

Description

Today's Wound Clinic (TWC) provides practical, timely insight into clinical and operational issues inherent to the success of an outpatient wound center. Program directors, medical directors, and clinical managers will benefit from the interactive nature of feature articles and regular departments that address medical and practice management options and perspectives affecting fiscal and, most importantly, patient outcomes of wound clinics. Articles from knowledgeable, experienced practitioners are invited and will be subject to editorial-board review.

Issuance

Frequency: 12 times per year

Market Coverage

TWC is the only wound care journal dedicated to covering wound care in a clinic setting.
