

PRODUCT DATA SHEET

Product Description: Alarmed panic exit device, for 35" to 42" wide doors. UL10C 3 hour fire rated, ANSI A156.3 Grade 1. Non handed. Rail and push pad are fabricated from heavy gauge steel with a powder coated matte black finish. Trim available in the following functions: classroom, storeroom, passage and dummy. 120dB alarm has an internal horn that signals the push rail has been depressed and the door opened. Alarm is 9 volt battery powered and turned off with a key switch. A weak battery produces an intermittent warning signal. Warning decal is included. Device and trim for 161 standard cut out.

Designed For 161 Cut Out Door Prep
