Overview and Purpose
An increasing number of oncologists are focusing their clinical practices on the treatment of breast cancer, creating a need for specialized education. The School of Breast Oncology®, which has been held annually since 2003, was developed to advance patient care by providing a curriculum-based program focused exclusively on breast cancer clinical management. This intensive 4-day interactive program will provide a comprehensive review of data on the most important aspects of breast cancer biology, diagnostics, prevention, and treatment, with lectures emphasizing clinical implications presented by leading clinical investigators. This program will also include case management sessions, question-and-answer panel discussions, and ample time for interaction with the faculty. Designed for practicing physicians at all experience levels, the School of Breast Oncology® provides a comprehensive overview for fellows or oncologists who are new to practice, but serves as a valuable refresher course with updates on the latest data and changes to standards of care for the oncologist who has been in practice for several years or more.

Topics
- Module 1: Breast Carcinogenesis and Management of High-risk Disease
- Module 2: Breast Imaging
- Module 3: Breast Surgery
- Module 4: Breast Radiation Therapy
- Module 5: Adjuvant Chemotherapy and Endocrine Therapy
- Module 6: Treatment of HER2-Positive Disease
- Module 7: Systemic Treatment of Advanced/Metastatic Disease
- Module 8: Organ-Targeted Treatment of Metastatic Disease
- Module 9: Toxicity Management, Pregnancy, and Risk Reduction
- Module 10: End of Life and Survivorship

Target Audience
The target audience for this activity is medical, surgical, and radiation oncologists, particularly those whose primary practice focus is breast cancer and who desire to reinforce their knowledge base and expand their expertise in breast cancer diagnosis, treatment, and management. Fellows, nurse practitioners, physician assistants, and other health care professionals involved in the treatment of breast cancer are also invited to participate.

Learning Objectives
At the conclusion of this conference, participants should be able to:
- Discuss breast carcinogenesis, the impact of germline mutations and breast cancer biology on patient management, and strategies for breast cancer risk reduction
- Review advances in breast cancer imaging and early detection, including mammography, ultrasound, MRI, and PET scanning
- Incorporate current guidelines and recent data on local therapy, including new strategies for surgical and radiation therapy, into the treatment of patients with breast cancer
- Integrate biomarkers, molecular assays, and other risk-assessment tools in treatment decision making for breast cancer when appropriate
- Incorporate systemic therapies for breast cancer (including endocrine, cytotoxic, targeted, and bone-modifying agents) into individualized treatment plans for patients based upon an evaluation of efficacy and safety, as well as patient characteristics and tumor subtype
- Evaluate emerging clinical data regarding new agents and evolving strategies for the treatment of breast cancer, and apply clinical trial data appropriately in order to optimize the outcome of individual patients
- Utilize optimal strategies for preventing and treating breast cancer therapy–related toxicity
- Select eligible patients with breast cancer for promising clinical trials

Continuing Education Information
Physicians’ Education Resource®, LLC is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Physicians’ Education Resource®, LLC designates this live activity for a maximum of 27.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Acknowledgement of Commercial Support
This activity is supported by educational grants from Celgene Corporation, Eisai Inc., Genentech, Lilly USA, LLC and Novartis Pharmaceuticals Corporation.

Disclosure Policy
As a sponsor accredited by the ACCME, it is the policy of Physicians’ Education Resource®, LLC to require the disclosure of anyone who is in a position to control the content of an educational activity. All relevant financial relationships with any commercial interests and/or manufacturers will be disclosed to participants prior to the beginning of this activity.
Emory Conference Center Hotel
1615 Clifton Road
Atlanta, GA 30329
Phone: (404) 712-6000
Toll Free: (888) 839-2402
Fax: (404) 712-6025
emoryconferencecenter.com

Accommodations
The Emory Conference Center Hotel is conveniently located on the campus of Emory University, only 15 miles from Atlanta's Hartsfield-Jackson International Airport, 8 miles from downtown Atlanta, and 3 miles from popular areas such as Buckhead, Lenox Mall, and Phipps Plaza. The Emory Conference Center Hotel was inspired by the architecture of Frank Lloyd Wright and provides the ideal setting for conferences. The hotel offers a tranquil setting, contemporary elegance, spectacular landscapes, and exceptional customer service. The Emory Conference Center Hotel has been "Green Seal Certified," having demonstrated adherence to a stringent list of environmentally protective policies, including state regulatory compliance and specific requirements covering waste minimization, refuse and recycling, water and energy efficiency, and conservation management.

A special rate of $141 plus applicable state and local taxes (currently 12%) has been secured for this meeting for reservations booked before October 14, 2013. Reservations made on or after October 14, 2013, or in the event the room block sells out, are subject to availability and prevailing rates. Parking at the Emory University Conference Center is complimentary.

To check availability and to make a reservation, please contact the hotel directly at (888) 839-2402. Be sure to mention that you are attending the School of Breast Oncology®, reservation ID 20006023640.

Travel
Hartsfield-Jackson Atlanta International Airport (ATL) is the main gateway to the Atlanta area. You are invited to make your travel arrangements by contacting PER® travel partner, Singer Travel, at (610) 378-1610 between 9:00 am and 5:30 pm Eastern Time. Please ask for Doris Yurich or Jill Schuler.

Registration

Registration fees for the School of Breast Oncology® include the following:

- Conference e-Syllabus materials*
- A School of Breast Oncology® Diploma, upon successful completion of testing
- 24/7 access to the online testing site
- Continental breakfast **, breaks, buffet lunch, and buffet dinner beginning with lunch on Thursday, November 7, 2013, and concluding with a break on Sunday, November 10, 2013

* E-syllabus materials will be available electronically prior to the meeting. Registrants will receive an active link with instructions on how to access the e-syllabus from our website for downloading and/or printing. It is suggested that you attend this event with your laptop; power will be available on-site.

** The Full Breakfasts in the Emory Dining Hall are NOT included in the registration fee but can be purchased individually.

4 Ways to Register

1. Online: Register online at gotoper.com
2. Mail: Please complete the form to the right, and mail it with your payment (checks and credit cards are accepted) to the address below. Please make checks payable to "Physicians’ Education Resource - SOBO13."
3. Fax: Please complete the form to the right, and fax to (609) 257-0705 (credit cards only).
4. Phone: Please call (609) 378-3701 (credit cards only).

A cancellation fee of 25% will be assessed on refunds requested prior to October 1, 2013, and a 50% fee on refunds requested from October 2, 2013, through October 31, 2013. No refunds will be made after October 31, 2013. There is no charge for substitution. Substitutions can only be applied to the same conference and only two substitutions will be honored.
