

Fat Shark Specification Document

Model Number: 2007
Model Name: 4P Straight to 4P Straight 30cm
Document Revision/Date: Rev A/ 08.14.2014

Product Description:

The 30 centimeters long 4P straight to 4P straight AV cable is used for connecting ImmersionRC Antenna Tracker with ImmersionRC external receivers. The short length keeps your ground station wiring quite neat as normally the antenna tracker and receiver are mounted very close.

Note: *Not intended for use with headsets due to its short length.*
