Soils

- Compaction – the destroyer of soils
- Hydrology – keeping water where it needs to be
- Nutrients – increasing access to what plants need
- Care – ways to avoid damaging soil

Roots

- Structure – what are roots really like?
- Pruning – learn when to cut and not to cut
- Establishment – creating the optimum environment
- Defective – identifying, correcting, or rejecting poor structure

Biology

- Processes – discuss why trees do what they do
- Health – increasing vigor, longevity, and stability
- Responses – analyze how trees react
- CODIT – The fundamental biological process

Biomechanics

- Young tree training – the path to true sustainability
- Branch structure – right vs wrong, strong vs weak structures
- Risk – how to predict the future
- Thigmomorphogenesis – altering the growth pattern

Pruning

- Techniques – ways to perform “tree surgery”
- Restoration – helping trees recover
- Structural – creating safer, longer tree life
- Standards – research that informs practice

Deforestation By Design™

- Avoiding predictable failures
- Poor materials – caveat emptor: let the buyer beware
- Poor planning – what we want vs what trees need
- Poor planting – how to eliminate discredited techniques and practices

Presented by

John Palmer, BCMA *Board Certified Master Arborist and Advanced Tree Risk Assessor from Cleveland, OH*

Mr. Palmer is a Consulting Arborist and a Board Certified Master Arborist by the International Society of Arboriculture, and an advanced Tree Risk Assessor. He is an author, speaker, and trainer on subjects including The Future of Urban Forestry, Deforestation By Design™, The New Construction Paradigm, and The Leadership Laws of Nature. His focus is on trees in urban and construction environments, soil deficiencies and the importance of soils for sustainable mature trees, increasing urban tree canopies by ensuring trees live to maturity, and unsustainable landscape designs. His areas of expertise include young tree training, proper pruning and planting practices, biomechanics, soil and water management, urban forestry, tree biology, and healthy root system development.

Here's what past attendees had to say about the program and presenter John Palmer:

- “John is one of two presenters in the last 30 years who has held my interest throughout an entire all day program.” – Architect
- “Excellent presentation & content. I especially appreciated all of the references in the material.” – Civil Engineer

Tuition

- \$319** for individual registration
- \$289** for two or more registrants from the same company at the same time.

Included with your registration: PDF seminar manual.

Credit Information

This webinar is open to the public and is designed to qualify for 6.5 PDHs for professional engineers, 6.5 HSW continuing education hours for licensed architects, and 6.5 HSW continuing education hours for landscape architects in all states that allow this learning method. Please refer to specific state rules to determine eligibility.

HalfMoon Education is an approved continuing education sponsor for engineers in Florida (Provider No. 0004647), Indiana (License No. CE21700059), Maryland, New Jersey (Approval No. 24GP00000700), and North Carolina (S-0130). HalfMoon Education is deemed an approved continuing education sponsor for New York engineers, architects, and landscape architects via its registration with the American Institute of Architects Continuing Education System (Regulations of the Commissioner §68.14(i)(2), §69.6(i)(2), and §79-1.5(i)(2)).

The American Institute of Architects Continuing Education System has approved this course for 6.5 LU/HSW (Sponsor No. J885). Only full participation is reportable to the AIA/CES.

The Landscape Architecture Continuing Education System has approved this course for 6.5 HSW PDHs. Only full participation is reportable to the LA CES.

The International Society of Arboriculture has approved this course for the following CEUs: 6.5 Certified Arborist, Climber Specialist, Utility Specialist, Municipal Specialist, Aerial Lift; 2.5 BCMA Practice; 2.0 BCMA Science, BCMA Management

The Society of American Foresters has approved this course for 6.5 Category I CFE credits.

Attendance will be monitored, and attendance certificates will be available after the webinar for those who attend the entire course and score a minimum 80% on the quiz that follows the course (multiple attempts allowed).

Can't Attend? Order the Webinar as an On-Demand Package!

Recordings of this webinar are available for purchase. See details online for more information and please refer to specific state licensing rules or certification requirements to determine if this learning method is eligible for continuing education credit.
