Zombie shooting games apkpure

You just can't get more action than you get with shooting games. Whether they're third-person shooters, first-person shooters, or somewhere in between, you're usually in tons of bullets, explosions and chaos. It was one of the more difficult genres to get going on mobile because shooting games depend so much on accuracy. It's hard to do on a touchscreen. In addition, we have a separate list that is all FPS (first person shooter) games and that is linked only below. This list has first and third person shooters with a variety of different mechanics, so it could be a truer list of the best shooting games for Android.Ailment and EndurancePrice: Free/ Up to \$3.99 (each) Ailment is a mix between a shooter and an rpg dungeon crawler. Players explore the world, find loot and gear, shoot up the bad guys, and engage in some really intense action battle. The graphics are retro style, so it's not the most beautiful game I've ever seen. However, the mechanics are solid and the controls are quite easy to learn. Players can also find hidden Easter eggs, bring NPCs along for the ride, and more. Andrated came out in 2020 as a kind of prequel to Ailment and is as good as Ailment, if not a little better. These are two excellent shooting games and we highly recommend them. AirAttack 2Price: Free / Up to \$1.99AirAttack 2 is an aerial shooter from top to bottom and a pretty decent one. The game is played like the classics. You go level level to take down opponents, bosses, etc. However, it has surprisingly good graphics, simple controls, and a survival mission mode for those who like an extra challenge. The game also includes daily rewards, five planes, different upgrades, and support for Android TV, along with external game pads, mice, and keyboards. You can also sync your account with other versions of the game to keep things like skins and other content that can be unlocked. The game started as a third-party download from Epic Games, but was officially released in the Play Store in 2020. Now you can bring him there.
