Fat Shark Specification Document

Model Number: 1605
Model Name: Adjustable Volume Earphone
Document Revision/Date: Rev A/ 08.25.2014

Product Description:

This Adjustable Volume Earphone is compatible with all Fat Shark Headset Models.

Specifications:

Electrical:

- Plug Type: 3p Straight Male
- Volume Adjustment: Available

Mechanical:

- Size of Jack: Φ 3.5 mm
- Length: 105 cm
- Weight: 14.5 g

Packaging:

- Packing Method: PE Plastic Bag

Operational Advice:

For simplicity and minimalist controls, Fat shark Base and Attitude headset models do not have volume control buttons. The Audio is outputting at max volume and needs to be adjusted to comfortable level via this Adjustable Volume Earphone.
