Upon entering the Forest, it's easy to see why families love this home. The foyer leads to a spacious two-story great room, which opens to a huge kitchen and eat-in nook and creates an ideal space for gathering and entertaining. An intimate dining room, located at the front of the home, is perfect for weekend dinner parties, while the formal den offers a private work-at-home space. Three spacious bedrooms are located upstairs, in addition to an inviting master suite with a private bath and separate walk-in closets. Adding to the functionality of this home is the option to convert the two-story great room to a loft.
