

Christ's Happy Childhaven

Lanice White with the girls from CHC

What an exciting time to be on the ACH/CHC campus. While we were there we could walk over the land that was in the process of being purchased. This additional 15.5 acres will allow the space for the greatly needed expansion of Christ's Happy Childhaven. The space will allow for the construction of two additional children's homes. The added space will allow double the capacity to care for the precious children who have lost their parents. It was so great for the entire group that went on this trip to see in person how beneficial this land will be for the work in which we are all engaged.

Views of the land purchased

The ACU campus is clearly seen in the distance. The close proximity of this land to the ACU campus adds greatly to the benefit it will bring, both to ACU and CHC.
