## **STEP 2: SELECT SHIRTS AND INK COLORS**

### **IMPORTANT NOTES ABOUT OUR TEE OPTIONS**

We offer two different qualities of tees for group orders: Basic Quality and Premium Quality. The Basic Quality tee is great for one-time events and casual wear. The cotton is a little bit heavier and more rigid. The Premium Quality cotton shirts are a thinner, but tougher material that is ring-spun. They are softer and they are stitched and designed to be worn more frequently. The Premium Quality tees also come in ladies sizes.

These tees are made by different vendors. Both fit true to size; however, the youth sizing differs between brands. Please check the charts provided to determine appropriate sizing. We can also quote you for other options: long-sleeve tees, hoodies, v-necks, etc.

Each vendor offers different colors - please use charts attached to determine which colors will work best for your order. You can mix and match shirts so long as you only mix from ALL DARK or ALL LIGHT shirts. The reason is because the ink printing is different based upon the shirt color, and you cannot mix dark and light.

**Note:** Shirts that are size Adult 2XL - 4XL have an added charge.

## A Note About Ink Colors

Our shirts are printed using screen printing done professionally by commercial screen printers. Screen printing involves a set up process that requires screens be made for each ink color in the shirt. For this reason, we cannot print fewer than 25 shirts (because of the expense of the set up costs). For group orders, you must choose ALL DARK COLORED TEES or ALL LIGHT COLORED TEES. (A few tee colors can go either way).

DARK COLORED TEES are printed with white font and a red heart.

LIGHT COLORED TEES are printed with black font and a red heart.

Some designs have options for ink colors. If your design has this option, we will contact you with recommendations and mock-ups.
