## RC VISION SYSTEMS

### Fat Shark Specification Document

**Model Number:** 1614  
**Model Name:** GoPro Phantom Mount  
**Document Revision/Date:** Rev B/ 01.16.2015

#### Product Description:

This GoPro Phantom Mount is a clean and simple way to mount a GoPro Hero 3/3+ camera (recording), Fat Shark flight camera (any Fat Shark camera) and Fat Shark cased transmitter to the underside of a DJI Phantom 2 or GoPro style equipped mount. The standard GoPro type pivot makes the camera portion of the mount compatible with any other GoPro styled mounts. A shorter style 15cm TX to camera cable is included to eliminate excess cable loops.

#### Specifications:

##### *Mechanical:*

- Material: ABS plastic
- Size: 8.5 x 6.5 x 5 cm
- Weight: 25 g

##### *Packaging:*

- Dimensions: 10 x 6.5 x 4.5 cm

#### Operation:

Remove lens from flight camera. Unscrew lens lock ring approximately 2mm. Thread lens through smaller circle and back into camera case. Adjust camera ring to focus. GoPro camera lens is seated in larger ring. Cased transmitter slides into grooves from bottom. Mounting screws mate with screw pattern of Phantom 2. If connecting to GoPro style mount, remove Phantom bracket and connect via the pivot screw.
