaining places to be determined by regular season standings, unless otherwise specified in a specific sport session. For ties, the values are added together and divided equally among the institutions which are tied. The methods of determining standings are listed separately for each sport in their respective sections of the GLVC Handbook.

Institutions participating in both the indoor and outdoor track and field championships will receive All Sports Trophy points based on the average score of their finish in both events.
