
PHOTOGRAPHER CV

Who says photographers need not submit a CV when applying for a job? Of course, they still do. Just like any other position, a curriculum vitae form part of any application letter. So how should a Photographer CV be written? There are several CV templates that you can follow. However, the one below is best. You can start with a career aim section. Discuss here your objectives and goals as a photographer. Answer the questions *what can you offer to the company, why should they hire you, and what is your edge over other applicants?* Use these key questions as guides in formulating your career aim. Let us take a look at the sample CV of a photographer below.

Ezekiel Osborn

Ap #419-2547 Amet Avenue Hamilton Lanarkshire WT2 2ZNZIP1

Tel: 01226 629503 Email: [email]

Date of Birth: May 27th, 19941

CAREER AIM:

My career aim is to produce exceptional, quality and unique photos that will be forever treasured by my clients. Using my outstanding skills in capturing impromptu moments with sharpness and clarity, plus my ability to make images appear vivid and lively, I aim to become one of the most sought after photographer in the whole world. My two years experience has exposed me to different photography techniques. I have had a wide array of subjects; people of famous background as well as historical places. I have produced quality photos for web catalogues and promotional literatures. In addition, I am very adept in using an extensive range of photography equipments. With this said, I am confident that this objective is achievable.
