

UGO BLUETOOTH WIRELESS MINI SPEAKER

Features

Bluetooth®

Pair with any audio device with Bluetooth® capability. Play music, videos and audio books wirelessly. Bluetooth® v3.0 specification compliant transmitter.

Built-in Microphone

Doubles as a wireless speakerphone. Answer, listen and respond to callers with built-in microphone via Bluetooth® or provided cable.

FM Radio

Attach provided antenna. Program available radio stations with the push of a button.

Micro SD® slot

Load music onto optional Micro SD® card. Insert in UGO and your music automatically plays.

Plug and Play

Connect included 2 in 1 cable to any non Bluetooth® audio device for crisp sound and deep bass.

AUX Out

Connect any number of Speakers together for more and bigger sound.
