# Drawer Construction - Door Styling

SPECIFICATIONS

## SIGNATURE SERIES Standard Drawer Construction

## SIGNATURE: Door Styling – Reveals and Construction

Signature door styles are manufactured as inset, partial, or full overlay construction. The **reveals** (areas of exposed face frame surrounding doors and drawer fronts) are different depending on the door style selected.

Door dimensions (and drawer front dimension, if applicable) varies with the height of wall, base, vanity, tall or custom cabinets, **but the reveal remains constant**. Other dimensions are listed below.

All doors use 6-way adjustable, soft-close hinges.
