OBJECTIVE

Tachi Palace wanted to create a memorable experience as a way to market their players club program within the casino. A custom overhead decor feature was created that literally welcomes customers into the club. Lighting, premium finishes, and integrated digital displays all work together to create another signature customer venue within the Tachi Palace Casino.

CARPET DESIGN

A custom carpet was designed to mirror the wood pattern of the ceiling panels, and to create a modern streamlined appearance.

CUSTOM MURAL

Replicating the look of backlit wall panels the custom mural is a unique feature within the space.

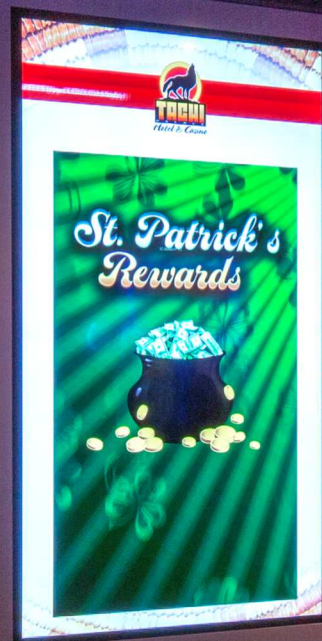

MATERIALS

Sleek and modern finishes in a warm color palette, were used throughout to create an inviting area.
