7. With respect to the agency's answers to Questions #5 and #6 above, is there a new or increased cost or obligation of at least one hundred thousand dollars (\$100,000) per year to a private individual, private entity, private business, state government, county government, municipal government, or to two (2) or more of those entities combined?

Yes No

If yes, the agency is required by Ark. Code Ann. § 25-15-204(e)(4) to file written findings at the time of filing the financial impact statement. The written findings shall be filed simultaneously with the financial impact statement and shall include, without limitation, the following:

- (1) a statement of the rule's basis and purpose;
- (2) the problem the agency seeks to address with the proposed rule, including a statement of whether a rule is required by statute;
- (3) a description of the factual evidence that:
  - (a) justifies the agency's need for the proposed rule; and
  - (b) describes how the benefits of the rule meet the relevant statutory objectives and justify the rule's costs:
- (4) a list of less costly alternatives to the proposed rule and the reasons why the alternatives do not adequately address the problem to be solved by the proposed rule;
- (5) a list of alternatives to the proposed rule that were suggested as a result of public comment and the reasons why the alternatives do not adequately address the problem to be solved by the proposed rule;
- (6) a statement of whether existing rules have created or contributed to the problem the agency seeks to address with the proposed rule and, if existing rules have created or contributed to the problem, an explanation of why amendment or repeal of the rule creating or contributing to the problem is not a sufficient response; and
- (7) an agency plan for review of the rule no less than every ten (10) years to determine whether, based upon the evidence, there remains a need for the rule including, without limitation, whether:
  - (a) the rule is achieving the statutory objectives;
  - (b) the benefits of the rule continue to justify its costs; and
  - (c) the rule can be amended or repealed to reduce costs while continuing to achieve the statutory objectives.

### Statement of Necessity and Rule Summary Safety and Risk Management and Technical Revisions

#### **Statement of Necessity:**

This rule revision reflects current practice in the Arkansas Department of Human Services (DHS) Division of Children and Family Services (DCFS) Policy manual as it relates to safety and risk management. This rule also reflects language changes as a result of Act 364 of 2023 (such as replacing the term "protection plan" with "immediate safety plan"). Technical changes include those made in preparation for the Division's launch of the ARFocus case management system, operational changes within the Division, and general formatting updates.

#### **Summary:**

- Policy II-A: Prevention Services
  - To replace the term "supportive services case" with "prevention services case" to better describe the intent of these cases and to align with terminology in the Division's forthcoming information management system;
  - To include additional guidance to staff regarding reasons for which prevention services cases may be opened outside of a traditional prevention services request from clients;
  - To include additional guidance to staff regarding frequency of visits to families with a prevention services case; and
  - To make technical corrections to delete references to obsolete forms and to improve organization and clarity through minor formatting changes.
- Policy II-B: Differential Response
  - To replace the term "supportive services case" with "prevention services case" to better describe the intent of these cases and to align with terminology in the Division's forthcoming information management system;
  - To clarify that a Family Service Worker (FSW) serving as a Differential Response (DR) Worker may complete a removal of a child who is in immediate danger just as any other FSW has the ability to do, as appropriate;
  - To remove obsolete references to the Division's previous safety and risk assessments and update term "safety factor" with "safety threat";
  - To update the term "protection plan" with "immediate safety plan" per Act 364 of the 94<sup>th</sup> General Assembly, Regular Session;
  - To remove procedural directives regarding the Child Abuse Hotline as the hotline governed by its own rules and procedures;
  - To allow Differential Response cases to be open for up to sixty (60) days without requesting extensions during those sixty (60) days; and

- To make technical corrections to reflect current functional job titles, to remove references to obsolete forms, and to improve organization through minor formatting changes.
- Policy II-D: Investigation of Child Maltreatment Reports
  - To remove obsolete references to the Division's previous safety and risk assessments and update term "safety factor" with "safety threat";
  - To update the term "protection plan" with "immediate safety plan" per Act 364 of the 94<sup>th</sup> General Assembly, Regular Session;
  - To align Division policy language with Arkansas Code Annotated § 12-18-702 regarding the factors to be considered in the determination of whether an offender may pose a maltreatment risk to a vulnerable population;
  - To delete duplicated policy directives that appear in other sections of the policy manual;
  - o To strike internal procedures from promulgated rule; and
  - To make technical corrections to reflect current functional job titles, to remove references to obsolete forms, and to improve overall organization and clarity.
- Policy VII-K: Child Maltreatment Allegations Concerning Out-of-Home Placements
  - To remove obsolete references to the Division's previous safety and risk assessments and update term "safety factor" with "safety threat";
  - To update the term "protection plan" with "immediate safety plan" per Act 364 of the 94<sup>th</sup> General Assembly, Regular Session;
  - To allow an immediate safety plan to be implemented in a resource home when safe and appropriate to do so; and
  - To make technical corrections to reflect the previously adopted language change of "resource parent" and "resource home" in the place of "foster parent" and "foster home".

#### • Appendix 1: Glossary

- To replace "Independence" with "Another Planned Permanent Living Arrangement (APPLA)";
- To add additional details to define "Another Planned Permanent Living Arrangement (APPLA)";
- To define "Grooming";
- To add "Licensed massage therapist" to the definition of a "Mandated Reporter";
- To add "Person who is eighteen (18) years of age or older and observes abuse, sexual abuse, or sexual exploitation of a child" to the definition of a "Mandated Reporter";
- To remove "parental unfitness" from the definition of "Neglect";
- To add "and, if for abuse and neglect, the failure to take reasonable action to protect the juvenile causes the juvenile serious bodily injury" to the definition of "Neglect";
- To make additional updates to the definition of "Neglect";

- To replace "Protection Plan" with "Immediate Safety Plan";
- o To replace "Foster Home" with "Resource Home";
- To replace "Safeguard Measures" with "Resource Home Safety Plan" and to make additional updates to the definition of said;
- o To update the definition of "Sexual Abuse"; and
- To make technical corrections and to improve organization and clarity through minor formatting and grammatical changes.

Repeals pursuant to the Governor's Executive Order 23-02:

- 1) PUB 50: Be Your Own Advocate: A Roadmap to your Time in Arkansas Foster Care; and
- 2) PUB 52: Child Protective Services: A Caretaker's Guide

#### NOTICE OF RULE MAKING

The Department of Human Services (DHS) announces for a public comment period of thirty (30) calendar days (November 15 through December 14, 2024) a notice of rulemaking for the following proposed rule under Arkansas Code § 9-28-103 to be effective February 1, 2025. The proposed rule has no estimated financial impact.

The Director of the Division of Children and Family Services (DCFS) updates the DCFS Policy and Procedure Manual to reflect current division's safety and risk management practices and operations, to update terminology resulting from Act 364 of 2023, and to state technical changes in preparation for the ARFocus case management system. Pursuant to the Governor's Executive Order 23-02, DHS repeals the following two rules as part of this promulgation: (1) PUB 50: Be Your Own Advocate: A Roadmap to your Time in Arkansas Foster Care; and PUB 52: Child Protective Services: A Caretaker's Guide.

The proposed rule is available for review at the Department of Human Services (DHS) Office of Policy and Rules, 2nd floor Donaghey Plaza South Building, 7th and Main Streets, P. O. Box 1437, Slot S295, Little Rock, Arkansas 72203-1437. You may also access and download the proposed rule at <a href="mailto:ar.gov/dhs-proposed-rules">ar.gov/dhs-proposed-rules</a>. Public comments must be submitted in writing at the above address or at the following email address: <a href="mailto:ORP@dhs.arkansas.gov">ORP@dhs.arkansas.gov</a>. All public comments must be received by DHS no later than December 14, 2024. Please note that public comments submitted in response to this notice are considered public documents. A public comment, including the commenter's name and any personal information contained within the public comment, will be made publicly available and may be seen by various people.

If you need this material in a different format, such as large print, contact the Office of Policy and Rules at 501-320-6428. The Arkansas Department of Human Services is in compliance with Titles VI and VII of the Civil Rights Act and is operated, managed, and delivers services without regard to religion, disability, political affiliation, veteran status, age, race, color, or national origin. **4502235239**

# II. REFERRALS TO ASSESS FAMILY STRENGTHS and AND NEEDS POLICY II-A: PREVENTION SUPPORTIVE SERVICES

<u>02<del>02</del>/202025</u>15

#### **OVERVIEW**

Prevention services are designed to reduce the likelihood of future child maltreatment by providing interventions to help caregivers in their child-rearing role, to strengthen family functioning, and to promote the healthy development of children. Services may be provided directly by Division of Children and Family Services (DCFS or Division) staff via purchased services, by referral to another appropriate agency, or some combination of these options. Examples may include, but are not limited to, parenting education and service referrals such as counseling or Supplemental Nutrition Assistance Program (SNAP). A family's participation in a prevention services case is voluntary.

If the needs of the family require only a referral for services and do not require further follow-up from DCFS, Division staff will make the necessary referrals as soon as possible but are not required to open a prevention services case for the family in the Division's information management system.

If the family is in need of needs assistance beyond a single referral to another community provider and consents to participate in a prevention services case, DCFS will open a prevention services case for the family in the Division's information management system. Prevention services cases are generally time-limited but may remain open for the duration necessary for appropriate service provision. DCFS will close a prevention service- case upon request of the caregivers.

DCFS will complete the Division's approved safety and risk assessment tools for households involved in prevention services cases. Prevention services cases opened from Differential Response or investigative pathways will have already had initial risk assessments in the course of Differential Response or an investigation. Please see below for more information regarding how a prevention services case may be opened following a Differential Response or investigation.

DCFS will collect and assess information about the family's strengths and needs utilizing the Division's approved family assessment tool. For any prevention services case open longer than thirty (30) days, DCFS will also develop a prevention services case plan with the family within that thirty-day period. Case plan services and supports will be based on the needs and strengths identified via the Division's approved family assessment tool. The assigned Family Service Worker (FSW) will maintain regular contact with family as needed based on the risk assessment rating. If the risk assessment rating is low or moderate, contact should be at least weekly during the first month of the case and at least monthly thereafter. For risk assessment ratings of high or very high, at least weekly contact is recommended throughout the life of the case or until measurable risk reduction has occurred.

If a safety threat is identified or child maltreatment is suspected at any point during an interaction

with a household with a prevention services referral, DCFS staff will fulfill their mandated reporter duty by making a report to the Child Abuse Hotline.

#### TRADITIONAL PREVENTIONAL SERVICES CASES

The Division wishall accept referrals for children and families households in who need of assistance for a wide range of service problems based on family the assessed needs of the household. Such referrals will not come be accepted through the Child Abuse Hotline as child maltreatment reports. Rather, a household member may request a prevention services case from the DCFS supervisor in their local Department of Human Services (DHS) office if they feel they are in need of services. Families who need assistance may accept services on a voluntary basis. If the family accepts, a prevention services Supportive Services case will be opened. Supportive Services are generally time-limited for a period of three months.

Prevention services cases may be eligible for Family First prevention services. As such, foster care candidate eligibility screens must be completed for each prevention services case. Cases determined to be eligible as a foster care candidate must also have a prevention plan completed.

Supportive Services are intended to protect children, to help parents in their child rearing role, to strengthen family functioning, and to promote the healthy development and social functioning of children. Services may be provided directly by DCFS staff or in combination with purchased services, or by referral to another appropriate agency.

#### PREVENTION SERVICES CASE FOLLOWING A CHILD MALTREATMENT INVESTIGATION

A prevention services case will be offered when the Division has contact with a household through an investigation if the Division's approved safety and risk assessment results recommend opening a case, but the investigation is unsubstantiated. The goal of the prevention services case in these instances is to provide services to strengthen the family and prevent future maltreatment.

#### PREVENTION SERVICES FOR UNDERAGED JUVENILE OFFENDERS

A prevention services case may be provided to a family when one of the household members is an underaged juvenile offender (UJO). The Division will offer services to the caregivers for the UJO to include, but not limited to, referrals for offender treatment and collaborating with the child's school to ensure safety of the child or other children in the classroom.

#### PROCEDURE II-A1: Community and Self Referrals for Supportive Services

#### PREVENTION SERVICES FOLLOWING DIFFERENTIAL RESPONSE

For families involved in Differential Response that require services beyond sixty (60) days to remedy the conditions or issues that resulted in the child maltreatment report sent to the

<u>Differential Response pathway, those services may be offered through a prevention services case</u> (see Policy II-B: Differential Response for more information), particularly if the <u>Division's approved safety and risk assessment results recommend opening a case.</u>

#### PREVENTION SERVICES VIA FAMILY IN NEED OF SERVICES

There are some situations in which a judge may order family services for a household through a Family In Need of Services (FINS). The agency will provide such family services through the opening of a prevention services case (see Policy II-I: Family In Need of Services for more information).

02/2015

The Family Service Worker will:

- A.—Accept referrals from families, community agencies, or other DHS Divisions via the DHS-3300:
  Information and Referral.
- B. Collect and assess information about the family's strengths and needs utilizing the Family Advocacy and Support Tool (FAST).
- C. Develop a supportive services case plan based on the needs and strengths identified via the FAST within 30 days of case opening.
- D. Refer to other Divisions/agencies as appropriate via the DHS 3300.

#### POLICY II-B: DIFFERENTIAL RESPONSE

02<del>0618</del>/2025<del>2015</del>

#### **OVERVIEW**

Differential Response (DR) is a family engagement approach that allows the Division of Children and Family Services (DCFS or Division) to respond to reports of specific, low risk allegations of child maltreatment with a feamily assessment approach (FA) rather than athe traditional investigative response. The goals of Differential Response are to prevent removal from the home and engage and strengthen the families involved. As with investigations, Differential Response is initiated through accepted Child Abuse Hotline reports, and focuses on the safety and well-being of the child, and promotes permanency. Having two different response options in the child welfare system Due torecognizes that there are variations in the severity of the reported maltreatment, having two (2) different response options and allows for a Differential Response or an investigation, whichever is most appropriate, to respond to reports of child neglectmaltreatment.

Investigations require the gathering of forensic evidence in order to formally determine whether there is a preponderance of evidence that child abuse or neglect has occurred. Differential Response is an approach that uses a non-adversarial, non-accusatory Family Assessment family assessment approach. With DR, there is no determination finding of "true substantiated" or "unsubstantiated", and no one is identified as a perpetrator or offender. Development of a family's support network, Community involvement and connecting families to informal, supportive resources in their local communities are crucial aspects to a successful intervention for all types of cases, but particularly for DR.

Differential Response is more likely to create situations where a family is receptive to services and is more likely to engage in those services. DR involves a comprehensive and collaborative fFamily Aassessment that includes an assessment of:

- A. The household strengths and acts of protection;
- A.B. The householdchild's safety and risks; and
- B.C. Any underlying issues, needs, or additional child maltreatment concerns that may not have been identified in the original hotline report. and,
- C. The family's strengths.

Differential Response also partners with families to build upon strengths and identified during the family assessment process as well as to provides services to meet the family's identified needs, and support positive parenting. The information obtained through the family assessment will be used to create a Family Plan with the family, if applicable. Services within the Family Plan may include referrals, formal or informal services, and/or supports. Services will be put into place

to strengthen existing acts of protection with the family, required to help-meet the needs of the family, and -and/or-address the conditions or issues that resulted in the child maltreatment report.

The information obtained through the Family Assessment DR process will be used to create a Family Plan, if applicable, which will be designed to strengthen protective factors within the family and mitigate any risk factors facing the family.

#### **DIFFERENTIAL RESPONSE ELIGIBILITY CRITERIA**

All of the following factors must be present for a report to be assigned to Differential Response unless the exceptions on the following page apply:

- A. Identifying information for the family members and their current address or a means to locate them is known at the time of the report;
- B. <u>Those alleged to be responsible for the allegations</u> The alleged perpetrators are parents, birth or adoptive, legal guardians, custodians, or any person standing in loco parentis;
- C. The family has no pending investigation or open protective services, or case of any kindsupportive services case;
- D. The <u>children</u> alleged <u>victims</u> to be <u>maltreated</u>, siblings or other household members, are not currently in the care and custody of Arkansas Department of Children and Family Services or wards of the court;
- E. Protective custody of the children has not been taken or required in the current investigation; and,
- F. The reported allegations shall only include:
  - 1) Inadequate Supervision
  - 2) Inadequate Food
  - 3) Inadequate Clothing
  - 4) Inadequate Shelter
  - 5) Educational Neglect
  - 6) Environmental Neglect
  - 7) Lock Out
  - 8) Medical Neglect
  - 9) Human bites
  - 10) Sprains/dislocations
  - 11) Striking a child age seven (7) years of age or older on the face
  - 12) Striking a child with a closed fist
  - 13) Throwing a child

The following circumstances involving the allegations prohibit the report from being assigned to a Differential Response pathway:

- A. Inadequate Supervision reports involving a child or children under the age of five (5) years of age or a child five (5) years of age and or older with a physical or mental disability which limits his or her skills in the areas of communication, self-care, self-direction, and safety will be assigned the investigative pathway.
- B. Educational Neglect reports involving a child that was never enrolled in an educational program.
- C. Environmental Neglect reports involving a child or children under\_the age of three (3) years of age; and those situations in which the hotline assesses an immediate danger to the child's health or physical well-being based upon the severity.
- D. Lock out reports involving a child or children under the age of ten (10) years of age; and those situations in which the hotline assesses an immediate danger to the child's health or physical well-being based upon the severity.
- E. Medical Neglect reports involving a child or children under the age of thirteen (13) years of age or a child with a severe medical condition that could become serious enough to cause long-term harm to the child if untreated will be assigned the investigative pathway.
- F. Reports of human bites, sprains or dislocations, striking a child age seven (7) years of age or older on the face, striking a child with a closed fist, and throwing a child when these allegations occurred:
  - 1) Less than one (1) year ago; and/or,
  - 2) If the caller to the hotline can verify an injury either through physical signs (<u>for example e.g.</u>, scarring), medical information, dated photographs, <u>etcor other forms of documentation</u>, as applicable.

If upon initial DR contact with the family it is determined that there are additional children in the home who were not included in the hotline report and whose ages would, as outlined above, prohibit assignment to the Differential Response pathway, the DRT Supervisor and Specialist shall assess on a case by case basis whether a case will remain a DR case or be reassigned to the investigative pathway.

#### DIFFERENTIAL RESPONSE <u>INITIATION</u> TIMEFRAMES

Face-to-face contact with the victim-child((ren) named in the report) and at least one (1) parent or //caregiver involved in a Differential Response report must take place in the victim child(ren)'s householdme within seventy-two (72) hours of receipt of the initial hotline report. All other household members must be seen face-to-face within five (5) days of receipt of the initial hotline report.

#### **SAFETY AND RISK ASSESSMENT**

Upon initial contact, DCFS will complete the Division's approved safety assessment. If a safety threat is identified and the safety assessment indicates the children are safe with a plan, the DR Worker will develop an immediate safety plan with the household and their identified network. The DR Worker will obtain approval of the immediate safety plan from the DR Supervisor or designee prior to leaving the home. The DR Worker will leave a copy or photo of the immediate safety plan with the household and their network.

If a safety threat is identified and the safety assessment indicates the children are unsafe, the DR Worker will take a seventy-two--(72)-hour hold of the children in consultation with the DR Supervisor or designee.

The safety assessment will be entered into the applicable information management system within two (2) business days of contact with the family and updated as needed throughout the family's involvement with DCFS.

The Division's approved risk assessment tool will be used to guide staff in their assessment of the likelihood of future maltreatment. The risk assessment tool will be completed in the applicable information management system as soon as there is enough information to do so, but no later than the conclusion of the DR and prior to any decision about case opening, if applicable.

Differential Response cases are intended to be short-term lasting no longer than <u>sixty (60)</u> 30 days-with the possibility of only two 15-day extensions if necessary. If a DR case is not closed by the end of <u>sixty (60)</u> 30 days-or the allowed extension timeframes, then it will be closed or reassigned as a <u>Supportive</u> prevention sServices case or as an investigation as appropriate.

#### **DIFFERENTIAL RESPONSE TEAM**

Family Assessments will be conducted by specific Differential Response Teams (DCFS teams or contract provider teams) whose role is to assess for safety and strengths, identify service needs, and arrange for the services to be put in place. The local Differential Response Team-(DRT) may consist of up to three (3) primary roles:

- A. DRT Supervisor Provides management services including review and approval of assessments, case plans, and appropriateness of service referrals, case file documentation, service extensions, and requests to close family assessment cases.
- B. DR<del>T Specialist(s) Worker —</del> Initiates contact with family and assumes the role of the family's advocate and case manager.

C. DR\_T-Program Assistant(s) – Provides support and assistance as needed to the DR\_T Specialist(s)Worker and families involved in DR cases.

At minimum, a local Differential Response Team will be comprised composed of a DRT Supervisor and a DR WorkerT Specialist.

#### REASSIGNMENTS FROM DIFFERENTIAL RESPONSE TO INVESTIGATIONS

A DR will be reassigned to the investigative pathway if:

- A. If DCFS is unable to conduct a Health and Safety aAssessment; or,
- B. and/or the case information indicates that a refusal to participate in the DR Family
  Assessment or associated services compromises a child's safety, the case will be
  reassigned to the investigative pathway. If DCFS conducts the Health and Safety
  Assessment and does not identifiesy a safety threatfactor and the caregiver is assessed to be a risk to a vulnerable population.
  - 1) The results of the Division's approved risk assessment tool assesses the likelihood of future maltreatment within that household. The risk assessment does not serve as the sole determinant when assessing if a caregiver poses a risk to a vulnerable population which includes without limitation children, the elderly, persons with a disability, and persons with a mental health illness. A separate assessment of whether a caregiver poses a threat to a vulnerable population must be conducted before requesting a DR to be reassigned to the investigative pathway. The following factors will be considered when determining whether an offender poses a risk of maltreatment to a vulnerable population:
    - a) The severity of the child maltreatment;
    - b) The nature and severity of an injury or other adverse impact caused by the child maltreatment;
    - c) The current or future access the caregiver has or could have to a vulnerable population;
    - d) The caregiver's previous child maltreatment history and whether there are similar fact patterns related to the current allegation and past child maltreatment history;
    - e) Subsequent reports of child maltreatment against the caregiver; and
    - a) Criminal history of the offender., but a need is identified, a DR case will be opened in order to address the need with appropriate services. If neither a safety factor nor a need is identified, then the family may decline services.

f)

Additionally, if it is determined that there are additional children in the home who were not included in the Child Abuse Hotline report and whose ages would prohibit assignment to the

<u>Differential Response pathway, the DR Supervisor and Worker will assess on a case--by--case basis whether a case will remain a DR case or be reassigned to the investigative pathway.</u>

If the family complies with the Family Plan, the services will continue to be provided through the DR case. If the family does not comply with the Family Plan, then the case will be reassigned to investigations.

<u>Further, il</u> upon initial contact with the family an additional Priority II child maltreatment allegation (not related to the allegation connected to the DR referral provided by the Child Abuse Hotline) is identified by the DR Team, the DR<del>T</del> <u>Specialist Worker</u> will contact the DCFS DR <u>Coordinator Program Manager</u> or designee to add the additional Priority II allegation to the DR referral.

If upon initial contact with the family a Priority I child maltreatment allegation is identified by the DR Team, the DRT Specialist Worker or designee will immediately call the Child Abuse Hotline to the report the new Priority I allegation and then notify the DR Program Manager Coordinator or designee of the new Priority I report.

If at any time during the DR service delivery period the DRT SpecialistWorker, network member, contract provider, or other service provider has reasonable cause to believe that a safety threatfactor is present and, as such, the child's health and/or physical well-being are in immediate danger (as related to the allegation(s) for which the initial DR referral was made), then an immediate safety plan will be developed and implemented with the family. If an immediate safety plan cannot mitigate the safety threat, the DRT Supervisor or designee willshould determine if taking protective custody is necessary and if at any point, in consultation withcontact the DCFS DR Coordinator Program Manager or designee, whether the DR should be immediately for reassignment of the case reassigned to the investigative pathway due to the caregiver posing a risk to a vulnerable population.

If at any time during the DR service delivery period the DR\_T-SpecialistWorker, contract provider, or other service provider identifies a new child maltreatment allegation (not related to the allegation connected to the DR referral), a call will be made immediately to the Child Abuse Hotline by the individual who suspects the new child maltreatment allegation.

#### REASSIGNMENTS FROM INVESTIGATIONS TO DIFFERENTIAL RESPONSE

If -upon initial review of the hotline investigation referral it is determined that the referral is eligible for Differential Response, the local DCFS Supervisor may send an email request to the Child Abuse Hotline to assess for reassignment to the Differential Response pathway.

**Procedure II-B1: Child Abuse Hotline Referral to Differential Response** 

#### 07/2020

The Child Abuse Hotline Worker will:

Receive and document all child maltreatment allegation reports with sufficiently identifying information as defined by Arkansas law. Situations in which the hotline assesses as an immediate danger to the child's health and physical well-being based upon the severity of the allegations shall be excluded from the Differential Response pathway and referred to DCFS as an investigation. Receive fax transmission in non-emergency situations by identified reporters who provide their name, phone number, and email address (for online reporting). Confirm receipt of fax transmission via a return fax transmission. Conduct a history check on all reports unless call waiting to be answered by the hotline have been waiting for 15 minutes or longer. History checks wills be conducted on serious maltreatment allegations or allegations involving children three (3) years of age and younger regardless of wait time.

Attempt to secure all information requested in each screen within the Referral Section of CHRIS and elicit all information requested on the "Referral" and "Narrative" screens:

Reason(s) the reporter suspects child maltreatment and how the reporter acquired the information;

Current risk of harm to the child;

Mental and physical condition of alleged offender;

Potential danger to staff assessing the report;

Identity and location of possible witnesses or persons knowledgeable about the alleged child maltreatment;

Relevant addresses and directions;

Licensing authority and facility involved (if applicable).

Prioritize the report by keying the "Ref. Accept" screen. Central Registry Search results is a mandatory field on this screen.

If the referral meets the Differential Response eligibility criteria noted above, forward the report to the Differential Response Coordinator or designee for assessment along with any pertinent Central Registry information.

Inform the caller if the report does not constitute a report of child maltreatment and make appropriate referrals.

Notify each mandated reporter who makes a call to the hotline if the mandated reporter's call is not accepted or is screened out on a subsequent hotline supervisor review. Said notification should be made within two business days.

### Procedure II-B12: Receipt and Assignment of Differential Response Referral 0205/20252014

Upon receipt of the DR referral from the Child Abuse Hotline, the DCFS Differential Response (DR) Coordinator (DRC) Supervisor or designee will:

- A. Determine if the referral meets the criteria for Differential Response by completing a child maltreatment history check on the family to determine if there is an open case or investigation.
  - 1) Contact the DR Program Manager or designee to reassign the DR to the investigative pathway if it does not meet DR criteria.
- B. Review and assign Differential Response reports to the appropriate DR Worker no later than two (2) hours after receipt of reports, excluding evenings, weekends, and holidays, provided initial face-to-face contact with the victim child(ren) and at least one (1) parent/caregiver is made in the home within seventy-two (72) hours of receipt of initial hotline report.

#### The DR Program Manager or designee will:

A. Reassign the referral to the investigative pathway (hotline call not required) if the DR referral is determined to be ineligible.

Review and assign Differential Response reports to the appropriate county's DR Team or contract provider no later than two (2) hours after receipt of reports, excluding evenings, weekends, and holidays, provided initial face to face contact with the victim child(ren) and at least one parent/caregiver is made in the home within 72 hours of receipt of initial hotline report.

## Procedure II-B23: Differential Response Initiation and Family Assessment 0208/20252015

The Differential Response Team (DRT) Supervisor will:

- A. Assign each new report to a DR<del>T Specialist Worker</del> within two (2) hours of receipt from the DR Program Manager Coordinator (or designee). <u>IKeep in mind that initial</u> face-to-face contact with the victim child(ren) and at least one (1) parent or fcaregiver must be made in the home within <u>seventy-two</u> (72) hours of receipt of initial hotline report.
- B. Conference with the DR<del>T</del> Worker<del>Specialist</del>:
  - 1) Immediately upon the identification of a safety threat;
  - 1)2) SpecialistW within twenty-four (24) hours (excluding weekends and holidays in which case the conference will take place the next business day) after the DRT WorkerSpecialist's initial face-to-face contact with the victim child(ren) named in the

<u>report</u> and at least one (1) parent/caregiver and identify a plan for the next steps to be taken.

- B. Determine whether a transfer to investigation is appropriate:
  - 1) If a transfer is appropriate due to a safety factor being present for the same child maltreatment allegation for which the DR referral was made, or because the DRT Specialist was unable to conduct the Health and Safety Assessment, or because a need was identified and the family refused services, the DRT Supervisor will contact the DR Coordinator or designee to request reassignment of the DR referral to the investigative pathway; or;
  - 2) If a transfer is not appropriate, conference with DRT Specialist to review/discuss case information (i.e., allegation, risk/safety concerns, immediate needs, and other case specific information).
    - a) Review and approve Family Assessments, Family Plans, and appropriateness of service referrals, case file documentation, and requests to close family assessment cases.
- C. Document all supervisor activities in <a href="mailto:the-Division information management systemCHRIS">the Division information management systemCHRIS</a> within <a href="mailto:two">two (2)</a> business days</a> twenty-four hours of completion of each activity. <a href="mailto:(excluding weekends and holidays in which case information will be entered on the next business day).
- D. Regarding families with whom the DR\_<del>T</del>-<u>Worker</u>Specialist cannot make face-to-face contact, assess information and determine whether DR<del>T</del> Specialist-<u>Worker</u> has met due diligence no later than the seventh day after case assignment.
- E. Provide consultation to the DR<del>T</del> Specialist Worker as appropriate.

#### The Differential Response- Team (DRT) Specialist Worker will:

- A. Prepare for meeting the family by completing the following activities prior to making initial face-to-face contact with the family:
  - 1) Interview other persons, including the individual(s) who called the report into the hotline, with information listed on the report;
  - 2) Conduct a Division of County Operations (DCO) records check of members of the household;
  - 3) Conduct a CHRIS history search in the Division information management system prior to contacting the family unless the report is received after hours or during the weekend or a holiday; and,
  - 4) Contact the family by phone within <u>twenty-four (24)</u>-hours of case assignment, if a phone number is provided in the report and/or if appropriate considering initiation timeframe requirements to:
    - a) Explain Differential Response;
    - b) Schedule the initial in-home family visit that will include at least the victim child(ren) named in the report and one parent/caretaker; and,

c) Verify the names and dates of birth of all family members and other persons living in the household.

#### B. Consider the DR report initiated when:

- 1) The health and safety of the victim child (ren)named in the report in the family's householdme has been assessed within seventy-two (72) hours from the time the referral was received from the Child Abuse Hotline, and the DRT Specialist-Worker has also met with at least one (1) parent/caregiver in the home within seventy-two (72) hours from the time the referral was received at the Child Abuse Hotline (based on the reported needs and for safety issues of the family, DRT Supervisor may require that the initial contact with the family occur sooner than seventy-two (72) hours).
- 2) A health and safety <u>aassessment</u> of the <u>victim</u> child<del>(ren)</del> <u>named in the report</u> could not be made but due diligence has been exercised and documented within <u>seventy-two (72)</u> hours of receipt of the hotline referral.
  - a) Due diligence must include making an announced (or unannounced, if needed) visit to the child's home at least three (3) times at different times of the day or on different days (provided the three (3) visits are within the appropriate DR initiation timeframes) in an attempt to assess the health and safety of the victim child(ren) named in the report.
  - b) In addition, completion of as many of the following activities necessary is required as part ofto meeting due diligence in establishing face-to-face contact with the victim-child(ren) named in the report and at least one parent/caretaker:
    - i. Contacting the reporter again if the reporter is known;
    - ii. Visiting or contacting the child's school, child care facility, and all other places where the child is said to be located;
    - iii. Sending a certified letter to the location given by the reporter, if attempts to locate the child have failed;
    - iv. Contacting appropriate local Division of County Operations (DCO) staff and requesting research of the AASIS and ANSWERArkansas Integrated Eligibility System (ARIES) systems and other files to obtain another address; =
    - v. Asking the local, county, and state law enforcement agencies to check their records for information that may locate the child and family;
    - vi. Asking relatives and friends of the subjects to provide information to help locate the subjects:
    - vii. Contacting the local post office, utility companies, and schools to request a check of their records;
    - viii. Conducting a CLEAR or similar recordsLexis Nexis search to attempt to locate the family; and-
    - viii.ix. Complete other actions listed on the CFS-155: Unable to Locate Checklist.

- c) If, after completion of all the due diligence activities listed above, no contact is made with the family by the sixth business day after case assignment, document information ion a case contact. The -(DRT Supervisor will assess the information and determine whether due diligence has been met, no later than the seventh day after case assignment).
- d) If DR∓ Supervisor deems that due diligence has been met, close the assessment as Unable to Locate.÷
  - i. Close assessment as Unable to Locate; or,
  - ii. In certain cases, where the severity of the allegation and/or other known conditions warrant a reassignment to the investigative pathway, contact the DR Coordinator or designee to determine whether such a reassignment should be made.
    - (1) If it is determined that a reassignment to investigations is needed, ask the DR Coordinator to reassign to the investigative pathway.
    - (2) If it is determined that a reassignment to investigations is not needed, close assessment as Unable to Locate.
- C. Provide the following information to the parent/caregiver and other household members during the initial in-home visit:
  - 1) Explanation of Differential Response including the disclosure that the DRT Specialist

    Worker must assess the safety of the child(ren) as well as the need for services, and that the Division must address any safety threatfactors or service needs as appropriate; and
    - a) If the family will not allow the worker access to the child or child (ren), the family has declined family assessment services (see Procedure II-C4: Management of Family's Refusal to Participate for more information); and
  - 2) PUB-85: Differential Response: A Family-Centered Response to Strengthen and Support Families. ;
  - 3) CFS 100: Differential Response Program Authorization for Release of Information (to be completed by family).
- D. Gather information during the initial in-home visit through the activities listed below:
  - 1) Identify information and legal relationships of all household members.
    - a) If it is discovered that there are additional children in the home who were not included in the hotline report and whose ages would prohibit assignment to the DR pathway, conference with DRT Supervisor to assess on a case-by-case basis whether a case will remain a DR case or be reassigned to the investigative pathway.
  - 2) Obtain the names and addresses of any non-custodial parents.

- 3) Obtain DHS-400081: DHS-Consent for Release of information signed by a family member with the authority to give consent as needed.
- 4) Complete a Health and sSafety aAssessment for the family.
  - If the Health and safety aAssessment identifies safety threatfactors, the DR WorkerSpecialist will contact the DRT Supervisor to d:
  - a) Discuss the results of the safety assessment and corresponding actions that will take place based on those results and as informed by professional judgement.
    - i. to determine whether a call to the Child Abuse Hotline and/or notification to the DR Coordinator or designee is appropriate.
- E. Request a supervisor conference to review and discuss case information (meaningi.e., allegations, risk or discuss), risk or discuss case information (meaningi.e., allegations, risk or discuss).
- F. Document all activities, including the Health and Safety aAssessment, in the applicable information management system CHRIS within two (2) business days 44 hours after they are completed. (excluding weekends and holidays in which case all activities will be documented on the next business day).
- G. Visit with all other household members within five (5) days from the time the referral was received at the Cehild Abuse Hhotline.
- H. Update the Health and safety and seessment in the applicable information management system CHRIS for the family after all household members have been contacted.

#### DR Coordinator or designee will:

- A. Conference with DRT Supervisor and Specialist regarding cases in which no contact with the family can be made to determine if the assessment should be closed as Unable to Locate or reassigned to the investigative pathway.
  - 1) If it is determined that the assessment should be reassigned, reassign the referral to the investigative pathway.

## Procedure II-B<u>3</u>4: Management of Family's Refusal to Participate <u>0208</u>/<u>2025</u>2015

When working with a family who refuses to participate, the DRT Specialist will: If the DRT Specialist Worker has been unable to conduct a Health and sSafety aAssessment and/or is unable to assess underlying issues or additional child maltreatment concerns that may not have been identified in the original hotline report, then the DR Worker will inform the family, if reasonably possible, that the DRT Specialist DR Worker may refer the case family to the investigative pathway if there are safety threat concerns and the caregiver poses a risk to a vulnerable population. The DR Worker will then

Conference with DRT Supervisor immediately to discuss the need or lack thereof to and contact DR Program Manager or designee Coordinator for reassignment of case to the investigative pathway.

If the DRT Specialist is able to conduct a Health and Safety Assessment and an assessment of underlying issues or additional child maltreatment concerns not identified in the original hotline report, but there is neither a safety factor nor a need identified but the family does not otherwise want to participate in a DR case, ask the family to contact the DRT Specialist within 24 hours of the denial if the family members reconsider and decide to participate in the Family Assessment or related services.

- 1) Contact the DRT Supervisor within one hour of completion of the initial contact with the family to discuss case information and possible referral to the investigative pathway. Information to be discussed should include:
  - a) Referral;
  - b) Information obtained from available collaterals:
  - c) Observations made during the initial family contact;
  - d) Health and Safety Assessment; and,
  - e) Other pertinent information.
  - If the DRT Supervisor determines that:
- a) Safety factors exist that are related to the child maltreatment allegation for which the DR referral was made:
- i. No other action is required of the DRT Specialist. The DRT Supervisor will contact the DCFS DR Coordinator or designee immediately to request that the report be reassigned to the investigative pathway.
- b) Safety factors exist but they are new child maltreatment allegations that were not included in the initial DR referral:
- i. The DRT Specialist will contact the Child Abuse Hotline immediately to report the new allegations and notify the DRT Supervisor or designee of the new suspected allegation(s).
- c) No safety factors exist but needs are identified and the family refuses to participate in DR services:
- i. The DRT Supervisor will contact the DCFS DR Coordinator or designee immediately to request that the report be reassigned to the investigative pathway.
- d) There are no safety factors and no needs identified:
- i. Close the case in CHRIS.
- C. If, after reconsideration, the family ultimately contacts the DRT Specialist to request participation in a DR case and an investigation has not been opened on the family:
- 1) Continue the DR case in CHRIS if the DR report/case has not yet been closed; or,
- 2) Open a Supportive Services case in CHRIS if the DR report/case has already been closed in CHRIS.

The DR<del>T</del> Supervisor will:

- A. Discuss and assess case information and possible referral to the investigative pathway with the DRT Worker Specialist. See above for information to be discussed. The primary consideration for reassigning a report to the investigative pathway is whether the caregiver poses a risk to a vulnerable population.
- B. If it is determined that If it is determined that:
  - 1) safetySafety threatfactors exist or are likely to exist based on the initial interaction with the family that are related to the child maltreatment allegation for which the DR referral was made and the caregiver poses a risk to a vulnerable population, the DR Supervisor will ÷c
  - <del>2)1)</del> Contact the DCFS DR Program Manager Coordinator or designee immediately to request that the report be reassigned to the investigative pathway.
  - 3) Safety factors exist but are new child maltreatment allegations that were not included in the initial DR referral:
    - a) Conference with the DRT Specialist regarding safety factor(s).
    - b) Notify the DR Coordinator or designee of the new suspected allegation(s) and that the DRT Specialist has made a new call to the Child Abuse Hotline/need for an investigation.
  - 4) There are no safety factors:
    - a) Instruct the DRT Specialist to close the case in CHRIS.

#### The DR<del>T</del> Program Manager Coordinator will:

A. Reassign any DR case in which the DR<del>T</del> Specialist-Worker is unable to conduct a Health and sSafety aAssessment to the investigative pathway if the assessment is that the caregiver poses a risk to a vulnerable population.

# Procedure II-B45: Differential Response Services Management 0208/20252015

#### The DR<del>T Specialist</del> Worker will:

- A. Engage the <a href="household-parents">household-parents</a> in a comprehensive and collaborative Family Assessment of the family's strengths and needs (and gather other relevant, corresponding information) within <a href="fourteen">fourteen</a> (14) days of receipt of referral from the Child Abuse Hotline. The Family Assessment may include:
  - 1) Family's financial status;
  - 2) Basic educational screening for the children;
  - 3) Physical health, mental health and behavioral health screening for all family members;
  - 4) Names and addresses of those persons who provide a support system for the family; and.

- 5) Names and addresses of any service providers that have been or are currently involved in providing services to the family.
- B. Initiate services to meet any immediate needs of the family, including food, shelter, and clothing.
- C. Place a copy of the Family Assessment in the family record.
- D. Maintain a minimum of twice weekly contacts with the <a href="https://household.family">household.family</a>, which must include contact with the children as appropriate in the household, unless the DRT Supervisor and the <a href="https://household.family">household.family</a> determine that the contacts should occur more frequently.
  - 1) While the initial home visit/contact must be conducted by the DRT Specialist-Worker and include face-to-face contact with at least the victim child(ren named in the report) and one parent/caregiver, the DRT Specialist-Worker may ask the DRT Program Assistant to make subsequent contacts with the family provided the majority of the face-to-face contacts are conducted by the DRT Specialist Worker.
  - 2) Children do not necessarily have to be seen at each subsequent face-to-face family contact if primary purpose of a specific contact is to discuss issues and/or services relating directly to the parent(s) and provided DR\_T SpecialistWorker has assessed, based on previous contacts and other information, that children's safety is ensured for the time being and will be reassessed at a subsequent face-to-face contact with the children not to exceed two (2) weeks from the date of the contact in which the children were not present.
- E. <u>DevelopEstablish</u> a Family Plan with <u>input from</u>-the <u>householdfamily</u>. The Family Plan will be completed within-<u>fourteen (14)</u>-days of receipt of referral to the hotline. The Family Plan <u>can-may</u> be modified and revised as needed.
- F. Identify and implement services to address the issues that resulted in the hotline report as well as any additional child maltreatment concern that may not have been identified in the original hotline report.
- G. Assess the <u>household</u>family's reasonable progress in resolving the issue that brought them to the attention of the Division.
- H. Maintain ongoing contact with the involved service providers as appropriate.
- I. Create and maintain community partnerships that will benefit DR client outcomes.
- J. Develop Establish an Aftercare Plan with input from the householdfamily.
- K. Submit the following documents to the DR<sup>‡</sup> Supervisor before formalizing case closure with the family:
  - 1) Case Closing Summary;
  - Child and Family Service Aftercare Plan;
  - 3) Case note documentation of interviews, contacts and activities;
  - 4) Provider treatment reports; and

- 5) Updated Family Assessment SNA and Health and sSafety aAssessment.
- L. Participate in a closure staffing with the DR<sup>‡</sup> Supervisor to discuss the closure request.
- M. Close the case in CHRIS-the Division information management system upon receiving DR∓ Supervisor approval for case closure.

#### The DR Program Assistant will:

- A. Help ensure clients are meeting the Family Plan goals in a DR case.
- B. Assist with referrals to services identified in the Family Plan.
- C. Provide transportation for clients as needed.
- D. Assist DR<del>T</del> Specialist-Worker in maintaining contact with the family provided the DR<del>T</del> Specialist-Worker conducts the initial face-to-face contact and the majority of subsequent family contacts. Some PA contacts may be made by phone provided documentation supports that health and safety of children will still be ensured.
- E. Conference with DR<del>T</del> Worker<del>Specialist</del> on household<del>family</del> progress.
- F. Create and maintain community partnerships that will benefit DR client outcomes.
- G. Document all activities in <u>the Division information management system CHRIS</u>-within <u>two (2) business days24 hours</u> of completion (excluding weekends and holidays in which case activities will be documented the next business day).

#### The DR<sup>‡</sup> Supervisor will:

- A. Conference with the DR Worker T Specialist and DRT Program Aassistant as needed regarding the family's Differential Response case and associated services.
- B. Review and approve Family Assessments, Family Plans, and appropriateness of service referrals.
- C. Review DR case closure request including:
  - 1) Case Closing Summary;
  - 2) Child and Family Service Aftercare Plan;
  - 3) Case note documentation of interviews, contacts and activities;
  - 4) Provider treatment reports; and
  - 5) Updated Family Assessment SNA and Health and Safety Assessment.
- D. Hold a closure staffing with the DR Worker T Specialist to discuss the closure request and determine if the request will be approved or denied.
- E. Approve or deny case closure request as appropriate.

### Procedure II-B6: Service Extensions 01/2015

If a family involved in a Differential Response case will not be able to complete the Family Plan within 30 days, the DRT Specialist will:

- A. Conference with DRT Supervisor regarding reason(s) for which Family Plan cannot be completed.
- B. Obtain approval for 15-day extension from DRT Supervisor if appropriate (note: an extension cannot be approved earlier than the 25<sup>th</sup> day from the day the initial referral was opened).
- C. Document approval of 15-day extension in CHRIS.
- D. Revise Family Plan (if appropriate) with input from family for family to complete within 15 days.
- E. Obtain approval for extended Family Plan (if applicable) from DRT Supervisor.
- F. Assist family with implementation of extended Family Plan as appropriate/applicable.
- G. Monitor progress of extended Family Plan including maintaining a minimum of twice weekly contacts with the family, which will include contact with the children in the home.

#### H. If family:

- 1) Successfully meets extended Family Plan:
  - a) Establish an Aftercare Plan with input from the family.
  - b) Submit the following documents to the DRT Supervisor before formalizing case closure with the family.
    - i. Case Closing Summary
    - ii. Child and Family Service Aftercare Plan
    - iii. Case note documentation of interviews, contacts and activities
    - iv. Provider treatment reports
    - v. Updated FSNA and Health and Safety Assessment
  - c) Close the case in CHRIS upon receiving DRT Supervisor approval for case closure.
- 2) Does not complete extended Family Plan:
  - a) Conference with DRT Supervisor regarding reasons for which plan is not completed.
  - b) Obtain approval from DRT Supervisor for another 15-day extension if appropriate.
  - c) Document approval of second 15-day extension in CHRIS.
  - d) Revise Family Plan (if appropriate) with input from family for family to complete within 15 days.
  - e) Obtain extended Family Plan approval (if applicable) from DRT Supervisor.
  - f) Assist family with implementation of Family Plan as appropriate.
  - g) Monitor progress of Family Plan including maintaining a minimum of twice weekly contacts with the family, which will include contact with the children in the home.
  - h) If family:

- i. Successfully meets extended Family Plan:
  - (1) Follow Aftercare Plan and case closure procedure as outlined above.
- ii. Does not successfully meet extended Family Plan:
  - (1) Conference with DRT Supervisor and DR Coordinator (or designee) to determine if case should be closed, reassigned as a Supportive Services case, or reassigned as an investigation.
  - (2) Close case in CHRIS or reassign as a supportive services or an investigation as appropriate.

If a family involved in a Differential Response case will not be able to complete the Family Plan within 30 days, the DRT Supervisor will:

- A. Conference with DRT Specialist regarding reason(s) for which Family Plan cannot be completed.
- B. Conference with DRT Specialist regarding monitoring of extended and/or revised Family Plan as applicable.
- C. If family:
  - 1) Successfully meets extended Family Plan:
    - a) Review DR case closure request including:
      - i. Case Closing Summary
      - ii. Child and Family Service Aftercare Plan
      - iii. Case note documentation of interviews, contacts and activities
      - iv. Provider treatment reports
      - v. Updated FSNA and Health and Safety Assessment
    - b) Approve or deny case closure request as appropriate.
  - 2) Does not successfully meet extended Family Plan:
    - a) Conference with DRT Specialist and Program Assistant regarding reasons for which plan is not completed.
    - b) If appropriate, request second 15 day extension from DR Coordinator (or designee) at least 3 days prior to the expiration of the first extension.
    - c) Conference with DRT Specialist regarding monitoring of extended Family Plans as appropriate.
    - d) If family:
      - i. Successfully meets second extended Family Plan:
        - (1) Follow case closure procedure as outlined above.
      - ii. Does not meet second extended Family Plan:
        - (1) Conference with DRT Specialist and DR Coordinator (or designee) to determine
        - if case should be closed, reassigned as a supportive services case, or reassigned as an investigation.

#### DR Coordinator or designee will:

- A. Conference with DRT Supervisor regarding reasons for second extension request.
- B. Approve or deny second 15-day extension requests as appropriate.
- C. Conference with Differential Response Team regarding DR cases that have already been granted two (2) 15-day extensions to determine most appropriate course of action (i.e., case closure, reassignment to supportive services case, or reassignment to an investigation).

#### Đ.

#### **DRT Program Assistant will:**

- A. Help ensure clients are meeting the revised Family Plan goals.
- B. Assist with referrals to services identified in revised Family.
- C. Conference with DRT Specialist on family progress.
- D. Provide transportation for clients as needed.

Document all activities in CHRIS within 24 hours of completion (excluding weekends and holidays in which case activities will be documented on the next business day).

#### POLICY II-B: DIFFERENTIAL RESPONSE

02/2025

#### **OVERVIEW**

Differential Response (DR) is a family engagement approach that allows the Division of Children and Family Services (DCFS or Division) to respond to reports of specific, low risk allegations of child maltreatment with a family assessment approach rather than a traditional investigative response. The goals of Differential Response are to prevent removal from the home and engage and strengthen the families involved. As with investigations, Differential Response is initiated through accepted Child Abuse Hotline reports, focuses on the safety and well-being of the child, and promotes permanency. Due to variations in the severity of reported maltreatment, having two (2) different response options allows for a Differential Response or an investigation, whichever is most appropriate, to respond to reports of child maltreatment.

Investigations require the gathering of forensic evidence in order to formally determine whether there is a preponderance of evidence that child abuse or neglect has occurred. Differential Response is an approach that uses a non-adversarial, non-accusatory family assessment approach. With DR, there is no determination of "true" or "unsubstantiated", and no one is identified as a perpetrator or offender. Development of a family's support network, community involvement and connecting families to informal, supportive resources in their local communities are crucial aspects to a successful intervention for all types of cases, but particularly for DR.

DR involves a comprehensive and collaborative family assessment that includes an assessment of:

- A. The household strengths and acts of protection;
- B. The household safety and risks; and
- C. Any underlying issues, needs, or additional child maltreatment concerns that may not have been identified in the original hotline report.

Differential Response also partners with families to build upon strengths and identified during the family assessment process as well as to provide services to meet the family's identified needs and support positive parenting. The information obtained through the family assessment will be used to create a Family Plan with the family, if applicable. Services within the Family Plan may include referrals, formal or informal services, and/or supports. Services will be put into place to strengthen existing acts of protection with the family, meet the needs of the family, and address the conditions or issues that resulted in the child maltreatment report.

The information obtained through the DR process will be used to create a Family Plan, if applicable, which will be designed to strengthen protective factors within the family and mitigate any risk factors facing the family.

#### **DIFFERENTIAL RESPONSE ELIGIBILITY CRITERIA**

All of the following factors must be present for a report to be assigned to Differential Response unless the exceptions on the following page apply:

- A. Identifying information for the family members and their current address or a means to locate them is known at the time of the report;
- B. Those alleged to be responsible for the allegations are parents, birth or adoptive, legal guardians, custodians, or any person standing in loco parentis;
- C. The family has no pending investigation or open services, case of any kind;
- D. The children alleged to be maltreated, siblings or other household members, are not currently in the care and custody of Arkansas Department of Children and Family Services or wards of the court;
- E. Protective custody of the children has not been taken or required in the current investigation; and
- F. The reported allegations shall only include:
  - 1) Inadequate Supervision
  - 2) Inadequate Food
  - 3) Inadequate Clothing
  - 4) Inadequate Shelter
  - 5) Educational Neglect
  - 6) Environmental Neglect
  - 7) Lock Out
  - 8) Medical Neglect
  - 9) Human bites
  - 10) Sprains/dislocations
  - 11) Striking a child seven (7) years of age or older on the face
  - 12) Striking a child with a closed fist
  - 13) Throwing a child

The allegations prohibit the report from being assigned to a Differential Response pathway:

- A. Inadequate Supervision reports involving a child or children under five (5) years of age or a child five (5) years of age or older with a physical or mental disability which limits his or her skills in the areas of communication, self-care, self-direction, and safety will be assigned the investigative pathway.
- B. Educational Neglect reports involving a child that was never enrolled in an educational program.

- C. Environmental Neglect reports involving a child or children under three (3) years of age; and those situations in which the hotline assesses an immediate danger to the child's health or physical well-being based upon the severity.
- D. Lock out reports involving a child or children under ten (10) years of age; and those situations in which the hotline assesses an immediate danger to the child's health or physical well-being based upon the severity.
- E. Medical Neglect reports involving a child or children under (13) years of age or a child with a severe medical condition that could become serious enough to cause long-term harm to the child if untreated will be assigned the investigative pathway.
- F. Reports of human bites, sprains or dislocations, striking a child seven (7) years of age or older on the face, striking a child with a closed fist, and throwing a child when these allegations occurred:
  - 1) Less than one (1) year ago; or
  - 2) If the caller to the hotline can verify an injury either through physical signs (for example, scarring), medical information, dated photographs, or other forms of documentation, as applicable.

#### DIFFERENTIAL RESPONSE INITIATION TIMEFRAMES

Face-to-face contact with the child(ren) named in the report and at least one (1) parent or caregiver involved in a Differential Response report must take place in the victim child(ren)'s household within seventy-two (72) hours of receipt of the initial hotline report. All other household members must be seen face-to-face within five (5) days of receipt of the initial hotline report.

#### SAFETY AND RISK ASSESSMENT

Upon initial contact, DCFS will complete the Division's approved safety assessment. If a safety threat is identified and the safety assessment indicates the children are safe with a plan, the DR Worker will develop an immediate safety plan with the household and their identified network. The DR Worker will obtain approval of the immediate safety plan from the DR Supervisor or designee prior to leaving the home. The DR Worker will leave a copy or photo of the immediate safety plan with the household and their network.

If a safety threat is identified and the safety assessment indicates the children are unsafe, the DR Worker will take a seventy-two-hour hold of the children in consultation with the DR Supervisor or designee.

The safety assessment will be entered into the applicable information management system within two (2) business days of contact with the family and updated as needed throughout the family's involvement with DCFS.

The Division's approved risk assessment tool will be used to guide staff in their assessment of the likelihood of future maltreatment. The risk assessment tool will be completed in the applicable information management system as soon as there is enough information to do so, but no later than the conclusion of the DR and prior to any decision about case opening, if applicable.

Differential Response cases are intended to be short-term lasting no longer than sixty (60) days. If a DR case is not closed by the end of sixty (60) days, then it will be closed or reassigned as a prevention services case or as an investigation as appropriate.

#### **DIFFERENTIAL RESPONSE TEAM**

Family Assessments will be conducted by specific Differential Response Teams (DCFS teams or contract provider teams) whose role is to assess for safety and strengths, identify service needs, and arrange for the services to be put in place. The local Differential Response Team may consist of up to three (3) primary roles:

- A. DR Supervisor Provides management services including review and approval of assessments, case plans, and appropriateness of service referrals, case file documentation, service extensions, and requests to close family assessment cases.
- B. DR Worker Initiates contact with family and assumes the role of the family's advocate and case manager.
- C. DR Program Assistant(s) Provides support and assistance as needed to the DR Worker and families involved in DR cases.

At minimum, a local Differential Response Team will be composed of a DR Supervisor and a DR Worker.

#### REASSIGNMENTS FROM DIFFERENTIAL RESPONSE TO INVESTIGATIONS

A DR will be reassigned to the investigative pathway if:

- A. DCFS is unable to conduct a safety assessment; or
- B. DCFS identifies a safety threat and the caregiver is assessed to be a risk to a vulnerable population.
  - 1) The Division's approved risk assessment tool assesses the likelihood of future maltreatment within that household. The risk assessment does not serve as the sole determinant when assessing if a caregiver poses a risk to a vulnerable population which includes without limitation children, the elderly, persons with a disability, and persons with a mental health illness. A separate assessment of whether a caregiver poses a threat to a vulnerable population must be conducted before requesting a DR

to be reassigned to the investigative pathway. The following factors will be considered when determining whether an offender poses a risk of maltreatment to a vulnerable population:

- a) The severity of the child maltreatment;
- b) The nature and severity of an injury or other adverse impact caused by the child maltreatment;
- c) The current or future access the caregiver has or could have to a vulnerable population;
- d) The caregiver's previous child maltreatment history and whether there are similar fact patterns related to the current allegation and past child maltreatment history;
- e) Subsequent reports of child maltreatment against the caregiver; and
- f) Criminal history of the offender.

Additionally, if it is determined that there are additional children in the home who were not included in the Child Abuse Hotline report and whose ages would prohibit assignment to the Differential Response pathway, the DR Supervisor and Worker will assess on a case-by-case basis whether a case will remain a DR case or be reassigned to the investigative pathway.

Further, if upon initial contact with the family an additional Priority II child maltreatment allegation (not related to the allegation connected to the DR referral provided by the Child Abuse Hotline) is identified by the DR Team, the DR Worker will contact the DCFS DR Program Manager or designee to add the additional Priority II allegation to the DR referral.

If upon initial contact with the family a Priority I child maltreatment allegation is identified by the DR Team, the DR Worker or designee will immediately call the Child Abuse Hotline to the report the new Priority I allegation and then notify the DR Program Manager or designee of the new Priority I report.

If at any time during the DR service delivery period the DR Worker, network member, contract provider, or other service provider has reasonable cause to believe that a safety threat is present and, as such, the child's health or physical well-being are in immediate danger (as related to the allegation(s) for which the initial DR referral was made), then an immediate safety plan will be developed and implemented with the family. If an immediate safety plan cannot mitigate the safety threat, the DR Supervisor or designee will determine if taking protective custody is necessary and if at any point, in consultation with the DCFS DR Program Manager or designee, whether the DR should be reassigned to the investigative pathway due to the caregiver posing a risk to a vulnerable population.

If at any time during the DR service delivery period the DR Worker, contract provider, or other service provider identifies a new child maltreatment allegation (not related to the allegation

connected to the DR referral), a call will be made immediately to the Child Abuse Hotline by the individual who suspects the new child maltreatment allegation.

#### REASSIGNMENTS FROM INVESTIGATIONS TO DIFFERENTIAL RESPONSE

If upon initial review of the investigation referral it is determined that the referral is eligible for Differential Response, the local DCFS Supervisor may send an email request to the Child Abuse Hotline to assess for reassignment to the Differential Response pathway.

# **Procedure II-B1: Receipt and Assignment of Differential Response Referral** 02/2025

Upon receipt of the DR referral from the Child Abuse Hotline, the Differential Response (DR) Supervisor or designee will:

- A. Determine if the referral meets the criteria for Differential Response by completing a child maltreatment history check on the family to determine if there is an open case or investigation.
  - 1) Contact the DR Program Manager or designee to reassign the DR to the investigative pathway if it does not meet DR criteria.
- B. Review and assign Differential Response reports to the appropriate DR Worker no later than two (2) hours after receipt of reports, excluding evenings, weekends, and holidays, provided initial face-to-face contact with the victim child(ren) and at least one (1) parent/caregiver is made in the home within seventy-two (72) hours of receipt of initial hotline report.

The DR Program Manager or designee will:

A. Reassign the referral to the investigative pathway (hotline call not required) if the DR referral is determined to be ineligible.

# **Procedure II-B2: Differential Response Initiation and Family Assessment** 02/2025

The Differential Response (DR) Supervisor will:

- A. Assign each new report to a DR Worker within two (2) hours of receipt from the DR Program Manager or designee. Initial face-to-face contact with the victim child(ren) and at least one (1) parent or caregiver must be made in the home within seventy-two (72) hours of receipt of initial hotline report.
- B. Conference with the DR Worker:
  - 1) Immediately upon the identification of a safety threat;
  - 2) Within twenty-four (24) hours (excluding weekends and holidays in which case the conference will take place the next business day) after the DR Worker's initial face-

- to-face contact with the child(ren) named in the report and at least one (1) parent/caregiver and identify a plan for the next steps to be taken.
- C. Document all supervisor activities in the Division information management system within two (2) business days of completion of each activity.
- D. Regarding families with whom the DR Worker cannot make face-to-face contact, assess information and determine whether DR Worker has met due diligence no later than the seventh day after case assignment.
- E. Provide consultation to the DR Worker as appropriate.

## The Differential Response (DR) Worker will:

- A. Prepare for meeting the family by completing the following activities prior to making initial face-to-face contact with the family:
  - 1) Interview other persons, including the individual(s) who called the report into the hotline, with information listed on the report;
  - Conduct a Division of County Operations (DCO) records check of members of the household;
  - Conduct a history search in the Division information management system prior to contacting the family unless the report is received after hours or during the weekend or a holiday; and
  - 4) Contact the family by phone within twenty-four (24) hours of case assignment, if a phone number is provided in the report and if appropriate considering initiation timeframe requirements to:
    - a) Explain Differential Response;
    - b) Schedule the initial in-home family visit that will include at least the child(ren) named in the report and one parent/caretaker; and
    - c) Verify the names and dates of birth of all family members and other persons living in the household.

## B. Consider the DR report initiated when:

- 1) The health and safety of the child named in the report in the family's household has been assessed within seventy-two (72) hours from the time the referral was received from the Child Abuse Hotline, and the DR Worker has also met with at least one (1) parent/caregiver in the home within seventy-two (72) hours from the time the referral was received at the Child Abuse Hotline (based on the reported needs and safety issues of the family, DR Supervisor may require that the initial contact with the family occur sooner than seventy-two (72) hours).
- 2) A safety assessment of the child named in the report could not be made but due diligence has been exercised and documented within seventy-two (72) hours of receipt of the hotline referral.
  - a) Due diligence must include making an announced (or unannounced, if needed) visit to the child's home at least three (3) times at different times of the day or

- on different days (provided the three (3) visits are within the appropriate DR initiation timeframes) in an attempt to assess the health and safety of the children named in the report.
- b) In addition, completion of as many of the following activities necessary to meet due diligence in establishing face-to-face contact with the children named in the report and at least one parent/caretaker:
  - i. Contacting the reporter again;
  - ii. Visiting or contacting the child's school, child care facility, and all other places where the child is said to be located;
  - iii. Sending a certified letter to the location given by the reporter, if attempts to locate the child have failed;
  - iv. Contacting appropriate local Division of County Operations (DCO) staff and requesting research of the Arkansas Integrated Eligibility System (ARIES) and other files to obtain another address;
  - v. Asking the local, county, and state law enforcement agencies to check their records for information that may locate the child and family;
  - vi. Asking relatives and friends of the subjects to provide information to help locate the subjects;
  - vii. Contacting the local post office, utility companies, and schools to request a check of their records;
  - viii. Conducting a CLEAR or similar records search to attempt to locate the family; and
  - ix. Complete other actions listed on the CFS-155: Unable to Locate Checklist.
- c) If, after completion of all the due diligence activities listed above, no contact is made with the family by the sixth business day after case assignment, document information in a case contact. The DR Supervisor will assess the information and determine whether due diligence has been met, no later than the seventh day after case assignment.
- d) If DR Supervisor deems that due diligence has been met, close the assessment as Unable to Locate.
- C. Provide the following information to the parent/caregiver and other household members during the initial in-home visit:
  - 1) Explanation of Differential Response including the disclosure that the DR Worker must assess the safety of the child(ren) as well as the need for services, and that the Division must address any safety threats or service needs as appropriate; and
    - a) If the family will not allow the worker access to the child(ren), the family has declined family assessment services (see Procedure II-C4: Management of Family's Refusal to Participate for more information);
  - 2) PUB-85: Differential Response: A Family-Centered Response to Strengthen and Support Families.

- D. Gather information during the initial in-home visit through the activities listed below:
  - 1) Identify information and legal relationships of all household members.
  - 2) Obtain the names and addresses of any non-custodial parents.
  - 3) Obtain DHS-4000: Consent for Release of information signed by a family member with the authority to give consent as needed.
  - 4) Complete a safety assessment for the family.
    - a) If the safety assessment identifies safety threats, the DR Worker will contact the DR Supervisor to discuss the results of the safety assessment and corresponding actions that will take place based on those results and as informed by professional judgement.
- E. Request a supervisor conference to review and discuss case information (meaning, allegations, risk or safety threats, immediate needs, and other case specific information).
- F. Document all activities, including the safety assessment, in the applicable information management system within two (2) business days after they are completed.
- G. Visit with all other household members within five (5) days from the time the referral was received at the Child Abuse Hotline.
- H. Update the safety assessment in the applicable information management system for the family after all household members have been contacted.

# **Procedure II-B3: Management of Family's Refusal to Participate** 02/2025

If the DR Worker has been unable to conduct a safety assessment or is unable to assess underlying issues or additional child maltreatment concerns that may not have been identified in the original hotline report, then the DR Worker will inform the family, if reasonably possible, that the DR Worker may refer the family to the investigative pathway if there are safety threat concerns and the caregiver poses a risk to a vulnerable population. The DR Worker will then conference with DR Supervisor immediately to discuss the need or lack thereof to contact DR Program Manager or designee for reassignment of case to the investigative pathway.

#### The DR Supervisor will:

- A. Discuss and assess case information and possible referral to the investigative pathway with the DR Worker. The primary consideration for reassigning a report to the investigative pathway is whether the caregiver poses a risk to a vulnerable population.
  - 1) If it is determined that safety threats exist or are likely to exist based on the initial interaction with the family and the caregiver poses a risk to a vulnerable population, the DR Supervisor will contact the DCFS DR Program Manager or designee immediately to request that the report be reassigned to the investigative pathway.

### The DR Program Manager will:

A. Reassign any DR case in which the DR Worker is unable to conduct a safety assessment to the investigative pathway if the assessment is that the caregiver poses a risk to a vulnerable population.

# **Procedure II-B4: Differential Response Services Management** 02/2025

#### The DR Worker will:

- A. Engage the household in a comprehensive and collaborative Family Assessment of the family's strengths and needs (and gather other relevant, corresponding information) within fourteen (14) days of receipt of referral from the Child Abuse Hotline. The Family Assessment may include:
  - 1) Family's financial status;
  - 2) Basic educational screening for the children;
  - 3) Physical health, mental health and behavioral health screening for all family members;
  - 4) Names and addresses of those persons who provide a support system for the family; and
  - 5) Names and addresses of any service providers that have been or are currently involved in providing services to the family.
- B. Initiate services to meet any immediate needs of the family, including food, shelter, and clothing.
- C. Place a copy of the Family Assessment in the family record.
- D. Maintain a minimum of twice weekly contacts with the household, which must include contact with the children as appropriate in the household, unless the DR Supervisor and the household determine that the contacts should occur more frequently.
  - 1) While the initial home visit/contact must be conducted by the DR Worker and include face-to-face contact with at least the children named in the report and one parent/caregiver, the DR Worker may ask the DR Program Assistant to make subsequent contacts with the family provided the majority of the face-to-face contacts are conducted by the DR Worker.
  - 2) Children do not necessarily have to be seen at each subsequent face-to-face family contact if primary purpose of a specific contact is to discuss issues and/or services relating directly to the parent(s) and provided DR Worker has assessed, based on previous contacts and other information, that children's safety is ensured for the time being and will be reassessed at a subsequent face-to-face contact with the children not to exceed two (2) weeks from the date of the contact in which the children were not present.

- E. Develop a Family Plan with the household. The Family Plan will be completed within fourteen (14) days of receipt of referral to the hotline. The Family Plan may be modified and revised as needed.
- F. Identify and implement services to address the issues that resulted in the hotline report as well as any additional child maltreatment concern that may not have been identified in the original hotline report.
- G. Assess the household's reasonable progress in resolving the issue that brought them to the attention of the Division.
- H. Maintain ongoing contact with the involved service providers as appropriate.
- I. Create and maintain community partnerships that will benefit DR client outcomes.
- J. Develop an Aftercare Plan with the household.
- K. Submit the following documents to the DR Supervisor before formalizing case closure with the family:
  - 1) Case Closing Summary;
  - 2) Child and Family Service Aftercare Plan;
  - 3) Case note documentation of interviews, contacts and activities;
  - 4) Provider treatment reports; and
  - 5) Updated Family Assessment and safety assessment.
- L. Participate in a closure staffing with the DR Supervisor to discuss the closure request.
- M. Close the case in the Division information management system upon receiving DR Supervisor approval for case closure.

### The DR Program Assistant will:

- A. Help ensure clients are meeting the Family Plan goals in a DR case.
- B. Assist with referrals to services identified in the Family Plan.
- C. Provide transportation for clients as needed.
- D. Assist DR Worker in maintaining contact with the family provided the DR Worker conducts the initial face-to-face contact and the majority of subsequent family contacts. Some PA contacts may be made by phone provided documentation supports that health and safety of children will still be ensured.
- E. Conference with DR Worker on household progress.
- F. Create and maintain community partnerships that will benefit DR client outcomes.
- G. Document all activities in the Division information management system within two (2) business days of completion.

#### The DR Supervisor will:

A. Conference with the DR Worker and DR Program Assistant as needed regarding the family's Differential Response case and associated services.

- B. Review and approve Family Assessments, Family Plans, and appropriateness of service referrals.
- C. Review DR case closure request including:
  - 1) Case Closing Summary;
  - 2) Child and Family Service Aftercare Plan;
  - 3) Case note documentation of interviews, contacts and activities;
  - 4) Provider treatment reports; and
  - 5) Updated Family Assessment and Safety Assessment.
- D. Hold a closure staffing with the DR Worker to discuss the closure request and determine if the request will be approved or denied.
- E. Approve or deny case closure request as appropriate.

## **POLICY II-D: Investigation of Child Maltreatment Reports**

## <del>0</del>02<del>1</del>/2025<del>2022</del>

#### **OVERVIEW**

All reports of known or suspected child maltreatment are promptly investigated. The safety of the child is always the first priority during the course of a child maltreatment investigation. If an safety threat is identified, and immediate steps will beare taken to protect a maltreated child and any other child who may also be in danger under the care of the same alleged offender who may also be in danger of maltreatment. The health and safety of the child are always of paramount concern.

While the Department of Human Services (DHS or department), Division of Children and Family Services (DCFS or Division) is responsible for ensuring the health and safety of children in Arkansas, the Arkansas State Police Crimes Against Children Division (CACD) collaborates with DCFS to conduct investigations of child maltreatment allegations. DCFS and CACD will assess Priority I and Priority II referrals as outlined in the "Agreement Between the Department of Human Services and the Arkansas State Police" and is subject to renewal annually. To determine the individual responsibilities and operational protocol of the two agencies, see the specifics of the agreement. The agreement is written in accordance with Act 586 of 2007, the Governor's Executive Order, and all applicable federal and state laws.

DCFS and CACD, as appropriate, will issue notices regarding child maltreatment allegations to all persons pursuant to § A.C.A 12-18-501 et seq. The Division will issue notices in such a way as to ensure the rights to due process of the alleged offender and to protect others who may be at risk of harm from the alleged offender. For more information on child maltreatment notices, see Policy XIV A: Notices Regarding Child Maltreatment and related procedures.

## **INVESTIGATION INITIATION TIMEFRAMES**

All investigations will begin within seventy-two (72) hours with the exception of investigations of the following allegations. These allegations will begin within twenty-four (24) hours:

- A. Allegations of severe maltreatment, excluding an allegation:
  - Of sexual abuse if the most recent allegation of sexual abuse was more than one (1)
    year ago or if the alleged victim does not currently have contact with the alleged
    offender;
  - 2) Of abandonment and the child is in a facility or;
  - 3) Of cuts, welts, bruises, or suffocation if the most recent allegation was more than one (1) year ago and the alleged victim is in the custody of the Department of Human Services; or

- 4) In which the alleged victim is in a facility and does not currently have contact with the alleged offender.
- B. The allegation is that a child has been subjected to neglect as defined in A.C.A. 12-18-103(14)(B) (in other wordsi.e., Garrett's Law referral); or
- c. A child has died suddenly and unexpectedly.

Investigations are considered to be initiated when, as age appropriate, the investigator conducts a face-to-face interview with the alleged victim outside the presence of the alleged offender or observes the alleged victim outside the presence of the alleged offender, or the investigator has otherwise met due diligence (see Procedure II D3 for more information). Once the investigation has begun, the primary focus will be to determine whether or not the alleged offender has access to the child and whether the child or any other children as well as any elderly persons or individuals with a disability or mental illness with whom the alleged offender works are at risk such that they need to be protected.

### **NOTICE OF ALLEGATION**

The investigative agency at the local level is responsible for providing the notice of allegation to all applicable parties as outlined in Procedure XIV-A1: Notices of Allegations of Child Maltreatment.

## AT RISK DETERMINATIONS UPON INITIATION

Upon initiation the investigative agency must determine:

- A. Alleged offender's employer, including the physical address;
- B. Alleged offender's job duties at his employment; and,
- C. Alleged offender's supervisor.

In addition to gathering the information above, <u>T</u>the investigative agency must <u>also</u> gather <del>any</del> other necessary information to determine if <u>children</u>, the elderly, or individuals with disabilities or mental illness under the care of the alleged offender appear to be at risk of maltreatment by the alleged offender. Such information includes but is not limited to: the alleged offender:

- A. Alleged offender's employer, including the physical address; or
- B. Alleged offender's job duties at his employment and whether those duties result in the alleged offender:
  - 1)—Working with c
  - 2) Works with children or is otherwise engaginged in paid or volunteer child-related activities;
  - 1)
  - 3)—Working or volunteerings with the elderly;
  - 2)

4)—Working or volunteerings with an individual with a disability or mental illness; or, 3)

5)4) Is a juvenile (and therefore has access to other juveniles in a school or similar setting).

If so, the investigative agency must immediately ascertain the name and address of the person in charge of those activities. The investigative agency must then immediately determine whether or not children, the elderly, or individuals with disabilities or mental illness under the care of the alleged offender appear to be at risk of maltreatment by the alleged offender.

The investigative agency supervisor and Area Director (as applicable) may consult with the Office of Chief Counsel (OCC) as necessary, prior to making a determination as todeciding whether children, the elderly, or individuals with disabilities or mental illness appear to be at risk. If the investigative agency determines children, the elderly, or individuals with disabilities or mental illness under the care of the alleged offender, or other juveniles are at risk of maltreatment by the alleged offender, then the investigative agency may notify the people and entities listed below of the hotline report if the DCFS Director or designee approves the at risk determination and gives written approval to the investigative agency to provide notifications of the at at-risk determination to:

- A. The alleged offender's employer;
- B. The school superintendent, principal, or a person in an equivalent position where the alleged offender is employed;
- C. The person in charge of a paid or volunteer activity; and,
- D. The appropriate licensing or registering authority to the extent necessary to carry out its official responsibilities.

See Procedure XIV-A2 for number of notification form and other specific instructions regarding providing at risk notifications to the persons and entities listed above.

The "at-at-risk" determination will be changed immediately if, upon further investigation, it is determined that the children under the care of the alleged offender are not at risk. See Procedure XIV A3 for more information.

## **OVERALL INVESTIGATION GOALS**

During the investigation of an allegation of child maltreatment, and if the alleged offender is a <a href="https://household-family">household-family</a> member, or lives in the home of the alleged victim, the assigned investigative agency will conduct an investigation to determine:

- A. The existence, cause, nature, and extent of child maltreatment with particular attention to any of the Arkansas Health and Safety factors threats that may be present. The Arkansas Health and sSafety Factors threats are:
  - 1) Caregiver caused serious physical harm to the child or made a plausible threat to cause serious physical harm in the current investigation or differential response (DR), as indicated by:
    - a) Serious injury or abuse to the child other than accidental.
    - b) Caregiver fears harming the child.
    - c) Caregiver has threatened to cause harm or retaliate against the child.
    - d) Caregiver has made substantial or unreasonable use of physical force.
    - e) Substance-exposed infant is in danger.
  - 2) Child sexual abuse is suspected, and circumstances suggest that the child's safety may be of immediate concern.
  - 3) Caregiver is aware of the potential harm and is unwilling or unable to protect the child from actual or threatened serious harm by others. This may include physical abuse, emotional abuse, sexual abuse, sexual exploitation, trafficking, or neglect.
  - 4) Caregiver's explanation or lack of explanation for the injury to the child is questionable or inconsistent with the type of injury, and the nature of the injury suggests that the child's safety may be of immediate concern.
  - 5) Caregiver does not meet the child's immediate needs for supervision, food, and/or clothing.
  - 6) Caregiver does not meet the child's immediate needs for medical or critical mental health care (e.g., the child is suicidal or +homicidal).
  - 7) Physical living conditions are hazardous and immediately threatening to the child's health and/or safety.
  - 8) Caregiver's substance abuse seriously impairs their ability to supervise, protect, or care for the child.
  - 9) Domestic violence exists, and offender behavior poses an imminent danger of serious physical and/or emotional harm to the child.
  - 10) Caregiver frequently describes the child in predominantly negative terms or acts toward the child in negative ways; and these actions make the child a danger to self or others, suicidal, act out aggressively, or severely withdrawn or anxious.
  - 11) Caregiver's mental instability, developmental status, or cognitive deficiency seriously impairs their current ability to supervise, protect, or care for the child.
  - 12) Family currently refuses access to or hides the child and/or seeks to hinder an investigation/DR.
  - 13) The child may be in immediate danger because of current circumstances and because the caregiver severely maltreated a child in their care in the past (where the incident was resolved or unresolved) or because the caregiver has been unable to resolve a prior pattern of severe maltreatment.
  - 1)14) Other act or omission by the caregiver that presents an immediate safety threat to the child (which requires specification if selected).
    - 1) Caretaker's behavior toward child is violent or out of control.

- 2) Caretaker describes or acts towards the child in predominantly negative terms or has extremely unrealistic expectations.
- 3) Caretaker caused serious physical injury to child or made plausible threat to cause severe physical injury.
- 4) Caretaker's explanation for injury is unconvincing.
- 5) Family refuses access to child there is reason to believe that family is about to flee, or child's whereabouts cannot be ascertained.
- 6) Caretaker has not, cannot, or will not provide supervision necessary to protect child from potentially dangerous harm.
- 7) Caretaker is unwilling or unable to meet child's needs for food, clothing, shelter, or medical or mental health care.
- 8) Child is fearful of caretaker, other family members, or other people living in or having access to the home.
- 9) Child's physical living conditions are hazardous and immediately threatening, based on child's age and developmental status.
- 10) Child sexual abuse is suspected, and circumstances suggest that child safety may be an immediate concern.
- 11) Caretaker's current substance use seriously affects his/her ability to supervise, protect, or care for the child.
- 12) Caretaker fails to protect child from serious physical or threatened harm.
- 13) Caretaker's emotional stability seriously affects current ability to supervise, protect, or care for child.
- 14) Caretaker has previously maltreated a child and severity of maltreatment or caretaker's response to previous incidents suggest child safety may be an immediate concern.
- A.B. The existence and extent of previous injuries.; and,
- B.C. The names and conditions of other children in the home.

If the alleged offender is not a <u>household family</u> member or does not live in the home of the alleged victim, the assigned investigative agency will conduct an investigation to determine:

- A. The existence, cause, nature, and extent of child maltreatment with particular attention to any of the <u>Arkansas Arkansas Health and Safety Factorssafety threats</u>-that may be present (see above for list of the fourteen Arkansas Health and Safety Factors);
- B. The identity of the person responsible for the maltreatment; and,
- C. The existence and extent of previous maltreatment perpetrated by the alleged offender;
  and,-
- E.D. Factors influencing child vulnerability.

In addition to the other information described in this section (i.e.,more specifically the in other words, Overall Investigation Goals section), the assigned investigative agency will also attempt to determine:

- A. The identity of the person responsible for the maltreatment;
- B. The relationship of the children with the parents or caretakers and their circumstances;
- C. The child's environment in terms of risk and protective factors; and,
- D. All other pertinent information.

Ultimately, the information described above that is collected during the fact-finding phase of the child maltreatment investigation allows the Division to determine:

- A. If services are necessary to assist the <a href="household family">household family</a> and allow the child to remain safely at home (per A.C.A. §12-18-604, the Department has the authority to make referrals or provide services during <a href="the-course of-the-child maltreatment">the-course of-the-child maltreatment investigation</a>);
- B. If separation of the child from the family is necessary to protect the health and safety of the child; and,
- C. Whether there is a preponderance of the evidence (see Appendix I: Glossary) to support the report.

If at any time before or during an investigation it is determined that the alleged offender is not a caretaker of a child and the alleged victim has reached eighteen (18) years of age prior to notification the child maltreatment investigation shall be closed, notwithstanding any criminal investigation.

#### REASONABLE EFFORTS TO PREVENT REMOVAL

Throughout the investigation the Division will ensure reasonable efforts are made to preserve the family and to prevent the need to remove the child from the householdme unless the health and immediate safety of the child warrants immediate removal for the protection of the child. When the investigative agency's first contact with the family has occurred during an emergency in which the child could not safely remain at homein the household, even with reasonable services being provided, the Division will be deemed to have made reasonable efforts to prevent or eliminate the need for removal.

#### **INVESTIGATION COMPONENTS**

The child maltreatment investigation will consist of, but is not limited to, completion of <a href="mailto:the-bursted-state-1">the Division's approved a Health and s</a>—s</a>Safety <a href="mailto:aAssessment">aAssessment and interviews with:</a>

- A. Alleged victim;
- B. Parents, both custodial and non-custodial;
- C. If neither parent is the alleged offender, the alleged offender;

- D. Any siblings of the victim or other children under the care of the alleged offender;
- E. Current or past healthcare providers when the allegation of child maltreatment was reported by a healthcare provider;
- E.F. Any other household members; and,
- F.G. Any other relevant collaterals.

DCFS staff are encouraged to bring child victims of Priority I reports involving sexual abuse, physical abuse, neglect, and witness to violence to the nearest Child Safety Center for the interview whenever available and appropriate. In some cases, it may also be appropriate to bring child victims of certain Priority II maltreatment reports to the nearest Child Safety Center for the interview.

The Health and Division's approved sSafety aAssessment allows for a systematic review of potential safety threats and creates consistent thresholds for the presence of imminent danger of serious harm. Further, this safety assessment is designed to:

- A. Identify Arkansas Health and Ssafety threat Factors in the householdme that which affect the child's immediate health and physical well-beingsafety at a point in time.
- B. Guide the Family Service Worker (FSW) in determining whether or not the child can remain safely in the home with or without safety interventions.

В.

- C. Serve as a structured decision making tool. For example, information collected on the Health and Safety Assessment can be used to document reasonable efforts or aggravated circumstances. It can also be used to assist in completing the court report, and at important case decision points, or when there are major changes in case circumstances.
  - D. Assess the child's health and safety at placement changes if the child is removed from the home.

E. .

F.C. If the alleged offender is identified as a parent or primary caregiver, the Health and Safety Assessment in the Division's information management system will be completed based on the conditions present when the child and the parent or primary caregiver are together in the home. Determine what interventions will be initiated or maintained to provide appropriate protection Children ages zero (0)- six (6), children with developmental disabilities or children who have been repeatedly victimized shall be considered especially vulnerable.

The Division's approved safety assessment will be completed upon initial contact with the child and any household members present. The safety assessment will be entered into the applicable

information management system within two (2) business days of contact with the household and updated as needed throughout the family's involvement with DCFS.

Every subsequent contact with the family will include an assessment of any safety threats present as well as any acts of protection by the caregivers. Information to complete the The Health and Division's approved seafety assessment may be updated as needed in the Division information system as the investigative agency will be gathers information through any additional ed during the child maltreatment interviews or review of applicable records and other sources of information pertinent to the investigation. All interviews and the entirety of the Health and Safety Assessment must be completed by the investigator within thirty (30) calendar days of the receipt of the child maltreatment report. The interviews Health and Safety Assessment must be approved by the FSW Supervisor within forty-five (45) calendar days of the receipt of the child maltreatment report.

The Health and Safety Assessment is comprised of three components:

- A. Health and Safety Checklist
- **B.** Safety Planning
- C. Investigation Risk Assessment

The Health and Safety Assessment cannot be closed until both the Health and Safety Checklist and Safety Planning screens are completed.

A description of each of the Health and Safety Assessment sections and their associated actions during an investigation follows:

## Health and Safety Checklist

The Health and Safety Checklist is the first component of the Health and Safety Assessment. It contains the fourteen (14) Arkansas Health and Safety Factors (hereinafter referred to as "safety factors"). Upon the investigation initiation, the primary investigative agency will assess whether or not any of the fourteen (14) safety factors are present. The presence or absence of safety factors must be documented by the primary investigative agency in the Health and Safety Checklist screen in the Division's information management system within two (2) business days of the investigation initiation. Every subsequent contact with the family should also include an assessment for any safety factors; however, the Health and Safety Checklist is only completed again in the event that additional safety factors are identified or facts change.

If CACD is assigned primary on an investigation and, after interviewing the alleged victim<u>and</u> completing Sections 1 and 2 of the Division's approved safety assessment tool, identifies a safety threat and the the need for DCFS to further assess the child's safety, complete a safety

assessment, the CACD Investigator will immediately contact DCFS for further assessment and completion of Sections 3 and 4, as applicable, of the safety assessment tool to conduct the Health and Safety Assessment (Safety Planning and Investigation Risk Assessment) as appropriate. DCFS will then be assigned as the secondary investigator on that particular investigation.

<u>Each investigative agency will enter its applicable safety assessment sections into the appropriate information management system within two (2) business days of the investigation initiation or identification of new safety threats, as applicable.</u>

The primary investigative agency is responsible for completing the Division's approved risk assessment tool for the household in the Division information management system prior to investigation closure and prior to any decision regarding case opening. If CACD is assigned primary on an investigation and does not identify the need for DCFS to conduct a safety assessment, the CACD Investigator is responsible for completing the Investigation Risk Assessment if the allegation is found true and an in-home or out-of-home case will be opened.

If DCFS is assigned primary on an investigation, DCFS will complete all components of the Health and Safety Assessment as appropriate regardless of whether safety factors are identified. The identification of the presence or absence of safety factors is critical to safety planning.

#### Safety Planning

If a safety threat is identified, Safety Planning is the second component of the Health and Safety Assessment. Safety planning is then requires to implement specific actions to be taken to ensure a child's safety during the course of an investigation. If a safety threat factor is identified, there are only two (2) options to implement during the safety planning process:

- A. Develop a protection immediate safety plan to mitigate the identified safety factors threats to allow the child to remain safely in the home; or,
- B. <u>Take protective custody and Rremove the child from the home and take protective custody.</u>

If there are risk factors or evidence that maltreatment has occurred, but no safety threats are present, then neither an immediate safety plan nor removal of the child is necessary at that point in time. When no safety threats are present, per A.C.A. § 12-18-1009, the parents retain the right to keep the child at home or to place the child outside the home. However, as appropriate, the FSW may make referrals or provide services during the child maltreatment investigation to address any risk factors. All referrals made or services provided during the child maltreatment investigation will be documented in the Division's information management system.

These Additional information regarding immediate safety plans and taking protective custody are as follows: two options are described below:

## A. Protection Immediate Safety Plans

## Protection Plan Development and Content

When any safety factors threats are present, an immediate protection safety plan must be developed to address each identified safety factor threat if the child will remain in the home. An immediate safety protection plan is a written plan developed by DCFS staff in conjunction with the family and their network to address identified safety factors threats. The actions and any services needed to address safety factors threats contained in an immediate safety protection plan will depend on the dynamics of a particular investigation (or case) and the family involved household and their network. This documentation describing the actual use or consideration of using protecting interventions establishes reasonable efforts to prevent removal of the child from the home.

An immediate safety plan must be developed and receive DCFS supervisory approval prior to DCFS staff leaving the home. The immediate safety plan serves as a written agreement between the Division and the family. As such, a copy or picture of the plan will be provided to the caregiver and to other members participating in the plan prior to the DCFS staff person leaving the home. The immediate safety plan, if applicable, will also be documented in the appropriate information management system within two (2) business days of its creation. If any other actions were taken or services put in place to ensure the safety of the child victim or other children in the home, then these activities must also be documented in- an applicable information management system within two (2) business days.

Regardless of the actions included in an immediate safety protection plan, immediate safety protection planning is a process that occurs with the family and may include the family's selected support network. Protection planning and oversight on the part of the Division continues throughout involvement with the family household as long as safety factors threats are present. The plan must be sufficient to manage and control safety threatsfactors based on a high degree of confidence that it can be implemented, sustained, and closely monitored by DCFS-in partnership with the household's identified

<u>network(see below for more information)</u>. The Division will assure that the roles and responsibilities of the <u>protection immediate safety</u> plan are clearly described to and discussed with the <u>person providing those services</u>people involved.

A protection plan must be developed and receive DCFS supervisory approval prior to DCFS staff leaving the home. The protection plan serves as a written agreement between the Division and the family. As such, a copy of the plan will be provided to the caregiver and to other members participating in the plan prior to the investigator leaving the home.

However, <u>immediate safety</u><del>protection</del> plans may not:

- Make a change to the current physical or legal custody arrangement of the child;
   or,
- 2. Otherwise limit the right of a parent or legal custodian to visit or have access to his or her child, including supervised visits,
- 3.2. unless a dependency-neglect petition is first filed with the court to address identified safety threatsfactors and a corresponding court order is obtained to make a change to the current custody arrangements or otherwise limit the right of a parent or legal custodian to have access to his or her child. An alternate method of ensuring child safety must be implemented until the required court order is issued to alter custody or visitation arrangements.

To file a dependency-neglect petition to ensure a child's safety in the home, the <u>Family Service Worker (FSW)</u> will contact <u>his or her Office of Chief Counsel (OCC) attorney</u> immediately (or at the start of the next business day if the safety assessment occurred after hours or on the weekend) to request OCC to file the appropriate petition. It is crucial that the FSW <u>Investigator</u>, with support from his or her supervisor, determines exactly what the Division is requesting the court to order, if applicable, to address the identified dependency-neglect issues <u>(i.e., safety factors)</u>.

If the requested court order is issued, the FSW Investigator will then craft a corresponding update the protection immediate safety plan, as applicable, that reflects the orders of the court as well as any other actions or information that need to be included in the protection immediate safety plan to ensure child safety. The FSW Investigator will then thoroughly explain any of the changes the contents of the protection plan to the caregivers, household members, a and other individuals in the family's network who may be a part of the protection immediate safety plan.

Order of Less Than Custody

An order of less than custody is one action that could potentially be included in an immediate safety protection plan (once the order is issued by a court), if appropriate. An order of less than custody legally restricts the alleged offender from contact with the child while allowing the child to remain in the home with the non-offending custodian (if the non-offending custodian is already a legal custodian of the child) as part of the protection immediate safety plan.

In addition to the situation above in which the non-offending custodian is the legal custodian of the child and wants to restrict the alleged offender's access to the child, orders of less than custody may also be applicable to situations in which:

- a) The legal custodian placed or otherwise allowed the child to reside with another person for more than six (6) months; and,
- b) The legal custodian is named as an alleged offender in the investigation; and,
- c) The child's current caretaker and DCFS assess that the legal custodian's (who is also the alleged offender) access to the child poses an immediate danger to the child's health or physical well-being; and,
- d) DCFS has no immediate health or physical well-being concerns with the current placement; and,
- e) DCFS has determined that specific safeguards in the court order will ensure the child's immediate health and physical well-being while remaining in the current home.

The Division will thoroughly assess for safety factors threats (to be documented in the Health and Safety Checklist) to ensure that an immediate safety protection plan is in place for a child before leaving that child in a home where DCFS has petitioned the court for an order of less than custody.

To file a dependency-neglect petition to obtain an order of less than custody, the FSW will contact OCC immediately to request OCC to file the appropriate petition.

#### **Protection Plan Documentation**

The Safety Planning screen in the Division's information management system documents the actions taken to ensure a child's safety during the course of an investigation. If a protection plan is developed, it must be documented in the Safety Planning screen in the Division's information management system within two (2) business days of the investigation initiation.

If any other actions were taken or services put in place to ensure safety of the child victim or other children in the home, then these activities must also be documented in the Safety Planning screen in the Division's information management system within two (2) business days.

## Immediate Safety Protection Plan Monitoring and Assessment

All protection—immediate safety pplans will be monitored via a\_n initial face-to-face contact with the householdfamily (to include alleged victim(s), alleged offender(s), and any other children in the home) within at least seventy-two (72) hours and then via a minimum of weekly face-to-face contact for the remaining life of the protection immediate safety plan. In addition, the immediate safety plan will be formally reviewed within fourteen (14) days of its implementation.

While the health and safety of the child is always assessed each time the Division comes into contact with the child, per A.C.A. 12-18-1001(d)(2)(A)-(B), the health and safety of the child and any corresponding protection—immediate safety plan will be formally reassessed within thirty (30-days) days—of the date on which the immediate safety protection—plan was implemented. If after this formal reassessment is performed, the Division determines that a substantial risk of harm to the health and safety of the child remains and that the protection immediate safety plan must stay in place to ensure the health and safety of the child, then the Division will file a petition for dependency-neglect (however, note that the Division may file a petition for dependency-neglect at any point to if needed to ensure the health and safety of the child) unless the parent, guardian or custodian is not:

- 1) The alleged offender; or,
- 2) Alleged to have failed to protect the juvenile.

If a case connect has already occurred, then the assigned FSW Caseworker and FSW Investigator who implemented the <u>protection-immediate safety</u> plan will collaborate to reassess the <u>protection-immediate safety</u> plan and provide the affidavit and a copy of the CFS-200: <u>Immediate SafetyProtection</u> Plan to OCC to file any necessary petitions for dependency-neglect at <u>thirty</u> (30) days.

For a petition filed as the result of a protection plan, aln a dependency neglect petition is filed, a corresponding family case plan, informed by the Division's approved family assessment tool, will be filed with the court within thirty (30) days per A.C.A. § 9-27-402.

The assigned FSW will continue to monitor the protection immediate safety plan until it is no longer needed. The assigned FSW will complete the Family Advocacy and Support Tool (FAST)Division's approved family needs and strengths assessment in collaboration with the family, FSW Investigator, and other appropriate stakeholders (see Policy IV-A: Family Assessments for more information regarding the FAST). The FSW Caseworker will also have the primary responsibility of developing the family case plan with the family and ensuring the implementation of the family case plan (see Policy IV-B: Services-Family Case Plans for more information).

If a reasonable protection plan cannot be developed, then the child must be removed and placed in an approved placement (see below for more information regarding protective custody). Removal must also be documented in the Safety Planning screen in the Division's information management system within two (2) business days of the act of removal of the child.

If there are risk factors or evidence that maltreatment has occurred, but no safety factors are present, then neither a protection plan nor removal of the child is necessary at that point in time. When no safety factors are present, per A.C.A. § 12-18-1009, the parents retain the right to keep the child at home or to place the child outside the home. However, as appropriate, the FSW Investigator may make referrals or provide services during the course of the child maltreatment investigation to address any risk factors. All referrals made or services provided during the course of the child maltreatment investigation shall be

documented in the Investigation Finding screen in the Division's information management system.

## B. Protective Custody

If a safety threatfactor is identified in the home and it cannot be mitigated with the implementation of a protectionan immediate safety plan, the Division must remove the child from the home and take protective custody. This requirement applies to any point during a child maltreatment investigation or open case when the health and physical well-being of a child are in immediate danger. When a child is taken into protective custody, the child willshall be placed in an appropriate licensed or approved placement. This may include an identified relative or fictive kin (fictive kin means a person selected by the Division of Children and Family Services— who is not related to the child by blood or marriage, and has a strong, positive, and emotional tie or role in the child's life or the child's parent's life if the child is an infant) home if it is in the best interest of the child and all criteria for opening a provisional resource foster home and placing the specific child for

whom the provisional <u>resource</u>foster home was opened have been met (see Policy VI-B: Consideration of Relatives and Fictive Kin for Children in Foster Care and Policy VII: Development of <u>Resource</u>Foster Homes <u>and Support to Resource Parents</u> for more information).

The Division may file a motion to transfer any other prior or subsequent legal proceeding concerning the juvenile (<u>for examplee.g.</u>, if a relative of the child taken into custody attempts to obtain guardianship or custody of the juvenile) to the court that is hearing the dependency-neglect petition if the Division:

- a) Takes a seventy-two-(72)-hour hold; or,
- b) Files a petition for ex parte emergency order; or,
- c) Files a petition for dependency-neglect.

<u>If</u>See Procedure II-D11: Protective Custody of a Child in Immediate Danger for information regarding how to proceed when a child is taken into protective custody by a non-DCFS stakeholder, see Procedure II-D8: Protective Custody of a Child in Immediate Danger for more information.

### **Investigation** Risk Assessment

The <u>Division's approved</u> Investigation <u>r</u>Risk <u>a</u>Assessment is the third component of the Health and Safety Assessment. It is designed to <u>a</u>:

Assess the family's level of risk during the child maltreatment investigation likelihood of future maltreatment and -

Establish a baseline level of risk for a family.

calendar days of receipt of the hotline report.

Identify the factors and circumstances that indicate the child may be at risk of future abuse or neglect.

Lindicate the necessary level of the Division's ongoing involvement to assure the child's continued well-being.

Provide a structured decision-making tool in case planning (the investigation risk assessment informs the case plan if a case is opened after the completion of the investigation).

The Division's approved risk assessment tool will be completed in the applicable information management system as soon as there is enough information to do so, but prior to the conclusion of the investigation and prior to any decision about case opening. The Investigation Risk Assessment in the Division's information management system will be completed on all cases with a child maltreatment determination of "True." As such, the Investigation Risk Assessment must be completed by the investigator within thirty (30) calendar days of receipt of the hotline report and must receive supervisory approval within forty five (45)

Levels of risk are classified as intensive, high, moderate, and low. The higher the score, the higher the risk of future harm. The level of risk determined during the Investigation Risk Assessment will be considered the baseline level of risk for any subsequent case that is opened, if applicable.

Overrides to Risk Levels have been established to assist the FSW in ensuring that the level of risk for a case accurately reflects the risk level for the children. A supervisor is allowed to make discretionary policy overrides when a unique circumstance warrants a higher risk level than assigned by the risk level chart.

The discretionary Risk Level Override options are listed below and require the supervisor to upgrade the risk level to Intensive at the initial investigation, regardless of the risk scale score.

- A. Sexual abuse cases where the perpetrator is likely to have access to the victim child.
- B. Cases with non-accidental physical injury to an infant.
- C. Serious non-accidental physical injury requiring hospital or medical treatment.
- D. Death (previous or current) of a sibling as a result of abuse or neglect.

Risk Level Overrides must be reassessed when the case plan is updated.

# INVESTIGATION CLOSURES AND DETERMINATIONS AND RESULTING REFERRALS AND CASE OPENINGS

Within the appropriate timeframes outlined above and utilizing PUB-357: Child Maltreatment Investigation Determination Guide as a reference where applicable, the Department will either:

- A. Administratively close an investigation of a child maltreatment report pursuant to A.C.A. §12-18-601 without a determination of whether the allegation is unsubstantiated, true, true but exempted, or inactive (see Procedure II-D14 for administrative closure criteria and related requirements); or
- B. Close the investigation with a determination that the allegations of child maltreatment are either:
  - 1) Unsubstantiated; or
  - 2) True; or
  - 3) True but exempted for:
    - a) Neglect as defined by A.C.A. § 12-18-103(14)(B) (i.e, Garrett's Law)
    - b) Religious beliefs
    - c) Underaged juvenile offenders; or,
  - 4) Inactive.

DCFS will then make a decision regarding the need for opening a corresponding case to provide services, assist the family with expanding and strengthening their network, and monitor child safety and risk on an ongoing basis. The decision to open a case will be made as guided by:

- The results of the Division's approved safety assessment tool
- The results of the Division's approved risk assessment tool
- Investigation determination
- Professional judgement
- Supervisory consultation

The investigation determination will then be used to determine the type of case offered or opened, as applicable.

Criteria for the administratively closed investigations and child maltreatment determinations are as follows:

Administratively Closed

A child maltreatment investigation will be administratively closed without further action or determination if:

- A. A preliminary investigation has been completed, to include:
  - 1) Interview with the alleged victim outside the presence of the alleged offender.
  - 2) Assessment of the alleged victim's home environment, as appropriate.
  - 3) Interview of a collateral witness.
  - 4) Review prior history of child maltreatment related to the family of the child and to the alleged offender.
- B. There has not been an additional report of abuse or neglect that has been committed by the alleged offender who is the subject of the current report; and,
- C. The health and safety of the child can be assured without further investigation by DCFS based on review of prior child maltreatment history; and
- D. There is a determination that abuse or neglect of the child did not occur; and at least one of the following criteria are met:
  - 1) There are indications of malicious reporting; or,
  - 2) Details of the allegations are insufficient to investigate; or,
  - 3) Reporter was anonymous, and no evidence exists to corroborate the report; or,
  - 4) There is no available evidence to support or refute the allegation(s) due to the passage of time between the alleged occurrence of the maltreatment and the time the report was made; and,

The DCFS Director or designee approves the administrative closure of an investigation conducted by DCFS.

#### **Unsubstantiated Determination**

A child maltreatment investigation will be determined unsubstantiated in the event that:

- A. The allegation of child maltreatment is not supported by a preponderance of the evidence following an investigation by Division staff.
- B. The investigation concludes the injuries were the result of reasonable and moderate physical discipline inflicted by a parent or guardian for the purpose of restraining or correcting the child.

#### True Determination

A child maltreatment investigation will be determined true in the event of:

- A. An admission of the fact of maltreatment by persons responsible;
- B. An adjudication of dependency-neglect;
- C. A determination of the existence of maltreatment by Division staff, based on a preponderance of the evidence;
- D. A medical diagnosis of failure to thrive. The Family Service Worker should, however, complete the Child Maltreatment Investigation in accordance with the procedures included to determine the identity of the caretaker and to conduct an investigation of investigate the family for the purposes of determining appropriate service delivery; or
- E. Any other medical or legal form of confirmation deemed valid by the Division.

If a report is determined to be true, the names and conditions of any minor children of the alleged offender, and whether these children have been maltreated, or are at risk of maltreatment, will also be determined unless the investigating agency has determined that there is no indication of risk to the children. If the report is determined to be true, and is a report of sexual abuse, sexual contact, or sexual exploitation, an assessment of any other children previously or currently under care of the alleged offender, to the extent practical, and whether these children have been maltreated, or are at risk of maltreatment, will be conducted unless the investigating agency has determined that there is no indication of risk to the children. The worker-FSW conducting the investigation shall also seek to ascertain all other relevant data.

If a report is determined to be true and involves any children under the age of three (3) years of age, the ose children must will be referred to the Division of Developmental Disabilities Children's Services for an early intervention screening per the Child Abuse and Prevention Treatment Act (CAPTA) if the children were not already receiving early intervention services or were not already referred during the course of the investigation (see Policy II-J: Early Intervention Referrals and Services and related procedures for more information).

If a report of sexual abuse is determined to be true and the alleged offender is under the age of eighteen (18) years of age at the time the act or omission occurred, the parents or legal guardians of the alleged juvenile or underaged juvenile offender and victim shall be provided with a list of mental health professionals or agencies available to evaluate and treat the alleged juvenile offender or underaged juvenile offender and victim, if necessary. Providing this information does not necessarily require the Division to pay for the mental health evaluation or any subsequent mental health treatment or services.

If a child maltreatment report is determined to be true, the Division will then also determine the risk level of the offender and any vulnerable population to which the offender may pose a risk of maltreatment, including without limitation children, the elderly, persons with a disability, and persons with a mental health illness. This assessment includes the Risk Assessment tool rating but is not determined upon the Risk Assessment rating alone. The following factors will be considered when determining whether an offender poses a risk of maltreatment to a vulnerable population:

- The severity of the child maltreatment;
- B. The nature and severity of an injury or other adverse impact caused by the child maltreatment;
- C. The current or future access the offender has or could have to a vulnerable population;
- D. Offender's previous child maltreatment history and whether there are similar fact patterns related to current offense and past child maltreatment history;
- E. Subsequent reports of child maltreatment against the offender; and
- F. Criminal history of the offender.; and,
- G. Risk assessment tool rating.

If the Division determines the offender poses a risk to a vulnerable population, the investigative determination will continue to be documented as thue, and the offender's name will be placed in the Child Maltreatment Central Registry. If the Division determines the offender does not pose a risk to a vulnerable population, the investigation determination will be documented in the Division information management system as the Example determination or register. The DCFS Director or designee will approve determinations for true but exempted for no risk to vulnerable populations.

## True but Exempted Determination

A determination of true but exempted, which means the offender's name will not be placed in the Child Maltreatment Central Registry, will be entered for the reasons listed below. The following circumstances do not require a consideration of the risk level of the offender and any vulnerable population to which the offender may pose a risk of maltreatment as these conditions warrant a determination of true bbut exempted pursuant to A.C.A. § 12-18-702.

#### **Garrett's Law Exemptions**

A child maltreatment investigation that documents the presence of an illegal substance in either the bodily fluids or bodily substances in the mother or child at the time of birth resulting from the mother knowingly using any illegal substance (i.e., Garrett's Law case) will be found true but exempted and will not be placed on the <a href="Arkansas Cehild Mmaltreatment Central Rregistry.">Arkansas Cehild Mmaltreatment Central Rregistry.</a>—Family First Services are available for Garrett's Law investigations and services cases with the completion of the prevention plan for the family.

A protective services case shall be opened to establish a plan of safe care.

If the FSW determines on an individual basis the child's health or physical well-being is in immediate danger, he or she willshould take the newborn into protective custody. The FSW must also assess any siblings of the newborn or other children under the care of the alleged offender. If it is determined that there is an immediate danger to the siblings' (or any other children under the care of the alleged offender) health or physical well-being, then they must also be brought into emergency seventy-two-(72) hour protective custody.

"Acceptable" reporters include any one of the following mandated reporters, who have reasonable cause to suspect that a newborn has been subjected to an illegal substance before birth or the mother had an illegal substance in her bodily fluids or bodily substances at the time of the birth:

- licensed nurse:
- osteopath;
- physician;
- medical resident or intern;
- surgeon;
- hospital social worker; or,
- any medical personnel who may be engaged in the admission, examination, care,
   or treatment of persons in hospitals or similar medical settings.

During the course of an investigation, or when DCFS has custody, if the mother or newborn has tested positive for the presence of an illegal substance in the bodily fluids or bodily substances, and the mother indicates that she wants to place the newborn for adoption through a private agency or private entity, the Family Service WorkerFSW must

contact OCC immediately. If the infant is placed with a private adoption agency, then do not open a Protective Services case.

## **Religious Belief Exemptions**

A child maltreatment investigation will be determined to be true but exempted due to religious beliefs exemption in the event that the Family Service Worker (FSW) determines that the parent's decision to withhold medical treatment was based solely upon a religious belief, choosing instead to furnish the child with prayer and spiritual treatment in accordance with a recognized religious method of healing by an accredited practitioner.

An FSW will place a child whose health or physical well-being is in immediate danger in a safe environment in DHS custody regardless of the beliefs of the parents. The religious exemption does not preclude the FSW's right and responsibility to take appropriate action, including petitions to the court, to obtain necessary medical services.

## **Underaged Juvenile Offender Exemptions**

A child maltreatment investigation will have an individual finding of true but exempted for underaged juvenile offenders if there is an overall true finding of sexual abuse by a child under the age of fourteen (14) years of age to another child.

## Juvenile is Less than Fourteen (14) Years of Age Exemption

A child maltreatment investigation will have an individual finding of true but exempted if an offender is a juvenile less than fourteen (14) years of age.

## **Inactive Determination**

Per A.C.A. § 12-18-619(c), if at any time before or during the investigation the Department is unable to locate or identify the alleged offender or alleged victim, the Department may consider the report unable to be completed and determine the report to inactive if a true or unsubstantiated determination cannot be established without interviewing the alleged offender or alleged victim.

Failure to complete the investigation within the required 45 days is NOT a reason to place a case on inactive status. The report must document why the investigation is determined to be inactive. All activities on the CFS-155: Unable to Locate Checklist must be completed by the FSW investigator before determining an investigation to be inactive and verified by the FSW Supervisor before approving the investigation.

For investigations determined to be inactive but information obtained from a subsequent report would permit the assigned investigative agency to gather additional evidence, the assigned investigative agency will provide notice of the allegations as per A.C.A. 12-18-501 et seq. and conduct the investigation. The assigned investigative agency will amend the determination of the earlier report accordingly based on evidence collected. The allegations contained in the most recent report will be investigated separately and an associated determination made based on the evidence collected during the investigation of the more recent report.

For information regarding how to proceed when DCFS is assigned to a report previously found to be inactive and CACD is assigned to a new report that would permit DCFS to gather additional evidence on the report previously determined to be inactive, please see the Agreement Between the Arkansas Department of Human Services (ADHS), Division of Children and Family Services (DCFS) and the Arkansas State Police (ASP), Crimes Against Children Division (CACD).

## **PROCEDURE II-D3: Investigation Initiation**

## 0205/20252022

### The FSW will:

- A. Initiate the child maltreatment investigation within seventy-two (72) hours with the exception of investigations of the following allegations. These allegations will begin within twenty-four (24) hours:
- B. Allegations of severe maltreatment, excluding an allegation:
- C. Of sexual abuse if the most recent allegation of sexual abuse was more than one (1) year ago or if the alleged victim does not currently have contact with the alleged offender:
- D. Of abandonment and the child is in a facility or,
- E. Of cuts, welts, bruises, or suffocation if the most recent allegation was more than one (1) year ago and the alleged victim is in the custody of the Department of Human Services; or
- F. In which the alleged victim is in a facility and does not currently have contact with the alleged offender.
- G. The allegation is that a child has been subjected to neglect as defined in A.C.A. 12-18-103(14)(B) (i.e., Garrett's Law referral);
- H. A child has died suddenly and unexpectedly.
- **L.A.** Consider the investigation initiated:
  - 1) By interviewing or observing, when appropriate, the alleged victim child outside the presence of the alleged offender; or,
  - 2) <u>Elf after exercising</u> and documenting due diligence <u>when</u> an interview or examination of the child could not be made. Due diligence includes, but is not limited to:
    - a) Making an unannounced visit to the child's home at least three (3) times at different times of the day or on different days (provided the three (3) visits are within the appropriate investigation initiation timeframes) in an attempt to interview the child;
    - b) Contacting the reporter again if the reporter is known;
    - c) Visiting or contacting the child's school, child care facility, and all other places where the child is said to be located;
    - d) Sending a certified letter to the location given by the reporter, if attempts to locate the child have failed;

- e) Contacting appropriate local Division of County Operations staff and requesting research of their information systems and other files to obtain another address-; and
- f) Completing other activities listed on the CFS-155: Unable to Locate Checklist as needed.
- C. Document initiation activities within two (2) business days.
- D. Submit the record to the supervisor for approval of due diligence to locate and interview the child after all these efforts have been made.
- E. Document initiation activities within two (2) business days.

## The FSW Supervisor will:

Conduct a supervisory conference with investigator within seventy-two (72) hours of investigator initiating the investigation.

## **PROCEDURE II-D4: Child Maltreatment Report Investigation Interviews**

## <u>02</u><del>07</del>/2025<del>2020</del>

### The FSW will:

- A. Prepare for interviews by reviewing intake report and any prior child maltreatment reports, etc. See "Gathering Information" practice guide series for more information.
- B. Conduct a separate interview with the alleged victim outside the presence of the alleged offender and the alleged offender's attorney in reports involving both in-home and out-of-home offenders. Exceptions must be approved by a supervisor.
  - 1) If not age appropriate for an interview, observe alleged victim outside the presence of the alleged offender and the alleged offender's attorney.
- C. Interview any siblings of the alleged victim and any other children under the care of the alleged offender (including during investigations with alleged out-of-home offenders) as the siblings and other children under the care of the alleged offender may have collateral information or have been within access of the alleged offender. Exceptions must be approved by a supervisor.
  - 1) Interview all siblings and other children under the care of the alleged offender outside the presence of the alleged offender and the alleged offender's attorney.
    - a) If not age appropriate for an interview, observe all siblings and other children under the care of the alleged offender outside the presence of the alleged offender and the offender's attorney.

- 2) Considering the best interest of the child, limit, as appropriate, other persons allowed to be present when a child is interviewed concerning allegations of child maltreatment.
- D. Conduct a cursory physical examination of children in the least invasive manner possible during the interview. A cursory physical examination is the observation of a child's external, physical condition which may require that the child's clothing be removed or rearranged.
  - 1) If the child is under the age of five (5), conduct the exam with the assistance of the parent/caretaker.
- E. Complete CFS-327a: Physical Documentation--Body Diagram when applicable and if a medical provider has not already completed CFS-327-A *or* similar diagram specific to the current allegation.
- F. Photograph visible injuries; label and date photos.
- G. Interview the custodial and non-custodial parent of the alleged victim child and inform them of DCFS responsibility to assess.
- H. Interview alleged offender.
  - 1) In addition to gathering information about the alleged maltreatment, ascertain the alleged offender's:
    - a) Employer, including the physical address;
    - b) Job duties at place of employment; and,
    - c) Supervisor's name.
- I. Interview collateral sources, as appropriate, including teachers, neighbors, witnesses, and the person making the report.
- J. When interviewing a child at school, provide the principal or designee with a copy of CFS-213-A: School District Prohibition from Notifying Parent, Guardian, or Custodian of a Child Maltreatment Investigation.
- K. Enter interview notes within forty-eight (48) hours two (2) business days of completion of interviews.
- L. If it is discovered that any interviewee is an unlicensed child carechildcare provider (i.e., caring for more than five (5) children including an individual's own pre-school children), notify the Division of Child Care and Office of Early Childhood Education.
- M. Assist the investigative supervisor with the coordination of interviews when primary (i.e., where the child is currently located) and secondary counties are involved.
  - 1) The FSW of the primary county will:
    - a) Interview all applicable subjects in his or her county within required timeframes; and
    - b) Complete the Health and Division approved sSafety aAssessment (including Health and Safety Checklist, Safety Planning, and Investigation Risk

Assessment) in the <u>Division applicable</u> information system with information obtained during primary investigator interviews and information obtained from secondary investigator from secondary's interviews.

- 2) The FSW of the secondary county will:
  - a) Contact the primary county by phone no later than twenty-four (24) hours after interviews are conducted to discuss:
    - i. Any identified safety <u>factors\_threats\_and</u> supporting documentation (<u>e.g.,examples\_include</u>, <u>but are not limited to</u>, statements made by children, observations of children, <u>or caregiver statements</u>, <u>etc.</u>);
    - ii. Determination of any additional children, elderly persons, or individuals with a disability or mental illness who may be at risk;
    - iii. Provisions of the protection plan if one has been implemented;
    - iv. Other persons interviewed, their relationship to the family, and how information provided was obtained (<u>such ase.g.</u>, first-hand, hearsay, <u>or</u> investigator observations, <u>etc.</u>);
    - v. Verification of identity of persons interviewed; and
    - vi. Projected completion date for secondary investigation if it is not completed at time of phone conference.
  - b) Forward any hard copy information to the primary investigator within seventytwo (72) hours after receipt.
- N. Reinitiate the investigation in the second county within <a href="twenty-four-feet-seventy-two">twenty-four (24 to -seventy-two</a> (24-72) hours when an investigation is transferred from one (1) county to another and the victim or any other children believed to reside in the home where the report originated have not been seen.
- O. Complete and document all interviews <u>in the Division's information management system</u> within thirty (30) calendar days of the receipt of the child maltreatment report.

If any parties required to be interviewed (parents, children, alleged victim child, or alleged perpetrator) cannot be located or are unable to communicate, the FSW will, after exercising due diligence, document efforts to locate or communicate with required parties and proceed with the child maltreatment investigation.

**PROCEDURE II-D8: Health & Safety Checklist** 

## 01/2019

The FSW Investigator or the (CACD) Investigator (depending on which agency is assigned as primary) will:

Identify any safety factors that may contribute to the immediate danger of the child's health or physical well-being.

If CACD is assigned primary and after interviewing the alleged victim identifies one or more safety factors, contact the DCFS supervisor or designee immediately to conduct a Health and Safety Assessment (i.e., Safety Planning and Investigative Risk Assessment).

If after completing the Health and Safety Assessment as requested by CACD, the FSW Investigator assesses that there is not a safety factor involved, the FSW Investigator will:

Document in an investigation contact why the FSW Investigator determined there was not a safety factor and, as such, why the FSW Investigator did not select to implement a protection plan or remove the child.

Communicate with the CACD Investigator regarding both the CACD initiation and the DCFS safety assessment including why the FSW Investigator determined there was not a safety factor present.

Document the communication between CACD and DCFS in an investigations contact.

Complete the Health and Safety Checklist for each child in the family by identifying the presence or absence of any safety factors by checking "yes" or "no", respectively within two business days.

Provide narrative documentation on the Health and Safety Checklist for each safety factor identified.

In cases involving CACD as primary and DCFS as secondary, both agencies will collaborate to ensure that DCFS has all relevant information needed to conduct the Health and Safety Assessment (i.e., Safety Planning and Investigation Risk Assessment; see Procedures II-D9 and II-D10, respectively, for more information).

**PROCEDURE II-D9: Safety Planning** 

01/2019

The FSW investigator will:

Make the appropriate child protecting decisions if the child's health or physical well-being are in immediate danger.

If a safety factor is not identified on the Health and Safety Checklist, but it is determined that services or other actions can be put in place to address risk factors or otherwise strengthen the family during the course of the investigation:

Implement the services or other actions accordingly.

Document services provided or other actions taken in the Service Log and investigation contact screen in CHRIS.

If all of the statements on the Health and Safety Checklist screen are selected "no," then the default decision on the Safety Planning screen will be "safe" indicating that there are no children whose health or physical well-being are likely to be in immediate danger. As such, the FSW will not have to enter any information in the Safety Planning screen.

If a safety factor(s) is/are identified, establish the appropriate protecting intervention for each identified safety factor.

If a protection plan can be put into place to mitigate the identified safety factor(s):

Determine the suitability of the person or persons responsible for carrying out the protection actions by assuring that those persons:

Are present and participate in the development of the protection plan;

Are fully informed about the safety factors and concerns;

Understand and accept their responsibility to protect the child;

Accept and believe that the safety factors and potential dangers exist;

Are available in terms of time and accessibility;

Are aligned with and responsive to DCFS;

Are trustworthy, dependable and have no substance use, mental health issues, or other major life issues that may prevent them from meeting their responsibilities in the plan; and,

Provide a home that is suitable and safe if the child will be staying there.

Assure that the protection plan is sufficient to manage and control identified safety factors and prevent subsequent dangers to the child by meeting the following criteria:

Does not rely on promises from caregivers or court orders prohibiting behaviors; Focuses on enhancing caregiver protective capacities as the highest priority for change;

Includes immediate supports and/or services that have an impact on controlling identified safety factors:

Is individualized to the needs and dynamics of the family and the specific safety factor(s) identified;

Has a mechanism for ongoing oversight and monitoring by the FSW that allows FSW to provide feedback to the family and problem solve with the family as needed; and,

Is time limited noting when each activity must be completed or in place and when the plan should expire.

If applicable, inform the non-offending caretaker of the right to file a petition in accordance with the "Domestic Abuse Act," Ark. Code Ann. § 9-15-101 et seq. in Circuit Court to have the offender removed from the home as part of the protection plan.

Before leaving the home, obtain supervisory approval of the protection plan developed with the family.

Provide a copy of the protection plan with the family via CFS-200: Protection Plan before leaving the home.

Refer the family to the local TDM Facilitator for a Team Decision Making (TDM) meeting within two hours of putting a protection plan in place, if applicable (i.e., if working in a county in which TDM has been implemented; see Policy II-F: Team Decision Making for more information).

If a TDM Meeting will be held regarding the protection plan, and it is determined a petition for dependency neglect is needed in association with the protection plan, then the affidavit (to include information from the TDM Meeting Summary Report) must be submitted to the local OCC attorney in order to file the petition with the court within two business days following the TDM Meeting.

Document the protection plan in CHRIS on the Safety Planning screen and otherwise complete the Safety Planning screen in CHRIS for any safety factors that have been identified within two business days of investigation initiation.

For investigations remaining open longer than 30 days, formally reassess the health and safety of the child within thirty (30) days of the date on which the protection plan was implemented;

If the formal reassessment determines that a substantial risk of harm to the health and safety of the child remains, then submit the affidavit and a copy of the CFS-200: Protection Plan to OCC to file a petition for dependency neglect. If at any point a petition for dependency neglect is filed in relation to a protection plan, then within five days of the petition being filed, accompany the assigned FSW caseworker to the family's home to begin the Family Advocacy Support Tool (FAST) assessment.

If a protection plan cannot be put into place to mitigate the identified safety factor(s), then the children must be removed from the home and placed in an approved placement.

For all safety factors with a "yes" response, there should be corresponding documentation in the Safety Planning screen indicating if:

A written, supervisor-approved protection plan was developed with and provided to the family via CFS-200: Protection Plan thereby allowing the child to remain safely in the home (select the appropriate radio button on the first question in the Safety Planning screen);

The safety decision on the Safety Planning screen will then be "Conditionally Safe," meaning a protection plan has been implemented and interventions outlined in the protection plan have resolved the unsafe situation for the present time.

The child was removed from the home.

The safety decision on the Safety Planning screen will then be "Unsafe" meaning a protection plan could not be established so removal is the only protecting intervention for the children (i.e., without it, the children's health or physical well-being are likely to be in immediate danger).

Document in CHRIS all other FSW activities, services, and/or contacts associated with the investigation.

Monitor family's implementation of Protection Plan, if one has been put in place, via face-to-face contact with family within at least 72 hours and a minimum of weekly face to face contact while the plan continues to be

necessary to protect the health and safety of the juvenile.

If during the course of an investigation a protection plan is put into place by DCFS, but the investigation is ultimately unsubstantiated and/or the court dismisses the petition associated with the protection plan, the FSW investigator will ensure the protection plan is reassessed with the family and communicates with other involved DCFS staff as applicable.

Note: While a protection plan must be developed during the course of an investigation if a safety factor is identified and the child is to be left in the home, protection plans will also be amended as necessary and/or developed after a protective services case is opened if a safety factor is identified.

## The FSW Supervisor will:

Conference with the FSW investigator regarding the protection plan as needed.

Approve the protection plan, as appropriate, prior to the FSW investigator leaving the home.

Communicate as necessary with other DCFS staff to ensure an FSW caseworker is assigned to families for whom a protection plan has been implemented that has an accompanying court order for dependency neglect.

Approve the Safety Planning screen as appropriate within 45 days of receipt of the hotline report.

Communicate as necessary with DCFS staff to ensure that the protection plan is formally reassessed at thirty (30) days, and, if needed due to a substantial risk of harm to the child's health and safety remaining, a petition for dependency neglect is filed.

When a protection plan that has an accompanying dependency neglect petition filed with the court has been put into place, the assigned FSW caseworker will: Accompany the FSW investigator to the family's home within five days of the filing of the petition to begin completing the Family Advocacy Support Tool with the family and FSW Investigator.

Ensure other appropriate stakeholders provide input when completing the FAST (see Policy IV-A: Family Assessments for more information).

Develop a case plan with the family based on the ratings of the FAST (see Policy IV-B: Services Case Plan for more information (within 30 days of the dependency-neglect petition being filed.

Update CHRIS contacts as needed.

## **PROCEDURE II-D10: Investigation Risk Assessment**

## 08/2013

The Primary Investigator (including CACD when CACD is primary) will:

- A. Complete the Investigation Risk Assessment on each child within 30 days of receipt of the hotline report to help determine the likelihood of future abuse when there is an overall true finding.
- B. Complete both the abuse and neglect scale of the "Investigation Risk Assessment" screen in CHRIS for all "True" child maltreatment findings.
- C. Establish the level of risk (i.e., intensive, high, moderate, or low).

## The FSW Supervisor will:

- A. Review the completed Investigation Risk Assessment.
- B. Determine if an override is necessary due to a unique circumstance warranting a higher level of risk than assigned by the risk level chart.
  - 1) Select appropriate policy override action in CHRIS if needed.

# PROCEDURE II-D<u>811</u>: Protective Custody of Child in Immediate Danger 0201/20252020

## The FSW Investigator or On Call Worker will:

- A. Take a child into protective custody for up to seventy-two (72) hours if:
  - a) The circumstances present an immediate danger to the child's health or physical well-being; or,
  - b) The child is neglected as defined under Garrett's Law pursuant to A.C.A. §12-18-103(14)(B), and the FSW investigator determines that the child and any other children, including siblings, are at substantial risk of serious harm such that the children need to be removed from the custody or care of the parent/legal guardian (see Appendix I: Glossary, for definition of "neglect"); or,
  - c) Any child who is dependent as defined at A.C.A. §9-27-301 et. seq. (see Appendix I: Glossary, for definition of "dependent").
- B. If a police officer, law enforcement, a juvenile division of circuit court judge during proceedings concerning the child or sibling of the child, a designated employee of the Department of Human Services, any person in charge of a hospital or similar institution, or any physician treating a child has taken a child into protective custody pursuant to A.C.A. §12-18-1001, assume custody of the child and assess the health and safety of each child to determine whether to continue or release custody of the child.
  - 1) Release custody of a child who is taken into custody pursuant to A.C.A. §12-18-1001 if the FSW Investigator in consultation with his or her supervisor determines that custody is no longer required; and
  - 2) Notify the circuit court if the department releases custody of a child whom the circuit court has taken into custody.
- C. When a child upon whom a <u>seventy-two</u> (72)-hour hold has been placed is currently located in a school, residential facility, hospital, or similar institution, the FSW will notify the institution. The FSW will be aware that the institution is obliged to do the following upon receiving notice, in accordance with A.C.A. §12-18-1005:
  - 1) Retain the child until the Division takes a hold on the child;
  - 2) Not notify the parent until the child has been removed by the Division; and,
  - 3) Provide the parent or guardian with the name and contact information of the Division employee regarding the hold on the child.
- D. Notify the OCC attorney immediately that protective custody was exercised and request an *ex parte* emergency order from the court.
- E. If a minor child's safety is a concern, contact OCC immediately to request that DCFS petition the court for an order of less than custody. Thoroughly review the Health and Safety Checklist and Investigation Risk Assessment and ensure that a protection plan is in place for a child before leaving a child in a home where an order of protection has been filed or DCFS has petitioned the court for an order of less than custody.
- F. Determine whether to recommend to the court that reunification services should or should not be provided to reunite the child with his family (see Policy VI-A).
- G. Determine whether the grandparents have the right to notice and right to be heard. In a child custody or dependency-neglect case, grandparents have this right if all the following

conditions are present ("Grandparent does not mean a parent of a putative father of a child for the purpose of this determination):

- 1) The grandchild resided with the grandparent for at least six (6) consecutive months prior to the child's first birthday or lived with the grandparent for at least one (1) continuous year regardless of age;
- 2) The grandparent was the primary financial caregiver during the time the child resided with the grandparent; and,
- 3) The continuous custody occurred within one (1) year of the initiation of the custody proceeding.
- H. Provide the OCC attorney with the name and address of any grandparent who is entitled to notice based on the above conditions.
- Prepare an affidavit immediately and submit it to the OCC attorney (CACD shall prepare affidavits containing facts obtained during the course of theirthe child maltreatment investigation).
- J. Arrange for a physician to examine the child thoroughly within <a href="twenty-four">twenty-four</a> (24)- <a href="https:-hours">-hours</a> of removal for allegations of severe maltreatment under A.C.A. §12-18-602 or if the allegation is that a child has been subjected to neglect as defined in A.C.A. §12-18-103(14)(B) (Garrett's Law) and arrange for a physician to examine the child thoroughly within <a href="seventy-two">seventy-two</a> (72)- <a href="https:-hours">-hours</a> of removal for all other children who enter the custody of DHS.
  - 1) The FSW or Health Services <u>Specialist-Worker</u> (HS<u>SW</u>) must sign the consent for treatment prior to the child receiving medical and dental services during protective custody. The FSW or HS<u>SW</u> may:
    - a) Go to the medical or dental office where treatment is to be provided and sign the consent for treatment forms;—or,
    - b) Have the form faxed, sign the form, and fax it back to the service provider;
    - c) Have the form signed electronically and emailed back to the service provider; or, b)d) Have the form signed with a wet signature, scanned, and emailed back otto the service provider; or,
    - <u>c)e)</u> If the provider allows phone consent, they may provide consent via the telephone.

This should be completed prior to the <u>foster-resource</u> parent accompanying the child for treatment. In emergency situations, the on-call FSW will be available to sign for medical or dental treatment.

- K. Place the child in an appropriate licensed or approved placement.
- L. If a provisional placement will be pursued:
  - 1) Notify the area Resource Worker Supervisor by email within twenty-four (24)-hours of removal that children have been removed and a potential provisional placement has been identified.
    - a) In the notification email provide the area Resource Worker Supervisor with:
      - i. Names and ages of the children who have been removed;
      - ii. Name(s)of potential provisional placement;
      - iii. Relationship of potential provisional placement to children;
      - iv. Contact information for potential provisional placement; and

- v. Any other information collected regarding potential provisional placement (see CFS-450: Prospective Provisional Resource Foster Parent Information and Questionnaire for more information).
- 2) Interview the child(ren), if age appropriate, to assess how the child may feel about placement with a specific relative.
- 3) See Policy VI-B: Consideration of Relatives for Children in Foster Care for further information on provisional placements.
- M. Complete and route CFS-323: Protective Custody/Parental Notification.
- N. Open an Out-of-Home Placement case within one (1) business day.
- O. Return the child to the legal custodian if the emergency necessitating protective custody passes or if the judge does not grant custody to the Department. -Protective custody cannot be extended.
- P. Complete the CFS-336: Expiration of Protective Custody/Parental Notification and provide to the parent.
- Q. If the parent refuses to accept custody of the child, file an emergency petition.

# PROCEDURE II-D125: Referrals and Case Openings Based on Investigative Findings

<u>0208</u>/<u>2025</u><del>2013</del>

The FSW Investigator will:

- A. For reports of sexual abuse determined to be true and involving an alleged offender under <a href="eighteen">eighteen</a> (18) years of age at the time the act or omission occurred, refer the alleged offender and victim for mental health services by:
  - 1) Providing the parents or legal guardians of the alleged offender and victim with a list of mental health professionals or agencies available to evaluate and treat the alleged offender and victim, if necessary; and,
  - 2) Assisting the parents or legal guardians of the alleged offender and victim with a referral for a mental health evaluation, if necessary.
- B. For true reports regardless of allegation type, open a protective services or foster care case as appropriate and/or make referrals as appropriate.
  - 1) If a protective services or foster care case will not be opened on a true report, supervisor and Area Director approval are required in CHRIS.
- B. If a protective services or foster care case will not be opened on a true report involving any children in the home under the age of three (3), make a referral to the DHS Division of Developmental Disabilities Services Children's Services for an early intervention screening via DHS-3300 in CHRIS (see Policy II-IJ: Early Intervention Referrals and Services and related procedures for more information) if the child is not already participating in early intervention services.
- C. For unsubstantiated reports, open a supportive services case if the family needs and agrees to services.

## The FSW Supervisor will:

- A. Assist FSW Investigator, as appropriate/needed, with any referrals.
- B. Complete/Aapprove the "Investigation Case Connect" screen as appropriate and assign and open a case if appropriate.

However, when CACD is assigned as the primary investigator and the determination is unsubstantiated, CACD will:

A. Complete and fapprove the "Investigation Case Connect" screen.

# PROCEDURE II-D136: DCFS and Law Enforcement Interfaces and Responses

## 0201/20252020

When a <u>parent or custodian</u> is arrested and can no longer care for his<u>or</u> her child<del>ren</del>, law enforcement often contacts DCFS. The DCFS response depends upon whether the arrest of the parent<u>or custodian</u> is related to a child maltreatment or non-child maltreatment offense, <u>if</u>, <u>based on the safety assessment</u>, the parent or custodian presents an immediate danger to the <u>health or physical well-being of the child</u>, and <u>as well as</u> other factors that must be assessed by DCFS. <u>Staff will consult with their supervisor or designee and OCC</u>, if necessary, regarding the appropriate response and subsequent actions. <u>Some situations and appropriate DCFS responses include the following:</u>

## CHILD MALTREATMENT RELATED CHARGE WITHOUT IMMEDIATE DCFS NOTIFICATION

When law enforcement arrests a custodian on a child maltreatment related charge, (e.g., driving drunk with the child) and does not notify DCFS prior to placing the child with an appropriate relative or fictive kin, but DCFS learns of the placement at a later point in time, the FSW will:

- A. Call the Child Abuse Hotline to make a report.
- B. Assess whether child can safely remain in the custody of the relative or fictive kin to whom law enforcement released the child (if the child has not already been returned to his or her legal parent(s)).
  - 1) To determine safety and appropriateness of placement, conduct:
    - a) Child Maltreatment Central Registry Check;
    - b) Arkansas State Police Criminal Background Check;
    - c) Vehicle Safety Program (DMV) Check;
    - d) Individual interview with each child involved: and
    - e) Visual inspection of the identified home.
      - i. If results of these background checks and the visual inspection of the home indicate the placement is safe and appropriate, then the FSW will:
        - (1) Allow child to remain with that relative or fictive kin;
        - (2) Seek, if appropriate, an order of less than custody prohibiting the parent or legal guardian from removing the child from the relative.
      - ii. If the results of these background checks and visual inspection of the home do not indicate the placement is safe and appropriate, then the FSW will:
        - (1) Take a 72 hour hold on the child and place the child in a licensed or approved foster home, shelter, or facility, or an exempt child welfare agency as defined by A.C.A. §9-28-402
        - (2) Initiate a dependency-neglect action by completing the affidavit and notifying the Office of Chief Counsel.
        - (3) Determine if there is a non-custodial parent, other appropriate relative, or fictive kin who is not involved in the arrest and is willing and able to care for the child. If so:
          - (a) For relatives and fictive kin to the child, discuss the option of opening as a provisional home (see Procedure VI B1 for more information).
          - (b) If the relative or fictive kin declines the option of opening as a provisional home, discuss with the individual the option of assuming custody of the child (see Procedure VI B3 for more information).

#### CHILD MALTREATMENT RELATED CHARGE WITH IMMEDIATE DCFS NOTIFICATION

When law enforcement arrests a custodian on a child maltreatment related charge, (e.g., driving drunk with the child) and notifies DCFS, the FSW will:

A. Ensure the Child Abuse Hotline has been called regarding the incident.

- B. Take a 72-hour hold and place the child in a licensed or approved foster home, shelter, or facility, or an exempt child welfare agency as defined by A.C.A. §9-28-402.
- C. Initiate a dependency-neglect action by completing the affidavit and notifying the Office of Chief Counsel.
- D. Determine if there is a non-custodial parent, other appropriate relative, or fictive kin who is not involved in the arrest and is willing and able to care of the child. If so:
  - 1) For a non-custodial parent, discuss the option of a trial home placement (see Policy VI B and Procedure VI B1 for more information);
  - 2) For relatives or fictive kin, discuss the option of opening as a provisional foster home (see Procedure VI B2 for more information);
  - 3) If the relative or fictive kin declines the option of opening as a provisional, discuss with the individual the option of assuming custody of the child (see Procedure VI-B3 for more information):
  - 4) The child must remain in approved out-of-home placement until the relative or fictive kin is opened as a provisional home or until the court grants custody to the non-custodial parent, relative, or fictive kin.

## NON-CHILD MALTREATMENT RELATED CHARGE WITH IMMEDIATE DCFS NOTIFICATION

When law enforcement arrests a custodian for reasons not related to child maltreatment (e.g., writing hot checks, outstanding warrant unrelated to child abuse or neglect, etc.) the FSW will:

- A. Determine via phone if law enforcement is aware of whether parents have made or are attempting to make child care arrangements.
  - 1) If the parents cannot make child care arrangements:
    - a) Take a 72 hour hold and place the child in a licensed or approved foster home, shelter, or facility, or an exempt child welfare agency as defined by A.C.A. §9-28-402.
    - b) Initiate a dependency-neglect action by completing the affidavit and notifying the Office of Chief Counsel.
    - c) Determine if there is a non-custodial parent, other appropriate relative, or fictive kin who is not involved in the arrest and is willing and able to care for the child. If so:
      - i. For a non-custodial parent, discuss the option of a trial home placement (see Policy VI-B and Procedure VI-B1 for more information).
      - ii. For relatives or fictive kin, discuss the option of opening as a provisional home (see Procedure VI B2 for more information).
      - iii. If the relative or fictive declines the option of opening as a provisional home or the person identified is fictive kin, discuss with the individual the option of assuming custody of the child (see Procedure VI B3 for more information).
  - 2) If the parents are making or have made child care arrangements, then determine:
    - a) Identity of prospective caretaker;
    - b) Whether prospective caretaker is assumed to be an appropriate caregiver;
    - c) When prospective caretaker is expected to arrive;

- d) Whether child may wait with or without DCFS representative at present location until caretaker arrives.
  - i. If child may wait at present location and identified caretaker is a custodian with equal or joint custody (divorced custodian must show proof of equal or joint custody), allow child to remain with that custodial parent with no further action from DCFS.
  - ii. If child may wait at present location and identified caretaker is not custodian with equal or joint custody but:
    - (1) Is/has been approved by the parent, and,
    - (2) Arrives in timely manner; and,
    - (3) Is otherwise appropriate; then,

Allow child to go with identified caregiver with no further action

#### from DCFS.

- iii. If child may remain at present location but identified caretaker:
  - (1) Is NOT/has NOT been approved by the parent; or,
  - (2) Does NOT arrive in timely manner; or,
  - (3) Is otherwise inappropriate; then,

FSW will take a 72-hour hold and place the child in a licensed or approved foster home, shelter, or facility, or an exempt child welfare agency as defined by A.C.A. §9 28 402.

- iv. If the caretaker is a non-custodial parent, other appropriate relative, or fictive kin who is not involved in the arrest and is willing and able to care for the child:
  - (1) For a non custodial parent, discuss the option of a trial home placement (see Policy VI B and Procedure VI B1 for more information).
  - (2) For relatives and fictive kin, discuss the option of opening as a provisional home (see Procedure VI-B2 for more information).
  - (3) If a relative or fictive declines the option of opening as a provisional home or the person identified is fictive kin, discuss with the individual the option of assuming custody of the child (see Procedure VI-B3 for more information).

## **POLICY II-D: Investigation of Child Maltreatment Reports**

02/2025

#### **OVERVIEW**

All reports of known or suspected child maltreatment are promptly investigated. The safety of the child is always the first priority during the course of a child maltreatment investigation. If an safety threat is identified, immediate steps will be taken to protect a maltreated child and any other child who may also be in danger under the care of the same alleged offender.

While the Department of Human Services (DHS or department) Division of Children and Family Services (DCFS or Division) is responsible for ensuring the safety of children in Arkansas, the Arkansas State Police Crimes Against Children Division (CACD) collaborates with DCFS to conduct investigations of child maltreatment allegations. DCFS and CACD will assess Priority I and Priority II referrals as outlined in the "Agreement Between the Department of Human Services and the Arkansas State Police" and is subject to renewal annually. To determine the individual responsibilities and operational protocol of the two agencies, see the specifics of the agreement. The agreement is written in accordance with Act 586 of 2007, the Governor's Executive Order, and all applicable federal and state laws.

DCFS and CACD, as appropriate, will issue notices regarding child maltreatment allegations to all persons pursuant to § A.C.A 12-18-501 et seq. The Division will issue notices in such a way as to ensure the rights to due process of the alleged offender and to protect others who may be at risk of harm from the alleged offender.

## **INVESTIGATION INITIATION TIMEFRAMES**

All investigations will begin within seventy-two (72) hours with the exception of investigations of the following allegations. These allegations will begin within twenty-four (24) hours:

- A. Allegations of severe maltreatment, excluding an allegation:
  - Of sexual abuse if the most recent allegation of sexual abuse was more than one (1)
    year ago or if the alleged victim does not currently have contact with the alleged
    offender;
  - 2) Of abandonment and the child is in a facility;
  - 3) Of cuts, welts, bruises, or suffocation if the most recent allegation was more than one (1) year ago and the alleged victim is in the custody of the Department of Human Services; or
  - 4) In which the alleged victim is in a facility and does not currently have contact with the alleged offender.

- B. The allegation is that a child has been subjected to neglect as defined in A.C.A. 12-18-103(14)(B) (in other words, Garrett's Law referral); or
- c. A child has died suddenly and unexpectedly.

Investigations are considered to be initiated when, as age appropriate, the investigator conducts a face-to-face interview with the alleged victim outside the presence of the alleged offender or observes the alleged victim outside the presence of the alleged offender, or the investigator has otherwise met due diligence. Once the investigation has begun, the primary focus will be to determine whether or not the alleged offender has access to the child and whether the child or any other children as well as any elderly persons or individuals with a disability or mental illness with whom the alleged offender works are at risk such that they need to be protected.

#### NOTICE OF ALLEGATION

The investigative agency at the local level is responsible for providing the notice of allegation to all applicable parties as outlined in Procedure XIV-A1: Notices of Allegations of Child Maltreatment.

## AT RISK DETERMINATIONS UPON INITIATION

The investigative agency must gather necessary information to determine if children, the elderly, or individuals with disabilities or mental illness under the care of the alleged offender appear to be at risk of maltreatment by the alleged offender. Such information includes but is not limited to:

- A. Alleged offender's employer, including the physical address; or
- B. Alleged offender's job duties at his employment and whether those duties result in the alleged offender:
  - 1) Working with children or otherwise engaging in paid or volunteer child-related activities;
  - 2) Working or volunteering with the elderly;
  - 3) Working or volunteering with an individual with a disability or mental illness; or
  - 4) Is a juvenile (and therefore has access to other juveniles in a school or similar setting).

If so, the investigative agency must immediately ascertain the name and address of the person in charge of those activities.

The investigative agency supervisor and Area Director (as applicable) may consult with the Office of Chief Counsel (OCC) as necessary, prior to deciding whether children, the elderly, or individuals with disabilities or mental illness appear to be at risk. If the investigative agency determines children, the elderly, individuals with disabilities or mental illness under the care of the alleged offender, or other juveniles are at risk of maltreatment by the alleged offender, then the

investigative agency may notify the people and entities listed below of the hotline report if the DCFS Director or designee approves the at risk determination and gives written approval to the investigative agency to provide notifications of the at-risk determination to:

- A. The alleged offender's employer;
- B. The school superintendent, principal, or a person in an equivalent position where the alleged offender is employed;
- C. The person in charge of a paid or volunteer activity; and
- D. The appropriate licensing or registering authority to the extent necessary to carry out its official responsibilities.

The "at-risk" determination will be changed immediately if, upon further investigation, it is determined that the children under the care of the alleged offender are not at risk.

## **OVERALL INVESTIGATION GOALS**

During the investigation of an allegation of child maltreatment, and if the alleged offender is a household member, or lives in the home of the alleged victim, the assigned investigative agency will conduct an investigation to determine:

- A. The existence, cause, nature, and extent of child maltreatment with particular attention to any of the Arkansas safety threats that may be present. The Arkansas safety threats are:
  - Caregiver caused serious physical harm to the child or made a plausible threat to cause serious physical harm in the current investigation or differential response (DR), as indicated by:
    - a) Serious injury or abuse to the child other than accidental.
    - b) Caregiver fears harming the child.
    - c) Caregiver has threatened to cause harm or retaliate against the child.
    - d) Caregiver has made substantial or unreasonable use of physical force.
    - e) Substance-exposed infant is in danger.
  - 2) Child sexual abuse is suspected, and circumstances suggest that the child's safety may be of immediate concern.
  - 3) Caregiver is aware of the potential harm and is unwilling or unable to protect the child from actual or threatened serious harm by others. This may include physical abuse, emotional abuse, sexual abuse, sexual exploitation, trafficking, or neglect.
  - 4) Caregiver's explanation or lack of explanation for the injury to the child is questionable or inconsistent with the type of injury, and the nature of the injury suggests that the child's safety may be of immediate concern.
  - 5) Caregiver does not meet the child's immediate needs for supervision, food, and/or clothing.
  - 6) Caregiver does not meet the child's immediate needs for medical or critical mental health care (e.g., the child is suicidal or homicidal).

- 7) Physical living conditions are hazardous and immediately threatening to the child's health or safety.
- 8) Caregiver's substance abuse seriously impairs their ability to supervise, protect, or care for the child.
- 9) Domestic violence exists, and offender behavior poses an imminent danger of serious physical or emotional harm to the child.
- 10) Caregiver frequently describes the child in predominantly negative terms or acts toward the child in negative ways; and these actions make the child a danger to self or others, suicidal, act out aggressively, or severely withdrawn or anxious.
- 11) Caregiver's mental instability, developmental status, or cognitive deficiency seriously impairs their current ability to supervise, protect, or care for the child.
- 12) Family currently refuses access to or hides the child and/or seeks to hinder an investigation/DR.
- 13) The child may be in immediate danger because of current circumstances and because the caregiver severely maltreated a child in their care in the past (where the incident was resolved or unresolved) or because the caregiver has been unable to resolve a prior pattern of severe maltreatment.
- 14) Other act or omission by the caregiver that presents an immediate safety threat to the child (which requires specification if selected).
- B. The existence and extent of previous injuries.
- C. The names and conditions of other children in the home.

If the alleged offender is not a household member or does not live in the home of the alleged victim, the assigned investigative agency will conduct an investigation to determine:

- A. The existence, cause, nature, and extent of child maltreatment with particular attention to any of the Arkansas safety threats that may be present;
- B. The identity of the person responsible for the maltreatment;
- C. The existence and extent of previous maltreatment perpetrated by the alleged offender; and
- D. Factors influencing child vulnerability.

In addition to the other information described in this section (more specifically the , Overall Investigation Goals section), the assigned investigative agency will also attempt to determine:

- A. The identity of the person responsible for the maltreatment;
- B. The relationship of the children with the parents or caretakers and their circumstances;
- C. The child's environment in terms of risk and protective factors; and
- D. All other pertinent information.

Ultimately, the information described above that is collected during the fact-finding phase of the child maltreatment investigation allows the Division to determine:

- A. If services are necessary to assist the household and allow the child to remain safely at home (per A.C.A. §12-18-604, the Department has the authority to make referrals or provide services during the child maltreatment investigation);
- B. If separation of the child from the family is necessary to protect the health and safety of the child; and
- C. Whether there is a preponderance of the evidence (see Appendix I: Glossary) to support the report.

If at any time before or during an investigation it is determined that the alleged offender is not a caretaker of a child and the alleged victim has reached eighteen (18) years of age prior to notification the child maltreatment investigation shall be closed, notwithstanding any criminal investigation.

#### REASONABLE EFFORTS TO PREVENT REMOVAL

Throughout the investigation the Division will ensure reasonable efforts are made to preserve the family and to prevent the need to remove the child from the household unless the immediate safety of the child warrants removal for the protection of the child. When the investigative agency's first contact with the family has occurred during an emergency in which the child could not safely remain in the household, even with reasonable services being provided, the Division will be deemed to have made reasonable efforts to prevent or eliminate the need for removal.

#### **INVESTIGATION COMPONENTS**

The child maltreatment investigation will consist of, but is not limited to, completion of the Division's approved safety assessment and interviews with:

- A. Alleged victim;
- B. Parents, both custodial and non-custodial;
- C. If neither parent is the alleged offender, the alleged offender;
- D. Any siblings of the victim or other children under the care of the alleged offender;
- E. Current or past healthcare providers when the allegation of child maltreatment was reported by a healthcare provider;
- F. Any other household members; and
- G. Any other relevant collaterals.

DCFS staff are encouraged to bring child victims of Priority I reports involving sexual abuse, physical abuse, neglect, and witness to violence to the nearest Child Safety Center for the interview whenever available and appropriate. In some cases, it may also be appropriate to bring child victims of certain Priority II maltreatment reports to the nearest Child Safety Center for the interview.

The Division's approved safety assessment allows for a systematic review of potential safety threats and creates consistent thresholds for the presence of imminent danger of serious harm. Further, this safety assessment is designed to:

- A. Identify Arkansas safety threats in the household that affect the child's immediate safety at a point in time.
- B. Guide the Family Service Worker (FSW) in determining whether the child can remain safely in the home with or without safety interventions.
- C. Determine what interventions will be initiated or maintained to provide appropriate protection.

The Division's approved safety assessment will be completed upon initial contact with the child and any household members present. The safety assessment will be entered into the applicable information management system within two (2) business days of contact with the household and updated as needed throughout the family's involvement with DCFS.

Every subsequent contact with the family will include an assessment of any safety threats present as well as any acts of protection by the caregivers. The Division's approved safety assessment may be updated as needed in the Division information system as the investigative agency gathers information through any additional child maltreatment interviews or review of applicable records and other sources of information pertinent to the investigation. All interviews must be completed by the investigator within thirty (30) calendar days of the receipt of the child maltreatment report. The interviews must be approved by the FSW Supervisor within forty-five (45) calendar days of the receipt of the child maltreatment report.

If CACD is assigned primary on an investigation and, after interviewing the alleged victim and completing Sections 1 and 2 of the Division's approved safety assessment tool, identifies a safety threat and the need for DCFS to further assess the child's safety, CACD will immediately contact DCFS for further assessment and completion of Sections 3 and 4, as applicable, of the safety assessment tool. DCFS will then be assigned as the secondary investigator on that investigation.

Each investigative agency will enter its applicable safety assessment sections into the appropriate information management system within two (2) business days of the investigation initiation or identification of new safety threats, as applicable. The primary investigative agency is responsible for completing the Division's approved risk assessment tool for the household in the Division information management system prior to investigation closure and prior to any decision regarding case opening.

## Safety Planning

If a safety threat is identified, safety planning is then required to implement specific actions to ensure a child's safety. If a safety threat is identified, there are only two (2) options to implement during the safety planning process:

- A. Develop an immediate safety plan to mitigate the identified safety threats to allow the child to remain safely in the home; or
- B. Take protective custody and remove the child from the home.

If there are risk factors or evidence that maltreatment has occurred, but no safety threats are present, then neither an immediate safety plan nor removal of the child is necessary at that point in time. When no safety threats are present, per A.C.A. § 12-18-1009, the parents retain the right to keep the child at home or to place the child outside the home. However, as appropriate, the FSW may make referrals or provide services during the child maltreatment investigation to address any risk factors. All referrals made or services provided during the child maltreatment investigation will be documented in the Division's information management system.

Additional information regarding immediate safety plans and taking protective custody are as follows:

## A. Immediate Safety Plans

When any safety threats are present, an immediate safety plan must be developed to address each identified safety threat if the child will remain in the home. An immediate safety plan is a written plan developed by DCFS staff in conjunction with the family and their network to address identified safety threats. The actions and any services needed to address safety threats contained in an immediate safety plan will depend on the dynamics of a particular household and their network. This documentation describing the actual use or consideration of using protecting interventions establishes reasonable efforts to prevent removal of the child from the home.

An immediate safety plan must be developed and receive DCFS supervisory approval prior to DCFS staff leaving the home. The immediate safety plan serves as a written agreement between the Division and the family. As such, a copy or picture of the plan will be provided to the caregiver and to other members participating in the plan prior to the DCFS staff person leaving the home. The immediate safety plan, if applicable, will also be documented in the appropriate information management system within two (2) business days of its creation. If any other actions were taken or services put in place to ensure the safety of the child victim or other children in the home, then these activities must also be documented in an applicable information management system within two (2) business days.

Regardless of the actions included in an immediate safety plan, immediate safety planning and oversight on the part of the Division continues throughout involvement with the household as long as safety threats are present. The plan must be sufficient to manage and control safety threats based on a high degree of confidence that it can be implemented, sustained, and closely monitored by DCFS in partnership with the household's identified network. The Division will assure that the roles and responsibilities of the immediate safety plan are clearly described to and discussed with the people involved.

However, immediate safety plans may not:

- Make a change to the current physical or legal custody arrangement of the child; or
- 2. Otherwise limit the right of a parent or legal custodian to visit or have access to his or her child, including supervised visits, unless a dependency-neglect petition is first filed with the court to address identified safety threats and a corresponding court order is obtained to make a change to the current custody arrangements or otherwise limit the right of a parent or legal custodian to have access to his or her child. An alternate method of ensuring child safety must be implemented until the required court order is issued to alter custody or visitation arrangements.

To file a dependency-neglect petition to ensure a child's safety in the home, the Family Service Worker (FSW) will contact his or her Office of Chief Counsel (OCC) attorney immediately (or at the start of the next business day if the safety assessment occurred after hours or on the weekend) to request OCC to file the appropriate petition. It is crucial that the FSW, with support from his or her supervisor, determines exactly what the Division is requesting the court to order, if applicable, to address the identified dependency-neglect issues.

If the requested court order is issued, the FSW will update the immediate safety plan, as applicable, that reflects the orders of the court as well as any other actions or information that need to be included in the immediate safety plan to ensure child safety. The FSW will thoroughly explain any of the changes to the caregivers, household members, and other individuals in the family's network who may be a part of the immediate safety plan.

Order of Less Than Custody

An order of less than custody is one action that could potentially be included in an immediate safety plan (once the order is issued by a court), if appropriate. An order of less than custody legally restricts the alleged offender from contact with the child while allowing the child to remain in the home with the non-offending custodian (if the non-offending custodian is already a legal custodian of the child) as part of the immediate safety plan.

In addition to the situation above in which the non-offending custodian is the legal custodian of the child and wants to restrict the alleged offender's access to the child, orders of less than custody may also be applicable to situations in which:

- a) The legal custodian placed or otherwise allowed the child to reside with another person for more than six (6) months;
- b) The legal custodian is named as an alleged offender in the investigation;
- c) The child's current caretaker and DCFS assess that the legal custodian's (who is also the alleged offender) access to the child poses an immediate danger to the child's health or physical well-being;
- d) DCFS has no immediate health or physical well-being concerns with the current placement; and
- e) DCFS has determined that specific safeguards in the court order will ensure the child's immediate health and physical well-being while remaining in the current home.

The Division will thoroughly assess for safety threats to ensure that an immediate safety plan is in place for a child before leaving that child in a home where DCFS has petitioned the court for an order of less than custody.

To file a dependency-neglect petition to obtain an order of less than custody, the FSW will contact OCC immediately to request OCC to file the appropriate petition.

## Immediate Safety Plan Monitoring and Assessment

All immediate safety plans will be monitored via a face-to-face contact with the household (to include alleged victim(s), alleged offender(s), and any other children in the home) within at least seventy-two (72) hours and then via a minimum of weekly face-to-face contact for the remaining life of the immediate safety plan. In addition, the immediate safety plan will be formally reviewed within fourteen (14) days of its implementation.

While the health and safety of the child is always assessed each time the Division comes into contact with the child, per A.C.A. 12-18-1001(d)(2)(A)-(B), the health and safety of

the child and any corresponding immediate safety plan will be formally reassessed within thirty (30) days of the date on which the immediate safety plan was implemented. If after this formal reassessment is performed, the Division determines that a substantial risk of harm to the health and safety of the child remains and that the immediate safety plan must stay in place to ensure the health and safety of the child, then the Division will file a petition for dependency-neglect (however, note that the Division may file a petition for dependency-neglect at any point to if needed to ensure the health and safety of the child) unless the parent, guardian or custodian is not:

- 1) The alleged offender; or
- 2) Alleged to have failed to protect the juvenile.

If a case connect has already occurred, then the assigned FSW Caseworker and FSW Investigator who implemented the immediate safety plan will collaborate to reassess the immediate safety plan and provide the affidavit and a copy of the CFS-200: Immediate Safety Plan to OCC to file any necessary petitions for dependency-neglect at thirty (30) days. In a dependency neglect petition is filed, a corresponding family case plan, informed by the Division's approved family assessment tool, will be filed with the court within thirty (30) days per A.C.A. § 9-27-402. The assigned FSW will continue to monitor the immediate safety plan until it is no longer needed. The assigned FSW will complete the Division's approved family needs and strengths assessment in collaboration with the family, FSW Investigator, and other appropriate stakeholders (see Policy IV-A: Family Assessments for more information). The FSW Caseworker will also have the primary responsibility of developing the family case plan with the family and ensuring the implementation of the family case plan (see Policy IV-B: Family Case Plans for more information).

## B. Protective Custody

If a safety threat is identified in the home and it cannot be mitigated with the implementation of an immediate safety plan, the Division must remove the child from the home and take protective custody. This requirement applies to any point during a child maltreatment investigation or open case when the health and physical well-being of a child are in immediate danger. When a child is taken into protective custody, the child will be placed in an appropriate licensed or approved placement. This may include an identified relative or fictive kin (fictive kin means a person selected by the Division of Children and Family Services who is not related to the child by blood or marriage, and has a strong, positive, and emotional tie or role in the child's life or the child's parent's life if the child is an infant) home if it is in the best interest of the child and all criteria for opening a provisional resource home and placing the specific child for whom the provisional resource home was opened have been met (see Policy VI-B: Consideration of

Relatives and Fictive Kin for Children in Foster Care and Policy VII: Development of Resource Homes and Support to Resource Parents for more information).

The Division may file a motion to transfer any other prior or subsequent legal proceeding concerning the juvenile (for example, if a relative of the child taken into custody attempts to obtain guardianship or custody of the juvenile) to the court that is hearing the dependency-neglect petition if the Division:

- a) Takes a seventy-two-hour hold;
- b) Files a petition for ex parte emergency order; or
- c) Files a petition for dependency-neglect.

If a child is taken into protective custody by a non-DCFS stakeholder, see Procedure II-D8: Protective Custody of a Child in Immediate Danger for more information.

#### Risk Assessment

The Division's approved risk assessment is designed to assess the family's likelihood of future maltreatment and indicate the necessary level of the Division's ongoing involvement to assure the child's continued well-being. The Division's approved risk assessment tool will be completed in the applicable information management system as soon as there is enough information to do so, but prior to the conclusion of the investigation and prior to any decision about case opening.

# INVESTIGATION CLOSURES AND DETERMINATIONS AND RESULTING REFERRALS AND CASE OPENINGS

Within the appropriate timeframes outlined above and utilizing PUB-357: Child Maltreatment Investigation Determination Guide as a reference where applicable, the Department will either:

- A. Administratively close an investigation of a child maltreatment report pursuant to A.C.A. §12-18-601 without a determination of whether the allegation is unsubstantiated, true, true but exempted, or inactive (see Procedure II-D14 for administrative closure criteria and related requirements); or
- B. Close the investigation with a determination that the allegations of child maltreatment are either:
  - 1) Unsubstantiated;
  - 2) True;
  - 3) True but exempted for:
    - a) Neglect as defined by A.C.A. § 12-18-103(14)(B) (i.e, Garrett's Law)
    - b) Religious beliefs
    - c) Underaged juvenile offenders; or
  - 4) Inactive.

DCFS will then make a decision regarding the need for opening a corresponding case to provide services, assist the family with expanding and strengthening their network, and monitor child safety and risk on an ongoing basis. The decision to open a case will be made as guided by:

- The results of the Division's approved safety assessment tool
- The results of the Division's approved risk assessment tool
- Investigation determination
- Professional judgement
- Supervisory consultation

The investigation determination will then be used to determine the type of case offered or opened, as applicable.

Criteria for the administratively closed investigations and child maltreatment determinations are as follows:

## Administratively Closed

A child maltreatment investigation will be administratively closed without further action or determination if:

- A. A preliminary investigation has been completed, to include:
  - 1) Interview with the alleged victim outside the presence of the alleged offender.
  - 2) Assessment of the alleged victim's home environment, as appropriate.
  - 3) Interview of a collateral witness.
  - 4) Review prior history of child maltreatment related to the family of the child and to the alleged offender.
- B. There has not been an additional report of abuse or neglect that has been committed by the alleged offender who is the subject of the current report;
- C. The health and safety of the child can be assured without further investigation by DCFS based on review of prior child maltreatment history; and
- D. There is a determination that abuse or neglect of the child did not occur; and at least one of the following criteria are met:
  - 1) There are indications of malicious reporting;
  - 2) Details of the allegations are insufficient to investigate;
  - 3) Reporter was anonymous, and no evidence exists to corroborate the report; or
  - 4) There is no available evidence to support or refute the allegation(s) due to the passage of time between the alleged occurrence of the maltreatment and the time the report was made.

The DCFS Director or designee approves the administrative closure of an investigation conducted by DCFS.

## **Unsubstantiated Determination**

A child maltreatment investigation will be determined unsubstantiated in the event that:

- A. The allegation of child maltreatment is not supported by a preponderance of the evidence following an investigation by Division staff.
- B. The investigation concludes the injuries were the result of reasonable and moderate physical discipline inflicted by a parent or guardian for the purpose of restraining or correcting the child.

#### True Determination

A child maltreatment investigation will be determined true in the event of:

- A. An admission of the fact of maltreatment by persons responsible;
- B. An adjudication of dependency-neglect;
- C. A determination of the existence of maltreatment by Division staff, based on a preponderance of the evidence;
- D. A medical diagnosis of failure to thrive. The Family Service Worker should, however, complete the Child Maltreatment Investigation in accordance with the procedures included to determine the identity of the caretaker and to investigate the family for the purposes of determining appropriate service delivery; or
- E. Any other medical or legal form of confirmation deemed valid by the Division.

If a report is determined to be true, the names and conditions of any minor children of the alleged offender, and whether these children have been maltreated, or are at risk of maltreatment, will also be determined unless the investigating agency has determined that there is no indication of risk to the children. If the report is determined to be true, and is a report of sexual abuse, sexual contact, or sexual exploitation, an assessment of any other children previously or currently under care of the alleged offender, to the extent practical, and whether these children have been maltreated, or are at risk of maltreatment, will be conducted unless the investigating agency has determined that there is no indication of risk to the children. The FSW conducting the investigation shall also seek to ascertain all other relevant data.

If a report is determined to be true and involves any child under three (3) years of age, the child will be referred to the Division of Developmental Disabilities Children's Services for an early intervention screening per the Child Abuse and Prevention Treatment Act (CAPTA) if the children were not already receiving early intervention services or were not already referred during the

investigation (see Policy II-J: Early Intervention Referrals and Services and related procedures for more information).

If a report of sexual abuse is determined to be true and the alleged offender is under eighteen (18) years of age at the time the act or omission occurred, the parents or legal guardians of the alleged juvenile or underaged juvenile offender and victim shall be provided with a list of mental health professionals or agencies available to evaluate and treat the alleged juvenile offender or underaged juvenile offender and victim, if necessary. Providing this information does not necessarily require the Division to pay for the mental health evaluation or any subsequent mental health treatment or services.

If a child maltreatment report is determined to be true, the Division will then also determine the risk level of the offender and any vulnerable population to which the offender may pose a risk of maltreatment, including without limitation children, the elderly, persons with a disability, and persons with a mental health illness. The following factors will be considered when determining whether an offender poses a risk of maltreatment to a vulnerable population:

- A. The severity of the child maltreatment;
- B. The nature and severity of an injury or other adverse impact caused by the child maltreatment;
- C. The current or future access the offender has or could have to a vulnerable population;
- D. Offender's previous child maltreatment history and whether there are similar fact patterns related to current offense and past child maltreatment history;
- E. Subsequent reports of child maltreatment against the offender; and
- F. Criminal history of the offender.

If the Division determines the offender poses a risk to a vulnerable population, the investigative determination will continue to be documented as true, and the offender's name will be placed in the Child Maltreatment Central Registry. If the Division determines the offender does not pose a risk to a vulnerable population, the investigation determination will be documented in the Division information management system as exempted-no risk. The DCFS Director or designee will approve determinations for true but exempted for no risk to vulnerable populations.

## True but Exempted Determination

A determination of true but exempted, which means the offender's name will not be placed in the Child Maltreatment Central Registry, will be entered for the reasons listed below. The following circumstances do not require a consideration of the risk level of the offender and any vulnerable population to which the offender may pose a risk of maltreatment as these conditions warrant a determination of true but exempted pursuant to A.C.A. § 12-18-702.

## **Garrett's Law Exemptions**

A child maltreatment investigation that documents the presence of an illegal substance in either the bodily fluids or bodily substances in the mother or child at the time of birth resulting from the mother knowingly using any illegal substance (i.e., Garrett's Law case) will be found true but exempted and will not be placed on the Arkansas Child Maltreatment Central Registry. Family First Services are available for Garrett's Law investigations and services cases with the completion of the prevention plan for the family.

If the FSW determines the child's health or physical well-being is in immediate danger, he or she will take the newborn into protective custody. The FSW must also assess any siblings of the newborn or other children under the care of the alleged offender. If it is determined that there is an immediate danger to the siblings' (or any other children under the care of the alleged offender) health or physical well-being, then they must also be brought into emergency seventy-two-hour protective custody.

"Acceptable" reporters include any one of the following mandated reporters, who have reasonable cause to suspect that a newborn has been subjected to an illegal substance before birth or the mother had an illegal substance in her bodily fluids or bodily substances at the time of the birth:

- licensed nurse;
- osteopath;
- physician;
- medical resident or intern;
- surgeon;
- hospital social worker; or
- any medical personnel who may be engaged in the admission, examination, care, or treatment of persons in hospitals or similar medical settings.

During an investigation, or when DCFS has custody, if the mother or newborn has tested positive for the presence of an illegal substance in the bodily fluids or bodily substances, and the mother indicates that she wants to place the newborn for adoption through a private agency or private entity, the FSW must contact OCC immediately. If the infant is placed with a private adoption agency, then do not open a case.

## **Religious Belief Exemptions**

A child maltreatment investigation will be determined to be true but exempted due to religious beliefs exemption in the event that the Family Service Worker (FSW) determines

that the parent's decision to withhold medical treatment was based solely upon a religious belief, choosing instead to furnish the child with prayer and spiritual treatment in accordance with a recognized religious method of healing by an accredited practitioner.

An FSW will place a child whose health or physical well-being is in immediate danger in a safe environment in DHS custody regardless of the beliefs of the parents. The religious exemption does not preclude the FSW's right and responsibility to take appropriate action, including petitions to the court, to obtain necessary medical services.

## **Underaged Juvenile Offender Exemptions**

A child maltreatment investigation will have an individual finding of true but exempted for underaged juvenile offenders if there is an overall true finding of sexual abuse by a child under fourteen (14) years of age to another child.

## Juvenile is Less than Fourteen (14) Years of Age Exemption

A child maltreatment investigation will have an individual finding of true but exempted if an offender is a juvenile less than fourteen (14) years of age.

#### *Inactive Determination*

Per A.C.A. § 12-18-619(c), if at any time before or during the investigation the Department is unable to locate or identify the alleged offender or alleged victim, the Department may consider the report unable to be completed and determine the report to inactive if a true or unsubstantiated determination cannot be established without interviewing the alleged offender or alleged victim.

Failure to complete the investigation within the required 45 days is NOT a reason to place a case on inactive status. The report must document why the investigation is determined to be inactive. All activities on the CFS-155: Unable to Locate Checklist must be completed by the FSW investigator before determining an investigation to be inactive and verified by the FSW Supervisor before approving the investigation.

For investigations determined to be inactive but information obtained from a subsequent report would permit the assigned investigative agency to gather additional evidence, the assigned investigative agency will provide notice of the allegations as per A.C.A. 12-18-501 et seq. and conduct the investigation. The assigned investigative agency will amend the determination of the earlier report accordingly based on evidence collected. The allegations contained in the most recent report will be investigated separately and an associated determination made based on the evidence collected during the investigation of the more

## recent report.

For information regarding how to proceed when DCFS is assigned to a report previously found to be inactive and CACD is assigned to a new report that would permit DCFS to gather additional evidence on the report previously determined to be inactive, please see the Agreement Between the Arkansas Department of Human Services (ADHS), Division of Children and Family Services (DCFS) and the Arkansas State Police (ASP), Crimes Against Children Division (CACD).

# **PROCEDURE II-D3: Investigation Initiation**

02/2025

#### The FSW will:

- A. Consider the investigation initiated:
  - 1) By interviewing or observing, when appropriate, the alleged victim child outside the presence of the alleged offender; or
  - 2) Exercising and documenting due diligence when an interview or examination of the child could not be made. Due diligence includes, but is not limited to:
    - a) Making an unannounced visit to the child's home at least three (3) times at different times of the day or on different days (provided the three (3) visits are within the appropriate investigation initiation timeframes) in an attempt to interview the child;
    - b) Contacting the reporter again if the reporter is known;
    - c) Visiting or contacting the child's school, child care facility, and all other places where the child is said to be located;
    - d) Sending a certified letter to the location given by the reporter, if attempts to locate the child have failed;
    - e) Contacting appropriate local Division of County Operations staff and requesting research of their information systems and other files to obtain another address; and
    - f) Completing other activities listed on the CFS-155: Unable to Locate Checklist as needed.
- C. Document initiation activities within two (2) business days.
- D. Submit the record to the supervisor for approval of due diligence to locate and interview the child after all these efforts have been made.
- E. Document initiation activities within two (2) business days.

#### The FSW Supervisor will:

Conduct a supervisory conference with investigator within seventy-two (72) hours of investigator initiating the investigation.

# **PROCEDURE II-D4: Child Maltreatment Report Investigation Interviews**

02/2025

#### The FSW will:

- A. Prepare for interviews by reviewing intake report and any prior child maltreatment reports, etc. See "Gathering Information" practice guide series for more information.
- B. Conduct a separate interview with the alleged victim outside the presence of the alleged offender and the alleged offender's attorney in reports involving both in-home and out-of-home offenders. Exceptions must be approved by a supervisor.
  - 1) If not age appropriate for an interview, observe alleged victim outside the presence of the alleged offender and the alleged offender's attorney.
- C. Interview any siblings of the alleged victim and any other children under the care of the alleged offender (including during investigations with alleged out-of-home offenders) as the siblings and other children under the care of the alleged offender may have collateral information or have been within access of the alleged offender. Exceptions must be approved by a supervisor.
  - 1) Interview all siblings and other children under the care of the alleged offender outside the presence of the alleged offender and the alleged offender's attorney.
    - a) If not age appropriate for an interview, observe all siblings and other children under the care of the alleged offender outside the presence of the alleged offender and the offender's attorney.
  - 2) Considering the best interest of the child, limit, as appropriate, other persons allowed to be present when a child is interviewed concerning allegations of child maltreatment.
- D. Conduct a cursory physical examination of children in the least invasive manner possible during the interview. A cursory physical examination is the observation of a child's external, physical condition which may require that the child's clothing be removed or rearranged.
  - 1) If the child is under the age of five (5), conduct the exam with the assistance of the parent/caretaker.
- E. Complete CFS-327a: Physical Documentation--Body Diagram when applicable and if a medical provider has not already completed CFS-327-A *or* similar diagram specific to the current allegation.
- F. Photograph visible injuries; label and date photos.

- G. Interview the custodial and non-custodial parent of the alleged victim child and inform them of DCFS responsibility to assess.
- H. Interview alleged offender.
  - 1) In addition to gathering information about the alleged maltreatment, ascertain the alleged offender's:
    - a) Employer, including the physical address;
    - b) Job duties at place of employment; and
    - c) Supervisor's name.
- I. Interview collateral sources, as appropriate, including teachers, neighbors, witnesses, and the person making the report.
- J. When interviewing a child at school, provide the principal or designee with a copy of CFS-213-A: School District Prohibition from Notifying Parent, Guardian, or Custodian of a Child Maltreatment Investigation.
- K. Enter interview notes within two (2) business days of completion of interviews.
- L. If it is discovered that any interviewee is an unlicensed childcare provider (i.e., caring for more than five (5) children including an individual's own pre-school children), notify the Office of Early Childhood.
- M. Assist the investigative supervisor with the coordination of interviews when primary (i.e., where the child is currently located) and secondary counties are involved.
  - 1) The FSW of the primary county will:
    - a) Interview all applicable subjects in his or her county within required timeframes; and
    - b) Complete the Division approved safety assessment in the applicable information system with information obtained during primary investigator interviews and information obtained from secondary investigator from secondary's interviews.
  - 2) The FSW of the secondary county will:
    - a) Contact the primary county by phone no later than twenty-four (24) hours after interviews are conducted to discuss:
      - i. Any identified safety threats and supporting documentation (examples include, but are not limited to, statements made by children, observations of children, or caregiver statements);
      - ii. Determination of any additional children, elderly persons, or individuals with a disability or mental illness who may be at risk;
      - iii. Provisions of the protection plan if one has been implemented;
      - Other persons interviewed, their relationship to the family, and how information provided was obtained (such as, first-hand, hearsay, or investigator observations);

- v. Verification of identity of persons interviewed; and
- vi. Projected completion date for secondary investigation if it is not completed at time of phone conference.
- b) Forward any hard copy information to the primary investigator within seventytwo (72) hours after receipt.
- N. Reinitiate the investigation in the second county within twenty-four to seventy-two (24-72) hours when an investigation is transferred from one county to another and the victim or any other children believed to reside in the home where the report originated have not been seen.
- O. Complete and document all interviews in the Division's information management system within thirty (30) calendar days of the receipt of the child maltreatment report.

If any parties required to be interviewed (parents, children, alleged victim child, or alleged perpetrator) cannot be located or are unable to communicate, the FSW will, after exercising due diligence, document efforts to locate or communicate with required parties and proceed with the child maltreatment investigation.

# **PROCEDURE II-D8: Protective Custody of Child in Immediate Danger** 02/2025

## The FSW will:

- A. Take a child into protective custody for up to seventy-two (72) hours if:
  - a) The circumstances present an immediate danger to the child's health or physical well-being;
  - b) The child is neglected as defined under Garrett's Law pursuant to A.C.A. §12-18-103(14)(B), and the FSW investigator determines that the child and any other children, including siblings, are at substantial risk of serious harm such that the children need to be removed from the custody or care of the parent/legal guardian (see Appendix I: Glossary, for definition of "neglect"); or
  - c) Any child who is dependent as defined at A.C.A. §9-27-301 et. seq. (see Appendix I: Glossary, for definition of "dependent").
- B. If a police officer, law enforcement, a juvenile division of circuit court judge during proceedings concerning the child or sibling of the child, a designated employee of the Department of Human Services, any person in charge of a hospital or similar institution, or any physician treating a child has taken a child into protective custody pursuant to A.C.A. §12-18-1001, assume custody of the child and assess the health and safety of each child to determine whether to continue or release custody of the child.
  - 1) Release custody of a child who is taken into custody pursuant to A.C.A. §12-18-1001 if the FSW Investigator in consultation with his or her supervisor determines that custody is no longer required; and

- 2) Notify the circuit court if the department releases custody of a child whom the circuit court has taken into custody.
- C. When a child upon whom a seventy-two (72)-hour hold has been placed is currently located in a school, residential facility, hospital, or similar institution, the FSW will notify the institution. The FSW will be aware that the institution is obliged to do the following upon receiving notice, in accordance with A.C.A. §12-18-1005:
  - 1) Retain the child until the Division takes a hold on the child;
  - 2) Not notify the parent until the child has been removed by the Division; and
  - 3) Provide the parent or guardian with the name and contact information of the Division employee regarding the hold on the child.
- D. Notify the OCC attorney immediately that protective custody was exercised and request an *ex parte* emergency order from the court.
- E. If a minor child's safety is a concern, contact OCC immediately to request that DCFS petition the court for an order of less than custody.
- F. Determine whether to recommend to the court that reunification services should or should not be provided to reunite the child with his family (see Policy VI-A).
- G. Determine whether the grandparents have the right to notice and right to be heard. In a child custody or dependency-neglect case, grandparents have this right if all the following conditions are present ("Grandparent does not mean a parent of a putative father of a child for the purpose of this determination):
  - 1) The grandchild resided with the grandparent for at least six (6) consecutive months prior to the child's first birthday or lived with the grandparent for at least one (1) continuous year regardless of age;
  - 2) The grandparent was the primary financial caregiver during the time the child resided with the grandparent; and
  - 3) The continuous custody occurred within one (1) year of the initiation of the custody proceeding.
- H. Provide the OCC attorney with the name and address of any grandparent who is entitled to notice based on the above conditions.
- I. Prepare an affidavit immediately and submit it to the OCC attorney (CACD shall prepare affidavits containing facts obtained during the child maltreatment investigation).
- J. Arrange for a physician to examine the child thoroughly within twenty-four (24) hours of removal for allegations of severe maltreatment under A.C.A. §12-18-602 or if the allegation is that a child has been subjected to neglect as defined in A.C.A. §12-18-103(14)(B) (Garrett's Law) and arrange for a physician to examine the child thoroughly within seventy-two (72) hours of removal for all other children who enter the custody of DHS.
  - The FSW or Health Services Worker (HSW) must sign the consent for treatment prior to the child receiving medical and dental services during protective custody. The FSW or HSW may:
    - a) Go to the medical or dental office where treatment is to be provided and sign the consent for treatment forms;
    - b) Have the form faxed, sign the form, and fax it back to the service provider;
    - c) Have the form signed electronically and emailed back to the service provider;

- d) Have the form signed with a wet signature, scanned, and emailed back to the service provider; or
- e) If the provider allows phone consent, they may provide consent via the telephone.

This should be completed prior to the resource parent accompanying the child for treatment. In emergency situations, the on-call FSW will be available to sign for medical or dental treatment.

- K. Place the child in an appropriate licensed or approved placement.
- L. If a provisional placement will be pursued:
  - 1) Notify the area Resource Worker Supervisor by email within twenty-four (24)-hours of removal that children have been removed and a potential provisional placement has been identified.
    - a) In the notification email provide the area Resource Worker Supervisor with:
      - i. Names and ages of the children who have been removed;
      - ii. Name(s)of potential provisional placement;
      - iii. Relationship of potential provisional placement to children;
      - iv. Contact information for potential provisional placement; and
      - v. Any other information collected regarding potential provisional placement (see CFS-450: Prospective Provisional Resource Parent Information and Questionnaire for more information).
  - 2) Interview the child(ren), if age appropriate, to assess how the child may feel about placement with a specific relative.
  - 3) See Policy VI-B: Consideration of Relatives for Children in Foster Care for further information on provisional placements.
- M. Complete and route CFS-323: Protective Custody/Parental Notification.
- N. Open an Out-of-Home Placement case within one (1) business day.
- O. Return the child to the legal custodian if the emergency necessitating protective custody passes or if the judge does not grant custody to the Department. Protective custody cannot be extended.
- P. Complete the CFS-336: Expiration of Protective Custody/Parental Notification and provide to the parent.
- Q. If the parent refuses to accept custody of the child, file an emergency petition.

## PROCEDURE II-D12: Referrals and Case Openings Based on Investigative Findings

02/2025

#### The FSW will:

- A. For reports of sexual abuse determined to be true and involving an alleged offender under eighteen (18) years of age at the time the act or omission occurred, refer the alleged offender and victim for mental health services by:
  - 1) Providing the parents or legal guardians of the alleged offender and victim with a list of mental health professionals or agencies available to evaluate and treat the alleged offender and victim, if necessary; and
  - 2) Assisting the parents or legal guardians of the alleged offender and victim with a referral for a mental health evaluation, if necessary.
- B. If a protective services or foster care case will not be opened on a true report involving any children in the home under the age of three (3), make a referral to the DHS Division of Developmental Disabilities Services Children's Services for an early intervention screening (see Policy II-J: Early Intervention Referrals and Services and related procedures for more information) if the child is not already participating in early intervention services.

## The FSW Supervisor will:

- A. Assist FSW Investigator, as needed, with any referrals.
- B. Approve the "Investigation Case Connect" screen as appropriate and assign and open a case if appropriate.

However, when CACD is assigned as the primary investigator and the determination is unsubstantiated, CACD will:

A. Complete and approve the "Investigation Case Connect" screen.

# PROCEDURE II-D13: DCFS and Law Enforcement Interfaces and Responses

02/2025

When a parent or custodian is arrested and can no longer care for his or her child, law enforcement often contacts DCFS. The DCFS response depends upon whether the arrest of the parent or custodian is related to a child maltreatment or non-child maltreatment offense, if,

based on the safety assessment, the parent or custodian presents an immediate danger to the health or physical well-being of the child, and other factors assessed by DCFS. Staff will consult with their supervisor or designee and OCC, if necessary, regarding the appropriate response and subsequent actions.

# POLICY VII-K: Child Maltreatment Allegations Concerning Out-of-Home Placements

## 0205/20252022

#### **OVERVIEW**

All child maltreatment allegations concerning any person in a **foster**-resource home will be investigated in accordance with the Child Maltreatment Act § 12-18-602. As with all children whose interest becomes the concern of DCFS, the safety and welfare of all children in foster care will be paramount.

If any child in foster care is the subject (alleged offender or alleged victim) of an allegation of child maltreatment, the Child Abuse Hotline will notify the appropriate DCFS and CACD Executive Staff as well as the Area Director for the DCFS service area in which the foster home named in the report is located. The DCFS Area Director will then ensure that the appropriate Division staff notify the child(ren)'s family, the primary and secondary Family Service Worker (FSW) for the child, as applicable, the Office of Chief Council (OCC) attorney, the child(ren)'s CASA, if applicable, and the child(ren)'s attorney ad litem. The attorneys ad litem for any other children placed in the home will be notified as well.

If there is an allegation of child maltreatment in which a child in foster care is named as the alleged offender, see Policy II-D: Investigation of Child Maltreatment Reports under "Legal Representation for Child in Foster Care Named as an Alleged Offender" for more information.

The Arkansas State Police Crimes Against Children Division (CACD) will conduct all child maltreatment investigations (Priority I and II) involving a <u>foster-resource</u> parent or household member of a <u>resource foster-home</u> excluding reports that meet Differential Response criteria involving a child in foster care that allegedly occurred prior to the child entering foster care.

However, when any household member of a foster\_resource\_home (to include resourcefoster parents, biological and adopted children of the resourcefoster parents, and children in foster care placed in the home) is the subject of a child maltreatment allegation, DCFS staff will also conduct an individualized evaluation to assess the safety of the child(ren) within twenty-four (24) hours of the receipt of the report to determine if the child(ren) can safely remain in the home during the course of the investigation. DCFS staff will try to coordinate this visit to the home to assess safety with CACD staff.

If any of the fourteen (14) Arkansas Health and safety threatFactors is are identified in the resourcefoster home, staff will review the Division's approved safety assessment for resource

<u>providers</u>-in consultation with a DCFS supervisor <u>and make a determination regarding whether</u>-the child<del>ren</del> will be moved <del>into another approved placement <u>or an immediate safety plan can be</u> developed to mitigate the safety threat.</del>

<u>IHowever, if no Health and sSafety threat Factors is are identified, but there are other concerns to be addressed related to the resource home or any household members, and if it can be shown that it is in the best interest of any or all of the children currently placed in that foster home, a corrective action plan may be considered to put in place to allow any or all of the children in foster care to remain safely in a the resource home involved in a child maltreatment report. A corrective action plan is designed to ensure the safety and well-being of the children in the home as long as the concern <u>iwas</u> not <u>directly related to an act or omission rising to the level of maltreatment a safety threat on the part of the foster parent(s) (e.g., a biological child of the foster parent posed a risk, but not the foster parents themselves). All relevant information will be reviewed to make a decision regarding the implementation of an immediate safety plan or corrective action plan for the <u>resourcefoster</u> home. This <u>would</u> includes, but is not limited to:</u></u>

- A. The characteristics and history of the child in foster care;
- A.B. Best interest of the child in foster care;
- B.C. The characteristics and history of the foster resource parents and their own children (if any);
- C.D. The nature of the allegation;
- D.E. Information collected during the investigation; and
- E.F. The services, supports, and/or monitoring that will be put in place during the investigation.

The <u>appropriate</u> Assistant Director <u>of Community Services</u> or designee must approve all <u>immediate safety plans and</u> corrective action plans for <u>foster-resource</u> homes prior to the DCFS staff leaving the home in which the <u>immediate safety plan or</u> corrective action plan will be implemented. If the safety and welfare standards of the Division cannot be met and the child<del>ren</del> cannot safely remain in the home, the child<del>ren</del> in care will be moved to another approved placement.

If after the initial safety evaluation conducted by DCFS staff it is determined that there are no risk factors or safety threatfactors present, and, as such, then neither an immediate safety plan nor a corrective action plan is not required while the investigation is being completed. In these situations, the Area Director may approve leaving the children in the home if it is in the best interest of the children. The Area Director will notify the appropriate Assistant Director of Community Services or designee when a children is a resource foster home with a

pending investigation but for which <u>neither an immediate safety plan nor</u> a corrective action plan was<del>not</del> necessary.

While any foster\_resource\_home is being investigated because of a child maltreatment allegation, no additional children in foster care may be placed there (regardless of whether an immediate safety plan or\_corrective action plan was required or not). As such, the foster\_resource\_home will be placed on unavailable status in the Division's information management system.

### **PROCEDURE VII-K1: Initial Report Response**

<u>02<del>01</del>/2025<del>2019</del></u>

When any initial report of child maltreatment is made and concerns any person in a foster resource home, the CACD investigator will begin an investigation within twenty-four (24) hours for Priority I allegations or within seventy-two (72) hours for Priority II allegations.

### The assigned DCFS staff will then:

- A. Within <a href="twenty-four">twenty-four</a> (24) hours, assess the safety and risk of the child victim and any other children in the <a href="foster-resource">foster-resource</a> home and determine if the child(ren) in care can remain in the home with the implementation of a corrective action plan for the <a href="foster-resource">foster-resource</a> home on an individual, case-by-case basis. This includes determining the placement structure that best meets all the needs of the children and all members of the <a href="foster-resource">foster-resource</a> home. For example:
  - 1) The alleged victim child in care may be removed from the home; or,
  - 2) The alleged offender child may be removed from the home; or,
  - 3) Any of the children in care who are neither an alleged offender nor an alleged victim may be removed or remain in the home based on an individual, case-by-case determination of what is in their best interest and welfare.
- B. If a corrective action plan for the foster resource home is implemented:
  - Develop the corrective action plan for the <u>foster-resource</u> home with the <u>foster-resource</u> parents and child(ren) in the home, as age and developmentally appropriate, review it, and answer any questions the participants may have;
  - Utilizing the appropriate chain of command, notify the <u>appropriate</u> Assistant Director of Community Services or designee of the corrective action plan via phone prior to leaving the home; <u>and</u>
  - 3) If the corrective action plan is approved by the <u>appropriate</u> Assistant Director <del>of</del> Community Services or designee:
    - a) Leave a copy of the corrective action plan with the foster-resource parents.
    - b) File the corrective action plan for the foster-resource home in the provider record.

- c) Document the corrective action plan for the <u>foster\_resource\_home</u> and reasons behind the implementation of the plan in <u>CHRIS\_contacts\_in\_the\_Division's information\_management\_system.</u>
- d) Inform other parties to the case of the corrective action plan for the <u>resource</u> foster home immediately but no later than the next business day via email or text.
- e) Visit the home at least weekly to meet with the children and <u>resource foster</u> parents while the corrective action plan for the <u>resource foster</u> home is in place.
  - 1) During the home visit, meet individually with foster-resource parents and children in care, if age appropriate, to assess the corrective action plan for the foster-resource home, the continued well-being of the children, and to determine any adjustments that may need to be made.
- C. If the child(ren) must be removed (which includes removal because the <u>appropriate</u> Assistant Director <u>of Community Services</u> or designee does not approve the corrective action plan by phone), refer to Policy VII-L: Changes to Out-of-Home Placement and related procedures regarding notifications of the placement move<del>.</del>
- D. Provide a briefing of the safety /risk assessment within twenty-four (24) hours of conducting the safety/risk assessment by emailing the completed CFS-329: Foster Child in Foster Care Maltreatment Disclosure Case Briefing Summary to the DCFS Assistant Director of Community Services Field Operations or designee, the Assistant Director of Prevention and Reunification, and the Child Protective Services (CPS) Manager;
- E. Notify immediately, but no later than five (5) business days the child(ren)'s custodial/non-custodial parent(s), attorney ad litem, and OCC attorney whenever the child is the victim or offender named in an allegation of child maltreatment. Notify via email, text, and/or with the following forms:
  - 1) CFS-204-A: Notice of Child Maltreatment Allegation to Legal Parent(s), Legal Guardian(s) and Current Foster Resource Parent(s) of Alleged Offender in Foster Care.
  - 2) CFS 205-A: Notice of Child Maltreatment Allegation to Legal Parent(s), Legal Guardian(s), and Current Foster Resource Parent(s) of Alleged Victim(s) in Foster Care.
  - 3) CFS 208-A: Notice of Child Maltreatment Allegation to Attorney Ad Litem and CASA of Alleged Offender.
  - 4) CFS 206-A: Notice of Child Maltreatment Allegation to Attorney Ad Litem, CASA, and Counsel in Dependency Neglect or FINS Case of Alleged Victim(s); and,
- F. ## POLICY VII-K: Child Maltreatment Allegations Concerning Out-of-Home Placements

02/2025

### **OVERVIEW**

All child maltreatment allegations concerning any person in a resource home will be investigated in accordance with the Child Maltreatment Act § 12-18-602. As with all children whose interest becomes the concern of DCFS, the safety and welfare of all children in foster care will be paramount.

If any child in foster care is the subject (alleged offender or alleged victim) of an allegation of child maltreatment, the Child Abuse Hotline will notify the appropriate DCFS and CACD Executive Staff as well as the Area Director for the DCFS service area in which the foster home named in the report is located. The DCFS Area Director will then ensure that the appropriate Division staff notify the child's family, the primary and secondary Family Service Worker (FSW) for the child, as applicable, the Office of Chief Council (OCC) attorney, the child's CASA, if applicable, and the child's attorney ad litem. The attorneys ad litem for any other children placed in the home will be notified as well.

If there is an allegation of child maltreatment in which a child in foster care is named as the alleged offender, see Policy II-D: Investigation of Child Maltreatment Reports under "Legal Representation for Child in Foster Care Named as an Alleged Offender" for more information.

The Arkansas State Police Crimes Against Children Division (CACD) will conduct all child maltreatment investigations (Priority I and II) involving a resource parent or household member of a resource home excluding reports that meet Differential Response criteria involving a child in foster care that allegedly occurred prior to the child entering foster care.

However, when any household member of a resource home (to include resource parents, biological and adopted children of the resource parents, and children in foster care placed in the home) is the subject of a child maltreatment allegation, DCFS staff will also conduct an individualized evaluation to assess the safety of the child within twenty-four (24) hours of the receipt of the report to determine if the child can safely remain in the home during the course of the investigation. DCFS staff will try to coordinate this visit to the home to assess safety with CACD staff.

If a safety threat is identified in the resource home, staff will review the Division's approved safety assessment for resource providers in consultation with a DCFS supervisor and make a

determination regarding whether the child will be moved to another approved placement or an immediate safety plan can be developed to mitigate the safety threat.

If no safety threat is identified, but there are other concerns to be addressed related to the resource home or any household members, a corrective action plan may be put in place to allow the child in foster care to remain safely in the resource home. A corrective action plan is designed to ensure the safety and well-being of the child in the home as long as the concern is not an act or omission rising to the level of a safety threat . All relevant information will be reviewed to make a decision regarding the implementation of an immediate safety plan or corrective action plan for the resource home. This includes, but is not limited to:

- A. The characteristics and history of the child in foster care;
- B. Best interest of the child in foster care;
- C. The characteristics and history of the resource parents and their own children (if any);
- D. The nature of the allegation;
- E. Information collected during the investigation; and
- F. The services, supports, or monitoring that will be put in place during the investigation.

The appropriate Assistant Director or designee must approve all immediate safety plans and corrective action plans for resource homes prior to the DCFS staff leaving the home in which the immediate safety plan or corrective action plan will be implemented. If the safety and welfare standards of the Division cannot be met and the child cannot safely remain in the home, the child in care will be moved to another approved placement.

If after the initial safety evaluation conducted by DCFS staff it is determined that there are no risk factors or safety threats present, then neither an immediate safety plan nor a corrective action plan is required while the investigation is being completed. In these situations, the Area Director may approve leaving the child in the home if it is in the best interest of the child. The Area Director will notify the appropriate Assistant Director or designee when a child is left in a resource home with a pending investigation but for which neither an immediate safety plan nor a corrective action plan was necessary.

While any resource home is being investigated because of a child maltreatment allegation, no additional children in foster care may be placed there (regardless of whether an immediate safety plan or corrective action plan was required). As such, the resource home will be placed on unavailable status in the Division's information management system.

### PROCEDURE VII-K1: Initial Report Response

02/2025

When any initial report of child maltreatment is made and concerns any person in a resource home, the CACD investigator will begin an investigation within twenty-four (24) hours for Priority I allegations or within seventy-two (72) hours for Priority II allegations.

### The assigned DCFS staff will then:

- A. Within twenty-four (24) hours, assess the safety and risk of the child victim and any other children in the resource home and determine if the child(ren) in care can remain in the home with the implementation of a corrective action plan for the resource home on an individual, case-by-case basis. This includes determining the placement structure that best meets all the needs of the children and all members of the resource home. For example:
  - 1) The alleged victim child in care may be removed from the home;
  - 2) The alleged offender child may be removed from the home; or
  - 3) Any of the children in care who are neither an alleged offender nor an alleged victim may be removed or remain in the home based on an individual, case-by-case determination of what is in their best interest and welfare.
- B. If a corrective action plan for the resource home is implemented:
  - 1) Develop the corrective action plan for the resource home with the resource parents and child(ren) in the home, as age and developmentally appropriate, review it, and answer any questions the participants may have;
  - 2) Utilizing the appropriate chain of command, notify the appropriate Assistant Director or designee of the corrective action plan via phone prior to leaving the home; and
  - 3) If the corrective action plan is approved by the appropriate Assistant Director or designee:
    - a) Leave a copy of the corrective action plan with the resource parents.
    - b) File the corrective action plan for the resource home in the provider record.
    - c) Document the corrective action plan for the resource home and reasons behind the implementation of the plan in contacts in the Division's information management system.
    - d) Inform other parties to the case of the corrective action plan for the resource home immediately but no later than the next business day via email or text.
    - e) Visit the home at least weekly to meet with the children and resource parents while the corrective action plan for the resource home is in place.
      - 1) During the home visit, meet individually with resource parents and children in care, if age appropriate, to assess the corrective action plan for the resource home, the continued well-being of the children, and to determine any adjustments that may need to be made.
- C. If the child(ren) must be removed (which includes removal because the appropriate Assistant Director or designee does not approve the corrective action plan by phone), refer to Policy VII-L: Changes to Out-of-Home Placement and related procedures regarding notifications of the placement move.

- D. Provide a briefing of the safety assessment within twenty-four (24) hours of conducting the safety assessment by emailing the completed CFS-329: Child in Foster Care Maltreatment Disclosure Case Briefing Summary to the DCFS Assistant Director of Field Operations or designee, the Assistant Director of Prevention and Reunification, and the Child Protective Services (CPS) Manager.
- E. Notify immediately, but no later than five (5) business days the child(ren)'s custodial/non-custodial parent(s), attorney ad litem, and OCC attorney whenever the child is the victim or offender named in an allegation of child maltreatment. Notify via email, text, and/or with the following forms:
  - 1) CFS-204-A: Notice of Child Maltreatment Allegation to Legal Parent(s), Legal Guardian(s) and Current Resource Parent(s) of Alleged Offender in Foster Care.
  - 2) CFS 205-A: Notice of Child Maltreatment Allegation to Legal Parent(s), Legal Guardian(s), and Current Resource Parent(s) of Alleged Victim(s) in Foster Care.
  - 3) CFS 208-A: Notice of Child Maltreatment Allegation to Attorney Ad Litem and CASA of Alleged Offender.
  - 4) CFS 206-A: Notice of Child Maltreatment Allegation to Attorney Ad Litem, CASA, and Counsel in Dependency Neglect or FINS Case of Alleged Victim(s).
- F. Notify attorneys ad litem for all children placed in the same out-of-home placement but not named as victims in the report, via email, text, or the CFS-209-A: Notice of Child Maltreatment Allegation to AAL or CASA of Child in Resource Home Where Maltreatment Is Reported or Where an Alleged Juvenile Offender or Underaged Juvenile Offender is Placed, immediately, but no later than five (5) business days.

### The Area Director or designee will:

- A. Ensure the appropriate DCFS field staff are notified (examples include, but are not limited to, notifying County Supervisor(s), FSW Unit Supervisor(s), and primary and secondary FSWs for the child(ren)) of the allegation so that these staff can then notify the child(ren)'s family, the OCC attorney, the child(ren)'s CASA, if applicable, and the child(ren)'s attorney(s) ad litem of the allegation;
- B. Notify the Resource Worker and Resource Worker Supervisor of the maltreatment allegation so that the Resource Worker may place the home on unavailable status in the Division's information management system; and
- C. Conference with FSW Supervisor as needed.

### The FSW Supervisor will:

- A. Conference with the FSW as needed; and
- B. Notify the Area Director of the initial response outcomes.

### The Resource Worker will:

A. At the direction of the Area Director or designee, classify the home under investigation as "unavailable" in the Division's information management system immediately but no later than the next business day, so that no additional children may be placed in that home until the resolution of the investigation; and

B. Assist with the monitoring of the corrective action plan for the resource home as appropriate.

The Assistant Director of Field Operations or designee will:

- A. Notify the DCFS Director when a child is left in a resource home in which a member of the resource household has been named as an alleged offender and a corrective action plan has been implemented to allow the child to stay in the home in order to ensure the child's best interest;
- B. Review the CFS-329: Child in Foster Care Maltreatment Disclosure Case Briefing Summary;

- B. Notify the FSW Resource Worker who submitted the request of the committee's decision in writing within one (1) business day.

## PROCEDURE VII-K6: Response to True Determination Upheld on Administrative Appeal

02/2025

If the true determination is upheld by the administrative hearing, the resource home may remain open for any of the children currently placed in the home if it can be shown that it is in the best interest of the child(ren) to remain in the home. This will be done on an individual basis for each child.

### The FSW will:

- A. Arrange and hold a staffing with the FSW Supervisor, Resource Worker, and Resource Worker Supervisor within two (2) business days of the administrative hearing to determine on a case-by-case basis if it is in the best interest of the child(ren) to remain in that resource home, if applicable.
  - 1) If the results of the staffing determine that it is appropriate to allow the child(ren) involved in the allegation to remain in the home, reassess the corrective action plan for the resource home and adjust accordingly if necessary.
  - 2) If the staffing determines that any child(ren) still in the resource home must be removed, remove the child(ren) from the home.
    - a) If the child(ren) must be removed, refer to Policy VII-L: Changes to Out-of-Home Placement and related procedures regarding notifications of the placement move.
    - b) Staff are highly encouraged to update the child's strengths and needs assessment during this staffing or once the child(ren) moves into a new placement, if applicable.
- B. Conference with the FSW Supervisor, Resource Worker, and Resource Worker Supervisor regarding at what point the resource home will be closed.
- C. Provide the Resource Worker with any needed or requested information for an alternative compliance or policy waiver request, if applicable.
- D. Update contacts in the Division's information management system as needed.
- E. If at any point the policy waiver or alternative compliance request is denied, conference with the FSW Supervisor and:
  - 1) Remove all child(ren) in care from the resource home.
  - 2) Refer to Policy VII-L: Changes to Out-of-Home Placement and related procedures regarding notifications of the placement move.

### The Area Director or designee will:

- A. Participate upon request in the staffing to determine on a case-by-case basis if it is in the best interest of the children to remain in that resource home, if applicable;
- B. Submit the recommendation from the staffing to the Assistant Director of Field Operations or designee for final approval;
- C. Review any received policy waiver or alternative compliance request(s) and supporting materials for resource homes for which a true finding has been upheld and the child(ren) will remain in that home due to it being in the best interest of the child(ren);

- D. Grant or deny approval for policy waiver or alternative compliance request(s) as appropriate; and
- E. If approved, forward the request(s) to the DCFS Director or designee for approval.

### The Resource Worker will:

- A. Complete any necessary documents for requesting that the resource home be granted an alternative compliance or policy waiver (see Appendix 7: Alternative Compliance and Policy Waiver Protocol for more information), if needed to allow the resource home to remain open for the child(ren) involved in the report because it is in their best interest to remain in that home.
- B. Complete CFS-475-F: True Reports of Child Maltreatment Against Resource Family Members and file it in the provider record.
- C. Forward all applicable case information for the alternative compliance or policy waiver request, including investigative outcomes, strengths and needs assessment, and the corrective action plan for the resource home, to the Resource Worker Supervisor for review.
- D. Inform the FSW and FSW Supervisor of the outcome of the alternative compliance and/or policy waiver request.
  - 1) Close any resource home that is denied a policy waiver or alternative compliance approval at any point during the request review and document in the Division's information management system that the home is closed.
    - a) Provide the reason for closure in Division's information management system.
  - 2) Update contacts in the Division's information management system regarding the results of any alternative compliance or policy waiver request and as otherwise necessary.
- E. Complete CFS-475-G: Checklist for Resource Home Closure, as applicable, and file the form in the provider record; and
  - 1) Complete all other required steps to close a resource home.

### The Resource Worker Supervisor will:

- A. Review any alternative compliance or policy waiver requests and supporting documentation, if applicable; and
- B. Forward any alternative compliance or policy waiver requests and supporting documentation, if applicable, to the Area Director.

### The Assistant Director of Field Operations will:

Notify the DCFS Director or designee of the decision regarding placement of the children and availability status of the resource home.

### The Division Director or designee will:

A. Review any received policy waiver or alternative compliance request(s) and supporting materials;

- B. Grant or deny approval for policy waiver or alternative compliance request(s) as appropriate; and
- C. If approved, forward any alternative compliance request(s) to the Placement and Residential Licensing Unit (PRLU) Administrator and staff.

The Placement and Residential Licensing Unit (PRLU) Administrator or designee will:

- A. Review the request for an alternative compliance; and
- B. Place the request on the agenda of the next scheduled meeting of the Child Welfare Agency Review Board (CWARB).

## **PROCEDURE VII-K3 Response to True Determination Pending Due Process** 02/2025

If the child maltreatment allegation is determined to be true, the FSW Caseworker will:

- A. Reassess the corrective action plan for the resource home, if applicable, in collaboration with the FSW Resource Worker and FSW Investigator;
- B. Remove any or all of the children from the home, determined on a case-by-case basis in consultation with the FSW Supervisor, if necessary to ensure their safety and well-being;
  - 1) If the child(ren) must be removed, refer to Policy VII-L: Changes to Out-of-Home Placement and related procedures regarding notifications of the placement move.
- C. Hold a staffing within three (3) business days of the determination with the FSW Supervisor, FSW Resource Worker, and, if needed, the FSW Investigator to decide if the corrective action plan for the resource home, if applicable, needs to be revised and/or if changes to the child(ren)'s placement are needed until due process for the resource parents has been met;
- D. Update contacts in the Division's information management system as necessary; and
- E. Update the FSW Resource Worker and Resource Worker Supervisor as necessary.

### The FSW Resource Worker will:

A. Update the availability of the resource home and contacts in the Division's information management system as applicable.

### The Area Director or designee will:

- A. Participate in the staffing upon request to determine if the corrective action plan for the resource home, if applicable, needs to be revised or if changes to the child(ren)'s placement are needed until due process for the resource parents has been met; and
- B. Notify the Assistant Director of Field Operations or designee if the child(ren) will remain in a resource home with a true determination while due process is pending.

### The Assistant Director of Field Operations or designee will:

Notify the DCFS Director if the child(ren) will remain in a resource home with a true determination while due process is pending.

- A. Failure or refusal to prevent the abuse of the child when the person knows or has reasonable cause to know the child is or has been abused;
- B. Failure or refusal to provide the necessary food, clothing, or shelter, or medical treatment necessary for the child's well-being, except when the failure or refusal is caused primarily by the financial inability of the person legally responsible and no services for relief have been offered;
- C. Failure to take reasonable action to protect the child from abandonment, abuse, sexual abuse, sexual exploitation, or neglect where the existence of such condition was known or should have been known, and, if for abuse and neglect, the failure to take reasonable action to protect the juvenile causes the juvenile serious bodily injury;
- D. Failure or irremediable inability to provide for the essential and necessary physical, mental, or emotional, needs of the child, including the failure to provide a shelter that does not pose a risk to the health or safety of the child;
- E. Failure to provide for the child's care and maintenance, proper or necessary support, or medical, surgical, or other necessary care;
- F. Failure, although able, to assume responsibility for the care and custody of the child or participate in a plan to assume such responsibility;

- G. Failure to appropriately supervise the child that results in the child being left alone at an inappropriate age creating a dangerous situation or a situation that puts the child at risk of harm; or, in inappropriate circumstances creating a dangerous situation;
- H. Failure, regardless of whether the parent, guardian, custodian, foster parent, or any person who is entrusted with the child's care, etc. is present, to appropriately supervise the child that results in the child being placed in inappropriate circumstances creating a dangerous situation; and
- I. Failure to ensure a child between six (6) and seventeen (17) years of age is enrolled in school or is legally being home schooled or as a result of an act or omission by the child's parent or guardian, the child is habitually and without justification absent from school.

**IMMEDIATE SAFETY PLAN** – A written plan developed by the Division in conjunction with the family and support network to protect the juvenile from harm and which allows the juvenile to remain safely in the home.

**RELATIVE (FOR PROVISIONAL RESOURCE HOMES)** – A person within the fifth degree of kinship by virtue of blood, marriage, or adoption (A.C.A. 9-28-402(18) & the Child Welfare Licensing Act). The fifth degree is calculated according to the child.

**RESOURCE HOME SAFETY PLAN** – If, at any time during the resource family application or re-evaluation process, a Resource Worker determines that any aspect of the home may pose a safety risk to children placed in the home, the prospective or current resource family, as applicable, may be asked to implement a resource home safety plan to ensure the home is safe and in compliance with policy and licensing standards and otherwise adequately planning for the safety of children. Examples may include swimming pool safety plans, 4-wheeler or any other all-terrain vehicle safety plan, and trampoline safety plans. The resource home safety plan must be implemented, as applicable, before the family can be approved as a resource home and will be documented via CFS-454: Resource Home Safety Plan.

### **SEXUAL ABUSE** – Any of the following acts committed:

- A. By a person 14 (fourteen) years of age or older to a person younger than 18 (eighteen) years of age:
  - 1) Sexual intercourse, deviate sexual activity, or sexual contact by forcible compulsion;
  - 2) Attempted sexual intercourse, deviate sexual activity, or sexual contact by forcible compulsion;
  - 3) Indecent exposure; or
  - 4) Forcing the watching of pornography or live sexual activity;
- B. By a person eighteen (18) years of age or older to a person not his or her spouse who is younger than 15 (fifteen) years of age:
  - 1) Sexual intercourse, deviate sexual activity or sexual contact;
  - 2) Attempted sexual intercourse, deviate sexual activity, or sexual contact; or
  - 3) Solicitation of sexual intercourse, deviate sexual contact, or sexual contact;
- C. By a person twenty (20) years of age or older to a person not his or her spouse who is younger than sixteen (16) years of age:
  - 1) Sexual intercourse, deviate sexual activity, or sexual contact;
  - 2) Attempted sexual intercourse, deviate sexual activity, or sexual contact; or
  - 3) Solicitation of sexual intercourse, deviate sexual activity, or sexual contact;
- D. By a caretaker to a person younger than eighteen (18) years of age:
  - 1) Sexual intercourse, deviate sexual activity, or sexual contact;

- 2) Attempted sexual intercourse, deviate sexual activity, or sexual contact;
- 3) Forcing or encouraging the watching of pornography;
- 4) Forcing, permitting, or encouraging the watching of live sexual activity;
- 5) Forcing listening to a phone sex line;
- 6) Committing an act of voyeurism; or
- 7) Solicitation of sexual intercourse, deviate sexual activity, or sexual contact;
- E. By a person younger than fourteen (14) years of age to a person younger than eighteen (18) years of age:
  - 1) Sexual intercourse, deviate sexual activity, or sexual contact by forcible compulsion; or
  - 2) Attempted sexual intercourse, deviate sexual activity, or sexual contact by forcible compulsion;
- F. By a person eighteen (18) years of age or older to a person younger than eighteen (18) years of age, the recruiting, harboring, transporting, obtaining, patronizing, or soliciting of a child for the purpose of a commercial sex act; or
- G. Grooming by a:

# REPEAL

## Why am I here?

Being separated from your home and family is a big deal. But it's important for you to know that it's not your fault. Your parents have a responsibility to take good care of you. When this isn't happening a report may be made to the Arkansas Child Abuse Hotline. If the report is accepted, people from the Department of Human Services, **Division of Children and Family Services** (DCFS) (see Appendix VII: Glossary for more information) and the courts will get involved to help you and your family. Sometimes this involvement results in children and youth like you being temporarily placed out of your home and into foster care.

## How long will I stay in foster care?

The answer is different for each youth depending on a lot of different things. Right when a foster care case opens, it is difficult to guess how long that foster care case may last. Some youth may only be in foster care for a few weeks, others a few months, and some for over a year or longer.

No matter how long you may be in foster care, we hope this book gives you information to help make more sense of your time in foster care. The quotes in the orange boxes throughout this document include tips and advice from other youth who have been or are in the Arkansas foster care system. Be sure to talk to your FSW caseworker and your attorney ad litem (see page 2 for more information) to get more information about the progress of your family's specific case.

Teens coming into fee, a car need to real that a multiple very difficult in the beginning, but I promise, it does get be ver. When I can be into for er care I vas very a set and didn't want to cooperate with anybody. But after a couple months tiving with my foster parents, I have grown to love them....Teens who just arrive in foster care think it's so horrible and they'll never be happy, but if it turned out well for me, it could turn out well for anyone.

• Rachel. Yellville

## Is it normal to feel this way?

Foster care is not easy. It can be difficult being separated from your family, moving to a new place, meeting new people — even under the best of circumstances. You might be confused, relieved, angry, sad, scared, or you might not even know how you feel. All of these feelings are completely natural.

Some of these feelings will go away or change and some may not. Some feelings will take longer than others to work through and figure out. Remember, you don't have to handle everything by yourself. Talking about how you're feeling can help a lot, so be sure to share what you're going through with your therapist, your caseworker, or anyone else you trust. If you want to talk with other youth in foster care who have gone through some of the same things you have, there are resources like your Youth Advisory Board (see page 7 for more information) and FosterClub.org (see page 16 for more information).

## Who's here to help me?

There are a lot of people who are here to help. Your Family Service Worker (FSW) caseworker is the DCFS person whose job it is to look out for you. However, if you are placed in a different county from your home county, you may also have a secondary FSW caseworker. Both your primary and secondary FSW caseworkers will help you understand why you are here. Every situation is different so you should talk to your FSW caseworker about why you are in foster care.

## Some tips to help you through foster care...

"When I first entered into foster care...I had no idea about what was going to happen or even if I was going to see my parents again. I can tell you if you're scared, it's normal and it's ok. I also want you to know that it will get better. You're only in foster care because they want to help you."

♦Alyssa, Morrilton♦

In your first month in foster care or when you move to a new foster home or other placement, your FSW caseworker must visit you at least once a week. After the first month of foster care, your FSW caseworker must visit you at least once a month in your foster home, but then your FSW caseworker must also contact you once a week by phone and/or see you in other places like at acheol or driving you to appointments. Your FSW caseworker will give you his or her contact for nation so you an contact him to her whenever you have a question or need large.

Sometimes your FSW caseworker may change, so be sure to know who your FSW caseworker's **Supervisor** is if you can't reach your FSW caseworker. Supervisors can help provide extra support when needed.

If you are 14 years old or older, you will also have a Transitional Services Coordinator who will help you with your transitional plan (see page 5 for more information). Your **Transitional Services Coordinator**, along with the rest of your team, will help make sure you are learning skills and gaining information that you will need when you become an adult.

Other people you may meet from DCFS are **Program Assistants** (PAs) who sometimes help drive youth to appointments or supervise visits with your parents if supervised visitation is a part of your case plan.

## Some tips to help you through foster care...

"Be calm and respectful. It will pay off! Know that you are not alone! Find out who your caseworker is and get his or her contact info. Be patient and try to ask lots of questions. Try to be positive and be very honest!"

♦Shady, Fort Smith♦

Your attorney ad litem (AAL) is the person who will represent your best interests in court. It is his or her job to make sure that your legal rights are protected. He or she will help you

## YOU HAVE THE RIGHT TO...

- ✓ Be nurtured by foster parents who meet your needs or be placed in the custody or foster home of relatives or fictive kin, if appropriate
- ✓ Be heard and involved with the decisions in your life
- ✓ Have complete information and direct answers to your questions
- ✓ Be informed about and have involvement when appropriate with your birth family and siblings
- ✓ Have ongoing contact with other important people in your life
- Have reasonable access to your caseworker or other person at DCFS
- Express your opinion and have it treated respectfully
- ✓ Request support and serving the you need
- ✓ Have individualized care attention
- ✓ Be notified of changes impacting your permanence, safety, and wellbeing
- ✓ Have a stable, appropriate placement
- ✓ Be notified of placement changes
- ✓ Receive free appropriate education, training, and career guidance to prepare you for adulthood
- Have reasonable access to and have your best interest represented by an attorney ad litem in all court proceedings
- Receive quality child welfare services
- ✓ Have a plan for your future and the support needed to achieve it
- ✓ Receive a copy of your case record upon exiting foster care
- ✓ Be cared for without regard to race, gender, religion, or disability

better understand your rights and the legal process. You should also make sure you have your attorney ad litem's contact information so that you can easily call or email him or her with questions or concerns.

Sometimes, you may also have a **CASA** volunteer. CASA stands for Court Appointed Special Advocate. This is a person from the community who volunteers to help you while you are in foster care. They will spend time with you and get to know you, so they can help the judge understand how you feel and what you want. Every case is different, so not everyone has a CASA. But if you don't have one and you think you'd like one, ask the judge if it's possible.

You may also have a **therapist.** This person is here to listen to you and talk with you. They are specially trained to help you deal with your emotions in a healthy way.

## What are my rights?

Be your own advocate! The most important right you have is to know your rights. When you know your rights, you an be a gronger ady hate for yourself. Speak up. Your your on Ask questions Talk to your primary or secondary F W casey orker, atterney ad litem, CASA, or the apist. They are nere to help you.

The blue box on the left of this page provides you with a summary of your rights. The other information on the next few pages will provide a few more details about your rights related to your living situation, visitation, court participation, education, health, etc. and what to expect in foster care.

## Where will I live?

While you are away from your family, you have **the right to have a stable, appropriate placement**. There are different kinds of places you may live:

In a foster home, you will live with a temporary family who will take care of you. You will have a foster mom or a foster dad or both. You may have foster brothers and sisters. You might also live in a foster home that is considered **Therapeutic Foster Care (TFC)**. TFC foster parents are specially trained to help youth who are dealing with emotional and behavioral issues.

If you have a relative you have a **right to live with them if they meet safety standards**. You also have the **right to live with other people you know and trust like a godparent, a good friend's parent, or a coach** (sometimes called "fictive kin") who are willing and able to take care of you, if appropriate. This is called a **Provisional Foster Home**.

Tell your FSW caseworker if you know of any relatives or fictive kin who might serve as your Provisional Foster Family. As mentioned above, relative and fictive kin have to meet certain safety standards before DCFS can make them a Provisional Foster Home. Once those safety standards are met, then the good news is Provisional Foster Homes can be opened more quickly than non-provisional foster homes. Sometimes Provisional Foster Homes can be opened as quickly as a couple of days.

When you first come into care, you might stay at an **Emergency Shelter** if there are not any available foster homes or appropriate relatives or fictive kin. Emergency Shelters care for youth on a short-term basis. You might also live in a **Residential Facility**, sometimes called a **Group Home**. This is a home or facility where a number of unrelated youth live with **house parents** (check the glossary) or staff who will care for you. If you have emotional and behavioral difficulties, you may be placed in a **Residential Treatment Facility** where specially trained staff can help meet your needs.

If DCFS has to mange you placement, you have me right to be potified by DCFS of a placement change in advance. You also have no light to ask your atterney ad litem to object to any proposed placement change but how the not least try placement in the general placement.

## When will I see my family?

You have the **right to spend time with your parents** unless the judge decides that it is not in your best interest. You can also write them and call them if the judge allows it.

You have a **right to live with your siblings while you are in foster care**. Sometimes this may not happen because either DCFS or the courts believe that it is not in your best interest, or there is not a foster home that has room for you and all of your siblings. In these situations, it is DCFS' job to keep trying to find a place where you and your siblings can all live together.

If you and your siblings have been placed in different homes, you have the **right to spend time with your siblings at least once a week**. This weekly contact with your siblings might be face-to-face or it might be a phone call, email, or through Skype, FaceTime or a similar program.

There are some exceptions. If your sibling has been placed in a residential treatment facility or the case plan says you cannot see your siblings, you may not be able to see or talk to them weekly. Another reason visits or other contact may not happen weekly is if there is a safety

concern related to siblings spending time together. However, DCFS or your placement provider should never prevent you from seeing your siblings due to bad behavior.

Because staying connected with your siblings is so important, you also have the **right to spend birthdays and holidays with your siblings and even attend events like their athletic games, school plays, and graduations.** DCFS needs to include you in your siblings' **case plan staffings** (see Appendix VII: Glossary for the definition) and decisions affecting them even if you have different FSW caseworkers.

Your FSW caseworker will also let you know if your sibling goes to a new foster home or other placement or leaves foster care. If you have siblings who are not in foster care, DCFS will do its best to make sure you can also have contact with those siblings as long as it is in your best interest and approved by the court.

You have the **right to spend time with other relatives such as your grandparents and great-grandparents as long as the courts approve too**. Talk to your FSW caseworker and attorney ad litem about spending time with your family.

## Do I have a say in what happens to me and my case?

Absolutely! You have the right to be heard and involved with the decisions that affect your life. This includes the right to he evelop the lase lan, including your Transitional Plantage belonging to participate in all staffings and court learnings related to your foster are as to Be sure your FSW caseworker and/or attorney at mem let you know anead of time when your staffings and court dates are. And be prepared, some youth say sometimes it feels like there are a lot of court dates.

## Some tips to help you through foster care...

"You can call your caseworker anytime. DHS is on your side even if it may not seem like it sometimes."

◆Anonymous◆

If you are 16 or older, you should expect the court to ask you about your desired permanency goal. If you do not feel comfortable speaking up in court, your attorney ad litem can share information about your wishes regarding permanency with the court on your behalf.

If you enter foster care when you turn 14 or if you come into care after the age of 14, DCFS will make sure you are actively involved in the development of your **Transitional Plan**. The Transitional Plan includes all of the life skills, resources, and future-planning for your successful transition to adulthood. It is a way for you to be involved in planning for your future. By the time your turn 17 years old, your transitional plan will include plans and services to help you reach your goals related to education, employment, health, housing, and lifelong connections.

To help you create your Transitional Plan, **you have the right to a Transitional Team**. In addition to helping you with your Transitional Plan, the Transitional Team is there to support you and make sure you develop and maintain healthy relationships with adults you trust who will continue help you even after you leave foster care.

In addition to your FSW caseworker, Transitional Services Coordinator, attorney ad litem, and CASA you can choose other people who you want on your Transitional Team. The Division is allowed to have input on who you select to be on your Transitional Team. If you are comfortable with it, you can lead the Transitional Team meetings with assistance from your FSW caseworker.

Your FSW caseworker will schedule your Transitional Team meetings at least once every six months. If you want to have your Transitional Team meetings more often, just ask your FSW caseworker.

## What services and supports are available to me?

You have the right to receive quality child welfare services. Your FSW caseworker will work with you and your family to make a **case plan** (look in Appendix VII: Glossary for more information). The goal of the case plan is to help address the issues that caused a case to be open as well as provide other supports to your family. The services in a family's case plan will depend on family members' individual needs and strengths. Services required in the case plan might include couns line or tutoring.

You were brought into foster care in order to keep you safe. Perer s, with the support of DCFS, must meet their case plan goals so DCFS can safely return you to your parents. The case plan also describes what DCFS must do in order to best take care of you while you are in foster care and help you to prepare for adulthood. Eventually the judge will decide if the case plan goals have been achieved or not, and what the next steps will be in terms of your permanency goal. Please see page 11 for more information about permanency and the different permanency goals.

### Some tips to help you through foster care...

"Don't' be afraid to tell them how you feel.

Tell them what you need or want.

Don't be afraid to talk to other kids in foster care."

◆Anonymous◆

As a teenager, **life skills** (see Appendix VII: Glossary for more information) classes will be offered to you. Life skills classes will cover different topics like how to cook, how to open a bank account, how to fill out a college application, and write your resume. Life skills classes are also a great opportunity to spend time with other youth who are in foster care. If you are not currently participating in life skills classes, talk to your FSW caseworker or Transitional Services Coordinator.

Your foster parents or other caregivers receive a payment each month to help with costs like housing, food, clothing, school supplies, and other personal care items for you. They are also supposed to give you an allowance from that payment each month. The amount of the allowance is decided by the foster parent based on your age.

Sometimes if there is a need your foster parent may request an additional clothing voucher for you for something like a special event, but DCFS must approve this. Sometimes DCFS can also help your foster parents or other caregivers pay for things like sports uniforms, school field trips, and summer camps as appropriate.

In addition, some youth may have a trust fund while they are in foster care that comes from child support payments or certain federal benefits. A trust fund account can help pay for some expenses. Ask your FSW caseworker if you have a trust fund and what that money can be used for.

Here are some other services and supports you should know about:

### **Casey-Ansell**

If you are 14 to 18 years old, you will take the Casey-Ansell or similar assessment, which is like a test. You won't get a grade on the assessment. The assessment just helps DCFS know what kinds of life skills classes and other services or supports would be most helpful to you.

Youth Advisor Board
The Arkansas Young Qviso y Board (AAB) is 1 ade up of 1 or up of foster youth between the ages of 16-21 who are of have been in Arkansas's fost of care young. These current and former foster youth are here to help represent your wants, goals, and needs and to advocate for you. YAB's goal is to make foster care in Arkansas better.

A YAB member will be available to talk to you upon your request—just ask your Transitional Services Coordinator who your YAB representative is. Anything you say to a YAB member is strictly confidential unless you say you may harm yourself or someone else. If the YAB member feels that your ideas need to be shared to help improve the foster care system, he or she may ask your permission to share those ideas with your Transitional Services Coordinator or other DCFS staff.

Usually the YAB puts on a Youth Leadership Conference each year. Be sure to ask your FSW caseworker, Transitional Services Coordinator, or YAB representative about it if you are interested in attending.

If you would like to know more about the Youth Advisory Board, or you would like to know more about how you can get involved with the YAB, ask your FSW caseworker or your Transitional Services Coordinator.

## **Arkansas ETV Program**

The Educational and Training Voucher (ETV) Program awards grants to current and former foster youth to help pay for college or vocational training programs. Students may receive up to \$5,000 a year based on the cost of attendance. Funds can be used to pay for tuition, balances due at school, on-campus room and board, meal cards, books, and school supplies (such as uniforms and equipment), federal student loans, and study abroad through qualifying schools. Please see Appendix VI for more information on ETV Eligibility Requirements.

## What about school?

You have the **right to receive a public education, training, and career guidance to help prepare you for adulthood**. Even if your foster care placement is in a different school district from the school you went to before you came into foster care, there are laws that say DCFS and the schools will work together to develop a transportation plan to help you stay in your same school if that is in your best interest, if your foster care placement and your original school are relatively close.

If you have to change schools, that change will happen quickly so you don't miss out on classes. Even if the new school hasn't received your records from your old school, you can still go ahead and start attending classes.

Each school district should have a staff member who helps make sure youth who are in foster care are getting void the need. This person is clied the foster care liaison. If you want to, ask your teacher or in application, our parts care liaison is.

You also have the right to participate in an school resources, services, and extracurricular activities that are available to all of the other students in the school.

## Can I just be a normal teen?

There is nothing normal about foster care, but you are a normal teen. You have a right to "normalcy." Normalcy means participating in age appropriate activities and having similar opportunities that other youth have like hanging out with friends, going on field trips, getting a job, dating, participating in sports and other extracurricular activities, and using social media responsibly.

However, normalcy does not mean doing whatever you want. Even teens who are not in foster care have rules to follow. Everyone has slightly different rules for their homes. Your foster parents should let you know what their house rules and expectations are early on so you can all be on the same page. Please be respectful of the rules and other boundaries your foster parents or other caregivers set. For example, be sure to follow curfew. Expect foster parents to monitor your social media activity enough to make sure you are safe and following court orders. And even though it might be annoying, your foster parents or other caregivers are doing a good job if they are asking you questions about what you are doing, how you are spending your time, and who you are hanging out with.

For day-to-day normalcy activities your foster parents are expected to make decisions on

your behalf just like they would for their biological children. When making decisions related to age appropriate activities, foster parents and other caregivers must consider things like your age, maturity level, potential risk factors and appropriateness of the activity, your best interest, and your behavioral history. Foster parents and other caregivers then balance that information with the importance of encouraging your emotional and developmental growth.

If you are in a group home or other residential facility, there should be someone there who is designated to make decisions related to normalcy.

Foster parents and other caregivers can always ask for guidance from the FSW caseworker if they need to. There are some situations for which they must get approval from your FSW caseworker like if you want to travel out of state.

## So what does normalcy look like? A few more examples...

- ✓ Spending the night with friends no background checks required.
- ✓ Learning how to drive ask your caseworker about the DCFS Driver's License & Car Insurance Reimbursement Program.
- ✓ Connecting with friends on social media but be safe and watch what you post online. Never post anything you would not say to someone's face and remember once something is online, it follows you forever.

If you want to principle it a particular activity of event, a your foster parent or other caregiver know a ead of time. If you at the k ow ahead if time, ley have more time to consider it, support you if appropriate, and even the parent of the caregivers make are fair, respectfully talk with your caregiver and FSW caseworker about it.

## Some tips to help you through foster care...

"You do have rights. Look at your situation from the adults' view. Be happy with yourself and don't depend on others to make you happy.

•Akala, Vilonia•

## Who makes health decisions for me?

DCFS, with help from your foster parents or other caregiver, is responsible for making sure you receive regular and appropriate physical and mental health services. There are certain times DCFS is required to take you to the doctor and other health care providers, but you have the **right go to the doctor or dentist whenever you need to go**.

Your FSW caseworker must also give you information about meeting your health care needs once you exit foster care. This includes options for health insurance after transitioning out of care. Your FSW caseworker should also speak to you about the importance of designating another person to make health care treatment decisions for you in case something happens to you and you do not have a relative authorized to make those decisions.

As a teenager, you need to know how to make safe, smart decisions about your body and sexuality. You are encouraged to wait before becoming sexually active. If you choose to be in a relationship with someone, always make sure you feel safe and respected in that relationship. Never feel pressured to be sexually active if you are not ready to be.

However, if you choose to be sexually active, do so responsibly and within a healthy, loving relationship. For young women, you have a right to be on regular birth control like the pill or patch if you want to be, but you are not required to be on regular birth control. Both young men and young women who choose to be sexually active need to protect themselves and their partners from sexually transmitted infections (STIs) and pregnancy each time they are sexually active by using condoms.

Talk to your FSW caseworker, foster parent, or placement provider about questions you may have about safe sex. Your local Health Department is another great place to get quality information about and services related to health needs.

## What else do I need to know?

#### **Credit Reports**

You want to have a good credit score so that when you are an adult, it will be easier to do things like turn on utilities (such as water and electricity) in your apartment, apply for your own credit cards, and even apply for a loan to buy a home one day.

If you are 14 year all of old your have the right to btain a copy of your credit report free of charge to you a charge to you

You have the **right to receive help with understanding your credit report**. If you are 14-years-old or older, DCFS will work with the credit reporting agencies to make sure there are not any problems with your credit reports. If there are problems with your credit report, DCFS or its partners will help fix those problems.

If you are 18 or older, you can access your credit report by going to <a href="https://www.annualcreditreport.com">www.annualcreditreport.com</a>. You are entitled to a free credit report one time each year from each of the three national credit reporting companies (Experian, TransUnion, Equifax).

#### **Driver's License or Other Identification**

Before you transition out of foster care, you have the **right to either earn your driver's license or get a state-issued official identification card.** You must meet certain requirements before you can earn your driver's license. Use your license and driving privileges responsibly.

DCFS can also help you or your foster parents pay for car insurance if you meet the program requirements. Ask your FSW caseworker for more information about the DCFS Driver's License and Car Insurance Reimbursement Program.

## **Permanency**

One word you may hear a lot while you are in foster care is "permanency." Permanency can mean different things to different people (see the text box on the side). Generally permanency means a legally established relationship through reunification (going back to your parents or the person from whom you were removed), adoption, or guardianship, Permanency can also mean an emotional attachment between you and your caregivers, family members, and other adults who play a positive role in your life.

Placement in foster care is meant to be temporary. At some point you will no longer be in foster care. You might reunite with your family. You might get a **legal guardian** (check Appendix VII: Glossary). You might be adopted by a relative or another family. Or you might **transition out** (see Appendix VII: Glossary for more information) of foster care at age 18 or 21 No patter what your spatt on 1s, it is important to mai tain and covolon maning all plationship with caring adults that a lifetime.

Take time to think about who is important to you and who you want to be in your life forever—even after you leave foster care. Your FSW caseworker can help you get connected and stay connected with the important people in your life.

You might think you don't want to be adopted now, but having someone you are permanently and legally connected to may become more important as you get older. It's never too late to be adopted! You can have a safe and permanent adoptive family and keep connections to past families who are important to you.

Look at the following questions in the blue box and see just a few of the reasons why having supportive, caring adults in your life is important!

## 29 Things a Permanent

## Connection Can Mean

- 1. Lifelong relationship
- 2. Family
- 3. Friendship
- 4. Unconditional love
- 5. Ongoing support
- 6. Extended family-like relationship
- 7. Knowing that someone cares
- 8. Continuity
- 9. Someone to go home to

- 25. Knowing that you are not alone
- 26. Having a safe haven
- 27. Being a part of something
- 28. Feeling free to be yourself
- 29. Having positive role models

Talk to your FSW caseworker if you have more questions about lifelong connections and permanency.

- ♦ Where will you go for the holidays?
- ♦ Where will you do laundry?
- ♦ Who will you turn to for health and legal advice?
- ♦ Who will you talk to about your problems?
- ♦ Who will you call in an emergency? Where will you stay if you have an emergency?
- ♦ Who will make medical decisions for you if you become sick or seriously injured?
- ♦ When you have children, who will they call grandma and grandpa?

#### **Extended Foster Care**

If you are in foster care when you turn 18, you also have the **right to transition into and participate in the Extended Foster Care Program until you turn 21 years old**. While staying in foster care may seem like the last thing you want to do, there are actually really great reasons to stay in foster care until you are 21.

Participating in the Extended Foster Care Program allows you to have continued support from DCFS. You do not necessarily have to live in a foster home, but you can if you want to and if there are a proposite for a long and labble. It pending on your strengths, needs, and goals, you may eve in a dorm of the college you attend on may even get your own apartment, if appropriate. It extended a coster Care, you will continue to receive a board payment, participate in late a kills classes, and receive other important benefits.

Because participating in the Extended Foster Care Program is another turning point in terms of you reaching adulthood, you must do at least one of the following requirements or have a reasonable and workable plan to meet one of the following requirements:

- 1) Be completing high school or a program leading to an equivalent credential like earning your GED;
- 2) Be enrolled in an institution which provides a college or vocational education (this includes out-of-state colleges if you are accepted to a college out-of-state and can arrange for paying for the tuition through scholarships, grants, etc.);
- 3) Be participating in a program or activity designed to promote, or remove barriers to, employment like JobCorps or AmeriCorps;
- 4) Be working at least 80 hours per month;
- 5) Have a medical condition that prevents you from doing any of the activities described above.

Remember, adoption or guardianship are about having a lifelong, legal connection to someone who loves you. But if neither of these is an option, you should strongly consider staying in care until you are 21. Otherwise you could be missing out on major benefits such as money to help you pay for housing, college, health care, transportation, and more.

If you do not choose to participate in the Extended Foster Care Program when you turn 18 or leave the Extended Foster Care Program any time after you turn 18 and before you turn 21, you may have the opportunity to return to the court's jurisdiction and/or foster care any time before your 21<sup>st</sup> birthday under certain circumstances and if you meet at least one of the Extended Foster Care Program requirements or have a reasonable and workable plan designed to help you meet one of those requirements. Let your former FSW caseworker or attorney ad litem know if you want to re-enter care.

## **After Care Services**

If you choose to leave foster care after you turn 18 but before you turn 21, there are some funds for after care services. To access after care services, you must have been in foster care until your 18<sup>th</sup> birthday but then elect to leave foster care within a reasonable time frame before you turn 21. You must also have a budget and a plan that includes participation in education, employment, training, or treatment in order to be eligible for after care.

You can request after care support for up to \$2,000, but generally cannot receive more than \$500 of aftercare support in any one month. After care support may include money for things like education or training programs, housing, insurance, housing set-up, transportation, utility bills like your water or electricity bills, or utility deposits.

After care services money will not be given directly to you. Instead, it will be paid to the person or business providing the service of good to you. However, reimbursement for appropriate purch see may be made to you. I a propriate it documentation of the expense (like a receipt) is provided. After care support to support the support of the expense support to the support of the expense of the Education Truining out the (ETV) program (the propriate in life skills classes.

## So now what?

We know there is a lot of information in this booklet. Take time to read through it, or at least keep it somewhere you can find it if you want to read through it or have questions later. If there is anything you don't understand in this booklet or you don't find the answers you are looking for, please ask your FSW caseworker, Transitional Services Coordinator, or attorney ad litem. Remember they are here to help you!

Don't ever forget how important you are! Remember to always speak up, ask questions, and

**BE YOUR OWN ADVOCATE!** 

## **Appendix I: Responsibilities**

In this booklet we've talked about your rights and responsibilities. Here is a summary of others' responsibilities.

## What are DCFS' responsibilities to me?

- 1. Find the best place for you to live while in foster care. This means finding a foster home, relative foster home, or other facility that best meets your needs in the least restrictive environment and is close to your family to make it easier to stay in contact (as long as you can still be safe).
- 2. Make sure you have planned, regular visits with your family and relatives.

Friends. Don't lose connection! Some of the best people that I knew, I lost connections with because I don't speak to them anymore. I miss them a lot. I regret not keeping communication with some of them.

Moving. Many f ster y utle tend to nove er often. At these they are unable to take everything they y unit with the sure by a cort in It sale suces that people have to think in a mind setting, here they could be move any day. Sure this ically, if you know you might be moving, think of the stuff mat you want to take with you, wherever you may go.

**School.** I know that personally I moved from school to school very often. Let your voice be heard, and talk about staying in the same school district! I, on occasion, moved from school district to school district, and I was very lucky to graduate on time.

**Documents.** DOCUMENTS ARE VERY IMPORTANT! Your State ID, Birth Certificate, Social Security Card, etc. are very important wherever you are in life. If you have them in your possession, great! Don't lose them.

**Employment.** If you have a job, try to stay with it! I know personally that on many times in my life I had to quit a job because of my foster care situation. Don't bury yourself in that hole!

**Keep a positive attitude!** In general, life can get you down. This is especially true for foster youth and/or anyone aging out of the system. Keeping a positive attitude will make things run a bit smoother. Promise!

## Appendix IV: Area Map

In order to be your own advocate, it is helpful for you to know what county you live in and the area number to which that county belongs. Find your county and corresponding area on the map below.

Finally, here are some important phone numbers for state level offices:

Division of Children and Family Services (DCFS) State Central Office: 501-682-8770

Attorney Ad Litem (AAL) State Program: 501-682-9400

Court Appointed Special Advocates (CASA) State Program: 1-866-284-8111 or 501-410-1952

## **Appendix V: The Court Process**

When you come into foster care, there will be several different types of court hearings – and you have a right to participate in all of them! Below is a description of the different kinds of court hearings involved in foster care cases. If at any time you have questions regarding the court process, talk to your FSW caseworker, attorney ad litem, or CASA. For any questions about your legal rights, ask your attorney ad litem.

**Emergency** (**Probable Cause**) **Hearing** – The emergency hearing must be held within five working days after an emergency removal to determine if DCFS acted correctly in removing you from your biological parents, guardians, or custodians.

**Adjudication Hearing** –The adjudication hearing is held within 30 days after the probable cause hearing unless the court finds a good reason to wait until 60 days after the day you were removed to have the adjudication hearing. During the adjudication hearing, the judge decides if there is enough evidence for your case to continue and for you to stay in foster care.

**Disposition Hearing** – The disposition hearing usually occurs right after the adjudication hearing if the judge has decided you are **dependent-neglected** (see Appendix VI: Glossary). The disposition hearing is to decide what action will be taken. The judge will decide if it is safe for you to return home or if you must stay in foster care for a longer period of time. If the court determines you must stay in foster care, the court will approve a case plan for you and your parents, guardians, or custodians. The case plan will include orders the low often you and your parents will visit each other and what kind after aces.

Review Hearings — The first review hearing must be neld within at reast six months of you coming into care and must be held at least every six months for as long as you are in foster care. The review hearing is for the judge to reexamine the situation, decide whether the court orders and approved case plan are being followed, and decide whether everyone is working to achieve the goals of the case plan. If you and your siblings are not placed together, the court will review your case every three months to make sure DCFS is still working to find a place where you and your siblings can live together and that you are having some kind of contact with your siblings at least once a week as appropriate.

Permanency Planning Hearing – The permanency planning hearing must be held no later than 12 months from coming into foster care. During the permanency planning hearing, the judge decides what your permanency goal will be. These options include, in order of preference, 1) Placing you with a fit parent, 2) Returning you to another guardian or custodian if that is who you were removed from 3) Giving your parents more time to work on their case plan goals if they have made progress but still need some extra time to finish meeting their case plan goals, 4) Adoption, 5) Guardianship, 6) Permanent custody with a relative or fictive kin, 7) Assigning the goal of Another Planned Permanent Living Arrangement (APPLA) which means the Division if responsible for preparing you to age out of foster care at 18 or 21. Only youth who are 16 years old or older may have a goal of APPLA.

**Termination of Parental Rights** – Termination of Parental Rights (TPR) is a permanent, legal action that means a parent no longer has rights and responsibilities as a parent. TPR legally ends the relationship between a parent and his or her child. Parents can volunteer to have their parental rights terminated or the court may order TPR. After TPR, another family can adopt the youth.

#### What is child maltreatment?

Child maltreatment means abuse, neglect, or abandonment of a child by the caretaker (a parent, guardian, custodian, or foster parent). The caretaker may be anyone who is 14 years of age or older and entrusted with the care of the child. Child maltreatment occurs when the caretaker harms the child, lets harm come to the child, or fails to meet the child's basic needs. Child maltreatment also includes sexual abuse and exploitation of a child whether by a caretaker or by another person.

#### Who reports child maltreatment?

Anyone who suspects child maltreatment may make a report. Some people (for example, doctors, teachers, and school counselors) are required by law to report suspected child maltreatment.

#### What happens when there is a report of child maltreatment?

When the Child Abuse Hotline accepts a report of suspected child maltreatment, Arkansas law says that the Division of Children and Family Services (DCFS) or the Arkansas State Police Crimes Against Children Division (CACD) will investigate the report. Generally, CACD will investigate severe maltreatment allegations, referred to as Priority Lallegations, but DCFS may help provide services to families involved these cash if all ropriate. DCFS will generally investigate less severe maltre ment alleg ions at are referred to as Priority II allegations and also provi ιο fan ed in Priority II cases if appropriate. DCFS and/o ACD wwork with you to make sure that children in your care are protected and their asic reeds met. If you do not protect the children in your care, court action may be taken and your children could be removed from your home.

#### What happens if the report is true?

If you are named as an offender in a true investigative determination, you will be provided notice and have thirty (30) days from the day you receive the notice to request an administrative hearing. The administrative hearing is your opportunity to appeal the investigative determination. If you do not request the administrative hearing within thirty (30) days or the judge at the hearing decides the true determination will remain a true finding, your name will be placed in the Arkansas Child Maltreatment Central Registry.

Under certain situations, your name can be removed from the Central Registry. Please contact your local DCFS County Office for more information. If there is a true finding of sexual abuse, but the offender is under 14 years old (Underage Juvenile Offender), his or her name will not be added to the Central Registry.

#### What if the report is unsubstantiated (not true)?

If you are named as an offender in an unsubstantiated report, your name will not be placed on the Child Maltreatment Central Registry. If you are the

subject\* of a report, you may request a copy of the report. See "Obtaining a Copy of the Report" below. Hard copy records of unsubstantiated reports are destroyed at the end of the month in which the determination is made. Therefore, requests for unsubstantiated reports must be made before the record is destroyed if a complete copy of the record is wanted. Information contained in the automated database will continue to be available to authorized recipients even after the hard copy is destroyed. The Division will not release any information regarding a pending child maltreatment report to you. If requested, DCFS can tell the court and the prosecuting attorney about the report.

#### How can you obtain a copy of the report?

DCFS will tell you in writing. You will not be told who made the report. If you are the subject\* of the report, send a written, notarized request to get a copy of your report. The written request must give your name and address and the name of the child(ren) involved.

A true report may be released only if: (1) the offender has failed to request an administrative hearing within thirty (30) days of receiving notification of the investigative finding; or, (2) a hearing has been held and the judge decides that investigative finding of true should remain as a true finding.

child(report of the report of a copy of a child maltreatment report on your child(report of the report, your request must include statement the ng to your legal relationship to the child(ren).

The request for a copy of a report must be accompanied by a check or money order made payable to the Department of Human Services (DHS) in the amount of ten dollars (\$10.00).

Thank you for taking the time to review this important information.
