The last date for submission of public comments is indicated on each Notice of Proposed Rule Making. Unless a different date is specified by statute, the proposing agency must accept comments for at least: 60 days after the date of *Register* publication of a Notice of Proposed Rule Making or combined Notice of Emergency Adoption and Proposed Rule Making; and 45 days after publication of a Notice of Revised Rule Making or combined Notice of Emergency Adoption and Revised Rule Making. When a public hearing on a proposed rule is statutorily required: the hearing may not be held until at least 60 days after the publication date of the notice; and comments must be accepted for at least 5 days after the last required hearing. When a public comment period for a proposed rule is scheduled to end on a Saturday, Sunday or public holiday, comments are accepted through the next succeeding business day.

***For notices published in this issue:***

## Be a part of the rule making process!

Public comment on proposed rules is encouraged and may be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address is printed in the rule making notice. No special form is required; a handwritten letter will do. Individuals who access the online *Register* ([dos.ny.gov/state-register](http://dos.ny.gov/state-register)) may send public comment via electronic mail to e-mail addresses that may be provided in Notices of Proposed Rule Making. This includes Proposed, Emergency/Proposed, Revised Proposed and Emergency/Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The State Administrative Procedure Act provides for a minimum 60-day public comment period after publication in the *Register* for Notices of Proposed Rule Making, and a 45-day public comment period for Notices of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date of the public comment period.

When a public comment period would end on a Saturday or Sunday, the agency accepts public comment through the following Monday; when the comment period ends on a public holiday, public comment will be accepted through the next succeeding business day. Agencies cannot adopt a proposed rule until the day after the conclusion of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

# RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

AAM -the abbreviation to identify the adopting agency  
01 -the *State Register* issue number  
96 -the year  
00001 -the Department of State number, assigned upon receipt of notice.  
E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

### PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

#### Deer Hunting Seasons, Deer Hunting Tags, and Archery Equipment

**I.D. No.** ENV-11-26-00004-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

**Proposed Action:** Amendment of sections 1.11, 1.18, 1.19, 1.20, 1.21 and 180.8 of Title 6 NYCRR.

**Statutory authority:** Environmental Conservation Law, sections 3-0301, 11-0303 and 11-0903

**Subject:** Deer hunting seasons, deer hunting tags, and archery equipment.

**Purpose:** To increase antlerless deer harvest and improve the Department's ability to manage abundant deer populations.

**Substance of proposed rule (Full text is posted at the following State website: <https://dec.ny.gov/regulatory/regulations/proposed-emergency-recently-adopted-regulations/fish-wildlife-revisions>):** The primary purpose of this rulemaking is to modify deer hunting seasons and the issuance and use of deer hunting tags to increase antlerless deer harvest and improve the Department's ability to manage abundant deer populations. A secondary purpose is to update the definition of archery equipment. Specifically, this rulemaking would modify the Deer Management Permit (DMP) issuance and consignment process to enhance availability and access to antlerless deer tags, expand the nine-day firearm season for antlerless deer in September to additional Wildlife Management Units (WMUs) where deer population objectives currently aren't being met, adjust the deer hunting tag structure to establish an Earn-a-2nd-Buck tag system, and clarify the description of barbed broadheads. The Department has reviewed 6 NYCRR Part 1.11, 1.18, 1.19, 1.20, 1.21, and 180.8 and identified where revisions are necessary to accommodate these regulatory changes. A summary of each proposed change is provided below.

Modify the DMP issuance and consignment processes to enhance availability and access to antlerless deer tags (Amendments to 6 NYCRR 1.19 and 1.20):

- Currently, WMUs 1C, 3s, 4J, and 8C have no DMP quota (i.e., unlimited DMP availability). Under this rulemaking, an additional 19 WMUs (3M, 3P, 3R, 6P, 7F, 7H, 7J, 7R, 8A, 8F, 8G, 8H, 8J, 8N, 8R, 8S, 9A, 9F, and 9G) would be designated as having no DMP quota. DMP issuance in the remaining 67 WMUs open to deer hunting would continue through the current DMP quota setting and instant lottery process. Upon purchase of DMPs, hunters would be able to apply for up to two DMPs in Quota WMUs and two DMPs in No-Quota WMUs. Hunters who harvest and report an antlerless deer using a DMP in any of the No Quota WMUs would be eligible to have the DMP automatically replaced, allowing them to continue harvesting antlerless deer ad libitum in that WMU. The proposed amendments to 6 NYCRR 1.19 and 1.20 reflect these changes:

- Current regulations limit hunters to receive no more than two DMPs through consignment from other hunters. Under this rulemaking, hunters would be able to have an unlimited number of DMPs consigned to them from other hunters. The proposed amendments to 6 NYCRR 1.21 reflect this change.

Expand the nine-day firearm season for antlerless deer in September to all WMUs with no DMP quota (Amendments to 6 NYCRR 1.11(d):

- Currently, WMUs 1C, 3M, 3R, 3S, 4J, 8A, 8C, 8F, 8G, 8J, 8N, 9A, and 9F have a nine-day firearm season for antlerless deer in mid-September. Under this rulemaking, an additional 10 WMUs (3P, 6P, 7F, 7H, 7J, 7R, 8H, 8R, 8S, and 9G) would be enrolled in this September firearm season for antlerless deer. With this change, all WMUs with no DMP quota (refer to the previous section) would also have a firearm season for antlerless deer in September, thereby expanding opportunity for hunters to hunt and harvest antlerless deer in WMUs where it is most needed to meet deer population objectives. The proposed amendments to 6 NYCRR 1.11(d) reflect this change.

Adjust deer hunting tag structure to establish an Earn-a-2nd-buck tag system (Amendments to 6 NYCRR 1.11[b] and 1.18):

- Currently, hunters receive a Regular Season Deer Tag (antlered deer only) upon purchase of their hunting license and an Either-Sex Deer Tag upon purchase of their bowhunting or muzzleloading privilege. Under this rulemaking, establishment of an Earn-a-2nd-Buck system would require hunters to harvest and report an antlerless deer to be eligible to receive a tag to harvest a second antlered deer. To accommodate an Earn-a-2nd-Buck system, the Department intends to convert the current Regular Season Deer Tag to an "Antlered Deer Tag" which could be used during all deer seasons with appropriate license privileges. All hunters would receive this first Antlered Deer Tag upon hunting license purchase. Additionally, the Department intends to convert the Bow/Muzz Season Either-Sex Deer Tag to a Bow/Muzz Season Antlerless Deer Tag. Thus, hunters who purchase both bow and muzzleloader privileges would receive two Bow/Muzz Antlerless Deer Tags. Hunters who harvest and report an antlerless deer on an antlerless deer tag (i.e., Bow/Muzz Season Antlerless Deer Tag, DMP, or Deer Management Assistance Program tag) would receive a second Antlered Deer Tag which could also be used during all deer seasons with appropriate license privileges. The proposed amendments to 6 NYCRR 1.11(b) and 1.18 reflect these changes.

Update the Definition of Archery Equipment (Amendments to 6 NYCRR 180.8):

- Current regulation defines a barbed broadhead as any arrowhead with a protrusion forming a hook, notch or backward point which impedes withdrawal of an arrow when the arrow is pulled from the flesh of an animal. However, some mechanical broadheads that appear barbed have blades that pivot into a non-barbed position, allowing the arrow to be readily withdrawn from the flesh of an animal. Therefore, under this rulemaking, the Department intends to clarify that mechanical broadheads that may appear barbed but allow their blades to freely swing forward into a non-barbed position without external force beyond gravity shall not be considered barbed. The proposed amendments to 6 NYCRR 180.8 reflect this change.

**Text of proposed rule and any required statements and analyses may be obtained from:** Jeremy Hurst, Department of Environmental Conservation, Bureau of Wildlife, 625 Broadway, Albany, NY 12233, (518) 402-8867, email: jeremy.hurst@dec.ny.gov

**Data, views or arguments may be submitted to:** Same as above.

**Public comment will be received until:** 60 days after publication of this notice.

**Additional matter required by statute:** Pursuant to Article 8 of the Environmental Conservation Law and the State Environmental Quality Review Act, a programmatic Generic Environmental Impact Statement is on file with the Department.

#### **Regulatory Impact Statement**

##### **1. Statutory authority:**

The Commissioner of the Department of Environmental Conservation (Department), pursuant to Environmental Conservation Law (ECL) section 3-0301, has authority to promote the management of the wildlife resources of New York State. Section 11-0303 of the ECL directs the Department to develop and carry out programs that maintain desirable species in ecological balance, and to observe sound management practices. Section 11-0903 of the ECL provides the Department with the authority to adopt regulations with respect to the manner of taking, possession, open seasons and bag limits for deer.

##### **2. Legislative objectives:**

The legislative objective behind the statutory provisions listed above is to establish, or authorize the Department to establish by regulation, certain basic wildlife management tools, including methods of take and possession. These tools are used by the Department to maintain desirable wildlife species in ecological balance, while observing sound management practices and doing so in a manner compatible with public safety.

##### **3. Needs and benefits:**

This rulemaking is necessary to modify deer hunting seasons and the issuance and use of deer hunting tags to increase antlerless deer harvest and improve the Department's ability to manage abundant deer populations. This rulemaking also clarifies the description of barbed broadheads.

The Department's primary mechanism to manage deer populations at

the landscape scale is through annual adjustments in Deer Management Permits (DMPs), lottery-based tags for hunters to harvest antlerless deer, and modifications to hunting seasons. However, in some wildlife management units (WMUs) the number of DMPs necessary to curb deer population growth exceeds hunter demand for the tags, negating the need for a DMP quota or lottery. Additionally, only about 13% of licensed hunters take 1 or more antlerless deer and less than 3% of hunters take 2 or more antlerless deer. Thus, there is great potential to increase antlerless harvest by increasing the proportion of hunters who are successful taking 1 or more antlerless deer.

To identify optimal alternatives to increase harvest of antlerless deer, the Department conducted a structured decision-making process. The decision process sought to maximize the Department's ability to achieve deer population management objectives, hunter satisfaction, and hunter compliance with deer hunting regulations, while minimizing cost and the risk of conflict resulting from management changes. The Department held focus group discussions with and conducted a statewide survey of active deer hunters to clarify factors that influence their willingness and ability to harvest antlerless deer and to assess their perceptions of several potential deer hunting regulation changes. The Department then gathered input from deer managers in New York and across the northeast to predict the relative impact of several potential regulatory and non-regulatory alternatives to increase harvest of antlerless deer.

Among the suite of potential regulatory alternatives evaluated, the highest scoring alternatives were to make DMP availability unlimited in select WMUs and to allow unlimited consignment of DMPs between hunters. Thus, this rulemaking proposes to create a secondary pathway for unlimited DMP issuance in WMUs that do not need a DMP quota because supply exceeds demand. In these units without a quota, all applicants would receive a DMP, and that DMP could be replaced after harvest and report of an antlerless deer. This rulemaking also proposes to expand DMP consignment between hunters from the current limit of two tags per hunter to unlimited consignment. Making DMP availability unlimited in additional WMUs and allowing unlimited DMP consignment between hunters will allow more hunters to continue harvesting antlerless deer throughout the entire deer hunting season.

This rulemaking also proposes expanding the existing firearm season for antlerless deer in September to include all WMUs that do not require a DMP quota. This will allow hunters to harvest antlerless deer early in the season when adult does may be readily distinguished from fawns and when hunters are not distracted by the opportunity to take antlered deer.

Additionally, this rulemaking proposes to establish an Earn-a-2nd-Buck tag system. In this system, hunters would receive one antlered deer tag with the purchase of their hunting license, and that tag could be used during any season. Hunters would become eligible to receive a second antlered deer tag upon harvesting and reporting an antlerless deer. Based on the Department's survey of active deer hunters and when implemented simultaneous to the previously described changes to the DMP issuance process and expanded firearm seasons for antlerless deer in September, the Earn-a-2nd-Buck tag system is expected to increase hunter satisfaction and effort toward harvesting antlerless deer. Establishing an Earn-a-2nd-Buck tag system requires modification to the tag structure, including reclassifying the Regular Season Tag as an Antlered Deer Tag valid during any season and restructuring the Bow/Muzz tags to be antlerless-only.

Finally, this rulemaking proposes to clarify how mechanical broadheads with moving blades may be deemed non-barbed to comply with the statutory prohibition on use of barbed broadheads for big game hunting. Under current regulations, broadheads with blades that appear barbed, but which freely swing forward to a non-barbed position upon withdrawal of the arrow are not considered barbed. The rulemaking proposes to clarify that "freely swing" infers no external force beyond gravity.

##### **4. Costs:**

The costs associated with adopting the proposed regulation entail normal administrative costs associated with implementing and enforcing hunting regulations and providing related outreach to inform licensed hunters of these changes. These costs are minimal and entail such things as production of press releases and updates to the Department's website and annual hunting and trapping regulations guide. There are no other costs to the State, local governments, or any regulated entity.

##### **5. Local government mandates:**

The proposed rule does not impose any mandates on local governments.

##### **6. Paperwork:**

The proposed rule does not create a need for additional paperwork.

##### **7. Duplication:**

The proposed amendment does not duplicate any State or Federal requirement.

##### **8. Alternatives:**

No change in antlerless deer harvest strategies. Existing hunting seasons and tag structures are inadequate to achieve deer management objectives in a growing number of WMUs. Remaining with a status quo approach to

deer management will perpetuate negative deer-related societal, economic, and ecological impacts such as crop damage, deer-vehicle collisions, reduced forest regeneration and carbon sequestration, etc.

Modify DMP issuance and consignment and expand firearms seasons for antlerless deer in September, but do not implement the Earn-a-2nd-Buck tag strategy. Moving forward incrementally or with a partial change to antlerless deer harvest regulations will not capitalize on the synergistic effects of advancing the proposed alternatives simultaneously. Because relatively few hunters take more than one deer per year and DMPs are already readily available in areas where deer are abundant, the greatest increase in antlerless deer harvest will occur by creating incentives for hunters to harvest antlerless deer. The Earn-a-2nd-Buck tag system creates the incentive for hunters to harvest at least one antlerless deer while the other proposed regulation changes reduce barriers and increase opportunities for hunters to harvest more than one antlerless deer.

Establish a firearm season for antlerless deer in January under an experimental context in select WMUs. The Department's hunter survey and decision process evaluated a potential January season for antlerless deer. From the hunter survey, hunters reported that a January season would have increased their satisfaction and effort to harvest antlerless deer. Indeed, the Department's decision process, when only considering hunter values and anticipated deer management benefit, identified the January season as a high-scoring alternative. However, several nonhunting groups have expressed concern over potential impacts to their activities due to additional deer hunting in January. For example, snowmobilers are concerned that landowners may keep snowmobile trails closed until after deer season, thus limiting snowmobiling opportunity. As a practical compromise, this rulemaking proposes expanding the existing firearm season for antlerless deer in September as previously described. Should the additional hunting in September not be adequate, a January season for antlerless deer may need to be revisited. The Department could propose a January season for antlerless deer as a pilot program for 3 to 5 years, providing time to understand potential impacts on other stakeholders and requiring additional rulemaking to continue or expand the strategy.

9. Federal standards:

There are no Federal standards for the same or similar subject matter.

10. Compliance schedule:

The proposal would become effective upon publication of the Notice of Adoption in the State Register. The regulated community will be required to comply upon adoption of these regulations.

#### **Regulatory Flexibility Analysis**

This rulemaking would amend the Department of Environmental Conservation's (Department) regulations found in 6 NYCRR Sections 1.11, 1.18, 1.19, 1.20, 1.21, and 180.8 pertaining to deer hunting seasons, deer hunting tags, and archery equipment. This rulemaking will modify the Deer Management Permit (DMP) issuance process to enhance availability and access to antlerless deer tags, increase the number of Wildlife Management Units included in the September Antlerless Deer Season, modify deer tags to establish an Earn-a-2nd Buck tag system, and clarify when mechanical broadheads are considered non-barbed.

The changes will not affect small business or local governments. Thus, the Department has determined that a Regulatory Flexibility Analysis for Small Businesses and Local Governments is not needed.

#### **Rural Area Flexibility Analysis**

This rulemaking would amend the Department of Environmental Conservation's (Department) regulations found in 6 NYCRR Sections 1.11, 1.18, 1.19, 1.20, 1.21, and 180.8 pertaining to deer hunting seasons, deer hunting tags, and archery equipment. This rulemaking will modify the Deer Management Permit (DMP) issuance process to enhance availability and access to antlerless deer tags, increase the number of Wildlife Management Units included in the September Antlerless Deer Season, modify deer tags to establish an Earn-a-2nd Buck tag system, and clarify when mechanical broadheads are considered non-barbed.

Based on the Department's experience in promulgating hunting-related regulations, and based on the professional judgment of Department staff, the Department has determined that this rule making will have no adverse impact on rural areas.

#### **Job Impact Statement**

This rulemaking would amend the Department of Environmental Conservation's (Department) regulations found in 6 NYCRR Sections 1.11, 1.18, 1.19, 1.20, 1.21, and 180.8 pertaining to deer hunting seasons, deer hunting tags, and archery equipment. This rulemaking will modify the Deer Management Permit (DMP) issuance process to enhance availability and access to antlerless deer tags, increase the number of Wildlife Management Units included in the September Antlerless Deer Season, modify deer tags to establish an Earn-a-2nd Buck tag system, and clarify when mechanical broadheads are considered non-barbed.

Based on the Department's experience in promulgating hunting-related regulations, and based on the professional judgment of Department staff,

the Department has determined that this rule making will have no negative impact on jobs and employment opportunities. Therefore, the Department has determined that a Job Impact Statement is not required.

## Department of Health

### PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

#### **Radiology Services**

**I.D. No.** HLT-11-26-00001-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

**Proposed Action:** Amendment of section 505.17 of Title 18 NYCRR.

**Statutory authority:** Social Services Law, sections 363-a, 365-a(2)(i); Public Health Law, section 201(1)(v)

**Subject:** Radiology Services.

**Purpose:** To define portable radiology as a type of mobile radiology.

**Text of proposed rule:** Pursuant to the authority vested in the Commissioner of Health by section 363-a of the Social Services Law and section 201(1)(v) of the Public Health Law, section 505.17 of Title 18 (Social Services) of the Official Compilation of Codes, Rules and Regulations of the State of New York is amended, to be effective upon publication of a Notice of Adoption in the New York State Register (unless otherwise specified), to read as follows:

505.17 Radiology services.

(a) Scope. This section describes the department's policies governing the provision of and payment for radiology services under the Medical Assistance (MA) program.

(b) Purpose. The MA program will pay for medically necessary radiology services provided by qualified practitioners as described in this section and in the settings authorized by this section.

(c) Definitions.

(1) Dentist means a dentist who is qualified in accordance with Part 506 of this Title.

(2) Physician non-specialist means a physician who is qualified in accordance with section 505.2 of this Part.

(3) Physician specialist means a physician, other than a radiologist, who is qualified as a specialist in accordance with section 505.2 of this Part.

(4) Podiatrist means a podiatrist who is qualified in accordance with section 505.12 of this Part.

(5) Qualified practitioner means a radiologist, physician specialist, physician non-specialist, dentist or podiatrist as defined in this section.

(6) Radiologist means a physician who is qualified as a specialist in radiology in accordance with section 505.2 of this Part.

(7) Radiology services means the provision of the following services to MA recipients:

(i) interventional radiology;

(ii) screening and diagnostic radiology, including *x-ray*, ultrasound and nuclear medicine; or

(iii) radiation oncology.

(8) Mobile setting means those radiology services provided by a qualified practitioner which are not performed in the practitioner's office and includes those services which use portable equipment for the provision of radiology services.

(i) *Portable x-ray means screening and diagnostic radiology, transportation, and set up provided by an MA-enrolled portable x-ray provider under the general supervision of a physician, delivered to patients in long-term care settings or community-based settings, including the home or dwelling of a patient that is home-bound.*

(ii) *Portable x-ray procedures are limited to:*

(a) *skeletal films involving the extremities, pelvis, vertebral column, or skull; and*

(b) *chest or abdominal films that do not involve the use of contrast media.*

(9) *General supervision means the procedure is furnished under the physician's overall direction and control, but the physician's presence is not required during the performance of the procedure. Under general supervision, the training of the nonphysician personnel who actually perform the diagnostic procedure and the maintenance of the necessary equipment and supplies are the continuing responsibility of the physician.*

(d) Who can provide radiology services. Radiology services can be provided only by the following qualified practitioners, and with the following limitations:

- (1) a radiologist;
- (2) a physician specialist may provide radiology services related and limited to the physician's area of specialty;
- (3) a physician non-specialist may provide radiology services as medically necessary, but such services must be limited to routine diagnostic chest x-rays and/or diagnostic x-rays for acute injuries; [and]
- (4) dentists and podiatrists may provide radiology services related and limited to their scope of practice; and[.]

(5) *portable x-ray providers working under the general supervision of a qualified practitioner. Portable x-ray providers must be qualified technologists meeting standards and requirements established under 42 CFR § 486.104(a). The regulations at 42 CFR part 486.104 are contained in volume 42 of the Code of Federal Regulations, Public Health, at part 486 (42 CFR part 486.104), 2023 edition. 42 CFR part 486 is published by the Office of the Federal Register National Archives and Records Administration. Copies may be obtained from the Superintendent of Documents, U.S. Government Printing Office Washington, DC 20402. 42 CFR part 486 is available for public inspection and copying at the Records Access Office, New York State Department of Health, Corning Tower Building, Empire State Plaza, Albany, NY 12237.*

(e) Where radiology services can be provided. Qualified practitioners, as defined in this section, may provide radiology services in their offices, in mobile settings, in community-based settings or in facilities certified under Article 28 of the Public Health Law. In each such instance the requirements of subdivisions (f) of this section must be met.

(f) Limitations on payment for radiology services.

(1) In order to be paid for both the professional and the technical and administrative components of the radiology service or solely for the technical and administrative component, as defined in section 533.6(b) of this Title, qualified practitioners who provide radiology services in their offices must:

(i) own or directly lease the equipment and must supervise and control the radiology technicians who perform the radiology procedures; or

(ii) be the employees of physicians who own or directly lease the equipment and must supervise and control the radiology technicians who perform the radiology procedures.

(2) In order to be paid for both the professional and the technical and administrative components of the radiology services or solely for the technical and administrative component, as defined in section 533.6(b) of this Title, [qualified practitioners who provide radiology services in mobile settings must:] *mobile radiology services must be provided under the general supervision of a qualified physician who either:*

[i] own or directly lease the equipment and must employ the radiology technicians who perform the radiology procedures; or]

(i) *owns the equipment, and it is operated only by their employees;*

or

[ii] be the employees of physicians who own or directly lease the equipment and such physicians must employ the radiology technicians who perform the radiology procedures.]

(ii) *certifies annually that they periodically check the procedural manuals and observe the operators' performance, that they have verified that equipment and personnel meet applicable Federal, State, and local licensure and registration requirements, and that safe operating procedures are used.*

(3) A qualified practitioner who provides radiology services in a facility certified under Article 28 of the Public Health Law which owns or leases the equipment will be paid only the professional component of the radiology services as defined in section 533.6 of this Title. No payment will be made to a qualified practitioner solely for the technical and administrative component of radiology services provided in such a facility.

(4) If a qualified practitioner in private practice sends a film to a radiologist for professional review, the practitioner must comply with paragraph (1) or (2) of this subdivision and payment will be made solely for the technical and administrative component as defined in section 533.6 of this Title. The radiologist performing the read will be reimbursed solely for the professional component as defined in section 533.6 of this Title.

(g) Leasing of radiology equipment. Payments for leasing radiology equipment must be based on the reasonable costs of furnishing and maintaining the equipment leased, must not be based on a percentage of fees billed or received for radiology services, and must be in compliance with [f]Federal and State law and regulations pertaining to kickbacks and other illegal payment or repayment arrangements.

#### **Regulatory Impact Statement**

Statutory Authority:

Social Services Law ("SSL") section 363-a and Public Health Law ("PHL") section 201(1)(v) provide that the New York State Department of Health (Department) is the single State agency responsible for supervising the administration of the State's medical assistance ("Medicaid") program and for adopting such regulations, not inconsistent with law, as may be necessary to implement the State's Medicaid program. The State's Medicaid program includes x-ray services authorized by SSL § 365-a(2)(i). The Department may promulgate regulations necessary to carry out the program's objectives, which includes the provision of radiology services pursuant to 18 NYCRR § 505.17. The proposed amendment to the regulation of reimbursement for radiology services under the Medicaid program is within the Department's statutory rulemaking authority as it sets forth a required framework to ensure the best use of care, services, and supplies.

Legislative Objectives:

This rule is being proposed pursuant to this authority to establish standards and regulations governing the provision of radiology services, including the provision of defining and expanding portable radiology services.

Needs and Benefits:

This rule establishes portable radiology as a type of mobile radiology. The proposed amendment would define portable radiology and authorize mobile radiology providers, including portable radiology, to operate without being employed by a qualifying physician as long as a qualifying physician certifies annually to the radiology provider's operation soundness and safety. This amendment is needed to establish the requirements for Medicaid reimbursement of portable radiology services.

Portable radiology was first established as a legislative demonstration program to assess the cost-effectiveness of Medicaid coverage of the technical component of portable x-ray services in residential health care facilities and intermediate care facilities for the developmentally disabled, limited to Medicaid enrollees who were not in receipt of Medicare Part B benefits. The demonstration program allowed Medicaid-enrolled portable radiology providers to be reimbursed for imaging as well as transportation and set-up fees when providing radiology services to Medicaid-enrolled members in those two settings. The program began in 1997<sup>1</sup>, and was subsequently extended through various unconsolidated law amendments until its sunset in 2014<sup>2</sup>.

Portable radiology brings the radiology equipment to the setting where the patient is located, saving time, risks, and costs associated with transporting the patient to an imaging site (e.g. Emergency Department). Using portable technology, the provider takes the image at the patient's location. It is a type of mobile radiology, but is distinct from a mobile unit or trailer that the patient must enter. Instead, the radiology equipment is brought into the patient's long term care setting or residential setting, including a private home, to capture the image. Portable radiology is less costly than facility-based imaging, and an expansion of the program to home-bound individuals saves patients the burden of traveling to a facility while also saving costs related to transport and imaging.

The current regulation does not allow for the mobile radiology provider to operate under the supervision of a qualifying physician by whom they are not employed. The amendment to this regulation will allow portable radiology providers to meet the program requirement by allowing for supervision by a certifying qualified physician without employment. It is not necessary for portable radiology providers to be employed by a physician. Consistent with federal regulations (42 CFR Part 486 Subpart C - Conditions for Coverage: Portable X-Ray Services, as required by 42 CFR § 410.32(c)), portable radiology providers must be either the employee of a supervising physician; or the supervising physician certifies annually that they periodically check the procedural manuals and observes the operator's performance, that they have verified that equipment and personnel meet applicable federal, State, and local licensure and registration requirements and that safe operating procedures are used.

Portable radiology has not specifically been defined in State Medicaid regulation. This amendment adds the service definition and limits the settings in which portable radiology is appropriate. When previously established legislatively, settings were restricted to residential health care facilities and intermediate care facilities for the developmentally disabled. With this amended regulation, portable radiology can be reimbursed under the Medicaid program in long term care settings or residential settings, including for those who are home-bound. Portable radiology is less costly than facility-based imaging due to diverted emergency room and transport-

tation costs, and an expansion of the program to home-bound individuals saves patients the burden of traveling to a facility while also saving costs related to transport and imaging.

**Costs:**

**Costs to the State Government:**

There are no anticipated costs to the State as a result of this regulatory amendment. The savings for the Portable Radiology Program is a total of \$1,751,567 per year (federal savings of \$875,783.50; State savings of \$875,783.50). Newly eligible populations using portable radiology rather than receiving imaging in the Emergency Department (ED) is projected to save approximately \$5.4 million annually. ED visits with imaging are generally more expensive than imaging at home because imaging is priced higher in institutional settings compared to office-based or home settings, and because of ancillary testing often ordered in the ED setting. An additional savings of \$664,000 is projected due to reduced utilization of non-emergency ambulance to the ED. Offsetting new program costs of \$4,338,051 with ED and transportation savings, the annual gross savings are projected at \$1.75M.

**Costs to Local Government:**

This proposed amendment to regulation imposes no costs to State and local governments. This allows for x-rays, when appropriate in a lower cost setting.

**Costs to Private Regulated Parties:**

This proposed amendment to regulation imposes no costs to Private Regulated Parties. This allows for x-rays, when appropriate in a lower cost setting.

**Costs to the Regulatory Agency:**

This proposed amendment to regulation imposes no costs to the Regulatory Agency. This allows for x-rays, when appropriate in a lower cost setting.

**Local Government Mandate:**

This proposed amendment does not impose any new programs, services, duties, or responsibilities on local government.

**Paperwork:**

This proposed amendment does not add additional paperwork requirements. Supervising physicians who must certify on behalf of providers offering portable radiology services already certify for these providers under federal requirements. Any providers participating in NYS Medicaid's portable radiology program must adhere to the requirements in 42 CFR Part 486 Subpart C, so no additional certifications are necessary.

**Duplication:**

This proposed amendment will not conflict with any State or federal rules.

**Alternatives:**

These rules are made to establish the requirements for Medicaid reimbursement of Portable X-Ray Services in compliance with federal requirements. No alternatives were considered.

**Federal Standards:**

§ 1905(a)(3) of the Social Security Act, 42 CFR § 410.32(c), and § 1861(s) of the Social Security Act, and 42 CFR Part 486 Subpart C, authorize and establish the conditions for coverage of Portable X-Ray Services.

**Compliance Schedule:**

It is anticipated that regulated persons would be able to comply with the amended regulation immediately upon publication of the Notice of Proposed Rule Making in the State Register.

<sup>1</sup> § 1-b, Chapter 433, laws of 1997.

<sup>2</sup> Chapter 562, laws of 1998; Chapter 102, laws of 2000; Chapter 123, laws of 2002; Chapter 116, laws of 2003; Chapter 114, laws of 2005; Chapter 120, laws of 2006; Chapter 149, laws of 2008; Chapter 272, laws of 2011.

**Regulatory Flexibility Analysis**

No regulatory flexibility analysis is required pursuant to section 202(b)(3)(a) of the State Administrative Procedure Act. The proposed regulations do not impose an adverse economic impact on small businesses or local governments, and they do not impose reporting, recordkeeping or other compliance requirements on small businesses or local governments.

**Rural Area Flexibility Analysis**

No rural flexibility analysis is required pursuant to section 202-bb(4)(a) of the State Administrative Procedure Act. The proposed regulations do not impose an adverse impact on facilities in rural areas, and they do not impose reporting, recordkeeping or other compliance requirements on facilities in rural areas.

**Job Impact Statement**

A Job Impact Statement is not required pursuant to Section 201-a(2)(a) of the State Administrative Procedure Act. The proposed rule will not have a

substantial adverse impact on jobs or employment opportunities nor does it have adverse implications for job opportunities.

## Office for People with Developmental Disabilities

### EMERGENCY RULE MAKING

#### Clarifying What Facilities OPWDD Can Designate Intermediate Care Facilities for Individuals with Intellectual Disabilities

**I.D. No.** PDD-50-25-00004-E

**Filing No.** 189

**Filing Date:** 2026-02-28

**Effective Date:** 2025-12-01

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

**Action taken:** Amendment of Parts 619, 633, 680 and 681 of Title 14 NYCRR.

**Statutory authority:** Mental Hygiene Law, sections 13.07, 13.09(b) and 16.00

**Finding of necessity for emergency rule:** Preservation of public health.

**Specific reasons underlying the finding of necessity:** Of the approximately 1.1 million people in New York State that have an intellectual or developmental disability (I/DD), the Office for People With Developmental Disabilities (OPWDD) is responsible for coordinating supports for approximately 130,000 people meeting established criteria. Since the COVID-19 outbreak of 2020, New York State has been in a healthcare staffing crisis. Unfortunately, these new staffing pressures only compounded a staffing crisis that OPWDD had already been experiencing prior to the COVID-19 pandemic and is still addressing the impacts of today. Due in part to this crisis, OPWDD has also been experiencing challenges finding appropriate residential opportunities for the people the agency serves.

OPWDD provides a continuum of human services which includes residential opportunities such as specialty hospitals, which are designed to be the provider of the most intensive care for people with I/DD and health care problems, and Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICFs/IID), which are an optional Medicaid benefit that provide comprehensive and individualized health care and rehabilitation services to individuals to promote their functional status and independence. Both types of facilities provide necessary services to those who reside in them. While both specialty hospitals and ICFs/IID are held to similar standards by New York State, ICFs/IID must also comply with federal regulations, 42 CFR 483. OPWDD believes that if a specialty hospital has the ability to meet the standards for an ICF/IID set forth by the Centers for Medicare & Medicaid Services (CMS), they should have the ability to operate as one so that as many people with I/DD can receive necessary services as possible. Since OPWDD is facing a staffing crisis, which has caused other difficulties in the system, OPWDD believes that this is an opportunity to provide more services to those who need them by allowing a specialty hospital to operate as an ICF/IID if they comply with the requisite CMS standards.

**Subject:** Clarifying what facilities OPWDD can designate Intermediate Care Facilities for Individuals with intellectual disabilities.

**Purpose:** To allow specialty hospitals to be certified as an intermediate care facility for individuals with intellectual disabilities.

**Text of emergency rule:** Paragraphs 619.2(d)(3) and (6) are amended to read as follows:

(3) Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID). An ICF/IID is a residential facility that provides comprehensive care, supervision, habilitation, and treatment for individuals with intellectual and developmental disabilities, that must be operated in compliance with federal ICF/IID regulations in 42 CFR 483 and applicable regulations of this Title. *At OPWDD's discretion, an ICF/IID may also be certified as a specialty hospital pursuant to paragraph (6) of this subdivision and Part 680 of this Title. An ICF/IID also certified as a specialty hospital must meet the requirements of Subpart 635-7, Part 680 and Part 681 of this Title, and any other applicable regulations. Where any applicable regulatory requirements differ, the more stringent stan-*

dards must apply. Notwithstanding any contrary or conflicting requirements contained in regulation or an approved State Plan, a provider of an ICF/IID also certified as a specialty hospital must not:

- (i) bill or receive reimbursement for day program services outside the provider's approved ICF/IID rate;
- (ii) bill or receive payment for any reserved bed days, including, but not limited to, medical leave and therapy days;
- (iii) include any non-billable or vacancy days in the calculation of the occupancy percentage used to adjust the operating component of its ICF/IID rate.

(Note: Certain ICFs/IID are certified by the State Department of Health (DOH); this Part does not apply to those ICFs/IID that are certified by DOH.)

\* \* \*

(6) Specialty hospital. An OPWDD certified Specialty Hospital is a facility that provides residential care and services by or under the direction of a physician to individuals with intellectual or developmental disabilities who require specialized services to address significant health care needs. At OPWDD's discretion, a specialty hospital may also be certified as an ICF/IID pursuant to paragraph (3) of this subdivision and Part 681 of this Title. A specialty hospital also certified as an ICF/IID must meet the requirements of Subpart 635-7, Part 680 and Part 681 of this Title, and any other applicable regulations. Where any applicable regulatory requirements differ, the more stringent standards must apply. Notwithstanding any contrary or conflicting requirements contained in regulation or an approved State Plan, a provider of a specialty hospital also certified as an ICF/IID must not:

- (i) bill or receive reimbursement for day program services outside the provider's approved ICF/IID rate;
- (ii) bill or receive payment for any reserved bed days, including, but not limited to, medical leave and therapy days;
- (iii) include any non-billable or vacancy days in the calculation of the occupancy percentage used to adjust the operating component of its ICF/IID rate.

Subdivision 680.13(bh) is amended to read as follows:

(bh) Specialty hospital. A facility including both program and site for which OPWDD has issued an operating certificate, pursuant to Mental Hygiene Law, article 16, to operate as a specialty hospital, and for which the New York State Department of Health has issued a Medicaid provider agreement. At OPWDD's discretion, a specialty hospital may also be certified as an ICF/IID pursuant to paragraph 619.2(d)(3) and Part 681 of this Title. A specialty hospital also certified as an ICF/IID must meet the requirements of Subpart 635-7, this Part, Part 681 of this Title, and any other applicable regulations. Where any applicable regulatory requirements differ, the more stringent standards must apply. Notwithstanding any contrary or conflicting requirements contained in regulation or an approved State Plan, a provider of a specialty hospital also certified as an ICF/IID must not:

- (1) bill or receive reimbursement for day program services outside the provider's approved ICF/IID rate;
- (2) bill or receive payment for any reserved bed days, including, but not limited to, medical leave and therapy days;
- (3) include any non-billable or vacancy days in the calculation of the occupancy percentage used to adjust the operating component of its ICF/IID rate.

New subdivision 681.1(l) is added to read as follows:

(l) At OPWDD's discretion, intermediate care facilities for individuals with intellectual disabilities (ICF/IID) may also be certified as a specialty hospital pursuant to paragraph 619.2(d)(6) and Part 680 of this Title. An ICF/IID also certified as a specialty hospital must meet the requirements of Subpart 635-7, this Part, Part 680 of this Title, and any other applicable regulations. Where any applicable regulatory requirements differ, the more stringent standards must apply. Notwithstanding any contrary or conflicting requirements contained in regulation or an approved State Plan, a provider of an ICF/IID also certified as a specialty hospital must not:

- (1) bill or receive reimbursement for day program services outside the provider's approved ICF/IID rate;
- (2) bill or receive payment for any reserved bed days, including, but not limited to, medical leave and therapy days;
- (3) include any non-billable or vacancy days in the calculation of the occupancy percentage used to adjust the operating component of its ICF/IID rate.

Paragraph 633.15(e)(2) is amended to read as follows:

(2) For persons residing in ICF/DDs and specialty hospitals, the amount will be determined by using Medicaid Law and the Social Services Law and regulations (18NYCRR). For the purposes of determining

the amount, a specialty hospital certified under Part 680 of this Title, or both Parts 680 and 681 of this Title, is considered a residential health care facility as defined by section 2801 of the Public Health Law.

(i) On a monthly basis the components of personal allowance include but are not limited to:

- (a) for non-working persons, either:
  - (1) the statutory personal allowance as specified in section 366 of the Social Services Law; or
  - (2) the full monthly SSI payments for individuals residing in title XIX (Medicaid) certified facilities;
- (b) for working persons:
  - (1) the first \$65 of gross earnings plus one half the earnings above \$65; and
  - (2) an amount up to the statutory personal allowance from:
    - (i) the balance of earnings; and
    - (ii) all unearned income; and
  - (c) incidental income for all persons, whenever it exists.

**This notice is intended** to serve only as a notice of emergency adoption. This agency intends to adopt the provisions of this emergency rule as a permanent rule, having previously submitted to the Department of State a notice of proposed rule making, I.D. No. PDD-50-25-00004-EP, Issue of December 17, 2025. The emergency rule will expire May 1, 2026.

**Text of rule and any required statements and analyses may be obtained from:** Arianna Macio, Office for People With Developmental Disabilities, 44 Holland Ave., Albany, NY 12208, (518) 474-7700, email: rau.unit@opwdd.ny.gov

**Additional matter required by statute:** Pursuant to the requirements of the State Environmental Quality Review Act, OPWDD, as lead agency, has determined that the action described herein will have no effect on the environment and an E.I.S. is not needed.

#### Regulatory Impact Statement

##### 1. Statutory Authority:

a. The Office for People with Developmental Disabilities (OPWDD) has the statutory responsibility to provide and encourage the provision of appropriate programs, supports, and services in the areas of care, treatment, habilitation, rehabilitation, and other education and training of persons with intellectual and developmental disabilities, as stated in the New York State (NYS) Mental Hygiene Law Section 13.07.

b. OPWDD has the authority to adopt rules and regulations necessary and proper to implement any matter under its jurisdiction as stated in the NYS Mental Hygiene Law Section 13.09(b).

c. OPWDD has the statutory authority to adopt regulations concerned with the operation of programs and the provision of services, as stated in the NYS Mental Hygiene Law Section 16.00.

d. OPWDD has the statutory authority to oversee facilities and providers of services holding operating certificates pursuant to NYS Mental Hygiene Law Section 16.03 as stated in NYS Mental Hygiene Law Section 16.11.

2. Legislative Objectives: The proposed regulations further legislative objectives embodied in Sections 13.07, 13.09(b), 16.00, and 16.11 of the Mental Hygiene Law (MHL). Specifically, MHL section 13.07 directs OPWDD to provide appropriate facilities, programs, supports and services and encourage the provision of facilities, programs, supports and services by local government and community organizations and agencies. Further, the Commissioner of OPWDD (Commissioner) is empowered to regulate and assure consistent high-quality services and provide oversight of facilities and providers of services who hold an operating certificate issued by OPWDD under MHL sections 16.00 and 16.11. Under MHL section 13.09 the Commissioner is directed to "adopt rules and regulations necessary and proper to implement any matter under [her] jurisdiction." The regulation amends Parts 619, 633, 680, and 681 to clarify OPWDD's authority to certify specialty hospitals as intermediate care facilities for individuals with intellectual disabilities (ICF/IID). These regulations attempt to ensure there are adequate services being provided to communities by qualified facilities and providers. Therefore, these regulations serve to uphold the Commissioner's responsibility to provide appropriate facilities and services and regulate and assure high quality services are provided by holders of operating certificates issued by OPWDD.

3. Needs and Benefits: The proposed regulation amends 14 NYCRR Parts 619, 633, 680, and 681 to authorize OPWDD to certify specialty hospitals as ICF/IID in certain circumstances. An ICF/IID is an optional Medicaid benefit that enables New York to provide comprehensive and individualized health care and rehabilitation services to individuals to promote their functional status and independence. OPWDD is continually trying to evolve the way the agency helps people with developmental disabilities live richer lives. Currently, a huge obstacle for people with developmental disabilities, is access to stable, suitable living. This obstacle is only exacerbated by the current staffing shortages felt throughout the

State. By allowing specialty hospitals to operate as ICF/IIDs in certain circumstances, OPWDD will be opening up more residential options for people with intellectual and developmental disabilities. By allowing OPWDD to certify specialty hospitals as ICF/IIDs, people with intellectual and developmental disabilities who are looking for residential options may have new opportunities. By allowing specialty hospitals to be certified as ICF/IIDs, staffing options will increase, thus allowing for some flexibilities in hiring practices.

4. Costs: The proposed regulation is expected to have no additional costs to OPWDD, New York, local governments, or the regulated entities. Any specialty hospital looking to operate as an ICF/IID would have to pay the same fees as any other entity looking to operate as an ICF/IID. Since ICF/IIDs are already an optional Medicaid benefit that New York has funding for, opening up the criteria to allow specialty hospitals to be certified as such, would not add additional costs to the agency. Additionally, specialty hospitals are usually paid at a higher rate than ICF/IIDs. Therefore, a specialty hospital operating as an ICF/IID would not receive any more money than they would already be entitled to a specialty hospital. Moreover, whether a specialty hospital applies to be certified as an ICF/IID is optional, and therefore, this does not place any additional mandated costs on specialty hospitals.

5. Local Government Mandates: There are no new requirements imposed by the rule on any county, city, town, village; or school, fire, or other special district. Additionally, no local government units provide these services.

6. Paperwork: There would be no additional paperwork for providers. This merely allows OPWDD to authorize specialty hospitals to operate as an ICF/IID if they meet certain requirements. A specialty hospital would have to submit the same paperwork to OPWDD that any other ICF/IID applicant must submit.

7. Duplication: The proposed regulations do not duplicate any existing State or Federal requirements on this topic.

8. Alternatives: OPWDD did not consider any other alternatives because the only way to increase the number of ICF/IIDs without rolling back Federal requirements, which OPWDD does not have the authority to do, is to allow specialty hospitals, who already have to comply with similar requirements, to apply to operate as an ICF/IID. Since there are already regulations for specialty hospitals and ICF/IIDs, amending the regulations, rather than providing guidance, is necessary.

9. Federal Standards: The proposed amendments would place Federal ICF/IID regulation requirements, which can be found at 42 CFR 483, on specialty hospitals that intend to operate as an ICF/IID.

10. Compliance Schedule: These regulations will become effective upon publication of a Notice of Emergency Adoption in the New York State Register.

**Regulatory Flexibility Analysis**

A Regulatory Flexibility Analysis for Small Businesses and Local Governments is not being submitted because the proposed regulation will not impose any adverse economic impact or reporting, recordkeeping or other compliance requirements on small businesses or local governments. There are no professional services, capital, or other compliance costs imposed on small businesses or local governments as a result of these amendments.

The proposed regulation amends 14 NYCRR Parts 619, 633, 680, and 681 in order to allow the Office for People With Developmental Disabilities (OPWDD) to certify specialty hospitals as an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) in certain circumstances. Any specialty hospital would be permitted to apply to OPWDD to be certified as an ICF/IID. A specialty hospital would have to prove they are qualified to run as an ICF/IID before OPWDD certified the facility.

The regulation as proposed will result in new compliance requirements for regulated parties. However, these requirements apply to all providers regardless of size. Additionally, OPWDD does not believe any of the providers qualify as small businesses. Finally, no local government units operate any specialty hospitals. Thus, the regulation will not have any adverse effects on small business and local governments.

**Rural Area Flexibility Analysis**

A Rural Area Flexibility Analysis for this proposed regulation is not being submitted because the regulation will not impose any adverse impact or significant reporting, recordkeeping or other compliance requirements on public or private entities in rural areas. There are no professional services, capital, or other compliance costs imposed on public or private entities in rural areas as a result of the proposed regulation.

The proposed regulation amends 14 NYCRR Parts 619, 633, 680, and 681 in order to allow the Office for People With Developmental Disabilities (OPWDD) to certify specialty hospitals as an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) in certain circumstances. Any specialty hospital, regardless of location, would be

permitted to apply to OPWDD to be certified as an ICF/IID. A specialty hospital would have to prove they are qualified to run as an ICF/IID before OPWDD certified the facility.

The regulation will not result in an adverse impact on rural communities because the regulation applies to all communities equally. The regulation will not have a positive or negative impact on jobs and employment opportunities in New York State. While a specialty hospital would need to comply with the requirements of ICF/IIDs, if they wanted to become certified as such, these parties already have extensive compliance requirements and teams that ensure compliance with OPWDD regulations. This is incredibly important given the population served by OPWDD. Since the amendments apply to providers uniformly the regulation will not have any adverse effects on providers in rural areas and local governments.

**Job Impact Statement**

A Job Impact Statement for the proposed regulation is not being submitted because it is apparent from the nature and purpose of the regulation that it will not have a substantial adverse impact on jobs and/or employment opportunities.

The proposed regulation amends 14 NYCRR Parts 619, 633, 680, 681 in order to provide the Office for People With Developmental Disabilities (OPWDD) the authority to certify a specialty hospital as an intermediate care facility for individuals with intellectual disabilities (ICF/IID).

The regulation will not have a substantial impact on jobs or employment opportunities in New York State because it merely gives OPWDD the discretion to allow specialty hospitals to also be certified as an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID).

### PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

**Petition to Submeter Electricity and Waiver Request**

**I.D. No.** PSC-11-26-00005-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

**Proposed Action:** The Commission is considering the petition of 1058 Pacific Development JV LLC, New York to submeter electricity at 1060 Pacific Street, Brooklyn, New York and request waiver of the requirement of an energy audit pursuant to Title 16 NYCRR § 96.5(k)(3).

**Statutory authority:** Public Service Law, sections 30, 32-48, 52, 53, 65(1), 66(1), (2), (3), (4), (12) and (14)

**Subject:** Petition to submeter electricity and waiver request.

**Purpose:** To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.

**Substance of proposed rule:** The Commission is considering the petition filed by 1058 Pacific Development JV LLC (Owner) on August 12, 2025, seeking authority to submeter electricity at a new residential building, offering market rate and income eligible units, located at 1060 Pacific Street, Brooklyn, New York, located in the service territory of Consolidated Edison Company of New York, Inc. (Con Edison). The Commission is also considering the Owner's request for waiver of 16 NYCRR § 96.5(k)(3), the requirement to conduct an energy audit.

In the petition, the Owner requests authorization to take electric service from Con Edison and then distribute and meter that electricity to its residents. Once approved by the Commission, submetering of electricity to residential tenants is allowed so long as it complies with the protections and requirements of the Commission's regulations in 16 NYCRR Part 96. The Commission is also considering the Owner's request for waiver of 16 NYCRR § 96.5(k)(3). The Owner states that because the building is new construction and it must comply with the current New York City Energy Conservation Code, which provides strict energy conservation requirements for new and renovated buildings, an energy audit is not necessary in this case.

The full record of the proceeding may be viewed online at the Department of Public Service web page: [www.dps.ny.gov](http://www.dps.ny.gov). The Commission may adopt, reject, or modify, in whole or in part, the action proposed and may resolve related matters.

**Petition to Submeter Electricity**

**I.D. No.** PSC-11-26-00006-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

**Proposed Action:** The Commission is considering the petition of Shore Terrace Cooperative, Inc. to submeter electricity at 2717, 2719, 2741 East 28th St., and 3655 Shore Pkwy., Brooklyn, located in the service territory of Consolidated Edison Company of New York, Inc.

**Statutory authority:** Public Service Law, sections 30, 32-48, 52, 53, 65(1), 66(1), (2), (3), (4), (12) and (14)

**Subject:** Petition to submeter electricity.

**Purpose:** To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.

**Substance of proposed rule:** The Commission is considering the petition filed by Shore Terrace Cooperative, Inc. (Owner) on February 11, 2026, seeking authority to submeter electricity at the existing residential cooperative buildings, situated at 2717 East 28th Street, 2719 East 28th Street, 2741 East 28th Street, and 3655 Shore Parkway, Brooklyn, New York, located in the service territory of Consolidated Edison Company of New York, Inc. (Con Edison).

In the petition, Shore Terrace Cooperative, Inc. seeks authorization to take electric service from Con Edison and then distribute and meter that electricity to its residents. Once approved by the Commission, submetering of electricity to residential tenants is allowed so long as it complies with the protections and requirements of the Commission's regulations in 16 NYCRR Part 96.

The full record of the proceeding may be viewed online at the Department of Public Service web page: [www.dps.ny.gov](http://www.dps.ny.gov). The Commission may adopt, reject or modify, in whole or in part, the action proposed and may resolve related matters.

**Implementation of Program Rules for the Zero-Emission Credit Program and a Master Contract for Other Programs**

**I.D. No.** PSC-11-26-00007-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

**Proposed Action:** The Commission is considering the Zero-Emissions Credit (ZEC) 2.0 Implementation Plan and Load Serving Entity Master Agreement Proposal filed by the New York State Energy Research and Development Authority and Department of Public Service Staff.

**Statutory authority:** Public Service Law, sections 4(1), 5(1),(2), 66(2) and 66-p; Energy Law, section 6-104(5)(b)

**Subject:** Implementation of program rules for the Zero-Emission Credit program and a Master Contract for other programs.

**Purpose:** To promote and maintain zero-emission electric energy resources.

**Substance of proposed rule:** The Commission is considering the Zero-Emissions Credit (ZEC) 2.0 Implementation Plan and Load Serving Entity Master Agreement Proposal (Implementation Plan) filed by the New York State Energy Research and Development Authority (NYSERDA) and Department of Public Service Staff (Staff), in compliance with the Commission's January 22, 2026 Order Extending the Zero-Emissions Credit Program (ZEC 2.0 Order). The Implementation Plan sets forth process and details for the extension of the existing ZEC program (ZEC 1.0 Program), with modifications, through 2049, to support the extended operation of the State's existing nuclear powered generation resources over that timeframe (ZEC 2.0 Program).

Pursuant to the ZEC 2.0 Order, the Implementation Plan includes but is not limited to: (1) updates to the eligibility requirements for existing nuclear generating facilities to participate in the ZEC 2.0 Program; (2) updates to certain components of the formula used to calculate the price for ZECs; (3) modifications to the ZEC program Tranche structure to align the ZEC 2.0 Program's Tranches to the calendar year; and (4) updates to NYSEERDA's existing methodology to determine each load-serving entity's (LSE) share of ZEC program costs, based on the LSE's proportional share of statewide load. Specific to the ZEC price formula, NYSEERDA and Staff propose that the Conversion Factor used to convert Social Cost of Carbon figures for each Tranche from dollars per short ton to dollars per megawatt-hour (MWh) will be reviewed and updated downward based on renewable energy changes every four years. Similarly, the ZEC 1.0 Program currently includes a downward-only adjustment to the ZEC price based on the amount that future energy and capacity price forecasts predict that New York Independent System Operator, Inc. (NYISO) Zone A energy prices combined with Rest-of-State capacity prices exceed \$39/MWh (Reference Price). The Implementation Plan proposes a specific mechanism by which the Reference Price may be adjusted based on the difference between revenue that eligible nuclear facilities actually receive when they sell their power "at the bus" compared to the average revenue received for NYISO Zone A (Basis Differential).

The Implementation Plan also proposes that the Commission authorize NYSEERDA to conduct voluntary ZEC sales in the same manner that NYSEERDA currently conducts voluntary sales of Renewable Energy Credits (REC). NYSEERDA and Staff also request that the Commission authorize them to carry out a pilot competitive ZEC auction program that would differ slightly from the REC sale process. As proposed, these sales processes would commence upon approval of the Implementation Plan, as opposed to the start of the ZEC 2.0 Program. The Implementation Plan includes details on how voluntary ZEC transfers would occur and be tracked.

In accordance with the ZEC 2.0 Order, the Implementation Plan also proposes a periodic review of the ZEC 2.0 Program, by Staff in consultation with NYSEERDA, that would begin on January 31, 2033 and reoccur thereafter in four-year intervals, with corresponding reviews beginning in January 2037, 2041, and 2045, respectively. The review process would, among other things, include Staff's assessment of past and anticipated facility costs and revenues including past and

anticipated capital expenditures to continue safely and reliably operating the facilities and capture the value of their environmental attributes, and the availability of federal and/or other tax credits, grants, or financing, and/or third-party power purchase agreements that could help offset some of the costs associated with the ZEC 2.0 Program. Turning to potential adjustments, the review process would also include the Basis Differential adjustment and the Conversion Factor adjustment.

In an effort to improve the LSE contracting process, NYSEDA further proposes to consolidate individual program LSE agreements with a single LSE Obligation Master Agreement, which would supersede all previous LSE Agreements and would be effective for all future LSE obligations, including the ZEC 2.0 Program. The proposed LSE Obligation Master Agreement would retain a similar form as the current various individual program LSE Agreements, with all program-specific information attached via appendices. The LSE Obligation Master Agreement would contain a contractual mechanism whereby NYSEDA can update the LSE Obligation Master Agreement's appendices as needed in subsequent years to address the implementation of new programs established under the load share approach. NYSEDA proposes that all LSEs be required to accept the LSE Obligation Master Agreement within ninety days of filing of a final ZEC 2.0 Implementation Plan.

**Petition to Submeter Electricity and Waiver Request**

**I.D. No.** PSC-11-26-00008-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

**Proposed Action:** The Commission is considering the petition of 1718 Crotona LLC to submeter electricity at 1718 Crotona Park East, Bronx, and the request for waiver of the requirement of an energy audit pursuant to Title 16 NYCRR 96.5(k)(3).

**Statutory authority:** Public Service Law, sections 30, 32-48, 52, 53, 65(1), 66(1), (2), (3), (4), (12) and (14)

**Subject:** Petition to submeter electricity and waiver request.

**Purpose:** To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.

**Substance of proposed rule:** The Commission is considering the petition filed by 1718 Crotona LLC (Owner) on January 16, 2026, seeking authority to submeter electricity at a new residential building, offering fair-market and income eligible units, located at 1718 Crotona Park East, Bronx, New York, located in the service territory of Consolidated Edison Company of New York, Inc. (Con Edison). The Commission is also considering the Owner's request for waiver of 16 NYCRR § 96.5(k)(3), the requirement to conduct an energy audit.

In the petition, the Owner requests authorization to take electric service from Con Edison and then distribute and meter that electricity to its residents. Once approved by the Commission, submetering of

electricity to residents is allowed so long as it complies with the protections and requirements of the Commission's regulations in 16 NYCRR Part 96. The Commission is also considering the Owner's request for waiver of 16 NYCRR § 96.5(k)(3). The Owner states that because the building is new construction and it must comply with the current New York State Energy Conservation Construction Code, which provides strict energy conservation requirements for new and renovated buildings, an energy audit is not necessary in this case.

**Proposed Transfer of Ownership Interests in a Natural Gas Fired Electric Generating Facility**

**I.D. No.** PSC-11-26-00010-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

**Proposed Action:** The Commission is considering a petition by Brookfield Power New York Holding Corp., Carr Street Holding LLC, Carr Street Generating Station, L.P., and Syracuse Power Holdings, LLC, to transfer an electric generating facility in Onondaga County, New York.

**Statutory authority:** Public Service Law, sections 2(12), (13), 5(1)(b), 64, 65, 66 and 70

**Subject:** Proposed transfer of ownership interests in a natural gas fired electric generating facility.

**Purpose:** To consider whether the proposed transfer is in the public interest.

**Substance of proposed rule:** The Commission is considering a petition filed on February 3, 2026 by Brookfield Power New York Holding Corp. (Seller), Carr Street Holding LLC (Carr Street Holding), Carr Street Generating Station, L.P. (Carr Street Generating, and together with Carr Street Holding, the Seller Entities) and Syracuse Power Holdings, LLC (Buyer), requesting approval under Section 70 of the Public Service Law (PSL) to transfer, from Seller to Buyer, 100 percent of the ownership interests in the Seller Entities, in connection with a 93 megawatt (MW) natural gas-fired electric generation facility located in East Syracuse, Onondaga County, New York and owned and operated by Carr Street Generating (the Facility).

The petitioners request that the Commission approve the proposed transaction under PSL § 70 as in the public interest. The petitioners argue that the proposed transaction will not enable Buyer to exercise either horizontal or vertical market power in New York. The petitioners point to various considerations in support of their assertion, including: (1) following the proposed transaction, Buyer would only indirectly own approximately 2.91% of the total summer generating capacity in the New York Control Area; (2) Buyer only owns 200 MW of generation in a state that borders the New York Control Area; and (3) Buyer does not control any transmission or distribution facilities. The petitioners also argue that Buyer is financially secure and is experienced in owning, operating, and maintaining power plants throughout the United States. The petitioners further argue that the proposed transaction will not result in ratepayer harm because it does not result in any physical changes to the Facility or any adverse changes in its operation, and the Facility will continue to be operated as a wholesale merchant generator subject to Commission regulations related to public safety and reliability.

For all of those reasons, the petitioners request approval of the proposed transaction, pursuant to PSL § 70, on the grounds that the proposed transaction is within the public interest. The petitioners also request Commission confirmation that lightened regulation will continue to apply to Carr Street Generating following consummation of the proposed transaction.

The full text of the petition and the full record of the proceeding may be reviewed online at the Department of Public Service web page: [www.dps.ny.gov](http://www.dps.ny.gov). The Commission may adopt, reject, or modify, in whole or in part, the action proposed and may resolve related matters.

**Financing Approval for Entities Subject to Lightened Regulation**

**I.D. No.** PSC-11-26-00011-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

**Proposed Action:** The Commission is considering a petition filed by CenTrio Energy Syracuse, LLC and Syracuse Energy Concessionaire, LLC requesting authorization to incur long-term debt, up to \$400 million.

**Statutory authority:** Public Service Law, sections 2(22), 5(1)(c), 78, 79, 80, 82, 84 and 85

**Subject:** Financing approval for entities subject to lightened regulation.

**Purpose:** To review the proposed financing and consider whether it is within the public interest.

**Substance of proposed rule:** The Public Service Commission (Commission) is considering a petition, filed on February 13, 2026, by CenTrio Energy Syracuse, LLC and Syracuse Energy Concessionaire, LLC (collectively, the Petitioners), requesting authorization to incur long-term debt, up to \$400 million, pursuant to Public Service Law § 82 (the Petition). The Petition seeks to increase the amount of long-term debt that the Commission previously approved due to subsequently identified capital projects, as well as inflation and related cost escalations. Petitioners indicate that the current authorization to incur \$250 million in debt is insufficient to address these circumstances and accordingly seek to modify the total debt they may incur. The Petitioners further request flexibility to modify, without prior Commission approval, the financing entities, payment terms, and aggregate amount financed, provided such amount does not exceed \$400 million.

The full text of the Petition and the full record of the proceeding may be reviewed online at the Department of Public Service web page: [www.dps.ny.gov](http://www.dps.ny.gov). The Commission may adopt, reject, or modify, in whole or in part, the action proposed and may resolve related matters.

**Text of proposed rule and any required statements and analyses may be obtained from:** Josette Rocco, Esq., Dept. of State, 123 William Street, 20th Floor, New York, NY 10038, (212) 417-2020, email: Josette.Rocco@dos.ny.gov

**Data, views or arguments may be submitted to:** Same as above.

**Public comment will be received until:** 60 days after publication of this notice.

**Regulatory Impact Statement**

1. Statutory authority:

New York Executive Law § 91 and New York General Business Law (“GBL”) §§ 402(5) and 404. Section 91 of the Executive Law authorizes the Secretary of State (Secretary) to: “adopt and promulgate such rules which shall regulate and control the exercise of the powers of the department of state.” In addition, Sections 402(5) and 404 of the GBL authorize the Secretary to promulgate rules specifically relating to the appearance enhancement industry.

2. Legislative objectives:

Article 27 of the GBL was enacted, inter alia, to provide a system of

licensure of appearance enhancement businesses and operators that would allow for the greatest possible flexibility in the establishment of regulated services, while establishing measures to protect members of the public, including those who work in the industry. Consistent with this legislative intent, the Department of State (Department) is empowered to promulgate regulations that accomplish these purposes, by among others, establishing the educational requirements to obtain a license.

3. Needs and benefits:

GBL § 403 establishes the New York State Appearance Enhancement Advisory Committee to advise the Secretary on matters relating to Article 27, including professional education or curriculum. In 2017, the New York State Legislature amended GBL § 403 mandating the New York State Appearance Enhancement Advisory Committee to advise the Secretary on education and curriculum matters specifically relating to maintenance of cultural and ethnic awareness regarding hair types including, but not limited to, curl patterns, hair strand thickness, and volume of hair. 2017 Sess. Law News of N.Y. Ch. 339. Since 2017, the Appearance Enhancement Advisory Committee continuously worked on improvements to the curriculum by engaging subcommittees and technical experts. This rulemaking is necessary to comply with the amendments to GBL § 403 and improve the quality of profession ensuring licensed natural hair stylists and cosmetologists are knowledgeable to safely prepare hair of individuals of all ethnic backgrounds. These amendments assure consumers seeking appearance enhancement services that their health, safety, and appearance are within capable hands.

4. Costs:

a. Costs to regulated parties:

The Department does not anticipate any additional costs to license applicants or appearance enhancement schools. The Bureau of Proprietary School Supervision and the Office of Career and Technical Education within the New York State Department of Education indicated implementing the proposed changes would be “minimally onerous” and not extensive or costly. The New York State Beauty School Association also indicated to the Department “September 2026 provides adequate runway for responsible and cost-effective implementation.”

b. Costs to the Department of State, the State, and local governments:

The Department does not anticipate additional costs to the State or local governments. The rule does not impose any costs to the agency, the State or local governments for the implementation and continuation of the rule. Existing staff will answer any questions about the regulatory changes and investigate and enforce compliance with the proposed rules.

5. Local government mandates:

The rule does not impose any program, service, duty or responsibility upon any county, city, town, village, school district or other special district.

6. Paperwork:

There is no additional reporting requirements, forms, or other paperwork associated with this rule.

7. Duplication:

This proposed rule does not duplicate, overlap, or conflict with any State or Federal statute or rule.

8. Alternatives:

This proposed rulemaking implements state mandates, as such, no other alternatives were considered.

9. Federal standards:

This regulation does not conflict with any Federal standard.

10. Compliance schedule:

This rule is proposed with an effective date of September 1, 2026, when appearance enhancement schools submit curriculums to the New York State Department of Education for approval. New applicants for natural hair styling and cosmetology licenses, applying on or after September 1, 2026 will be required to have completed an approved course of study that meets these requirements. The New York State Beauty School Association indicated they do not foresee “any significant barriers that would prevent schools from fully complying with the revised requirements within the proposed timeframe” and “institutions will be able to integrate these changes without undue burden.”

**Regulatory Flexibility Analysis**

1. Effect of rule:

This amendment updates the educational requirements necessary to be issued a natural hair stylist and cosmetology license as required by 2017 Sess. Law News of N.Y. Ch. 339, which required the New York State Appearance Enhancement Advisory Committee to advise the Secretary of State to include “the maintenance of cultural and ethnic awareness...in regard to hair types, including, but not limited to, curl pattern, hair strand thickness, and volume of hair” in the curriculum and education for appearance enhancement licensure. In New York State, about 297 appearance enhancement schools approved to offer cosmetology courses and 45 appearance enhancement schools approved to offer natural hair styling courses will be subject to this rule. In 2024, the Department of State (Department) received about 622 original cosmetology license applica-

tions and 89 natural hair styling license applications; the Department anticipates a similar number of applicants will be subject to this rule.

2. Compliance requirements:

The curriculum for natural hair styling and cosmetology will include new subjects about maintenance of cultural and ethnic awareness regarding hair types, including curl patterns, hair strand thickness, and volume of hair. These amendments do not increase the number of study hours required to obtain the licenses. The appearance enhancement schools in New York State must update their curriculum for cosmetology and natural hair styling licensure to include the additional subjects of study within the existing 1,000- and 300-hour mandatory education, respectively, by September 1, 2026.

3. Professional services:

The Department does not anticipate the need for professional services to implement this rule.

4. Compliance costs:

The Department does not anticipate that there will be any costs associated with complying with this rule.

5. Economic and technological feasibility:

This proposal is economically and technically feasible.

6. Minimizing adverse impact:

The Department did not identify any feasible alternatives which would achieve the results anticipated by the proposed rule, and at the same time be less restrictive and less burdensome in terms of compliance.

7. Small business and local government participation:

The updates to the professional education and curriculum have been discussed at the New York State Appearance Enhancement Advisory Committee meetings and have been publicized on the Department's website, in accordance with 2017 Sess. Law News of N.Y. Ch. 339. The Department has also engaged the New York State Department of Education and New York State Beauty School Association for participation. The Bureau of Proprietary School Supervision and the Office of Career and Technical Education within the New York State Department of Education indicated implementing the proposed changes would be "minimally onerous" and not extensive or costly. The New York State Beauty School Association indicated the proposed rulemaking is "a positive and necessary step forward for the industry" and will "elevate the educational standards." In addition, publication of this proposed rule in the State Register will provide further notice of the proposed rulemaking to all interested parties. Comments will be received and entertained during the public comment period associated with this rulemaking.

8. Compliance:

This rule is proposed to be effective on September 1, 2026, when appearance enhancement schools submit curriculums for approval to the New York State Department of Education.

9. Cure period:

The Department is not providing for a cure period prior to enforcement of these regulations because the proposed date provides enough time to comply. Further, as indicated above, regulated parties and the public have been made aware of this proposed rule by its discussion at open meetings.

**Rural Area Flexibility Analysis**

A Rural Area Flexibility Analysis is not being issued with this proposed rulemaking. The proposed amendments will not impose any adverse impact, additional or significant reporting, recordkeeping, or other compliance requirements on public and private entities in rural areas because the proposed amendments apply to all communities equally. As a measure for this determination, the Department considered the students attending and the cosmetology and natural hair styling schools operating in and around the rural areas of New York.

**Job Impact Statement**

A Job Impact Statement is not being issued with this proposed rulemaking. It is apparent from the nature and purpose of the amendments that they will not have a substantial adverse impact on jobs and employment opportunities. This proposed rulemaking amends existing requirements to obtain a license for cosmetology and natural hair styling by adding new subject matter, including, but not limited to, hair density, curly and coily styles, specific scalp disorders, and additional courses in hair braiding, locking, weaving, and styling, to be taken within the existing respective 1,000- and 300-hour mandatory education after September 1, 2026. The rule ensures licensees are well prepared to provide appearance enhancement services safely to more individuals of all hair types, textures, and structures without added expenses or time. It is not anticipated these amendments will negatively impact jobs or employment opportunities, in part, because the overall number of credit hours to obtain the referenced licenses is not changing as a result of this rule. Individuals seeking employment are still required to complete the same number of educational hours prior to applying for a license.

## Workers' Compensation Board

### PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

#### Temporary Payments of Compensation and Medical Treatment and Care, Including Prescribed Medicine Under Workers' Compensation Law 21-a

I.D. No. WCB-11-26-00002-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

**Proposed Action:** Amendment of section 300.22 of Title 12 NYCRR.

**Statutory authority:** Workers' Compensation Law, sections 21-a, 117 and 141

**Subject:** Temporary payments of compensation and medical treatment and care, including prescribed medicine under Workers' Compensation Law 21-a.

**Purpose:** Conform regulation to the updates to Workers' Compensation Law section 21-a taking effect 1/1/27 and provide clarity.

**Text of proposed rule:** Subparagraph (i) of paragraph (1) of subdivision (b) of section 300.22 of Title 12 NYCRR is hereby amended to read as follows:

(i) Medical only cases. When the disability event has not resulted in any compensable lost time and the carrier, *special fund*, or *TPA* does not controvert the claim and does not elect to make temporary payments of compensation and medical treatment and care, including prescribed medicine pursuant to section 21-a of the Workers' Compensation Law, the carrier, special fund or TPA must electronically file a mandatory first report of injury in the manner prescribed herein indicating that the carrier, special fund or TPA is providing coverage for medical expenses only. In such cases, the carrier, special fund or TPA is not required to file a subsequent report of injury except as set forth in paragraph (f)(2) of this section. When a carrier, special fund or TPA, takes action on the claim beyond payment of medical expenses, the action may not be included in a first report of injury, but rather must be electronically filed with the board in a subsequent report of injury as set forth in subdivisions (c), (d) and (f) of this section, or must be filed in accordance with subdivision (e) of this section.

Subdivision (e) of section 300.22(e) is hereby amended to read as follows:

(e) Notices and procedures when payments are made pursuant to section 21-a of the Workers' Compensation Law. Notwithstanding any other provisions of this section or section 300.23 of this Part, the following procedures shall apply when a carrier, special fund, or TPA is unsure of the extent of its liability for a claim of compensation made under the Workers' Compensation Law:

(1) If the carrier, special fund, or TPA is unsure of the extent of its liability for a claim of compensation, and elects to make temporary payments of compensation and medical treatment and care, including [or payment for] prescribed medicine, pursuant to section 21-a of the Workers' Compensation Law, the carrier, special fund, or TPA may, [when filing a notice pursuant to subdivision (c) of this section, and] prior to any decision of the board establishing or disallowing the claim, begin temporary payments of compensation and medical treatment and care, [and/or] including prescribed medicine, and shall immediately transmit notice to the board that temporary payments of compensation and medical treatment and care, including prescribed medicine has commenced. Such notice shall be filed electronically in the format prescribed by the chair and shall contain the data elements prescribed by the chair and shall be filed on the first day that any temporary payments of compensation and medical treatment and care, including prescribed medicine are made. A notice of payments made pursuant to section 21-a of the Workers' Compensation Law that contains the relevant elements, as prescribed by the chair, shall be transmitted to the claimant and their [his or her] attorney or licensed representative, if any, within one business day of the date it is filed electronically with the chair. Temporary payments [Payments] of [temporary] compensation and medical treatment and care, including [and/or] prescribed medicine may be made without prejudice and without admitting liability.

(2) Upon receipt of the notice set forth in paragraph (1) of this subdivision, the board shall notify the employee that it has received a notice of temporary payment of [temporary] compensation and medical treatment and care, including [and/or] prescribed medicine; that payment

of such compensation and the employee's acceptance thereof shall neither be an admission of liability by the carrier, special fund, or TPA nor prejudice the claim of the employee[.]; and that temporary payment of [temporary] compensation *and medical treatment and care, including* [and/or] prescribed medicine shall terminate upon either the lapse of one year from the date of first payment, or the filing of a notice of controversy, or the cessation of temporary payments by the carrier, special fund, or TPA upon the filing of notice, whichever is first. The board shall also notify the employee that he or she may be required to enter into a non-prejudicial agreement with the carrier, special fund, or TPA in order to ensure the continued temporary payments of [temporary] compensation *and medical treatment and care, including* [and/or] prescribed medicine.

(3) A carrier, special fund, or TPA may cease making temporary payments of compensation *and medical treatment and care, including* [and/or] prescribed medicine by delivering notice to the board and the employee, within five days after the last payment. *For the purpose of such notice, when weekly benefits are being paid pursuant to section 15 of the Workers' Compensation Law, the date of last payment is the date the last payment of such benefits was issued to the claimant. When weekly benefits pursuant to section 15 of the Workers' Compensation Law are not being paid, the date of last payment is the date indicated on such notice on which the carrier, special fund, or TPA will no longer consent to make temporary payments of compensation and medical treatment and care, including prescribed medicine pursuant to section 21-a of the Workers' Compensation Law, regardless of whether actual payment for medical treatment and care or prescribed medicine occurs on such date. Payments for any medical treatment and care provided and prescribed medicine dispensed prior to the date of last payment must still be paid, and may be paid without admitting liability.* The notice shall be in a format prescribed by the board and shall indicate whether the carrier, special fund, or TPA is now accepting liability for the claim or whether the carrier, special fund, or TPA is now controverting the claim. In any case in which temporary payments of compensation *and medical treatment and care, including* [and/or] prescribed medicine have been made and notice has been filed electronically with the board advising that temporary payments without prejudice have commenced, a notice of controversy is not required to be filed electronically on or before the 18th day after the disability event or within 10 days after the employer has knowledge of the disability event, or if applicable, within 25 days from the date of transmittal of the notice of indexing provided, however, that if the carrier, special fund, or TPA ceases making temporary payments of compensation *and medical treatment and care, including* [and/or] prescribed medicine, the filing electronically of a notice of controversy as prescribed in subdivision (c) of this section or within 10 days after delivery of notice that temporary payments of compensation *and medical treatment and care, including* [and/or] prescribed medicine have terminated, whichever is later, shall be deemed timely for the purposes of subdivision (2) of section 25 of the Workers' Compensation Law.

(4) If the carrier, special fund, or TPA does not file electronically a notice of controversy with the board within one year from the [commencement of payment of temporary compensation and/or prescribed medicine,] *first date of filing a report of injury indicating temporary payment for compensation and medical treatment and care, including prescribed medicine without accepting liability,* the carrier, special fund, or TPA shall be deemed to have admitted liability for the claim, and a decision shall be issued establishing the claim.

**Text of proposed rule and any required statements and analyses may be obtained from:** Courtney Vallee, Workers' Compensation Board, 328 State Street, Schenectady NY 12305, (518) 486-9564, email: regulations@wcb.ny.gov

**Data, views or arguments may be submitted to:** Same as above.

**Public comment will be received until:** 60 days after publication of this notice.

#### Regulatory Impact Statement

##### 1. Statutory Authority:

Workers' Compensation Law (WCL) § 117(1) and 142 authorizes the Chair of the Workers' Compensation Board (Board) to adopt reasonable rules consistent with, and supplemental to, the provisions of the WCL. WCL § 21-a was amended effective January 1, 2027, to allow temporary payments for medical care without admitting liability (in addition to the already allowed indemnity and prescribed medicine provisions).

##### 2. Legislative Objectives:

In order to further the goals of providing quality and efficient care to injured workers, the regulations must conform to the legislation. The regulations provide needed clarity and shape to the law, and the changes to WCL § 21-a seek to further that goal. WCL sections 117 and 142 provide the authority for the Board to issue regulations providing clarity and conforming to these upcoming changes in the law.

##### 3. Needs and Benefits:

The Laws of New York 2025, chapter 55, part CC, § 1 amending WCL § 21-a, becomes effective on January 1, 2027. WCL § 21-a already allowed employers to pay for indemnity and prescribed medicine for up to one year without admitting liability. The changes to WCL § 21-a will permit an employer to provisionally pay for medical care without admitting liability or establishing a claim.

As the regulations in 12 NYCRR 300.22 currently only address notification requirements for temporary payments of compensation and/or prescribed medicines, these regulations must be updated to address temporary payments for medical care. If the requirements were unclear, payers might be less likely to opt in to making payments under WCL § 21-a. Opting in to payments under WCL § 21-a allows injured workers to receive temporary payments, which benefits the injured workers. Without being able to provide temporary payments, payers may be more likely to controvert claims, creating further delays and additional litigation burdens for injured workers.

##### 4. Costs:

The proposed amendment is anticipated to have negligible impact on costs; the employer or carrier may elect to make temporary payments when unsure of the extent of liability for a claim of compensation. This may increase costs as an employer who has elected to make such payments will bear the associated costs. However, this may also reduce costs in the long-term by reducing delay for treatment and care pending establishment of liability. The payer may weigh these potential costs and benefits, and it is the payer's choice on whether to opt in to temporary payments.

##### 5. Local Government Mandates:

The proposed amendments do not impose any additional program, service, duty, or responsibility upon any county, city, town, village, school district, fire district, or other special district.

##### 6. Paperwork:

The proposed amendments do not generate any new forms or paperwork requirements, but existing forms will be updated so that payers can provide notice as required. These forms must already be filed when a payer opts in to the current temporary payment options under WCL § 21-a.

##### 7. Duplication:

The proposal does not duplicate or conflict with any State or Federal requirements.

##### 8. Alternatives:

An alternative would be to not amend the regulation, which would render it out of compliance with the requirements in WCL § 21-a. Lack of clarity may mean that payers controvert claims rather than provide temporary payments, which would lead to increased litigation and delays in payment for injured workers.

##### 9. Federal Standards:

There are no applicable Federal Standards.

##### 10. Compliance Schedule:

The regulation would become effective on January 1, 2027.

#### Regulatory Flexibility Analysis

1. Effect of rule: The rule updates notification requirements for temporary payments of medical treatment and care without establishing liability.

2. Compliance requirements: The same compliance requirements apply to small businesses and local governments as to large businesses.

3. Professional services: It is believed that no professional services will be needed by small businesses or local governments to comply with the proposed regulation.

4. Compliance costs: Compliance with the proposed regulations may have a negligible impact on cost for self-insured local government employers, who may elect to make temporary payments when unsure of the extent of liability for a claim of compensation. For insured employers, including small businesses, the insurance carrier may make such an election. The payer may weigh the potential costs and benefits, and it is the payer's choice on whether to opt in to temporary payments.

5. Economic and technological feasibility: Compliance with the proposal is economically and technologically feasible for small businesses and local governments. Parties are already required to file notification of temporary payment of indemnity benefits and/or prescribed medicine.

6. Minimizing adverse impact: The proposed regulations are not anticipated to have an adverse impact on small businesses and local governments.

7. Small business and local government participation: The Workers' Compensation Board (Board) does not have a small employer or municipality database but has sent an electronic communication describing the proposal to all insurer, self-insured employer, third party administrators, health care providers, and attorneys and licensed representative subscribers for Board updates. The Board will also duly consider all public comments received from small businesses or local governments during the public comment period.

#### Rural Area Flexibility Analysis

1. Types and estimated numbers of rural areas: The rule updates notification requirements for temporary payments of medical treatment

and care without establishing liability. All rural employers and payers will need to comply with this regulation, and rural injured workers will also benefit from this expanded regulation conforming with the changes to Workers' Compensation Law (WCL) § 21-a.

2. Reporting, recordkeeping and other compliance requirements; and professional services: The same compliance requirements apply to rural areas as metropolitan ones. The proposed amendments do not generate any new forms or paperwork requirements, but existing forms will be updated so that payers can provide notice as required. These forms must already be filed when a payer opts in to the current temporary payment options under WCL § 21-a. Rural employers should not need any new professional services to comply with this rule. It is economically and technologically feasible for rural businesses to comply with the proposed amendments.

3. Costs: Compliance with the proposed regulations should generally not impose increased compliance costs on rural employers. Compliance with the proposed regulations may have an impact on cost for rural self-insured employers, who may elect to make temporary payments when unsure of the extent of liability for a claim of compensation. For insured employers, the insurance carrier may make such an election. The payer may weigh the potential costs and benefits, and it is the payer's choice on whether to opt in to temporary payments.

4. Minimizing adverse impact: The proposed amendments are not anticipated to have an adverse impact on rural areas. Parties are already required to file notification of temporary payment of indemnity benefits and/or prescribed medicine.

5. Rural area participation: The Workers' Compensation Board (Board) does not have a rural area database but has sent an electronic communication describing the proposal to all insurer, self-insured employer, third party administrators, health care providers, and attorneys and licensed representative subscribers for Board updates.

The Board will duly consider all public comments received from rural areas during the public comment period.

***Job Impact Statement***

A Job Impact Statement is not required because the proposal will not have any impact on jobs or employment opportunities. The rule relates to temporary payment for medical treatment and care without establishing liability.

**ACTION PENDING INDEX**

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(\*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

# ADVERTISEMENTS FOR BIDDERS/CONTRACTORS

## SEALED BIDS

### REPLACE ROOF

Nissequogue River State Park  
Kings Park, Suffolk County

Sealed bids for Project No. 47857-C, comprising separate contracts for Construction Work, Replace Roof, Marine Resources Headquarters, Nissequogue River State Park, Kings Park (Suffolk County), NY, will be received by the Office of General Services (OGS), Design & Construction Group (D&C), Division of Contract Management, 35th Fl., Corning Tower, Empire State Plaza, Albany, NY, 12242, on behalf of the Department of Environmental Conservation - Div of Operations, until 2:00 p.m. on Wednesday, March 25, 2026, when they will be publicly opened and read. Each bid must be prepared and submitted in accordance with the Instructions to Bidders and must be accompanied by a bid security (i.e. certified check, bank check, or bid bond in the amount of \$53,500 for C).

All successful bidders will be required to furnish a Performance Bond and a Labor and Material Bond pursuant to Sections 136 and 137 of the State Finance Law, each for 100% of the amount of the Contract estimated to be between \$1,000,000 and \$2,000,000 for C.

Pursuant to State Finance Law §§ 139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between OGS D&C and a bidder during the procurement process. A bidder is restricted from making contacts from the earliest posting on the OGS website, in a newspaper of general circulation, or in the Contract Reporter, of written notice, advertisement or solicitation of offers, through final award and approval of the contract by OGS D&C and the Office of the State Comptroller ("Restricted Period") to other than designated staff, unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law § 139-j(3)(a). Designated staff are Catherine Skaczkowski, Jessica Hoffman, and Pierre Alric in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862. OGS D&C employees are also required to obtain certain information when contacted during the restricted period and to make a determination of the responsibility of the bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the bidder is debarred from obtaining governmental Procurement Contracts. Bidders responding to this Advertisement must familiarize themselves with the State Finance Law requirements and will be expected to affirm that they understand and agree to comply on the bid form. Further information about these requirements can be found within the project manual or at: <https://ogs.ny.gov/ACPL/>

Pursuant to Public Buildings Law § 8(6), effective January 11, 2020, for any projects where the project design commenced on or after January 1, 2020 and for any contracts over \$5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or Women-Owned Business Enterprise that submits a bid within ten percent of the lowest bid will be deemed the apparent low bidder provided that the bid is \$1,680,923 or less, adjusted annually for inflation as of March 1, 2025. If more than one responsible and reliable MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder.

\_\_\_ Project commenced design before January 1, 2020. Not subject to provision.

XX Project commenced design on or after January 1, 2020. Subject to provision.

The substantial completion date for this project is 239 days after the Agreement is approved by the Comptroller.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 10:00 a.m. on March 12, 2026, Marine Resources Headquarters, Nissequogue River State Park, Kings Park, NY. Prospective bidders are urged, but not mandated, to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be admitted on facility grounds without proper photo identification. Note that parking restrictions and security provisions will apply, and all vehicles will be subject to search. Refer to Document 002218 for any additional requirements for attendance at the pre-bid site visit.

Phone the office of Bruce Desiderio (646-678-1082) a minimum of 48 hours in advance of the date to provide the names of those who will attend the pre-bid site visit. Only contractors that schedule a visit at least 48 hours in advance will be allowed to participate in the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority and Women-owned Business Enterprises ("MWBEs") and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises ("MBE") participation and 15% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs). The total contract goal can be obtained by utilizing any combination of MBE and /or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 3 of the Veteran's Services Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOBs"). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs' participation under this contract as follows: 3% for the C trade contractor, based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Office of General Services reserves the right to reject any or all bids.

als that include partnering arrangements with certified minority-owned and/or women-owned firms are encouraged. Additionally, proposals from small and New York City-based businesses are also encouraged.

## PUBLIC NOTICE

### New York State Deferred Compensation Plan

• Pursuant to the provisions of 9 NYCRR, Section 9003.2 authorized by Section 5 of the State Finance Law, the New York State Deferred Compensation Board, beginning March 23, 2026, is soliciting proposals from financial organizations to provide a Target Date Fund suite offering. This suite of funds is defined as funds managed in five-year vintage increments corresponding to expected retirement ages. The suite will represent investment options under the Deferred Compensation Plan for Employees of the State of New York and Other Participating Public Jurisdictions, a plan meeting the requirements of Section 457 of the Internal Revenue Code and Section 5 of the State Finance Law, including all rules and regulations issued pursuant thereto. A copy of the request for proposals will be posted on Callan's website ([www.callan.com](http://www.callan.com)) and the Board website: [www.deferredcompboard.ny.gov](http://www.deferredcompboard.ny.gov). All proposals must be received no later than 5 PM Eastern time on May 4, 2026. This notice was prepared by Sharon Lukacs, Executive Director, New York State Deferred Compensation Board, 1450 Western Avenue, Suite 103, Albany, NY 12203, (518) 473-6619.

• The Board is seeking proposals from financial organizations to provide a suite of Target Date Funds.

• Product Design for Target Date Funds: Responding target date funds may be comprised of primarily actively managed underlying fund exposures, a blend of active and passive funds, or purely passively managed funds. This RFP does not seek responses from fund families with an attached lifetime income solution such as an annuity or products focused on incorporating private market investments. The RFP will seek well-funded daily valued, daily liquid collective vehicles for which the Plan is eligible, such as mutual funds and collective investment trusts, not separately managed accounts.

### New York State and Local Retirement System Unclaimed Amounts Payable to Beneficiaries

Pursuant to the Retirement and Social Security Law, the New York State and Local Retirement System hereby gives public notice of the amounts payable to beneficiaries.

The State Comptroller, pursuant to Sections 109(a) and 409(a) of the Retirement and Social Security Law has received, from the New York State and Local Retirement System, a listing of beneficiaries or estates having unclaimed amounts in the Retirement System. A list of names contained in this notice is on file and open to public inspection at the office of the New York State and Local Retirement System located at 110 State St., in the City of Albany, New York.

Set forth below are the names and last known city of record of the beneficiaries and estate appearing from the records of the New York State and Local Retirement System, entitled to the unclaimed benefits.

At the expiration of six months from the date of publication of this list of beneficiaries and estates, unless previously paid to the claimant, the amounts shall be deemed abandoned and placed in the pension accumulation fund to be used for the purposes of said fund.

Any amounts so deemed abandoned and transferred to the pension accumulation fund, may be claimed by the executor or administrator of the estates or beneficiaries so designated to receive such amounts, by filing a claim with the State Comptroller. In the event such claim is properly made, the State Comptroller shall pay over to the estates or the person or persons making such claim, the amount without interest.

**PUBLIC NOTICE**

Department of State  
 F-2026-0067

Date of Issuance – March 18, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2026-0067, Highland Summit LLC, is proposing to remove existing boathouse, crib-supported dock and floating dock structures and replace with steel-pile supported docks. Proposing to reface existing concrete deck with 46± l.f. of steel-sheet piling installed 13"± waterward of existing concrete deck. Proposing to back pour landward of proposed steel-sheet piling with 7 c.y. of concrete, which would be waterward of the existing Ordinary High Water (OHW) elevation. Install a 20'x24'5"± fabric shade device over the concrete deck measured waterward from the point where OHW intersects the shore. Extend the length of existing floating dock waterward by 25' and reduce width from 11'10" to 8'. Proposing to dredge 195± cu. yds. from a 4,813 sq. ft. area within St. Lawrence River to 241' elevation (NAVD88). The project results in a net reduction of total water coverage from 1,877 sq. ft. to 1,458 sq. ft. The proposed project would be located at 47194 Bay Ave, Wellesley Island, NY, 13640 on St. Lawrence River, in the Town of Alexandria, Jefferson County.

The stated purpose of the proposed action is "To provide a more functional docking area for the applicant's vessel".

The applicant's consistency certification and supporting information are available for review at:

<https://dos.ny.gov/f-2026-0067.pdf> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or April 17, 2026.

*Comments should be addressed to:* Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. **PUBLIC NOTICE**

Department of State  
 F-2026-0146 (DA)

Date of Issuance – March 18, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The United States Coast Guard (USCG) Civil Engineering Unit Providence has determined that the proposed activity will be undertaken in a manner consistent to the maximum extent practicable with the enforceable policies of the New York State Coastal Management Program. The applicant's consistency determination and accompanying supporting information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

The proposed activity includes performing annual maintenance dredging under a new 10-year recurring permit within the USCG Station Eatons Neck 3.3 acre entrance channel. Dredging will extend to a depth of Elevation -10 feet Mean Low Water with no over-dredge, consistent with previous dredging at the site. The volume of dredged material is estimated at 6,000 cubic yards (CY) annually/per dredge event. The dredged material is anticipated to consist of poorly graded sand with gravel and suitable for beach renourishment. Dredged material each year will be placed at one of two previously approved disposal sites for final disposal. These include the USCG Shoreline Disposal Area and the Beacon Farms Disposal Area.

The applicant's consistency determination and supporting information are available for review at:

<https://dos.ny.gov/f-2026-0146da> or at <https://dos.ny.gov/public-notices>

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 from the date of publication of this notice, or April 17, 2026.

# EXECUTIVE ORDERS

---

**Executive Order No. 56.10: Extending the Declaration of a Disaster Emergency in New York County Due to Healthcare Staffing Shortages in the State of New York.**

WHEREAS, a strike of nursing personnel has caused several hospitals in the State to experience severe staffing shortages, affecting the availability and delivery of care, threatening public health and safety, and the ability to provide critical care, including to vulnerable populations, at a time when respiratory viruses remain widespread;

WHEREAS, to protect public health and safety, on January 9, 2026, I issued Executive Order 56 declaring a State Disaster Emergency in the counties of Bronx, Nassau, New York, and contiguous counties;

WHEREAS, the terms, conditions, and suspensions of Executive Order 56 are a temporary measure to ensure continuity of care and patient safety;

WHEREAS, the parties recently reached an agreement through collective bargaining at the remaining impacted New York County hospitals;

WHEREAS, the impacted hospitals are in the process of transitioning back to normal operations; and

NOW, THEREFORE, I, KATHY HOCHUL, Governor of the State of New York, by virtue of the authority vested in me by the Constitution and Section 28 of Article 2-B of the Executive Law, do hereby find a continued need for a disaster emergency order in New York County and do hereby extend the State Disaster Emergency as set forth in Executive Order Number 56 and continue the terms, conditions, and suspensions contained in Executive Order Number 56 as applied to New York County through and including February 27, 2026.

(L.S.)

GIVEN under my hand and the Privy Seal of the State in the City of Albany this 24th day of February in the year two thousand twenty-six.
