

Comment installer votre barre d'alimentation (sur bureau)

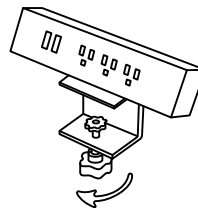

1

Choisir l'emplacement de la barre d'alimentation.

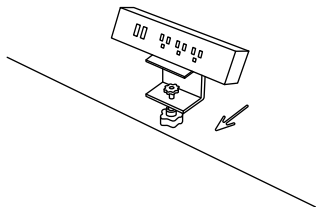

2

Dévissez la pince en C dans le sens antihoraire afin de créer un espace adapté à votre surface de travail entre le haut de la pince et la base ajustable.

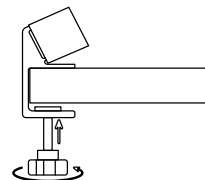

3

Glissez la barre d'alimentation sur votre surface de travail à l'endroit désiré.

4

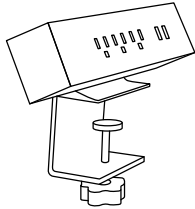

Fixez la barre d'alimentation à votre surface en vissant la pince en C dans le sens horaire.

How to install your power bar (on-desk)

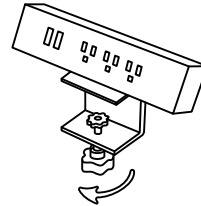

1

Choose the emplacement of the power bar.

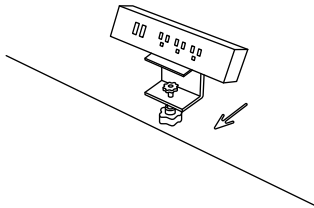

2

Unscrew the C-shaped clip counterclockwise to create a space adapted to your work surface between the top of the clip and the adjustable base.

3

Slide the power bar on your desktop to where you want it to be.

4

Fix the power bar to your desktop by screwing the C-shaped clip clockwise.
