Outdoor Fitness

## About Us

The ExoFit executive team boasts over 50 years of experience designing and building projects in the Parks and Recreation industry.

We understand that not everyone can afford a gym membership or may feel intimidated by the commercial gym environment. This is where ExoFit comes in, providing communities with an opportunity to get healthy and maintain an active lifestyle while enjoying the outdoors.

With our full-body outdoor fitness gym, you can achieve your physical goals. Our equipment is durable enough to withstand harsh environments while being used in an unsupervised park environment.

ExoFit helps you take your fitness outdoors!

## Mission

ExoFit is committed to enhancing the quality of life through physical fitness outdoors. By providing functional, durable, and safe outdoor fitness equipment, we can help do our share in making the world a healthier place to live...one community at a time.
