

Webinar Information

A Two Day Webinar!

Thursday, March 20, 2025 | 9:00 am - 12:15 pm EDT

Friday, March 21, 2025 | 9:00 am - 12:15 pm EDT

Tuition

\$339 for individual registration.

\$237 per attendee for group registrations of two or more people registering at the same time for the same program.

That's a savings of 30 percent!

Included with your registration: PDF seminar manual.

How to Register

- Visit us online at www.halfmoonseminars.org
- Call customer service at 715-835-5900

Webinars are presented via GoToWebinar. Instructions and login information will be provided in an email sent close to the date of the webinar. For more information, please visit our FAQ section of our website, or visit www.gotowebinar.com.

Cancellations: Cancel at least 48 hours before the start of the webinar, and receive a full tuition refund, minus a \$39 service charge for each registrant. Cancellations within 48 hours will receive a credit toward another webinar or the on-demand package. You may also authorize another person to take your place.

New Jersey Stormwater Management 2025

Live, Interactive Webinar

Thursday, March 20, 2025 | 9:00 am - 12:15 pm EDT

Friday, March 21, 2025 | 9:00 am - 12:15 pm EDT

Understand stormwater permit requirements and procedures

Examine the science of stormwater

Explore stormwater best management practices

Develop Stormwater Pollution Prevention Plans

Implement plans for inspection, monitoring, maintenance, and recordkeeping

HalfMoon Education Inc.
WWW.HALFMOONSEMINARS.ORG

Agenda

Agenda Day One | Thursday, March 20, 2025 | 9:00 am - 12:15 pm EDT

Understanding Stormwater Permit Requirements and Procedures

Background and development of national and state regulations and permit requirements:

- Federal Clean Water Act and New Jersey stormwater rules
- Activities exempt from construction general stormwater permit requirements

Complying with NPDES and New Jersey Department of Environmental Protection rules

- Notice of intent requirements
- What the permit covers and does not cover
- Application process
- General requirements and standard conditions
- Implementing, monitoring and assessing stormwater pollution prevention plans (SWPPPs)

Understanding and Applying the Science of Stormwater

Hydrology, soil science and drainage

Identifying consequences of storm events

Runoff reduction, routing and storage

Infiltration and percolation

Faculty

Erik White, PE *President, UEG Consulting, LLC*

Mr. White has over 25 years of experience in engineering, ranging from compliance and industrial wastewater and air treatment system evaluations to remedial study/design projects. Mr. White works with clients across a variety of industries, including iron and steel, utilities, specialty chemicals, food and food additive processing, and petroleum refining. He has expertise in industrial wastewater and stormwater regulatory review and implementation support under the National Pollutant Discharge Elimination System (NPDES) Program. Mr. White earned a B.S. degree in Civil Engineering from the University of Massachusetts in Amherst and an M.S. degree in Environmental Engineering from the University of Michigan.

Agenda Day Two | Friday, March 21, 2025 | 9:00 am - 12:15 pm EDT

Choosing Appropriate Stormwater Best Management Practices (BMPs)

Stormwater management planning

Sizing criteria

Green infrastructure practices

- Preservation of natural features and conservation design
- Reducing impervious cover

Green management techniques

- Conservation of natural areas
- Detention/retention ponds
- Riparian buffers and filter strips
- Vegetated swales
- Disconnected runoff
- Stream daylighting
- Rain gardens
- Green roofs
- Stormwater planters
- Rain barrels/cisterns
- Pervious pavement

Developing Stormwater Pollution Prevention Plans (SWPPP)

Including required elements

Assessing building sites

Choosing best management practices (BMPs)

Planning for required inspection, maintenance and recordkeeping

Obtaining plan certification

Implementing SWPPPs

Developing Plans for Inspection, Monitoring, Maintenance and Recordkeeping

Understanding the science and terminology of stormwater management and monitoring

Implementing monitoring plans

Reviewing stormwater BMP case studies

Additional Learning

Deep Dive into Constructed Stormwater Wetlands

- Tuesday, February 18, 2025 | 11:00 am - 1:00 pm EST

Stormwater Best Management Practices

- Tuesday, February 18, 2025 | 10:00 am - 5:30 pm EST

Current Issues in Landscape Architecture

- Wednesday, February 19, 2025 | 10:00 am - 5:00 pm EST

A Drainage Technology Update

- Thursday, February 20, 2025 | 3:00 - 5:00 pm EST

How to Select and Plant the Proper Tree From a Nursery: A Guide for Design Professionals

- Tuesday, February 25, 2025 | 2:00 - 4:00 pm EST

Credit Information

This webinar is open to the public and is designed to qualify for 6.0 PDHs for professional engineers, 6.0 HSW continuing education hours for licensed architects, and 6.0 HSW continuing education hours for landscape architects in New Jersey.

HalfMoon Education is an approved continuing education sponsor for engineers in New Jersey (Approval No. 24GPO0049300). Courses approved by the American Institute of Architects are deemed qualified sources of continuing education for New Jersey architects. *This course is designed to qualify for continuing education credit for New Jersey landscape architects per NJAC 13:27-8.15(a)(2) but has not been pre-approved by the Board. If desired, an approval request can be submitted by licensees before or after the course.

The American Institute of Architects Continuing Education System has approved this course for 6.0 HSW LUs (Sponsor No. J885). Only full participation is reportable to the AIA/CES.

The Landscape Architecture Continuing Education System has approved this course for 6.0 HSW PDHs. Only full participation is reportable to the LA CES.

The International Code Council has approved this event for .6 CEUs in the specialty area of Sitework (Preferred Provider No. 1232).

The Association of State Floodplain Managers has approved this course for 6.0 CECs for floodplain managers.

HalfMoon Education is an approved CM Provider with the American Planning Association. This course is registered for CM | 6 for Certified Planners.

Attendance will be monitored, and attendance certificates will be available after the webinar for those who attend the entire course and score a minimum 80% on the quiz that follows the course (multiple attempts allowed).

On-Demand Credits

The preceding credit information only applies to the live presentation. This course in an on-demand format is not pre-approved by any licensing boards and may not qualify for the same credits; please consult your licensing board(s) to ensure that a structured, asynchronous learning format is appropriate. The following pre-approvals may be available for the on-demand format upon request: 6.0 HSW LUs (AIA), 6.0 HSW PDHs (LA CES)

The Language of Horticulture: A Primer

- Thursday, February 27, 2025 | 2:00 - 4:00 pm EST

Pavement Design, Construction and Maintenance

- Thursday, February 27, 2025 | 9:30 am - 4:30 pm EST

Building a More Resilient Roadway System

- Monday, March 3, 2025 | 11:00 am - 1:00 pm EST

How to Use Berms and Swales for Stormwater Infiltration

- Friday, March 7, 2025 | 10:00 am - 12:00 pm EST
