Amy Bennett's handmade bracelets are designed with a circle representing the people and communities surrounding and supporting Ethan and his family. The Hebrew word chazak, which in English translates to "be strong, strengthen," is hand stamped both in Hebrew and English letters. Keeping Ethan in our hearts, his initials (ESK) are stamped on the back. 100% of the proceeds excluding material costs from the sale of Chazak Bracelets are donated to HelpHOPELive in honor of Ethan Kadish.
