

# Goodshuffle Payment Process Diagram

## Rental Request

Renters build out an order and send a rental company their rental request.

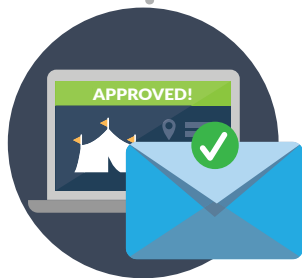

## Vendor Notified

Goodshuffle immediately sends the rental company an email notification of the new request.

## Request Approved

When all the details are finalized the rental company approves the request.

## Renter Notified

Goodshuffle immediately notifies the renter of their approved request.

## Payment Captured

Payment is immediately captured by Stripe, a leading, PCI Compliant payment gateway.

## Event

The event goes off without a hitch!

## Funds Transferred

Funds are instantly transferred via ACH into the rental company's bank account.
