PRODUCTION

Region: Languedoc Roussillon (750 000 acres) along the Mediterranean Sea. Blend of wines coming from the Herault area (49%), the Aude area (6%) and the Gard area (45%).

Blend: 100% Merlot.

 Soil: Coming from different regions of the Languedoc (The Aude, the Herault and the Gard) where each offers a different type of soil (schist, marls, chalk and clay).

 Climate: The hot and windy Mediterranean climate, along with the interesting diversity in the soils of these 3 areas, result in powerful and fruity wines.

Vinification: Optimum ripeness of the grapes - de-stalking and crushing of the grapes – a part of the harvest benefits from a “flash détente” process to enhance an optimum level of color and fruity aromas – the other part follows a traditional alcoholic fermentation in vats with 2 rack and return per day.

 Long maceration (3 weeks) with micro oxygenation before malolactic fermentation in vats to develop the color and to supple the tannins.

Available format: 75cl et 37.5cl.
