The VidVersity Flow

Step 1

Upload / Record Video

Step 2

Edit Video

Step 3

Create Course

Upload video

1. Click

OR

2. Click

3. Click

Note: Record is the option to record from your IOS device

 **Note:** You can download the VidVersity app from iTunes or Google Play. Use the app to record your video and send direct to the VidVersity platform.

Edit the video

Before you start editing spend a bit of time thinking about what you are aiming to do. If it is a large video you are breaking it down into smaller segments so the learner can easily go to relevant parts of the video. You are in effect creating chapters for the learner to work through. Ideally chapters should be around 3- 10 minutes long to enhance the learning experience.

Our editor is designed to be easy to use and has two key features:

Top and tail- cut your video into small chapters, selecting each start and end point.

Merge two videos. Remember the aim is not create long videos but break them down into small bit size chunks, making the learning much more engaging.

Note: We never cut the original video so if you are not happy with your editing simply delete and start again.

Edit the video

1. Go to

2. Find your video and click on

3. Start watching the video. The aim is decide where your new video will start (Mark In) and finish (Mark Out)

4. It is now time to edit your video into smaller videos. When watching the video click on:

Mark IN - from 0:00:00

Where you want the cut video to start

Mark OUT - until 1:00:32

Where you want the cut video to end

5. Once have set the timing click on

 Cut & Save

The new video will just include the green

Find sliders fiddly? Use the + and - to get to the right spot.

6. Naming your new videos

When you create a new video use a meaningful name and also a number. For example 1. Introduction to our organisation.

Why? When it comes times to create the course it will be easier to choose the chapters and the names will be pre-populate the chapter titles.

Remember to put the new video in the appropriate category

Note: if you wish to remove parts of a chapter you can cut a chapter into two videos and then merge together as one using the Merge feature

When you edit a video the chapters you have created are listed underneath the main video with the name and times.

If you have already created a course you can tick in the videos and send directly to the course and a chapter will be created.

Note: whenever you see a

you can edit and make changes

Create a course

Once you have edited the videos you are ready to start putting it all together and creating a course.

1. Click on

2. Click on

3. Complete the fields and save. This is the information the learner will see ie. the title and presenter details.

Note: all can be changed at any time

The screenshot shows the '+ Add Course' form with the following fields and values:

- Title:** Overview of the Royal Commission
- Select Category:** banking royal commission (with an 'Add Category' button)
- Keywords:** banking
- Image:** A placeholder image of a coin with a dollar sign, labeled 'bank icon.png'.
- Presenter name & profile:** Mark Bland (with a 'Partner' field next to it)
- Skip Chapter:** Yes (selected)
- Tip:** Skip Chapter. Selecting yes allows you to view any chapter in any order. Selecting no means the chapters must be viewed in order.
- Buttons:** Save, Cancel

Building a course

1. Click

 Edit Chapters & Lock Course

2. Click

 Create Chapter

3. Select the category and your original video and new videos will be displayed.

Title : 1 Why we needed a Royal Commission

Icon: Upload Poster Image
☐ Upload Image ☐ Select from Gallery

Check Answer : ☒ Yes ☐ No

Select Video : Royal Commission Add Category

Select Chapter Video:

1 Why we needed a Royal C... 2 Senate Inquiry 3 Scandal upon scandal 4 Government refused a R...

You can upload an image to use as a chapter thumbnail, otherwise leave blank.

Note: when you select a video, the title of the video will automatically appear as chapter title unless you change it. So when editing videos make the names meaningful.

Adding interactions

A key part of VidVersity is you can easily add interactions to the chapters. These make the experience much more engaging for the learner.

There are a variety of interactions you can add and you decide when they pop up on the screen. All the interactions (except for sub-titles) stop the video and require the learner to engage with the video before it recommences.

The screenshot shows a video player with a woman's face. Below the video is a table for adding questions. The table has columns for No., Question, Attempts, Time, and Actions. A green progress bar is visible in the Time column, indicating the timing of the interaction.

No.	Question	Attempts	Time	Actions
1	Today is	1	00:02	

Buttons: + Add Question, View, Edit, Delete

For all interactions
use the timer to
choose when they
pop up in the video

Questions

There are three kinds questions:

True/ False

A simple true or false

Checkbox

Multiple choice where one answer is correct

Radio

Multiple choice where multiple answers are correct

You can add questions to appear at any time in the video and they will stop the video and appear like this.

The screenshot shows a video player interface with a question overlay. The overlay has a title bar that says "Please answer the following question". Below the title bar, there is a text input field labeled "Today is". Underneath the input field, there are four radio button options: "Monday", "Tuesday", "Wednesday", and "Thursday". At the bottom left of the overlay, there is a dark blue button with a white right-pointing arrow and the text "NEXT". On the right side of the video player, there is a sidebar with a video thumbnail and the title "1 Why we needed a Royal Commission". At the bottom of the sidebar, there are two buttons: a dark blue button with a magnifying glass icon and the text "RESOURCES", and a dark blue button with a close icon and the text "CLOSE".

Adding questions

1. Select a category or create a new one
2. Choose the type of question you want
3. Type in the question text
4. Type in answer choices
5. Select create answer and provide feedback if you wish
6. Type in number of attempts the learner has until you show the correct answer

Resources

Resources are links to documents or URLs. The video will stop and the learner will have the opportunity to click on the link to the document or web page. A list of all resources referred to in the course are listed in the Resources Tab.

The screenshot shows a dialog box titled "Add Resources" with a search icon and a close button. It contains the following fields and options:

- Title:** A text input field with the placeholder text "Title".
- Url:** A text input field with the placeholder text "http://www.example.com".
- Attach File:** A button labeled "Choose file" followed by the text "No file chosen".
- Popup:** A checkbox that is checked, with the text "Note: Resources are always available via the resource menu" next to it.
- Tips:** A section with a yellow warning icon and the word "Tips". It contains two items:
 - Url:** "Url start with http://"
 - Popup:** "Select to display the resource during the video."
- Buttons:** At the bottom right, there are two buttons: a blue "Save" button and a red "cancel" button.

If you do not want the video to stop to display the resource, untick in the popup menu. The resource will appear in the rrsorce library only.

Notes

Notes is where the course creator can add summaries, key takeaways or other text they wish to add, that can be printed out by the learner. All notes referred to in the course are listed in the Notes Tab and can be printed out.

The video will stop and the note will appear on the screen. The learner will click OK to continue.

Add Note

Summary

H1 H2 H3 P B I U

The Royal Commission into Misconduct in the Banking, Superannuation and Financial Services Industry, also known as the Banking Royal Commission and the Hayne Royal Commission, was a royal commission established on 14 December 2017 by the Australian government pursuant to the Royal Commissions Act 1902 to inquire into and report on misconduct in the banking, superannuation and financial services industry. The establishment of the commission followed revelations in the media of a culture of greed within several Australian financial institutions.[1] A subsequent parliamentary inquiry recommended a royal commission, noting the lack of regulatory intervention by the relevant government authorities,[2] and later revelations that financial institutions were involved in money laundering for drug syndicates, turned a blind eye to terrorism financing, and ignored statutory reporting responsibilities[3] and impropriety in foreign exchange trading.

Save cancel

Use the Set Time slider to set where questions, notes, resources, subtitles and slides appear in the video.

Sub-titles

This feature allows you to let the learner who the speaker is and where they are from. By default they remain on the screen for 3 seconds.

Slides

Slides can be added to the videos to break up the viewing experience. Using our slide creator you can add text or images. To add slides built outside VidVersity save as an image file and upload. You can add one multiple slides at any point in the video using the slide creator.

Example of a PowerPoint slide saved as an image and uploaded.

Slides

1. Create your slides in the Slideshow Bank  Slideshow Bank

2. Select or create a category

3. Click  to create slideshow

3. Add to chapter by clicking 
choose the category and select relevant
slideshow

The screenshot shows the 'Slideshow Bank' interface. At the top, there's a blue header with 'Home' and 'Slides' tabs. Below this, a breadcrumb trail shows 'Home > Slideshows > Edit Slides'. The main content area is titled 'BRC' and contains a search bar with the placeholder 'Search by title'. Below the search bar, it says 'No slides found' and has a '+ Add Slide' button. On the right side, there's a 'Signed in as natalie-user' status and a 'Logout' button. A red arrow points from a blue-bordered box containing the text 'Upload PowerPoint slides saved as images here' to the 'Import Images as slides' section. This section has a 'Choose Files' button and text indicating 'No file chosen' and 'Images will be imported sequentially then alphabetically.' Another red arrow points from a blue-bordered box containing the text 'Create text slides here' to the '+ Add Slide' button.

Tracking

For distribution in an LMS you can set the tracking to be either by % of chapters viewed, % of questions correct or a combination of both.

Tracking options

User progress data is available with either SCORM v1.2 & LTI 1.1:

☒ By questions

If your course contains questions that you want to use to track, select this option.

☐ By chapters

If your course does not contain questions and/or you only want to track by chapters viewed, select this option.

☐ By questions & chapters

If your course contains questions and you wish to track both questions and chapters viewed, select this option.

Minimum required score (0-100) to generate a pass:

%

Save

Save, Preview and Publish

Before you preview or make available in your LMS you must publish the course first.

A green rectangular button with a white play icon and the text 'Publish'.

A blue rectangular button with the text 'Preview Course'.

Click to preview the course or make available to learners without tracking

A light gray rounded rectangular button with the text 'Generate SCORM 1.2V file'.

Click to download SCORM file for your LMS

A light blue rounded rectangular button with the text 'LTI'.

Click to add to your LMS using LTI

Rearranging and updating

Updating or adding to your videos/courses
