Presented by

Joseph W. Delaney P.E., PgMP, CCM, LEED AP

Dr. Delaney is president and general manager of the construction management services group at Delaney CMS in Union Springs, New York. He is the former president of C&S Design Build Inc., C&S's program and construction management company, where he started the agency construction management business. In his 12-year career there, he developed it into the fastest-growing and most profitable of the firms' business units. At C&S, Dr. Delaney was responsible for more than \$1 billion in completed projects in the education, municipal, wastewater, airport, and private development sectors. In his 25 years as a construction professional, he has served in many roles including those of project engineer, design coordinator, superintendent, construction manager, program manager, general manager, and president. Dr. Delaney is a licensed professional engineer, holds the program management professional (PgMP®) credential, is a certified construction manager (CCM®), and is a Leadership in Energy and Environmental Design (LEED®) accredited professional.
