

# **COMPLETING FORM I-693, REPORT OF MEDICAL EXAMINATION AND VACCINATION RECORD**

*by Yeu S. Hong and Paul L. Samartin\**

***NOTE: Always check the website for the most recent version of this form and current filing fees!***

Form I-693, Report of Medical Examination and Vaccination Record, is used by U.S. Citizenship and Immigration Services (USCIS) to establish whether an applicant for adjustment of status is inadmissible to the United States on public health grounds. A list of health grounds of inadmissibility may be found at Immigration and Nationality Act (INA) §212(a)(1).

Except for Part 1, the Form I-693 is completed by a USCIS designated physician (also known as a civil surgeon). To find a USCIS designated civil surgeon, the applicant may call the USCIS National Customer Service Center at (800) 375-5283 and follow the automated menu or go to [www.uscis.com](http://www.uscis.com) and click on “Find a Medical Doctor (Civil Surgeon)” under the “I Want To” customer tool sidebar.

The results of the medical examination are confidential and are used only for immigration purposes. When required by law, the civil surgeon may share the applicant’s results with public health authorities.

The civil surgeon will ask the applicant to verify identity through a valid government issued photo identification such as a valid unexpired passport or driver’s license. For applicants under 14, the USCIS will accept other proof of identity that shows the applicant’s name, date and place of birth, parents’ full names, and any other identifying information about the applicant. Acceptable documents include birth certificates or affidavits. In addition, the applicant should bring any vaccination records to the appointment to minimize the need for, and cost of administering or re-administering, vaccinations during the medical examination.

## **PART 1 – INFORMATION ABOUT YOU**

This section is designed to gather general biographical information about the applicant requesting the medical examination and to certify under penalty of perjury that the applicant identified in this section and information provided is true to the best of the applicant’s knowledge. In addition, the applicant is verifying that he or she understands the purpose of the medical examination and authorizes the civil surgeon to perform the required tests and procedures as required under the law and guidance. This section is the only part of Form I-693 that is completed by the applicant requesting the medical examination. The civil surgeon will instruct the applicant to sign and date the “Applicant’s Confirmation” in this section. The applicant should use black ink only and write “N/A” if a question does not apply unless the instructions indicate otherwise.

### **A. Name**

The applicant should insert his or her legal name. If the applicant has two last names, he or she must include both names using a hyphen if appropriate.

\* **Yeu S. Hong** is a senior associate at Mukai & Kussin, LLP. He is a past AILA Board of Governors director and past chair of AILA’s Southern California Chapter Executive Committee. He received his J.D. from the University of San Diego School of Law and has practiced business and family immigration law since 1998.

**Paul L. Samartin** is head of the U.S. immigration practice at Laura Devine Solicitors. Mr. Samartin specializes in business- and family-based immigration to the United States and has extensive experience working with embassies and consulates throughout Europe. He regularly speaks on a wide range of business- and family-based immigration matters, and has written numerous articles for AILA. He earned his J.D. from Pepperdine University School of Law and is admitted to the State Bar of California.

**B. Home Address**

The applicant should insert the physical street address. Do not use a post office box number.

**C. Date of Birth**

Use eight numbers to show the date of birth. For example May 22, 1972, must be written 05/22/1972.

**D. Place of Birth**

Give the name of the city/town/village where applicant was born.

**E. Country of Birth**

Give the name of the country where applicant was born.

**F. A-Number**

This is the applicant's alien registration number. The A-Number is typically located on relevant USCIS receipt notices in the "USCIS Alien Number" section and contains an "A" followed by a nine digit number, such as A123456789. If the applicant does not have an A-Number, the applicant should leave this space blank.

**G. U.S. Social Security Number**

If the applicant does not have a Social Security number, leave this space blank.

**H. Applicant's Certification**

The applicant should not sign the form until the civil surgeon instructs him or her to do so during the medical examination.

**I. Identifying Information of Top of Each Page After Page 1**

Applicant should fill out name and A-number, if applicable, at the top of each page of Form I-693. The civil surgeon will check to make sure this information matches Part 1.

**PART 2 – SUMMARY OF MEDICAL EXAMINATION**

This section provides a summary of the medical examination. It includes information related to the date of examination and any follow-up examinations as well as a section to indicate a summary of overall findings. The civil surgeon will check off the box indicating no Class A or B condition or check off the box indicating either a Class A or Class B condition exists.

**PART 3 – CIVIL SURGEON CERTIFICATION**

This section is designed to gather general information from the civil surgeon. In addition, the civil surgeon will sign this section to certify under penalty of perjury that he or she qualifies as a USCIS designated civil surgeon, verified the identity of the applicant, and completed the medical examination in accordance with the Centers of Disease Control (CDC) and Prevention's Technical Instructions. If the civil surgeon has referred the applicant for further tests or an evaluation, he or she will not sign and date until the further tests and/or follow-up evaluation (if required) have been completed and the applicant has been medically cleared.

**CIVIL SURGEON WORKSHEET**

The civil surgeon worksheet section relates to specific health conditions enumerated in INA §212(a)(1) which are a part of the medical examination.

**1. Communicable Diseases of Public Health Significance**

- Tuberculosis – Either a Tuberculin Skin Test or Interferon Gamma Release Array is required for applicants two years of age or older. The civil surgeon should perform only one type of the initial screening test, followed by further evaluation, if necessary.

- Syphilis – Applicants 15 years old and older must have blood tests for Syphilis. In addition, children under the age of 15 may be required to be tested if the civil surgeon has reason to believe the applicant is infected with Syphilis.
- Other Class A/Class B Conditions for Communicable Diseases of Public Health Significance – These conditions include Leprosy (Hansen's Disease), Gonorrhea, Lymphogranuloma Venereum, Chancroid and Granuloma Inguinale.

## **2. Physical or Mental Disorders With Associated Harmful Behavior**

The civil surgeon will include any diagnosis of substance abuse/addiction based on DSM criteria for a substance not listed on Schedule I, II, III, IV, or V under Section 202 of the Controlled Substance Act with current associated harmful behavior or history of associated harmful behavior judged likely to recur. This category includes diagnosis of alcohol abuse/dependence.

## **3. Drug Abuse/Drug Addiction**

This addresses non-medical use only with respect to substances listed on Schedule I, II, III, IV, or V under Section 202 of the Controlled Substance Act. The civil surgeon will include any diagnosis of substance abuse/addiction based on DSM criteria for a substance not listed on Schedule I, II, III, IV, or V under Section 202 of the Controlled Substance Act.

## **4. Other Medical Conditions**

The civil surgeon will list other Class B conditions, *e.g.*, hypertension, diabetes.

## **5. Referral to Health Department or Other Doctor**

The civil surgeon will complete this section and refer the applicant to the appropriate local health department or refer the applicant to complete treatment if he or she tests positive for certain diseases in accordance with the CDC's Technical Instructions.

## **6. Referral Evaluation**

The health care professional receiving a referral from the civil surgeon must fill out and sign section 6 following completion of treatment.

## **VACCINATION RECORD**

This section provides the civil surgeon the opportunity to complete the vaccination worksheet and provide the results of the vaccination record review. All applicants for adjustment of status must present documents showing that he or she has been vaccinated against a broad range of vaccine-preventable diseases. The civil surgeon will review the applicant's vaccination history and determine if the applicant has all of the required vaccinations. Applicants should not attempt to meet the requirements before being evaluated by the civil surgeon in case it is not medically appropriate for the applicant to have one or more of the required vaccinations. The civil surgeon may certify that one or more of the vaccinations are not medically appropriate for the applicant. If the applicant cannot prove he or she received the required vaccinations, or has never received a required vaccination, the civil surgeon will administer the vaccination.
