HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system—

| Title | CSR | Division | Chapter | Rule |
|------------|------------------------------------|--------------------|---------------------------|----------------------------|
| 3 | <i>Code of</i> | 10- | 4 | 115 |
| Department | <i>State</i> <i>Regulations</i> | Agency division | General area regulated | Specific area regulated |

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is sos.mo.gov/adrules/csr/csr

The *Register* address is sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) business days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the Missouri Register as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

TITLE 13 – DEPARTMENT OF SOCIAL SERVICES
Division 35 – Children’s Division
Chapter 34 – Homeless, Dependent and Neglected
Children

EMERGENCY RESCISSION

13 CSR 35-34.080 Children’s Income Disbursement System (KIDS). This rule established the procedures for the handling of monies which are received on behalf of a child in the custody of the Children’s Division.

PURPOSE: *This rule is being rescinded because it is inconsistent with the amendments to section 210.560, RSMo, enacted into law in H.B. 737 (2025) and effective on August 28, 2025. The Children’s Division will be promulgating new regulations to implement the requirements of the aforementioned legislation.*

EMERGENCY STATEMENT: *This emergency rescission informs citizens that the existing procedures for the handling of monies which are received on behalf of a child in the custody of the Children’s Division are being rescinded. This emergency rescission is necessary to protect a compelling governmental interest because it is necessary to comply with the recent amendments to section 210.560, RSMo, that were enacted into law in HB 737 (2025), effective August 28, 2025. More specifically, the recently enacted amendments to section 210.560 will prohibit the Department of Social Services and the Children’s Division from utilizing a foster*

child’s benefits and monies to pay for the child’s care, authorize the child’s funds to be used to pay for the child’s unmet needs, and authorize the Children’s Division to enter into contracts for the administration of benefits that the child may receive from the Social Security Administration, Railroad Retirement Board, and the Veterans Administration. The Department of Social Services and the Children’s Division are in the process of procuring a contractor to assist them in implementing the new requirements for administering the funds and to provide advice and technical assistance for drafting new regulations that will be consistent with the new requirements of law. The Department of Social Services and the Children’s Division will administer the funds of foster children as required section 210.560, RSMo, as amended while the new regulations are being drafted and promulgated to protect the interests of the foster children. As a result, the Department of Social Services and the Children’s Division find a compelling governmental interest, which requires this emergency action. The scope of this emergency rescission is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Department of Social Services and the Children’s Division believe this emergency rescission is fair to all interested persons and parties under the circumstances. This emergency rescission was filed October 8, 2025, becomes effective October 23, 2025, and expires April 20, 2026. A proposed rescission covering this same material is published in this issue of the Missouri Register.

AUTHORITY: sections 207.020, 210.560, and 660.017, RSMO 2016. Original rule filed Oct. 7, 2005, effective April 30, 2006. Amended: Filed Oct. 17, 2018, effective June 30, 2019. Emergency rescission filed October 8, 2025, becomes effective October 23, 2025, and expires April 20, 2026. A proposed rescission covering the same material is published in this issue of the Missouri Register.

PUBLIC COST: *This emergency rescission will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the time the emergency is effective.*

PRIVATE COST: *This emergency rescission will not cost private entities more than five hundred dollars (\$500) in the time the emergency is effective.*

TITLE 13 – DEPARTMENT OF SOCIAL SERVICES
Division 35 – Children’s Division
Chapter 60 – Licensing of Foster Family Homes

EMERGENCY AMENDMENT

13 CSR 35-60.010 Family Homes Offering Foster Care. The Children’s Division is amending section (2).

PURPOSE: *This emergency amendment brings the rule into alignment with changes to section 210.487, RSMo, passed in SB71, which raised the minimum age of household members in prospective foster homes who are subject to fingerprinting and background screenings from seventeen (17) years old to eighteen (18) years old.*

EMERGENCY STATEMENT: *This emergency amendment conforms the rule to changes made by SB71 to section 210.487, RSMo, which raised the minimum age required for fingerprinting and background checks for household members of prospective foster homes from seventeen (17) years old to eighteen (18) years old. This emergency amendment is necessary to protect governmental*

interest, specifically, ensuring that regulation aligns with the new statutory requirement which went into effect August 28, 2025. A proposed amendment, which covers the same material, is published in this issue of the **Missouri Register**. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the **Missouri and United States Constitutions**. The Children's Division believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed October 8, 2025, becomes effective October 23, 2025, and expires April 20, 2026.

(2) Process for applying for a license, or for the renewal of a license, as a foster family home.

(D) Any applicant, any household member age *[seventeen (17)] eighteen (18)* and older, and any child less than *[seventeen (17)] eighteen (18)* who has been certified as an adult for the commission of a crime, or has been convicted or pled guilty or *nolo contendere* to any crime, shall register with the Family Care Safety Registry (FCSR) and submit signed release forms and fingerprints for the purpose of obtaining background screening for child abuse or neglect, criminal, and circuit court records.

1. Fingerprints shall be sent to the Missouri State Highway Patrol for criminal background checks.

2. Subject to appropriation, the total cost of fingerprinting required by section 210.487, RSMo may be paid by the state, including reimbursement of persons incurring the cost of fingerprinting under this subsection.

(E) Upon compliance with licensing law and regulations, the director shall authorize issuance of a license for a term not to exceed two (2) years, subject to renewal on expiration.

1. The license is not transferable and applies only to the foster family home to whom it is issued. Upon approval, a single license listing the individual(s) shall be issued. Only one (1) license can be issued per household. All adults age *[seventeen (17)] eighteen (18)* and older in the household who will have child care responsibility will be required to attend state approved foster parent training.

2. The license is the property of the division, not the licensee, and is subject to revocation upon failure of the individual(s) to comply with the licensing requirements. A licensee does not have a right to renewal of his or her license.

3. The license shall be kept on the premises of the home. The license is a public record and shall, upon request, be made available for inspection.

4. The number, sex, and age range of foster children the home is authorized to accept for care shall be specified on the license and shall not be exceeded except for the temporary placement of sibling or mother and child family groups. The foster family shall be able to indicate age and gender preference.

5. There shall be no fee for the license or investigations conducted by the personnel of the division or providers contracted by the division.

6. An identification card shall be issued to each foster parent at the time of initial licensure or renewal, verifying current licensing status.

AUTHORITY: sections 207.020, [RSMo Supp. 2014, and section] 210.506, **and 660.017**, RSMo [2000] 2016. Emergency rule filed July 18, 2006, effective Aug. 4, 2006, expired Jan. 30, 2007. Original rule filed July 18, 2006, effective Jan. 30, 2007. Amended: Filed Sept. 15, 2015, effective March 30, 2016. Emergency amendment filed October 8, 2025, becomes effective October 23, 2025, and expires April 20, 2026. A proposed amendment covering the same

material is published in this issue of the **Missouri Register**.

PUBLIC COST: This emergency amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the time the emergency is effective.

PRIVATE COST: This emergency amendment will not cost private entities more than five hundred dollars (\$500) in the time the emergency is effective.

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 30 – Division of Regulation and Licensure Chapter 1 – Controlled Substances

EMERGENCY AMENDMENT

19 CSR 30-1.002 Schedules of Controlled Substances. The department is amending section (1).

PURPOSE: This amendment updates the Schedules of Controlled Substances to be consistent with 21 CFR Part 1308.

EMERGENCY STATEMENT: The United States Department of Justice Drug Enforcement Administration (DEA) continually evaluates substances to determine their clinical application and potential for abuse. Based on their evaluation, the DEA issues scheduling actions to place substances in the appropriate controlled substance schedules. The majority of these scheduling actions consist of temporarily and permanently scheduling newly discovered illicit substances in Schedule I. Proper scheduling of these substances allows law enforcement to take action to prevent the further distribution of these substances. Scheduling substances in Schedules II-V allows practitioners to be informed about the potential for addiction/abuse of the substances and prescribe the substances appropriately. Section 195.015, RSMo, charges the department with similarly controlling substances as they are controlled under federal law. Section 195.015.4 requires the Department of Health and Senior Services to submit emergency rules to the Secretary of State within thirty days of a federal scheduling action to allow for similar inclusion, rescheduling, or deletion of controlled substances with this schedule. While this time frame is difficult to achieve given the various approvals and reviews needed prior to the Department scheduling any rule with the Secretary of State, the Department still acts to effectuate these scheduling actions as quickly as possible. This emergency amendment includes all federal scheduling actions since the last amendment of this rule in 2024. This emergency amendment is necessary to protect Missouri's governmental interest in keeping its controlled substances schedules up to date as much as practically possible in order to protect its citizens and to aid law enforcement in its prosecution of those who illegally distribute these substances. As a result, the Department of Health and Senior Services finds a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, is published in this issue of the **Missouri Register**. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the **Missouri and United States Constitutions**. The Department of Health and Senior Services believes this emergency rule is fair to all interested persons and parties under the circumstances. Subject to section 536.025, this emergency rule was filed October 15, 2025, becomes effective October 29, 2025, and expires April 26, 2026.

(1) Schedules of Controlled Substances.

The text of proposed rules and changes will appear under this heading. A notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This explanation is set out in the PURPOSE section of each rule. A citation of the legal authority to make rules is also required, and appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules that are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close-of-comments date will be used as the beginning day in the ninety- (90-) day count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice, file a new notice of proposed rulemaking, and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

TITLE 12 – DEPARTMENT OF REVENUE
Division 10 – Director of Revenue
Chapter 102 – Sales/Use Tax-Taxpayers Rights

PROPOSED AMENDMENT

12 CSR 10-102.016 Refunds and Credits. The department is amending sections (2) and (3) and the purpose statement.

PURPOSE: *This rule provides more clarification on when a refund for an over-payment of sales or use tax is allowed.*

PURPOSE: *Section 144.190, RSMo, permits a seller to file a claim for refund of an over-payment of sales or use taxes resulting from a mistake of fact or law and it permits a purchaser that is not able to obtain a refund of an over-payment of sales or use tax from the seller to file a claim for refund with the department. Section 144.100, RSMo, requires a seller to file an amended return to correct an error or omission on a return. This requirement is in addition to the requirement that a refund application be filed. Section 144.746, RSMo, allows the seller and the department to extend by agreement the time to file a claim for refund. Section 144.030.2[(24)], RSMo, establishes special refund procedures for purchasers of domestic utilities under a non-domestic utility rate classification. This rule explains requirements for obtaining a refund or credit on over-payment of sales and use taxes.*

(2) Basic Application.

(G) The seller and the department may extend, by **signed agreement (waiver of statute of limitations)**, the period allowed for filing a claim for refund. Such an agreement is allowed only if the time for filing a claim for refund has not yet expired.

(H) In addition to the refund claim procedure described above, a purchaser of taxable, non-domestic utility services using any portion of the services for nontaxable domestic use may also claim a refund from the department on the domestic use portion of the purchase. A purchaser of utility services for domestic use for occupants of residential apartments, condominiums, and nursing homes through a single or master meter[,] may claim a refund on the domestic use portion of the purchase, which includes common areas and facilities as well as vacant units. The claim for refund must be filed between the first day of the first month (**January 1**) and the fifteenth day of the fourth month (**April 15**) following the year of purchase.

(I) **A taxpayer is not entitled to receive a refund for overreported taxable sales if it previously received a refund for this same issue and guidance has been previously provided. This restriction only applies to overpayments based on sales and it does not apply to overpayments based on purchases. A taxpayer is not entitled to receive a refund of taxes that were knowingly overpaid, unless the overpayment was made under protest. However, a taxpayer may receive more than one (1) refund for the same issue of overreported taxable sales if the subsequent overreported taxable sales were the result of any of the following:**

1. Receipt of additional information or an exemption certificate from the purchaser of the item at issue;
2. A decision of a court of competent jurisdiction or the administrative hearing commission; or
3. Changes in regulations or policy by the department of revenue.

(3) Examples.

(H) A purchaser purchases manufacturing equipment on July 1, 2012, and pays sales tax on the purchase. On October 1, 2012, the purchaser presents an exemption certificate to the seller and requests the seller in writing to file a refund request for the taxes paid. The seller does not respond to the purchaser's request within sixty (60) days. The purchaser then files a refund claim with the department and the department notifies the seller of the claim for refund. The seller does not respond to the department's notification. The department verifies that the equipment qualifies for the exemption and the taxes paid on the purchase. The department issues the refund to the purchaser. **This action, however, is predicated on the department verifying that the seller did report that as a taxable sale on the July 2012 sales tax return and verifying that this return was paid in full.**

AUTHORITY: *section 144.270, RSMo 2016. This rule originally filed as 12 CSR 10-110.016. Original rule filed Sept. 29, 1999, effective March 30, 2000. Changed to 12 CSR 10-102.016, Dec. 31, 2000. Amended: Filed April 1, 2002, effective Oct. 30, 2002. Amended: Filed Sept. 8, 2020, effective March 30, 2021. Amended: Filed Oct. 9, 2025.*

PUBLIC COST: *This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.*

PRIVATE COST: *This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.*

Chapter 110 – Sales/Use Tax – Exemptions

PROPOSED AMENDMENT

12 CSR 10-110.601 Electrical, Other Energy, and Water as Defined in Section 144.054, RSMo. The director is amending the purpose statement and sections (1) and (3)–(6).

PURPOSE: This amendment updates purchases that are exempt from local sales and use tax pursuant to section 144.054, RSMo, and deletes subsection (4)(B).

PURPOSE: Section 144.054[.2], RSMo, exempts from [state tax and local use tax, but not local sales tax] state and local sales and use tax certain equipment, materials, goods, machinery, electricity, gas (natural, artificial, or propane), water, coal, and energy sources used or consumed in manufacturing, processing, compounding, mining, or producing any product or used in research and development related to manufacturing, processing, compounding, mining, or producing any product or in the processing of recovered materials. This rule explains when this exemption applies and how a taxpayer may claim the exemption at the time of purchase.

(1) In general, purchases of electricity, gas (natural, artificial, or propane), water, coal, [and] energy sources, chemicals, machinery, equipment, and materials used or consumed in manufacturing, processing, compounding, mining, or producing any product, or used or consumed in the processing of recovered materials, or used in research and development related to manufacturing, processing, compounding, mining, or producing any product [are] exempt from [state tax and local use tax, but not local sales tax] state and local sales and use tax.

(3) Basic Application of Exemption.

(A) A taxpayer may claim the exemption for [state tax and local use tax, but not local sales tax] state and local sales and use tax at the time of purchase. [A taxpayer may not claim an exemption from local tax and then remit the tax directly to the department. It is the seller's responsibility to collect and remit the proper amount of local tax to the department.]

(4) Method of Collection and Apportionment

(A) Energy and water vendors are responsible for remitting tax to the department. Purchasers are responsible for informing energy vendors on the [MO-149] Form 149 (Sales/Use Tax Exemption Certificate) of the percentage of energy used for activities exempt under section 144.054, RSMo. The purchaser [may] should use [any reasonable method to calculate this percentage, such as] a square footage [or reference to a use] analysis to calculate the percentage of energy used. The exemption will be applied as follows:

Purchaser's Calculated

| Exempt Percentage | Percentage Exempt |
|-------------------|-------------------|
| 76–100 | 100 |
| 51–75 | 75 |
| 26–50 | 50 |
| 1–25 | 25 |
| 0 | 0 |

[B] Beginning on August 28, 2007 and ending on January 31, 2008, any vendor who receives an exemption certificate exempting sales of electricity, gas (natural, artificial, or propane), water, coal, and energy sources used or consumed in manufacturing, processing, compounding, mining or producing any product, or used or consumed in the processing of recovered materials, or used in research and development related to manufacturing, processing, compounding, mining or producing any product after the bill was issued may take the correction as an adjustment on its sales tax return provided the net result is not a negative figure. In the event an exemption certificate is received after January 31, 2008, and an exemption was due and not properly applied by the vendor, the vendor may submit a refund request to the department.]

(5) Exempt Examples.

(A) A manufacturer purchases propane to operate forklifts that move [raw materials to production lines, move] works-in-

process between production steps[, move finished goods to an on-site storage area, and to load finished goods on trucks for shipment from the plant]. The fuel is exempt from [state tax and local use tax, but not local sales tax] state and local sales and use tax.

[(B) A manufacturer uses electricity to run its equipment, maintain a moderate temperature in its production facility and light the plant. The purchase of all of its electricity is exempt from state tax and local use tax, but not local sales tax, because it is used or consumed in producing a product.]

[(C)](B) A manufacturer uses coal to fuel boilers [to] that generate steam used to manufacture a product. The purchase of the coal is exempt from [state tax and local use tax, but not local sales tax,] state and local sales and use tax because it is used or consumed in producing a product.

[(D)](C) A manufacturer purchases compressed gas used for welding a product. The purchase of the compressed gas is exempt from [state tax and local use tax, but not local sales tax] state and local sales and use tax because it is used or consumed in [producing] manufacturing a product.

[(E)](D) A manufacturer uses water to cool a product during the manufacturing process. The manufacturer's purchase of water is exempt from [state tax and local use tax, but not local sales tax] state and local sales and use tax.

[(F)](E) A manufacturer preserves its final product in a warehouse located at the production facility while awaiting shipment. The purchase of energy to maintain the desired environment [and provide lighting] is exempt from [state tax and local use tax, but not local sales tax] state and local sales and use tax.

[(G)](F) A construction company that has been deemed a manufacturer purchases fuel to be used in a concrete ready-mix truck. The fuel is subject to motor fuel tax; however, if a refund claim is made, the refund [will be] is exempt from [state tax and local use tax, but not local sales tax,] state and local sales and use tax because the fuel is used in producing a product.

(H) A company uses energy to test manufacturing equipment as it is installed. This energy is exempt from state and local sales and use tax.

(I) A telecommunication company produces a wireless or landline-based telephone call. The energy sources, chemicals, machinery, equipment, and materials used by the telecommunication company to manufacture the phone call are exempt from state and local sales and use tax.

(J) A factory purchases safety equipment such as earplugs and goggles for use by the employees on the manufacturing floor. These items used by the employees who are manufacturing a product are exempt from state and local sales and use tax.

(K) A toy manufacturer purchases sandpaper to use in the manufacturing of wooden rocking horses. The purchase of sandpaper is exempt from state and local sales and use tax because it is a material that is consumed in producing a product.

(L) A photographer purchases chemicals and other supplies used to develop photographs. These chemicals and supplies are not intended to remain with the photograph. These purchases are exempt from state and local sales and use tax because they are consumed in the developing

process.

(6) Taxable Examples.

(B) A wireless company operates a customer support call center to assist its customers with questions. The call center is not exempt. Therefore, all state and local taxes apply.

(C) The construction of a road, building, or other fixed structure is not exempt. Therefore, all state and local taxes apply.

(D) An auto repair facility repairs vehicles by installing or replacing parts. This is not exempt because they are not creating a new or distinct item. Therefore, all state and local taxes apply.

**TITLE 12 – DEPARTMENT OF REVENUE
Division 10 – Director of Revenue
Chapter 110 – Sales/Use Tax – Exemptions**

PROPOSED AMENDMENT

12 CSR 10-110.900 Farm Machinery and Equipment Related Exemptions. The department is amending the purpose statement and sections (1)–(4).

PURPOSE: This rule is being updated to align with current statutes.

PURPOSE: Sections 144.030.2[(22)], 144.045.1, 144.047, and 144.063, RSMo, exempt certain farm machinery, equipment, repair parts, supplies, lubricants, and fuels from taxation. This rule explains which items qualify for these exemptions.

(1) In general, the purchase of farm machinery, equipment, and repair and replacement parts [*and supplies and lubricants*] used [*exclusively, solely, and directly*] for producing crops, raising and feeding livestock, fish, or poultry, or producing milk for ultimate sale at retail, and motor fuel, **supplies, and lubricants** used **exclusively** for agricultural purposes is exempt from tax.

(2) Definition of Terms.

(B) Farm machinery, equipment, and parts – Machinery, equipment, and parts used [*directly and exclusively*] in [*the*] **any** agricultural production process.

(3) Basic Application of Exemption.

(A) To qualify for exemption pursuant to section 144.030.2[(22)], RSMo, **for new or used farm tractors and such other new or used farm machinery and equipment**, items purchased must be –

1. Used [*exclusively*] for **any** agricultural purposes[;].

2. *Used on land owned or leased for the purpose of producing farm products; and*

3. *Used directly in producing farm products to be sold ultimately in processed form or otherwise at retail or in producing farm products to be fed to livestock or poultry to be sold ultimately in processed form at retail. The term "used directly" encompasses items that are used in some manner prior to the actual commencement of production, during production, or in some manner after the production has terminated. In determining whether items are used directly, consideration must be given to the following factors:*

A. Where the items in question are used;

B. When the items in question are used; and

C. How the items in question are used to produce a farm product.]

(B) To qualify for exemption of supplies, lubricants, and motor fuel, items purchased must be –

1. *Used exclusively for agricultural purposes.*

[(B)](C) Pursuant to section 144.045.1, RSMo, farm machinery or equipment that would otherwise qualify as exempt farm machinery and equipment will not lose its exempt status

merely because the machinery or equipment is attached to a vehicle or real property. Such equipment includes, but is not limited to, a grinder mixer mounted on a vehicle or special livestock flooring. When exempt farm machinery or equipment attached to a motor vehicle is sold with the motor vehicle, the part of the total sales price attributable to the farm machinery or equipment is exempt from tax if the farm machinery or equipment is separately invoiced. If not separately invoiced, the total sales price is subject to tax as a motor vehicle.

[(C)](D) Pursuant to section 144.047, RSMo, farm machinery includes aircraft used solely for aerial application of agricultural chemicals.

[(D)](E) Pursuant to section 144.030.2(34), RSMo, all sales of grain bins for storage of grain for resale are exempt; pursuant to this section, parts purchased separately for these bins are not exempt. However, grain bins, including all parts, that are used in production of a farm product and qualify as farm machinery and equipment are exempt pursuant to section 144.030.2[(22)], RSMo.

[(E)](F) Pursuant to section 144.063, RSMo, fencing and motor fuel used for agricultural purposes are exempt.

[(F)](G) The fact that particular items may be considered to be essential or necessary will not automatically entitle them to exemption. The following categories of items are excluded from the meaning of the term farm machinery and farm equipment, including supplies, and are subject to tax:

1. A motor vehicle and parts for a motor vehicle do not qualify as exempt farm machinery or equipment. A trailer and parts for a trailer generally do not qualify as tax-exempt farm machinery or equipment. The terms motor vehicle and trailer are defined by Chapter 301, RSMo;

2. Containers and storage devices such as oil and gas storage tanks, pails, buckets, and cans;

3. Hand tools and hand-operated items such as wheelbarrows, hoes, rakes, pitchforks, shovels, brooms, wrenches, pliers, and grease guns;

4. Attachments and accessories not essential to the operation of the machinery itself (except when sold as part of the assembled unit), such as cigarette lighters, radios, canopies, air-conditioning units, cabs, deluxe seats, tool or utility boxes, and lubricators;

5. Equipment used in farm management such as communications and office equipment, repair, service, security, or fire protection equipment; **and**

6. Building materials and general heating, lighting, and ventilation equipment for nonproduction areas[; **and**].

7. *Machinery and equipment used for a dual purpose, one purpose being agricultural and the other being nonagricultural, are not exempt.*

(G) *Example A is a list of items of farm machinery, equipment, and supplies that will usually be exempt if used exclusively for agricultural purposes on land owned or leased for the purpose of producing farm products and used directly in producing farm products or livestock to be sold ultimately at retail.]*

TITLE 12 – DEPARTMENT OF REVENUE
Division 10 – Director of Revenue
Chapter 110 – Sales/Use Tax-Exemptions

PROPOSED AMENDMENT

12 CSR 10-110.990 Tax – Sales on Food. The department is amending sections (2) and (3).

PURPOSE: This amendment clarifies when food is taxed at the reduced rate and provides better examples for the taxpayers.

(2) Basic Application of Rule.

(A) Sales of food subject to the reduced rate include food that qualifies under the Federal Food Stamp Program. This includes

food or food products for home consumption and seeds and plants for use in gardens to produce foods for personal consumption. Alcoholic beverages, tobacco, and hot food items ready for immediate consumption do not qualify for the reduced rate. Food items refrigerated *[or at room temperature]* qualify for the reduced rate, even if the purchaser elects to heat the item on the business' premises. Bakery items, even if still warm from baking, are qualified foods.

(D) Sales of food at places of amusement, entertainment, or recreation are subject to the full sales tax rate. The only food items subject to the reduced food tax rate would be sales of qualifying food items sold through vending machines and qualifying food items sold in general stores located within campgrounds.

(3) Examples.

[(E) A fast food restaurant sells cold salads and cold soft drinks. These cold items represent approximately 10% of total gross receipts. Because the restaurant's total food sales of items prepared for immediate consumption are more than 80% of the total sales, the restaurant should charge the regular tax rate on all its food sales.

(F) A convenience store sells prepared cold sub sandwiches, ice cream and cold drinks. The store also prepares and sells hot dogs and chili. All items are sold "to go." The store should charge the reduced tax rate on the cold items, but should charge the regular tax rate on the hot items.

(G) A company sells pre-packaged ice cream bars made by an unrelated ice cream manufacturer to neighborhood families from trucks. The ice cream truck driver should charge the reduced rate of tax because the seller does not prepare the ice cream bars and are not consumed on the premises of the seller.

(H) An ice cream vendor sells soft cones and pre-packaged ice cream bars made by an unrelated ice cream manufacturer at a football game. The gross receipts from the sales of soft cones are less than 80% of the ice cream vendor's total gross receipts. None of the ice cream qualifies for the reduced rate because it is consumed on the premises.]

(E) A movie theater sells popcorn and other prepared snacks. As the popcorn and snacks are prepared for immediate consumption, the sales of the snacks are subject to the full rate even if consumed outside the theater.

(F) A doughnut store sells doughnuts and other prepared snacks. As the doughnuts and snacks are prepared for immediate consumption, and the restaurant's total food sales of items prepared for immediate consumption are more than eighty percent (80%) of the total sales, the sales of the snacks are subject to the full rate even if consumed outside the store.

(G) An airline provides meals to its travelers on longer flights. The meals are prepared and frozen prior to the flight. The flight attendants heat the food prior to serving. As the food was prepared for immediate consumption, and not for home consumption, the meals are subject to the full rate.

AUTHORITY: section 144.270, RSMo [1994] 2016. Original rule filed June 29, 2000, effective Jan. 30, 2001. Amended: Filed Oct. 9, 2025.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Missouri Department of Revenue, Legislative Office, 301 W. PROPOSED RESCISSION

12 CSR 10-111.061 Exempt Items Used or Consumed in Material Recovery Processing as Defined in Section 144.054, RSMo. This rule explained the elements that had to be met in order to qualify for the machinery, equipment, materials, coal, energy sources and chemical state sales and use tax and local use tax exemption.

TITLE 12 – DEPARTMENT OF REVENUE
Division 10 – Director of Revenue
Chapter 113 – Sales/Use Tax – Use Tax

PROPOSED AMENDMENT

12 CSR 10-113.300 Temporary Storage. The department is adding a court decision to the rule.

PURPOSE: This rule is being amended to provide a court decision that helps explain the rule.

AUTHORITY: section 144.705, RSMo [1994] 2016. Original rule filed June 8, 2000, effective Dec. 30, 2000. Amended: Filed Oct. 9, 2025.

Custom Hardware Engineering & Consulting, Inc. v. Director of Revenue, 358 S.W.3d 54 (Mo. banc 2012). Custom Hardware Engineering, Inc. (CHE) performed computer hardware maintenance and repair on enterprise-class machines, and purchased parts from vendors outside Missouri. These parts were shipped to CHE's Missouri headquarters, where they were tested and certified for use by customers. CHE retained title to the parts until they were utilized by the customer. The Supreme Court of Missouri held that CHE did not qualify for the temporary storage exemption because the testing and certification process went beyond mere temporary storage and constituted a taxable use. The court also held that CHE did not qualify for the resale exemption because the parts were not purchased for a subsequent taxable sale but were instead used to fulfill maintenance contracts. Additionally, the fact that some of CHE's customers were public entities exempt from taxation did not render CHE exempt from use tax. Finally, the court held that the Administrative Hearing Commission had the authority to increase CHE's tax liability beyond the amount initially determined by the director of revenue.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Missouri Department of Revenue, Legislative Office, 301 W. High St., Room 218, Jefferson City, MO 65105-0475. To be considered, comments must be received within thirty (30) days after publication of this notice in the **Missouri Register**. (11) Physical and Mental Restoration.

(C) Payment for Physical or Mental Restoration. All comparable services and benefits that are available from any source to meet, in whole or in part, the cost of a client's physical or mental restoration shall be utilized, unless to utilize these services or benefits would delay the provision of vocational rehabilitation services to any client who is at extreme medical risk as defined in subsection (2)(A). Comparable services and benefits must be considered and applied appropriately, as outlined within section *[17.]*(4) of this rule. Support services are the following:

3. Academic training and vocational training. RSB may pay costs of reasonable and necessary transportation that a client needs in order to participate in academic training or vocational training.

A. (19) Order of Selection. If RSB is unable to provide vocational rehabilitation services to all eligible individuals who apply for services, RSB will implement an order of selection pursuant to 34 CFR 361.36 to ensure that those individuals with the most severe disabilities are provided services.

(E) Eligible individuals will be served under the categories of priority defined in paragraphs *[(20)](19)(E)1-3*. In accordance with these categories, individuals with the most significant disabilities (Priority I) will be selected first for the provision of vocational rehabilitation services. [(20)](21) Review Procedures. Pursuant to 34 CFR 361.57, an applicant for or recipient of services through RSB's vocational rehabilitation program has the right to obtain the review of any determination regarding the furnishing or denial of services. *[The review process may consist of up to three (3) stages in which the procedures] One (1) or more of the options for review set forth in this section can be used, which provide the individual and RSB the opportunity to submit additional evidence and information.*

(A) Administrative Review. An administrative review is an informal process for resolving a request for review without mediation or a due process hearing.

1. The applicant or eligible individual or, as appropriate, the individual's guardian or representative, may request an *[A]* administrative *[R]eview* by submitting a written request to the *[D]eputy [D]irector or designee*.

2. The *[D]eputy [D]irector or designee* will conduct an informal review within thirty (30) days from receipt of the request unless both parties agree to an extension of time.

(B) Due Process Hearing. An applicant or eligible individual may request a due process hearing with or without an administrative review.

1. The applicant or eligible individual must request a due process hearing in writing submitted to the *[D]eputy [D]irector or designee*.

2. The hearing officer shall be selected from a list of qualified impartial hearing officers maintained by Rehabilitation Services for the Blind. Selection of hearing officer is by agreement between *[D]eputy [D]irector or designee* and the applicant or eligible individual or, as appropriate, the individual's guardian or other representative. If the *[D]eputy [D]irector or designee* and the applicant or eligible individual or *[his or her]* that person's guardian or representative cannot

agree on the choice of a hearing officer, RSB shall select at random a hearing officer from the aforementioned list of qualified impartial hearing officers.

3. The fair hearing shall be held within sixty (60) calendar days from the date RSB receives the eligible individual's request for review of a decision, unless informal resolution or a mediation agreement is achieved prior to the sixtieth day or the parties agree to a specific extension of time.

4. The fair hearing shall be held during normal working hours, at the RSB district office where the eligible individual's case record is located.

5. 6. The hearing officer will make a determination based on the facts and applicable law. The hearing officer shall render a decision in writing. The decision must specify the findings of fact, conclusions of law, and decision of the hearing officer. The hearing decision must be based solely on the facts adduced to the hearing officer at the hearing. The written decision will be served on the *[D]deputy [D]director* and the individual or applicant, or *[their]* **that person's representative**.

7. Within twenty (20) calendar days of the date of the hearing officer's written decision, either party may request in writing a review of the written decision by the *[D]director* of Family Support Division^[.] or *[his/her]* **their** designee. The *[D]director* of Family Support Division may not delegate the responsibility for reviewing the written decision of the hearing officer to any Family Support Division staff.

8. The *[D]director* of Family Support Division or designee shall provide the opportunity for submission of additional evidence and information relevant to a final decision concerning the matter under review.

9. The *[D]director* of Family Support Division or designee may overturn or modify the hearing officer's decision, or part of the decision supporting the position of the applicant or eligible individual, if it is determined, based on clear and convincing evidence, that the decision of the impartial hearing officer is clearly erroneous on the basis of being contrary to the federal act and/or regulations, or appropriate state law and/or regulations.

10. The *[D]director* of Family Support Division or designee shall provide an independent, final decision in writing, including the statutory and regulatory findings for the decision, to the applicant or eligible individual or, as appropriate, the individual's representative and to Rehabilitation Services for the Blind within thirty (30) days of the request for the administrative review.

(C) Mediation. Applicants and eligible individuals shall have the right to pursue mediation with respect to disputes involving any determinations that affect the provision of vocational rehabilitation services.

1. Mediation shall be voluntary on the part of the individual and RSB; not be used to deny or delay the rights of an individual to a due process hearing or deny any other rights; and be conducted by a qualified and impartial mediator who is selected from a list of qualified and impartial mediators maintained by RSB.

2. RSB shall bear the reasonable costs of the mediation process.

3. An applicant or eligible individual may request mediation by writing the *[D]deputy [D]director* of RSB and stating the issue(s) to be mediated. If mediation is agreed

upon by both RSB and the applicant or eligible individual, a qualified mediator will then be selected by the individual. The mediator will be informed of the request and will assist parties in selecting a mutually agreeable time and place.

4. An applicant or eligible individual may be represented in the mediation session by an authorized representative or licensed attorney, at the individual's expense.

5. The mediation will be held within sixty (60) days unless both parties agree to an extension. Mediation sessions are held at a time and location mutually agreed upon by both parties.

6. An agreement reached by the parties to the dispute in the mediation process shall be set forth in a written mediation agreement, and provided to the applicant or eligible individual^[.] or, if appropriate, the individual's guardian or representative^[.] and the *[D]deputy [D]director* of RSB within thirty (30) days of completion of the mediation session.

7. Discussions that occur during the mediation process shall be confidential and not used as evidence in any subsequent due process hearing or civil proceeding. Both parties may be required to sign a confidentiality pledge prior to the commencement of such process.

8. Nothing in this section shall be construed to preclude the parties to such a dispute from informally resolving the dispute prior to mediation proceedings. Mediation will not be used to deny or delay an individual's due process hearing.

The provisions of this section will apply for purposes of determining required minimum distributions in accordance with a reasonable and good faith interpretation.

(A) If the participant dies before distributions begin, the participant's entire interest will be distributed, or begin to be distributed, no later than as follows:

1. If the participant's surviving spouse is the participant's sole designated beneficiary, distributions to the surviving spouse will begin by December 31 of the calendar year immediately following the calendar year in which the participant died, or by December 31 of the calendar year in which the participant would have attained age [seventy and one-half (70 1/2)] **seventy-three (73) (effective January 1, 2023, with respect to participants who attain age seventy-two (72) after December 31, 2022, and age seventy-three (73) before January 1, 2033, or such other applicable age described under Code section 401(a)(9)(C) and the Treasury regulations), if later;**

If annuity payments irrevocably commence to the participant before the participant's required beginning date (or to the participant's surviving spouse before the date distributions are required to begin to the surviving spouse under paragraph (5)(A)1.), the date distributions are considered to begin is the date distributions actually commence.

PROPOSED AMENDMENT

16 CSR 50-2.090 Normal Retirement Benefit. The board of directors of the County Employees' Retirement Fund is amending section (4).

PURPOSE: This amendment clarifies a citation within the rule.

(4) LAGERS Participant Defined. Generally, a participant is considered a member of LAGERS with respect to a period of creditable service (including prior service) if he or she has been exempt from making the mandatory two percent (2%) contribution on account of his or her membership in LAGERS; except that, each payroll period ending after December 31, 2002, participants who are members of LAGERS and who are hired or rehired by a county on or after February 25, 2002, are subject to a monthly payroll deduction not to exceed four percent (4%), but not the additional mandatory two percent (2%) contribution that potentially subjects a participant who is not a member of LAGERS to a monthly payroll deduction not

to exceed six percent (6%). Accordingly, the formula set forth in section (3) shall be used to determine a participant's benefit for such period of creditable service. If a participant ceases to qualify for active membership or ceases to be an active member in LAGERS, the formula described in section (2) shall be used to determine the participant's benefit for the creditable service earned during periods when the participant ceased to so qualify or ceased to be an active member in LAGERS. If a participant receives a refund of contributions from LAGERS, pursuant to section 70.690, RSMo, then the formula described in section *[(3)](2)* shall be used to determine the participant's benefit, if the participant makes an additional contribution to the plan. The amount of such additional contribution shall be equal to two percent (2%) of the participant's compensation for the period in which he or she was a LAGERS participant (plus any interest and penalties assessed by the board). The amount may be paid in one lump sum, or by payroll deduction.

PROPOSED AMENDMENT

16 CSR 50-10.050 Distribution of Accounts. The board of directors of the County Employees' Retirement Fund is amending subsection (3)(A), paragraph (5)(A)1., and section (6).

PURPOSE: This amendment updates the reference to a participant's applicable age with respect to the required beginning date or required minimum distributions and clarifies the manner in which the board may correct a mistaken payment to a participant or beneficiary.

(3) Commencement of Distributions and Payment Options.

(A) General Rule. Distribution of a Participant's Account

under the Plan shall be made in the form elected by the Participant, commencing as soon as administratively feasible after the Participant's Separation from Service occurs, unless the Participant elects to defer this payment. A Participant may elect that the distribution of benefits be made at any time following his or her Separation from Service as long as distributions commence no later than sixty (60) days following the date on which the Participant attains age *[seventy and one-half (70 1/2)]* **seventy-three (73)** (effective January 1, 2023, with respect to Participants who attain age seventy-two (72) after December 31, 2022, and age seventy-three (73) before January 1, 2033, or such other applicable age described under Code section 401(a)(9)(C) and the Treasury regulations), or retires, if later.

(5) Compliance with Code Section 401(a)(9). Notwithstanding anything to the contrary contained in the Plan, the entire interest of a Participant will be distributed in accordance with a reasonable and good faith interpretation of Code section 401(a)(9) and the regulations thereunder beginning no later than the participant's required beginning date. The provisions of this section will apply for purposes of determining required minimum distributions in accordance with a reasonable and good faith interpretation. Notwithstanding the other provisions of this section, distributions may be made under a designation made before January 1, 1984, in accordance with section 242(b)(2) of the Tax Equity and Fiscal Responsibility Act (TEFRA) and the provisions of the Plan that relate to section 242(b)(2) of TEFRA.

(A) If the Participant dies before distributions begin, the Participant's entire interest will be distributed, or begin to be distributed, no later than as follows:

1. If the Participant's surviving spouse is the Participant's sole designated beneficiary, then distributions to the surviving spouse will begin by December 31 of the calendar year immediately following the calendar year in which the Participant died, or by December 31 of the calendar year in which the Participant would have attained age *[seventy and one-half (70 1/2)]* **seventy-three (73)** (effective January 1, 2023, with respect to Participants who attain age seventy-two (72) after December 31, 2022, and age seventy-three (73) before January 1, 2033, or such other applicable age described under Code section 401(a)(9)(C) and the Treasury regulations), if later.;

2. If the Participant's surviving spouse is not the Participant's sole designated beneficiary, then distributions to the designated beneficiary will begin by December 31 of the calendar year immediately following the calendar year in which the Participant died.;

3. If there is no designated beneficiary as of September 30 of the year following the year of the Participant's death, the Participant's entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.;

4. If the Participant's surviving spouse is the Participant's sole designated beneficiary and the surviving spouse dies after the Participant but before distributions to the surviving spouse begin, this subsection, other than paragraph (5)(A)1., will apply as if the surviving spouse were the Participant. and

5. For purposes of this subsection, unless paragraph (5)(A)4. applies, distributions are considered to begin on the Participant's required beginning date. If paragraph (5)(A)4. applies, distributions are considered to begin on the date distributions are required to begin to the surviving spouse under paragraph (5)(A)1. To the extent the Plan provides for

distributions in the form of annuities, if distributions under an annuity purchased from an insurance company irrevocably commence to the Participant before the Participant's required beginning date (or to the Participant's surviving spouse before the date distributions are required to begin to the surviving spouse under paragraph (5)(A)1.), the date distributions are considered to begin is the date distributions actually commence.

(6) **Return of Mistaken Payments.** Notwithstanding anything to the contrary, a Participant or Beneficiary is entitled to only those benefits provided by the Plan and promptly shall return any payment, or portion thereof, made by mistake of fact or law. The Board may offset the future benefits of any recipient who refuses to return an erroneous payment, in addition to pursuing any other remedies provided by law. **The Board may correct erroneous payments consistent with applicable law and the correction guidance issued thereunder.**

If distributions commence in the calendar year following the later of the calendar year in which the Participant attains [age seventy and one-half (70 1/2)] the RBD Applicable Age (as defined in paragraph (4)(H)1. above) or the calendar year in which the Severance from Employment occurs, the distribution on the date that distribution commences must be equal to the annual installment payment for the year that the Participant has a Severance from Employment determined under subsection (4)(C) and an amount equal to the annual installment payment for the year after Severance from Employment determined under subsection (4)(C) must also be paid before the end of the

calendar year of commencement. A Participant or Beneficiary who would have been required to receive required minimum distributions hereunder for 2009 but for the enactment of section 401(a)(9)(H) of the Code (2009 RMDs), and who would have satisfied that requirement by receiving distributions that are 1) equal to the 2009 RMDs or 2) one (1) or more payments in a series of substantially equal distributions (that include the 2009 RMDs) made at least annually and expected to last for the life (or life expectancy) of the Participant, the joint lives (or joint life expectancy) of the Participant and the Participant's designated Beneficiary, or for a period of at least ten (10) years, will receive those distributions for 2009 unless the Participant or Beneficiary chooses not to receive such distributions. Participants and Beneficiaries described in this paragraph will be given the opportunity to elect to stop receiving the distributions described in this paragraph. Solely for purposes of applying the direct rollover provisions of the Plan, 2009 RMDs will be treated as eligible rollover distributions;

SUMMARY OF COMMENTS: The Conservation Commission received comments from eight (8) individuals and one (1) staff on the proposed rule.

COMMENT #1: The commission received comments from two (2) individuals who voiced general support for proposed changes to this rule.

RESPONSE: The commission thanks the individuals for their input.

COMMENT #2: The commission received comments from one (1) individual who selected support for proposed changes to this rule; however, specific comments indicated opposition to permit fee increases, and stated increasing fees for nonresident permits will prevent nonresident friends and family from hunting in Missouri.

RESPONSE: The commission thanks the individual for their comments. Feedback is routinely received from Missouri residents who would like to see considerably higher permit prices for nonresident hunters and anglers, while feedback is received from former Missouri residents who wish to continue hunting and fishing with resident family and friends at an affordable price. It is also recognized that nonresident hunters and anglers provide a benefit to the state in a number of ways including their support of local economies when they travel and stay in Missouri to hunt and fish. On a nationwide scale, the hunting and fishing population is declining and limiting hunting and fishing opportunity may undermine efforts to recruit, retain, and reactivate hunters and anglers, critical components in preserving North America's hunting and fishing heritage. While it is difficult to strike a balance between those who want nonresident permit prices increased and those who would like to see them reduced, much effort is made to arrive at a price believed to be fair and agreeable to most stakeholders. The commission is recommending a gradual price increase over 10 years at a Consumer Price Index of 50% for resident permits and 100% for non-resident and commercial permits, including accelerated increases to nonresident deer and turkey hunting permits for 2026 to bring those prices more aligned with surrounding states, creation of a new nonresident migratory bird permit at a proposed price of \$60, and creation of a new nonresident trout permit at a proposed price of \$24. No changes have been made to the rule as a result of this comment.

COMMENT #3: The commission received comments from one (1) individual who voiced support for proposed changes to this rule, and who also indicated support for raising nonresident permit prices by a larger margin, comparable to what a Missouri resident would need to pay to hunt or fish out of state.

RESPONSE: The commission thanks the individual for their input. Feedback is routinely received from Missouri residents who would like to see considerably higher permit prices for nonresident hunters and anglers, while feedback is received from former Missouri residents who wish to continue hunting and fishing with resident family and friends at an affordable price. No changes have been made to the rule as a result of this comment.

COMMENT #4: The commission received comments from one (1) individual stated they opposed price increases to resident permits, and support price increases for nonresident permits.

Feedback is routinely received from Missouri residents who would like to see considerably higher permit prices for nonresident hunters and anglers, while feedback is received from former Missouri residents who wish to continue hunting and fishing with resident family and friends at an affordable price. RESPONSE: The commission thanks the individuals for their input. No changes have been made to the rule as a result of this comment.

COMMENT #6: The commission received comments from one (1) individual who selected opposition to proposed changes to this rule; however, specific comments were in support of proposed changes to 3 CSR 10-7.410 Hunting Methods and will be addressed with others received in the order of rulemaking for that rule.

RESPONSE: The commission thanks the individual for their input. No changes have been made to the rule as a result of this comment.

COMMENT #7: The commission received comments from one (1) staff who recommend reducing the cost of the Nonresident Trout Permit in response to public feedback received under 3 CSR 10-5.429 Nonresident Trout Permit.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees with adjusting the cost of the Nonresident Trout Permit from \$40 to \$24 in response to public feedback.

3 CSR 10-5.950 Hunting, Fishing, and Trapping Permit Pricing: Permit Fees; Permit Replacement Cost

(1) Fees and costs for permits and other privileges found in this chapter are below. If the fees or costs in this rule conflict with any fee or cost elsewhere in this chapter, the fees and costs in this rule shall control.

(R) Nonresident Trout Permit (3 CSR 10-5.429). Fee: twenty-four dollars (\$24).

REVISED PRIVATE COST: The estimated cost to private entities specific to the Nonresident Trout Permit will be reduced from eight hundred thirty-six thousand two hundred twenty dollars (\$836,220) to three hundred fifty-eight thousand three hundred eighty dollars (\$358,380), thereby reducing the total estimated private cost from \$42,463,323.50 to \$41,985,483.50

| Rule Number and Name: | 3 CSR 10-5.950 Hunting, Fishing, and Trapping Permit Pricing: Permit Fees; Permit Replacement Cost |
| Type of Rulemaking: | Proposed Rule |

II. SUMMARY OF FISCAL IMPACT

| | | |
|---|--|---|
| Estimate of the number of entities by class which would likely be affected by the adoption of the rule: | Classification by types of business entities which would likely be affected: | Estimated in the aggregate as to the cost of compliance with the rule by the affected entities: |
| 1,355,192 individuals | Individuals obtaining a hunting, fishing, trapping, or other permit. | \$6,337,522.50 in new costs plus \$35,647,961 in existing costs for a total of \$41,985,483.50 in the aggregate |

This proposed rule is designed to streamline all fees and costs from Chapter 5 of the *Wildlife Code of Missouri* by moving them into a single rule location. Previously, permit fees and costs were listed under each individual permit rule. With the creation of this new pricing rule, a calculation of aggregate costs for each permit type moved to this rule is required; however, these costs are not new costs as they previously existed under each individual permit rule. New costs are proposed increases to permit fees.

IV. ASSUMPTIONS

Sales estimates are based on an average of permit year 1999 to 2022 sales reduced by 5%.

The commission based its proposed permit price increases on information from the Federal Bureau of Labor Statistics' Consumer Price Index (CPI) related to cost-of-living increases from July 2015 to June 2024. CPI is a commonly used measurement of the average changes over time in prices paid by consumers for consumer goods and services. The commission is recommending a gradual price increase over 10 years at a CPI of 50% for resident permits and 100% for non-resident and commercial permits. Additionally, the commission is recommending an accelerated price increase for nonresident deer and nonresident turkey hunting permits to bring these permit prices more in alignment with other states. Additionally, feedback received during a public input process reflected a desire by residents to increase deer and turkey permit prices for nonresident hunters.

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-7.410 Hunting Methods is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 1, 2025 (50 MoReg 919). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective **January 1, 2026**.

SUMMARY OF COMMENTS: The Conservation Commission received twelve (12) comments from seven hundred eight (708) individuals and five (5) organizations on the proposed amendment.

COMMENT #1: The commission received four hundred fifty (450) comments in general support of proposed changes to this rule.

RESPONSE: The commission thanks the individuals and organizations for their input.

COMMENT #2: The commission received ninety-five (95) comments in support of proposed changes to this rule, and the specific comments indicated changes would improve wildlife damage control.

RESPONSE: The commission thanks the individuals and organizations for their input.

COMMENT #3: The commission received sixty-two (62) comments in support of proposed changes to this rule, and the specific comments indicated a desire to include raccoons and/or other furbearers.

RESPONSE: The commission thanks the individuals and organizations for their input. The proposed expansion of the time of year for which artificial light, night vision, infrared and thermal imagery may be used for hunting coyotes was extended to allow additional tools to respond to human-wildlife conflicts with coyotes and to provide additional opportunity to use these tools for coyote hunting. Artificial light is already allowed to spot, locate, attempt to take, and hunt raccoons and other furbearers when treed with the aid of a dog. Additionally, harvest opportunities for raccoons have expanded in recent years through increased trapping seasons. The commission thanks the individuals for their input. No changes have been made as a result of these comments.

COMMENT #4: The commission received twenty (20) comments in support of proposed changes to this rule, and the specific comments indicated a preference for extended/alternative dates.

RESPONSE: The proposed date ranges for which artificial light, night vision, infrared, and thermal imagery would be allowable tools for coyote hunting were selected to balance increasing opportunity while also addressing concerns for illegal take of other species such as deer. The commission

thanks the individuals and organizations for their input. No changes have been made as a result of these comments.

COMMENT #5: The commission received forty-seven (47) comments in general opposition to proposed changes to this rule.

RESPONSE: The commission thanks the individuals and organizations for their input.

COMMENT #6: The commission received eighteen (18) comments in opposition to proposed changes to this rule, and the specific comments indicated the changes could create dangerous hunting situations with hunters unable to see beyond their target and/or misidentifying their target.

RESPONSE: The commission thanks the individuals and organizations for their input. Hunters are allowed to pursue and take coyotes during nighttime hours under the current regulations utilizing the available ambient light. It is the responsibility of hunters, day or night, to know their targets and what lies beyond. No changes have been made as a result of these comments.

COMMENT #7: The commission received eight (8) comments in opposition to proposed changes to this rule, and the specific comments indicated concerns of harvesting coyotes with dependent young.

RESPONSE: The coyote hunting season currently is open year-round with some limitations. The proposal only expands opportunity to use additional tools during the existing hunting season. The commission thanks the individuals and organizations for their input. No changes have been made as a result of these comments.

COMMENT #8: The commission received twenty-three (23) comments in opposition to proposed changes to this rule, and the specific comments indicated concerns that expansion of artificial light, night vision, and thermal imagery methods for coyote will have detrimental effects and reduce the coyote population too much.

RESPONSE: Based on population indices for coyotes, the coyote population has grown in Missouri over the last several decades and is not at risk of overharvest. The commission thanks the individuals and organizations for their input. No changes have been made as a result of these comments.

COMMENT #9: The commission received twenty-five (25) comments in opposition to proposed changes to this rule, and the specific comments indicated concerns that expansion of artificial light, night vision, and thermal imagery methods for coyote could lead to increased poaching of other animals, particularly deer.

RESPONSE: The commission thanks the individuals and organizations for their input. Based on annual illegal nighttime incidents documented by the department, very few incidents have occurred between January and October in relation to people illegally using night vision, thermal imaging, or artificial lights. With limited exceptions, it is already unlawful to pursue and take other species of wildlife with the aid of night vision, thermal imaging, or artificial light. Additionally, the proposed changes have not impacted the existing regulatory safeguards of 3 CSR 10-7.410 designed to protect other wildlife from being illegally taken by these methods. Therefore, the expanded dates to use night vision, thermal imaging, and artificial light to hunt coyotes is not expected to cause increased poaching of other animals or deer. No changes have been made as a result of these comments.

COMMENT #10: The commission received sixteen (16) comments in opposition to proposed changes to this rule, and the specific comments indicated a preference for reduced/alternative dates.

RESPONSE: The proposed date ranges for which artificial light, night vision, infrared, and thermal imagery would be allowable tools for coyote hunting were selected to balance increasing opportunity while also addressing concerns for illegal take of other species such as deer. The commission thanks the individuals and organizations for their input. No changes have been made as a result of these comments.

COMMENT #11: The commission received three (3) comments in opposition to proposed changes to this rule; however, specific comments were related to proposed changes to 3 CSR 10-8.510 Use of Traps and will be addressed with others received in the order of rulemaking for that rule.

RESPONSE: The commission thanks the individuals for their input.

COMMENT #12: The commission received one (1) comment in support of proposed changes to this rule; however, specific comments were not related to the proposal to increase the number of days that allow the use of artificial light, night vision, and thermal imagery equipment when harvesting coyotes.

RESPONSE: The commission thanks the individual for their input.
