Profile

H2ZERO WATER TANK HISTORY

View your water history from the H2Zero app. Once the device is installed you will start to see a pattern of how much water you catch or use on a daily basis. Within a 24 hr period you will be notified of a change in your water usage.

H2^{ZERO}

MONTHLY WATER HISTORY:

The device takes a snapshot of the water level inside your tank daily and compares that data to the day before. Once the data is analysed, you will be sent a notification of the changes.

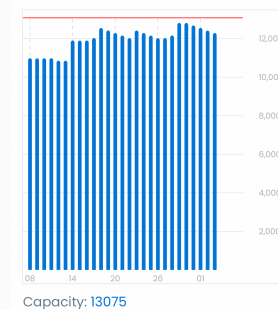

Example notification: -128 gallons used in the last 24hours.
