Ethical Issues in Sustainable Design: Understanding and Preventing Greenwashing

This webinar offers 1.0 PDH to professional engineers and 1.0 HSW continuing education hour to architects licensed in all states. Earned CE hours can be applied to general requirements or ethics requirements.

HalfMoon Education is an approved continuing education sponsor for engineers in Florida (Provider No. 0004647), Indiana (License No. CE21700059), Maryland, New Jersey (Approval No. 24GP00000700), North Carolina (S-0130), and North Dakota. HalfMoon Education is deemed an approved continuing education sponsor for New York engineers and architects via its registration with the American Institute of Architects Continuing Education System (Regulations of the Commissioner §68.14(i)(2) and §69.6(i)(2)). Other states do not preapprove continuing education providers or courses.

The American Institute of Architects Continuing Education System has approved this course for 1.0 LU | HSW (Sponsor No. J885). Only full participation is reportable to the AIA/CES.

The International Code Council has approved this event for .1 CEU in the specialty area of Sustainability (Preferred Provider No. 1232).

Completion certificates will be awarded to participants who complete this event, respond to all prompts, and earn a passing score (80%) on the quiz that follows the presentation (multiple attempts allowed).

Handling Ethical Issues in Government Projects

- Anti-greenwashing initiatives
- Evaluating greenwashing case studies

Presented by

Lauren Valastro

Partner/Attorney at Diamond McCarthy LLP

Ms. Valastro is a partner at Diamond McCarthy's Houston office. Her practice focuses on complex domestic and international commercial, energy, and environmental litigation matters. Ms. Valastro's docket includes contracts, insurance, indemnification, liquidations, greenwashing, and fraud. In addition to representation of diverse corporate clients from across the globe, she also has a broad range of environmental experience including litigation concerning the remediation and restoration of contaminated properties, cost-recovery and contribution actions, and the assessment and recovery of natural resource injuries and damages. Ms. Valastro has argued in the United States Second Circuit Court of Appeals and has represented clients before various state appellate courts. Ms. Valastro graduated first in her college class from Texas Tech University, *summa cum laude* with honors, with a B.A. degree in Spanish and Political Science and received her J.D. degree, *magna cum laude*, from Texas Tech University School of Law.
