

For accuracy, please print this PDF out and be sure the zoom is set to 100%

To ensure that you are printed to scale, measure these rulers and ensure they are respectively 1 in and 1 cm (10 mm)

When purchasing a wider band (normally 8mm or above), consider moving up a half-size from your measurement.

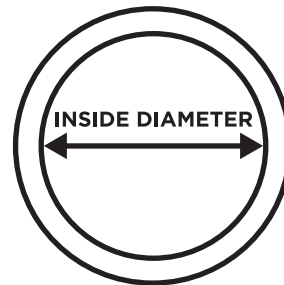

This ring sizer guide only serves as a referencing tool, **for the most accurate results, please see your local jeweler for a free sizing or order our ring sizer.**

RING SIZER

- Order your free ring sizer at ringsize.carbonfibergear.com

MEASURE CURRENT RING

- Get a ring that already fits the intended finger.
- Place the ring over the circles on the right, matching the **INSIDE** edge of the ring to nearest circle in size.
- If the ring falls between two sizes, order the larger size.

Circles in US ring size and diameters

THE SECRET TEST

- Borrow a ring that your loved one already wears
- Place the ring on top of each circle to the right to find a perfect match (on the inside)
