

## Asking for a Friend: "What About Global Warming?"

### 2 Peter 3:1-7

---

1. Al Gore in a Grammy acceptance speech in 2007 said that, "we need to solve the climate crisis. It is not a political issue, it is a moral issue."
2. More recently, another famous politician said, "the world is going to end in 12 years if we don't address climate change."
3. A young lady at the United Nations recently made the condemning comments about the apathy of people, "Entire ecosystems are collapsing. We are in the beginning of a mass extinction...how dare you!"
4. Is climate change anything with which a Christian should be concerned?
5. Consider what Peter said that is applicable in principle to the issue:

I. The \_\_\_\_\_ of \_\_\_\_\_ can \_\_\_\_\_ in the \_\_\_\_\_ (vv. 1-2)

II. The \_\_\_\_\_ of \_\_\_\_\_ cannot \_\_\_\_\_ (vv. 3-4)

III. The \_\_\_\_\_ of \_\_\_\_\_ upholds \_\_\_\_\_ (vv. 5-7)

IV. The \_\_\_\_\_ of \_\_\_\_\_ demands a \_\_\_\_\_ (vv. 8-9)

V. Global warming \_\_\_\_\_ at \_\_\_\_\_ (vv. 10-12)
