Unwrap Me Satin Bow Teddy

INSTRUCTIONS:

Hold the bow up, facing away from you.

Make sure the center piece is on the bottom.

The wide satin shoulder strap should be on your left side.

The elastic strap will be on the right.

Step into the bow.

Pull up the wide strap onto your left shoulder with the thin elastic strap on your right.

That elastic strap will go across your back, and under your left arm.

Adjust the bow until you look like the perfect present!
