LRS Granted Women-owned Business Certification

[SEATTLE, November, 23, 2015] - The U.S. Women's Chamber of Commerce has granted women-owned business certification to locally owned and nationally operated retirement plan services company, Leading Retirement Solutions. The accreditation has been a top priority for President of Leading Retirement Solutions, Kirsten Curry, who sees the certification as a positive way to enhance her company's growth as well as being an advocate for women-run businesses across the country. The certification is important to Leading Retirement Solutions because it will help us engage with and get exposure to other women-owned businesses who we want support through their retirement savings, wealth planning and tax strategy. Curry expects this certification to result in a wider client base, as well as stronger name recognition not only in Washington state, but nationwide.

About Leading Retirement Solutions

Supporting clients in all 50 states, Leading Retirement Solutions is an industry leader in innovative retirement plan solutions for businesses. LRS focuses on improving retirement strategies by offering custom-fit solutions and nontraditional investment opportunities. Their services include plan design, plan administration, recordkeeping, consulting, and more. Leading Retirement Solutions prides itself on helping fellow women-owned business, not for profit organizations, and small businesses through tax sheltering and employee benefits.
