We answer, in this show, it is completely unnecessary to answer any questions, it's just you're trying to catch bank notes falling from the roof with your hands. The more you catch them, the more you can earn. Well, to complicate this process, Steam and Company S-Crepto Ltd,placed between parties, and can easily cut off most of the slush that the actual bank notes fall to the Gletine. It is, if you don't have time to catch money in a timely manner and take your hand, you can easily lose. Management in game Handles 2, applies incredibly simple. To catch the bank note collector from falling from the roof, you just need to get it to the right, then build another tube on the right, so that the hands with the money move back to the incredibly fast Glytine Blade without satisfying. If this cannot be done, the hand will be amputated, after which the guard will be asked if they will take the winning money, or are willing to try their luck, risking other organs. You can leave the game at any time without both p. well, something a little easier to reduce the life of the guard. The project has included several promotions (hoor) -draw a falling money within five seconds, metal gloves-saves you from a hit under the knife, ice-cream gout for five seconds to watch the glytine - time off). In short, Android game Handless MS2 is an Arcade Time Killer, capable of testing not only the response of the guards but also their determination on the path of unprecedented wealth.
