- Types of business organizations
- Land surveying firm registration requirements
- Supervision of non-registered personnel
- Practice with, and supervision of, non-surveyors
- Business and contract considerations in land surveying

Complying with Illinois Survey Standards

Precision and accuracy	Boundary construction
Monumentation	Certification
Drawings and reports	Subdivision plats
Written descriptions	

Complying with Illinois

Code of Ethics for Engineers and Surveyors

Offer to perform services	Conflicts of interest
Representations	Unauthorized practice
Adherence to statutes and codes	
Professional conduct	

Exploring Real Life Ethical Issues for Land Surveyors: Ethics Issues on a Hypothetical Boundary Dispute

- Professionalism: what services can be offered?
- Who can services be offered to?
- What representations can be made?
- Who can/should perform the work?
- What can/should your involvement be in a developing dispute?

Preserving Illinois Cultural and Historic Resources

- Understanding the impact of preservation laws on private property and public projects
 - National Historic Preservation Act of 1966 and other federal laws
 - Illinois cultural and historic preservation laws
- Federal and Illinois financial incentives available to owners of cultural property
- Preservation covenants and easements
- Working with citizen and government groups
- Preservation strategies

Identifying, Classifying and Locating Easements

- What *is* and *is not* an easement
- Creating easements: easements by necessity, easements by use, written easements
- Identifying critical distinctions between easements in gross, easements appurtenant and prescriptive easements
- Maintaining easements
- Knowing when and how to terminate easements
- Obstructing use of easements and determining remedies
