PELE'S ODYSSEY

Legend tells us that Pele was expelled from Kahiki (Tahiti) by her brothers because of insubordination, disobedience, and disrespect to their mother, *Honua-mea*, sacred land. She then voyaged north looking for a new home. In narration, song, and dance, we tell the story of Pele's search. Her new home would have to be cool, deep in the earth where her fires could be stored safe from invading seas. Wakea is the sky-father who with Papa, the earth-mother, created the islands. An 'ō'ō is a digging stick. Our narrator is Mrs. Gladys Brandt.
