BACKGROUND TO THE LEGISLATURE

The Gauteng Provincial Legislature (Gauteng Legislature, GPL) is one of nine provincial legislatures in South Africa, which are a product of extensive negotiations that gave shape to the 1996 Constitution. The Constitution empowers the Legislature to make laws for Gauteng, oversee that the Gauteng government works efficiently and honestly, and ensure that the people of Gauteng participate in the running of their province.

The Legislature moved from Pretoria to Johannesburg in 1994 after the first democratic elections in 1994 and following a decision to move the Government of the Gauteng Province. The Johannesburg City Hall opened as the Gauteng Legislature's new home on 21 October of 1995.

HOW THE GAUTENG LEGISLATURE IS COMPOSED

The Legislature is a House comprising the speaker (who heads up the organisation) and Members of the Provincial Legislature (MPLs) from various political parties, allocated per the vote of the Gauteng Province. Political parties get seats in the Legislature through a system of proportional representation – meaning, the party with the majority of votes gets the majority of MPLs in the House.

The Constitution empowers each of the nine provincial legislatures to make laws that apply uniquely to each of their provinces. MPLs divided into portfolio committees conduct the business of the House. Each committee is attached to a provincial government department (or cluster of departments) in the Provincial Government, and enhances the department's ability to deliver services through advisory, monitoring and oversight.

Standing committees deal with diverse issues (other than government departments). These committees consider Bills and other matters referred to them either by the Speaker or the House.

Ad hoc committees work with various experts to matters that need specialised expertise. The Legislature's administration staff complement gives operational support to the committees. The administrative wing of the Legislature is headed by the provincial secretary (or secretary to the legislature).

LEGISLATURE OVERSIGHT's ROLE

MPLs consider Bills placed before them by the provincial executive, comprised of the Premier of Gauteng and the Members of the Executive Council (MECs). MPLs debate Bills, budgets, statements and speeches by MECs in committee meetings or in plenary sessions of the Legislature. Committees have the power to summon MECs and Department officials to answer questions relating to service delivery in the Province. The MECs must be prepared to answer hard questions on how they are delivering a better life to the people of Gauteng. Committees can also undertake investigations into activities by government departments and such investigations are often open to public scrutiny.

The Legislature allows the people of Gauteng to participate in law-making and oversight processes. It is a Constitutional requirement that the Provincial Legislature affords Citizens an opportunity to partake in legislative processes – and this is an obligation that the Gauteng Provincial Legislature has vigorously embraced.

LAW MAKING

New legislation starts out as a Bill, which is carefully discussed to ensure that it is relevant to the needs of the Province, clear, practical and in line with the Constitution. MPLs also receive submissions from the people of Gauteng on matters of concern to the Province, which may require specific legislation to be instituted. MPLs can also initiate legislation individually, as can any of the Legislature's standing committees.

BID VALIDITY PERIOD

1. This Bid and all proposals (costs included) shall remain binding and valid for a period of ninety (90) days calculated from the closing date of the Bid.
2. Gauteng Provincial Legislature (GPL) reserves the right to notify bidders in writing to extend the above validity period for another sixty (60) days if deemed in the interest of Gauteng Provincial Legislature (GPL).

AWARD OF BID

- The award of this Bid by the Secretary to GPL shall constitute a binding contract, and such acceptance by a letter or e-mail message.
- The Secretary to GPL may award this Bid to more than one successful Bidder, either in full or in part.
- GPL reserves the right not to award this contract.
- Service Level Agreements will be concluded with the successful service provider.

SUBCONTRACTING

A bidder shall not be awarded the points claimed for B-BBEE status level of contribution if it is indicated in the bid documents that such a bidder intends subcontracting more than 25% of the contract value to any other enterprise that does not qualify for at least the same number of points that the bidder qualifies for, unless the intended sub-contractor is an EME that has the capability and ability to execute the sub-contract.

A contractor is not allowed to sub-contract more than 25% of the contract value to another enterprise that does not have equal or higher B-BBEE status level, unless the intended sub-contractor is an EME that has the capability and ability to execute the sub-contract.

In relation to a designated sector, a contractor must not be allowed to subcontract in such a manner that the local production and content of the overall value of the contract is reduced to below the stipulated minimum threshold.

FRONTING

The GPL supports the spirit of broad based black economic empowerment and recognizes that real empowerment can only be achieved through individuals and businesses conducting themselves in accordance with the Constitution and in an honest, fair, equitable, transparent and legally compliant manner. Against this background the GPL condemns any form of fronting.

The GPL, in ensuring that bidders conduct themselves in an honest manner will, as part of the bid evaluation processes, conduct or initiate the necessary enquiries/investigations to determine the accuracy of the representation made in bid documents. Should any of the fronting indicators as contained in the Guidelines on Complex Structures and Transactions and Fronting, issued by the Department of Trade and Industry, be established during such enquiry / investigation, the onus will be on the bidder / contractor to prove that fronting does not exist. Failure to do so within a period of 14 days from date of notification may invalidate the bid / contract and may also result in the restriction of the bidder /contractor to conduct business with the public sector for a period not exceeding ten years, in addition to any other remedies the GPL may have against the bidder / contractor concerned.

SECURITY AND OCCUPANCY

Security

All the areas covered by this contract fall within areas defined in the relevant Security and Access Acts as “Restricted Areas” and all of the provisions of these Acts will apply to this contract.

All buildings involved in this contract are subject to stringent access control for all personnel and for materials delivered to and removed from the site. In addition all workmen and staff on site or in any way involved in this contract are subject to **prior** security clearance. Bidders will be required to submit a list of the minimum sufficient persons required affecting the work on site plus those directly involved on site with this contract. If any person is rejected for security reasons Bidder will be required to replace them on their list. If the Bidder is ultimately unable to offer personnel with satisfactory security clearance his Bid may be rejected on such grounds.

Any person rejected by the SAPS for failing to meet the security requirements, inclusive of security clearance, wandering away from an escort or from the immediate contract area, or any misconduct on the site will immediately, without any recourse by the Contractor, be removed from site and refused re-entry to site. This refusal to site shall be in addition to any legal action the SAPS may institute.

Successful Bidder will be required to hand in to the GPL Security Unit within Forty- Eight (48) hours after being requested, following formal acceptance of the Bid, the following information:

- Full names of each of the persons intended to be utilized on site, including supervisory staff.
- Position in firm plus service to be performed.
- Intended areas they will be working in.
- A copy of Identification Document, certified as a true copy of the original by the SAPS. Such document shall be the original certified copy.
- Home address.

Bidders are recommended to have such documentation, both for their own staff and for their Sub-contractors, if applicable, available prior to the closing date of Bids so as to minimise delays in security clearance of personnel once the Bid is awarded.

Any time lost due to delays in submitting the called for list of personnel required entering site, the rejection of personnel on the list, or the subsequent removal and banning from site of personnel will not be accepted as motivation for extension of the contract period.

Such clearance for this project shall remain valid for a period not exceeding 12 months and shall only apply for this project.

Safeguarding of documents

All documents will be individually numbered on issue and records kept as to what documents have been issued to whom.

All documents issued to sub-contractors or suppliers must be signed for, and such sub-contractors and suppliers must also accept responsibility for the safeguarding of such documents while they are in their possession.

All documentation shall be strictly handled as set out in the SSA Minimum Information Security Standards (MISS), a copy of which shall be provided to the successful contractor at the time of site hand over.

It will be the main contractor's responsibility to familiarise themselves with the MISS document and make sure his personnel and sub-contractors are advised accordingly.

OTHER

GPL may amend or cancel this Bid before the award should it deem it necessary.

DELIVERY ADHERENCE

Delivery of goods must be made in accordance with the instructions appearing on the official Purchase Order issued by GPL.

All deliveries or dispatches must be accompanied by a delivery note stating the official order number against which the delivery/milestone has been effected.

Deliveries not complying with the order forms will be returned to the contractor at the contractor's expense.

Where applicable, all equipment is to be supplied with Operating Manuals in at least the English Language.

RISK

During the period the equipment is in transit or in the possession of the contractor, up to and including the date of acceptance by the end-user, the contractor shall be responsible for all risks of loss or damage to the equipment.

GUARANTEES

The contractor shall fully guarantee and maintain all items against manufacturing defects for the entire warranty period.

MAINTENANCE OF THE EQUIPMENT

After the guarantee period has lapsed the maintenance of the equipment will be solicited on a quotation basis as and when required. The contractor shall repair or replace such items immediately upon receipt of official purchase order.

In a case where the equipment is in for repairs for more than five (5) days, the contractor is deemed to provide a loan equipment, which is in good condition.

OUTRIGHT PURCHASE

The contractor shall fully guarantee all items against manufacturing defects, installation, commissioning, materials and workmanship for a minimum period of 30 days after the delivery of equipment.

Should the manufacturing defects be detected within the 30-day period, the supplier shall replace the equipment with the new one. Should the manufacturing defects be detected.

within six (6) months from date of delivery period, installation and commissioning, the supplier shall service the equipment under guarantee terms and conditions.

Contractors are obliged to refund, repair or replace the failed, unsafe and defective goods. The guarantee period shall be effective for a period of (36) months from the date of delivery, installation and commissioning.

Throughout the guarantee period, the contractor must maintain working order of all equipment.

Maintenance and servicing inspections must be carried out on a (six) monthly basis as stated without being requested to do so by the end-user during the guarantee period. The use of other brands of material e.g. ribbons, ink, tapes and paper etc. must in no way affect the guarantee. Should the use of this material affect the guarantee, full particulars must be furnished.

The guarantee shall include regular inspections during the guarantee period and a certificate marked "Under Guarantee" in respect of each inspection shall be furnished. It is a requirement that the contractor keeps record of the offices/premises where the equipment is delivered and installed in order to keep such equipment in good working order during the guarantee period.

CONTRACTUAL OBLIGATIONS

Conditions and Procedures to be complied with as part of the Contract with GPL.

STATUTORY REQUIREMENTS

All persons employed by the Contractor working within the premises of GPL shall comply with the Regulations of the Occupational Health and Safety Act, Act No. 85 of 1993 as amended.

The Contractor shall designate, in writing, one of his full-time employees in terms of the provisions of General Safety Regulations or Section 8 of the Occupational Health and Safety Act who shall be in charge of work on site.

The above designation shall be made before work commences on site. The appointed person, for inspection purposes, shall hold one copy on site and a duplicate copy shall be handed to employee in charge of that particular project.

GENERAL REGULATIONS

The Contractor shall submit a list of all portable electrical tools and equipment to security before permission is granted to enter or leave the premises. Vehicles will be subjected to a search before entry

and when leaving the premises. Contractors are not permitted to stay on the premises after their shift has been completed.

The Safety, Health and Environmental Manager (hereinafter the Safety Manager) must authorise any work, which could affect or interfere with normal activities of GPL.

All excavation work must be railed off or barricaded, debris or material, which cannot be removed immediately, must be placed in such manner as to allow adequate and safe passage. The Safety Manager will authorise areas where rubble and other material may be stored. The Contractor will stay confined to the area of his work.

PERSONAL PROTECTIVE EQUIPMENT

The Contractor is responsible to provide the necessary protective equipment and to ensure that it is used as required.

ELEVATED AREAS

No work may be performed above the heads of persons or aisles or roads unless suitable precautions have been taken to ensure the safety of persons and property below. The affected area must also be identified beforehand and effectively cordoned off.

All scaffolds and suspended loads must be left safe before leaving work at the end of each day – i.e. loads lowered to the ground, scaffolds securely tied down and all loose tools and equipment secured against falling.

Where scaffolding is erected, handrails, toe boards, etc., must be embodied and all such equipment shall be lowered to the ground under competent supervision.

TOOLS AND EQUIPMENT

Contractors shall provide their own ladders, trestles, scaffolds, lifting tackle, tools and portable electrical equipment.

Makeshift or unsafe equipment shall not be permitted on the premises and will be confiscated for the duration of the contract.

No insulation tape or similar may be used on any electrical wiring or cables. Joints in cables must be approved by the Safety Manager to use on the premises.

Contractors may not operate GPL equipment, lifts and vehicles. In exceptional instances the Safety Manager may grant permission. In such an event, the contractor shall produce a valid Certificate of Competency as described in the Occupational Health and Safety Act. A copy of the certificate will be kept on the person of the Contractor who operates the above-described equipment. Any employee of GPL may ask such Contractor to produce the said certificate.

All tools and equipment must be reported to GPL Security whenever a Contractor enters or leaves the premises. It is the duty of the Contractor to ensure that articles or equipment are recorded in a GPL register whenever it is brought on site.

PRECAUTIONS AGAINST FIRES

The Contractor shall ensure that his employees do not smoke anywhere on the premises except in identified smoking bays. Paint, thinners, petrol, oil or any flammable materials shall be stored within a designated area.

The Contractor shall take all necessary precautions to eliminate all fire hazards and to prevent fire damage. All fires shall be reported immediately to the Safety Manager.

HOUSEKEEPING AND FIRST AID

The Contractor shall uphold high standards of housekeeping.

The clinic on site will assist with first aid treatment if required. Should the employee require further medical attention, the emergency service provider will escort the person to the nearest hospital.

All surplus material and builder's rubble must be removed from the premises on completion of the contract or as otherwise specified by the Safety Manager. GPL reserves the right to remove such material against cost within three days after completion of the contract.

- The principle of GPL security instructions must be upheld at all times.

- GPL does not accept responsibility for the safekeeping of any material, tools or equipment brought on site.
- All portable tools or equipment brought on site must be removed at the end of the day's work.

REQUEST FOR PROPOSAL TO

**TO UNDERTAKE WATERPROOFING AND
ROOFING REMEDIAL WORKS – GPL**

**FOR A PERIOD OF 6 MONTHS COMMENCING SEPTEMBER
2018 TO FEBRUARY 2019**

17 August 2017

1. BACKGROUND

The project is proposed to respond to the recommendations of the conditions assessment which was undertaken to ensure effective and efficient asset management in compliance with the requirements of requisite legislation and regulations, as well as improve stakeholder satisfaction in respect of GPL facilities

The project is proposed to ensure that minimal damage is caused to GPL assets that may arise from leakages of the roof as well as to ensure building complies with requisite building, health and safety requirements thus contributing to a conducive working environment and stakeholder's satisfaction with the facility.

AFMS Group (Pty) Ltd was appointed to render the condition assessment services on the Gauteng Provincial Legislature (GPL) building in the 2015-16 financial year. Based on the condition assessment findings, waterproofing and roofing remedial works were found to be an area requiring urgent attention.

At the time of assessment, it was determined that the roof areas require urgent repairs and waterproofing to all defective and damaged areas including guttering, fascia boards, flashings and full bore outlets.

The project is envisaged to ensure compliance to amongst others, the following legislation and regulations: -

- National building Regulation and Standards Act 103 of 1977 as amended
- Occupational Health & Safety Act (OHASA)
- Municipal Bylaws
- SANS 10400
- SANS 204
- Government Immovable Asset Management Act No. 19 of 2007
- Heritage Resources Act No. 25 of 1999
- National Department of Public works – Construction Works specifications Edition 2.1 July 2014

2. INTRODUCTION

The objectives of this ToR include:

- a) To provide prospective contractors with adequate information to understand and respond to GPL's requirements in respect of the required waterproofing and roofing remedial works required for the main building.
- b) To provide prospective contractors with opportunity to present GPL with best suitable options to enable undertaking of the project, both in terms of price and quality.

The process to invite tender submissions emanates from the following process: -

- Condition Assessment was conducted in 2015/16 Financial Year to indicate areas which required remedial works / upgrades to be undertaken.
- Civil/Structural Engineers were appointed to undertake scoping works required and prepare specifications for the works required.
- Heritage consultant was appointed to ensure that the heritage requirements were complied with.
- Approval of scope of works was undertaken internally by the directorate (Operational Support Services and included Building Manager and Safety Officer)

I..... (Name)..... (Signature) duly authorised by the bidding company, hereby confirm that I have read and complied with the above requirements of this bid.
--

3. OBJECTIVE

The objectives of this Project is to appoint a competent, qualified contractor to undertake the required scope of works as per specifications at the best quality and in compliance with requisite regulations and legislation as the building is a heritage site.

Scope of works and specifications have been completed and will form part of the tender documents

4. THE ROLE OF CONTRACTOR FOR WATERPROOFING AND ROOFING REMEDIAL WORKS

The Gauteng Provincial Legislature (GPL) seeks to appoint certified, experienced and reputable Contractors to undertake all relevant works to ensure required remedial waterproofing and roofing works are completed as per scope of works outlined.

The contractor will be required to undertake all the required remedial works as specified in the Bills of Quantities and in compliance with all requisite specifications and regulations.

Gauteng Provincial Legislature is housed in the City Hall Building. The building is a heritage building which is more than 100 years old. Sittings of the house are undertaken within this building and the precinct has also been declared a National Key Point Site. The building is located in the CBD of Johannesburg.

The work on the flat and sheeting roof has little risk of any negative impact on the building heritage requirements.

The area of work which has to meet heritage the greatest potential for a negative impact on the buildings cultural and historic significance is the proposed replacement of the roof tiles. While this work is essential from a maintenance point of view if incorrectly carried out, it can be very damaging and detrimental to the building.

The required remedial works will have an impact on access to the building as scaffolding will have to be erected for access to the roof. Wayleaves to JRA for street level access, hoarding and barricading will also have to be obtained.

5. SCOPE OF WORK

The required remedial works are in respect of the following area: -

- ✓ Remove redundant brackets and fixings from walls and roof slab, and seal the holes
- ✓ Scratch open plaster cracks, clean and seal cracks, apply waterproofing membrane and re-paint walls

I..... (Name)..... (Signature) duly authorised by the bidding company, hereby confirm that I have read and complied with the above requirements of this bid.

- ✓ Seal around all roof skylights.
- ✓ Maintain the lightning conductor on all parapets, test and certify upon completion by specialist subcontractor

b) PITCHED SHEETING ROOFS

Roofs to be waterproofed, and gutters replaced.

This work will be comprised of the following:

- ✓ Strip existing waterproofing seals and coatings
- ✓ Remove and dispose all gutters and downpipes
- ✓ Clean, inspect, repaint and seal existing metal sheeting
- ✓ Replace all loose screws and fixings
- ✓ Seal all valleys, hips and ridges
- ✓ Install new profile rolled aluminium gutters and downpipes,
- ✓ Reinstate lightning conductors in place where applicable.

c) PITCHED TILED ROOFS

Tiles are replaced with new, the structure waterproofed, and gutters replaced.

This work will be comprised of the following:

- ✓ Strip existing clay and concrete tiles
- ✓ Remove and dispose all gutters and downpipes
- ✓ Clean, inspect, repaint and seal existing metal sheeting underneath tiles
- ✓ Install new battens to metal sheeting for new tiles
- ✓ Install new tiles, tile type match appearance of old clay tiles as best as possible
- ✓ Seal all valleys, hips and ridges
