Easy Guitar Songs For Beginners Using 4 Chords

Example Chord Progressions

G D Em C

Used in songs by bands and artists like Green Day, U2, John Denver, Journey and A-Ha.

The same chords can sound totally different by changing the timing and strumming.

Changing The Order To:

Em C D G

Gives a whole new sound, used for example by Neil Young.

Changing The Order To:

G C Em D

Changes the sound yet again, used for example by the band Boston.

Easy Guitar Songs For Beginners Using 4 Chords

Using a capo allows us to play the same chords in a different key.

For example putting the capo behind the 9th fret and playing our chords in this order:

G D Em C

We can play a popular song by the band Train.
