

WE ARE:
GRACE.

February 14, 2019

Dear GRACE Families and Staff:

Decisions have now been made regarding the necessary make-up instructional time due to our inclement winter weather. We are making the following changes to the 2018-19 Academic Calendar.

- Friday, February 15 will be a full day of school
- Friday, March 1 will be a full day of school
- Friday, May 10 will be a full day of school

If additional weather delays and/or closures occur, the plan for additional instructional make-up is as follows:

- Should a two-hour delay or other weather related late start be needed, GRACE will cancel the early release on June 6, 2019 and students will attend for the full day
- Should further make-up time be needed, the school year will be extended through June 7, 2019 and beyond

Please know that we work with various entities to plan and schedule these changes. We also aim to communicate changes using various modalities that are best for students, families and staff. The GRACE revised 2018-19 Academic Calendar can be found at this [LINK](#).

Should you have questions regarding these decisions, please contact me directly at kdesotell@gracesystem.org.

Thank you for your understanding and flexibility as we navigate our Wisconsin weather and uphold our commitment to our number one priority of safety first for our GRACE students and staff.

In His Service,

Kimberly A. Desotell
President, GRACE
