

## Worksheet 2.9

Intro to Music Theory  
gracemusic.us/theory

Name \_\_\_\_\_

What type of articulation indicates the note should be played short and detached?

\_\_\_\_\_

In the following example, add that articulation to all the eighth notes.

What type of articulation indicates the note should be played with strong emphasis?

\_\_\_\_\_

In the following example, add that articulation to the notes on the second and fourth beats of every measure. In the last measure, add that articulation to beat three as well.

What type of articulation indicates the note should be played with emphasis, but not accented?

\_\_\_\_\_

In the following example, add that articulation to every note in the first and third measures.
