Improving Wellness with Interior Design

Principles of wellness-centered design
Lighting Materials
Color palettes Use of plants
Outdoor-indoor space integration

Historic Preservation and Interior Design

Types of preservation: restoration, adaptive reuse, infill, and others
Tax credits, grants and other financing options
Zoning issues
Building code, ADA and sustainable design considerations
Historic preservation case studies

Introduction to Biophilic Design

Biophilia and biophilic design
Design principles and benefits
Integrating environmental features
Simulating natural shapes, forms, patterns and processes
Incorporating light and space
Emphasizing connections between buildings and landscape
Case studies of completed design projects

Using Passive Solar Heating and Cooling

What is passive solar design
Identifying the five elements of passive solar design
Designing for passive solar heating
Designing for passive solar cooling
Shading and ventilation

Ethical Issues for Designers

Complying with codes of professional conduct and ethics
Obligations to the public Duties to the client
Responsibilities to colleagues in the design profession

Can't Attend? Order the Webinar as an On-Demand Package!

Recordings of this webinar are available for purchase. See details online for more information.

Presented by

Ariel Steuer, ASID, NCIDQ

Interior Designer, The Kubala Washatko Architects

Ms. Steuer has over 12 years of experience as the lead interior designer at The Kubala Washatko Architects, where a design philosophy of Wholeness is practiced, in which the built environment supports and enhances both human activity and natural living systems. With an overarching concern for how people are affected by the built environment, her goal is to integrate restorative and living practices into spaces for the benefit of people and planet.

Dr. Peter B. Dedek Associate Professor at Texas State University in the Department of History

Dr. Dedek teaches courses in historic preservation, and the history of architecture and interior design. His most recent book is *The Cemeteries of New Orleans: A Cultural History*, (State University of Louisiana Press 2017). He has written two other titles, *Historic Preservation for Designers* (Fairchild Books, 2014) and *Hip to the Trip: a Cultural History of Route 66*, (University of New Mexico Press, 2007).

Sonja Bochart, IIDA., LEED AP BD&C, WELL AP

Director, Shepley Bulfinch

Ms. Bochart's background in creating meaningful and healthy spaces can be found in her over 20 year of experience as a designer; shaping spaces for connection, healing and overall well-being. She is a principal with Shepley Bulfinch and also provides consulting services through Lens Strategy, a consulting studio within Shepley Bulfinch. Ms. Bochart promotes thoughtfulness and leading-edge innovations of holistic design with a focus on human health and wellness.

Heather Holdridge EIT

Associate AIA LEED Fellow, Associate Partner, Sustainability Director

Heather Gayle Holdridge, LEED Fellow, EIT, Associate AIA, is the Sustainability Director at Lake|Flato Architects. Leveraging her background in mechanical engineering, Heather directs all Lake|Flato teams in establishing sustainability goals. She devises strategies and systems to realize those goals under programs such as LEED, the 2030 Challenge, and the Living Building Challenge.

Lynn Vogeltanz, ASID, NCIDQ, IIDA

Ms. Vogeltanz is an interior designer dedicated to improving communities for seniors, their families, and caregivers. A graduate of Mount Mary College with a Bachelor of Arts degree in interior design, she has focused her energy on creating spaces, developing relationships, and servicing the design community. Currently, Ms. Vogeltanz is co-chair of ASID Wisconsin's government affairs committee.

Credit Information

This webinar is open to the public and is designed to qualify for 6.0 PDHs for professional engineers and 6.0 HSW continuing education hours for licensed architects in all states that allow this learning method. Please refer to specific state rules to determine eligibility.

HalfMoon Education is an approved continuing education sponsor for engineers in Florida (Provider No. 0004647), Indiana (License No. CE21700059), Maryland, New Jersey (Approval No. 24GP00000700) and North Carolina (S-0130). HalfMoon Education is deemed an approved continuing education sponsor for New York engineers and architects via its registration with the American Institute of Architects Continuing Education System (Regulations of the Commissioner §68.14(i)(2) and §69.6(i)(2)). Other states do not preapprove continuing education providers or courses.

The American Institute of Architects Continuing Education System has approved this course for 6.0 HSW LUs (Sponsor No. J885). Only full participation is reportable to the AIA/CES.

The International Code Council has approved this event for .6 CEUs in the specialty area of Building (Preferred Provider No. 1232).

Attendance will be monitored, and attendance certificates will be available after the webinar for those who attend the entire course and score a minimum 80% on the quiz that follows the course (multiple attempts allowed).

See course listing online to learn about credits for taking this on-demand.

Tuition

\$319 for individual registration

\$289 for two or more registrants from the same company at the same time.

Included with your registration: PDF seminar manual.
