Experience It! Durango & Silverton Railroad

Join us for a ride on the stunning Durango & Silverton Railroad. Winding through the wilderness, this narrow-gauge railway was originally constructed to haul gold and silver ore from the San Juan Mountains. Due to the incredible views it soon became popular with passengers and tourists alike. The Durango & Silverton has run continuously since 1881. Over that time, it has seen many changes...yet the durable line continues to roll on in much the same fashion as those early days. Today, this line (now a National Historic Landmark) carries guests behind vintage coal-fired, steam locomotives.

Please Note:

When reserving a triple room, please note it will have two double beds. Due to fire safety regulations, a rollaway bed cannot be brought into the room.

Go behind the scenes at the US Air Force Academy. This undergraduate institution (known as the “birthplace of a leader”) trains future officers. We begin at the Academy's state-of-the-art Visitor’s Center for an outstanding video presentation, showcasing the academy experience, before viewing a simulated Cadet dorm. Graduates of the four-year program receive a Bachelor of Science degree and most are commissioned as second lieutenants. Despite being among the most selective colleges in the United States, Cadets pay no tuition. Instead they are committed to military service after graduation. There will be plenty of time for independent exploration of the exhibit area that focuses on the academy's four pillars of excellence. Dinner is included after your visit at a wonderful local restaurant. *Duration: Approximately 3.5 hours.* Please note a minimum of 20 passengers is required. Transportation is included.
