Crab Island is a once and a lifetime kind of place! This is why doing it right is definitely worth the splurge. They have luxury pontoon boats to fit any party with floats, coolers filled with ice, Bluetooth radio, and snorkel gear ready for your enjoyment! Sit back and relax as your private captain caters to your needs and shows you the best that Destin has to offer. Cruise the beautiful emerald green waters searching for dolphins, discover the multi-million dollar mansions hidden in the canals of Holiday Isle, or cool off in the shallow water at Crab Island. The possibilities of your Crab Island Adventure are endless and your captain is there to tailor your cruise for you. We specialize in **family-friendly fun**.

Floats on Floats on Floats

We've partnered with Mission Boat Gear to turn up the Crab Island experience a couple notches. Our Reef mat measures in at 13' by 6.5' with more than enough room to lounge around. At four inches thick, you can fit multiple people and stay dry while soaking up the sun. You're also welcome to bring your own floats. Your captain will gladly use their pump to get them blown up for you!

Dolphin Admiring

One of the perks of a private captain is that if you want to spend your day admiring the sea life that is what you will do. You are not at the mercy of someone else's schedule, and in fact you are free to make your own schedule. Dolphins are fickle and at times it can seem like herding cats trying to find them. Depending on the month and other factors such as mating, dolphins tend to hang out in different areas. Although not guaranteed, our local captains know where to look for dolphins depending on the time of day. Get up close and personal, and go home with some amazing pictures.

Pump up the jams

Our boat features a Bluetooth radio so you can bring your favorite tunes with you. Create your perfect adventure playlist and crank up the volume. Captain Madison is a Swiftly and will happily blast *Shake It Off* while pulling up to Crab Island. If you don't want to DJ, your captain can help play your favorite music. Requests for Taylor Swift or Red Hot Chili Peppers do take priority!

Ditch your heavy cooler

Forget the hassle of packing your cooler full of ice and drinks and lugging it around. We have a cooler filled with ice ready to go, so all you have to do is show up with your favorite drinks and snacks. Our cooler is big enough to keep 36 drinks cold at a time.
