

Cummings Server Room Access Form

Gaining access to the Cummings Server Room requires you to read, agree to, and sign this form. Access to this facility is a privilege, not a right. Violation of these terms will result in the revocation of your access privileges to the Server Room.

By signing this form, you agree to follow the Dartmouth College Honor Code and Dartmouth College Information Technology Policy in all manner and respects in relation to the access to and contents of Cummings 218a, the Cummings Server Room.

You also agree that you will not provide access to anyone by lending them your Dartmouth ID Card. People who do not have access using their Dartmouth ID card are permitted to access the room only under the direct supervision of an authorized user. The door to the Server Room should never be left propped open, no matter how briefly. Server Room access is monitored and recorded by camera.

Your signature below also indicates you agree to limit your activities in the Cummings Server Room to the equipment under your supervision. Access to other people's equipment and plant equipment (air conditioning system, network switches, UPS, circuit breakers, etc.) is prohibited.

If you leave the employ or student body of Dartmouth or the equipment under your supervision is removed from the Server Room, your access to the Cummings Server Room will be revoked.

No food or drink is allowed in the Server Room.

I agree to the terms above.
