

From Tragedy Comes Hope

After completing her freshman year at Penn State University, Lauren became a quadriplegic from a fluke diving accident. Within a few weeks of turning 19, she began her quest to heal and also to help others avoid the same fate.

Lauren became an advocate for Dive Safety and created the slogan:

IF YOU CAN'T SEE THROUGH IT, DON'T DIVE IN TO IT!

66% of paralyzing dive accidents occur in Dark Waters

PARALYZING DIVE ACCIDENTS ACCOUNT FOR 2/3^S OF ALL SPORT RELATED SPINAL CORD INJURIES. AN INJURED TEEN WILL INCUR AN AVERAGE LIFETIME COST OF \$4,000,000.

Lauren found that the best odds for recovery were through Activity Based Therapy. Insurance covers

only 20 visits of traditional OT & PT per year, which is inadequate to maintain optimum health. Through Lauren's therapies, she has regained more sensation and movement than predicted! These therapies however, are 100% self pay. Fundraising has been vital to afford both the training and other non-insured medical expenses.
