

Aperia Welcome Letter

Starting January 1, 2018, NET1 Payment Solutions partnered with Aperia Solutions Inc. (Aperia) for our merchant PCI compliance program. Aperia is a full-service PCI compliance Qualified Security Assessor (QSA), and has been in business for almost 20 years supporting over 6 million businesses worldwide. In addition to the QSA designation, Aperia is an Approved Scanning Vendor (ASV) with the PCI Security Standard Council.

Please access the Aperia Merchant PCI Portal to complete the PCI compliance process, update the merchant information, or simply just click around to become familiar with the new system.

Instructions on accessing the Aperia PCI system for the first time:

- Begin by typing in www.pciapply.com/net1paymentsolutions into your internet browser. Please use Google Chrome or Internet Explorer if possible.
- Click on "First Time Logging In"
 - Please have merchant Id available. Your merchant Id begins with 3948.

If you run into problems, please feel free to call (817)-662-3733 or email support@net1creditcard.com.

Some additional features of the new PCI tool are listed below. If you have any additional questions about the product offerings, please ask your NET1 support representative.

- Aperia's PCI Compliance suite manages a variety of compliance services for merchants including terminal verification, scanning, merchant education, and online SAQs.
- Self-Assessment Questionnaire (SAQ) Wizard" that directs the merchant to the right SAQ. Based on SAQ requirements, easy links to:
 - Internal Vulnerability Scanning, Antivirus and Endpoint protection (fulfills Req. 5)
 - PAN Scanning, Mobile Scanning
 - Endpoint Lock protection (keylogging prevention powered by Advanced Cyber Security (ACS)
*Endpoint Protection is available through Intel Security
 - User-Friendly & Multi-Lingual Portal
 - One-Stop Access to all tools needed to be compliant
 - Certificates & Attestations of Compliance (AOC's)
 - Integrated External Vulnerability Scanning
 - Security Policy Templates
 - POS Checklist & Inventory Sheet
 - Extensive SAQ and SCAN Support via phone, email, and online chat

Aperia's highly trained associates are available to support with any PCI Compliance questions. Their help desk support can be reached at (888) 329-3171 between 7am and 7pm central time or by email at support@pcihelpcenter.com.
