

## TASK 24

# hiding in Plain Sight

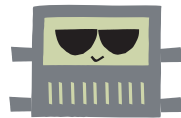

The Internet often feels invisible. But if you take a closer look, you can start noticing things that are a part of the Internet. Go on a walk around your home and neighbourhood and note down everytime you see:

Manhole cover

Something connected to the Internet

A funny wi-fi name

Wi-fi hotspot

Routers

Router

Wi-fi

Wires or cables related to Internet

Ethernet cable

Something else related to Internet

ISP box
