## Q&A

Rick Dunkley  
 Head Chef

Whether it's breakfast, a glass of champagne, afternoon tea or one of our fabulous hot dishes, our Head Chef will provide a day out to remember.

**Q. What would you say is the main reason for The Wickentree Restaurant's long and continued success?**

**A.** Well, there are a number of things that make the Wickentree special. We pride ourselves on providing the perfect dining experience every way we can. All our staff strive to provide the best possible service and to create the finest food for our customers, it's all about the detail and the extra care that we put into our dishes. We're not happy unless every single one of our customers leaves the restaurant with a smile on their face.

**Q. What would you say is your top seller?**

**A.** The Seafood Sensation has, quite appropriately, been a real sensation lately. This dish is more popular than ever and you can see why. We serve up a tower of salad and fruit alongside delicious salmon, prawns and dragon fruit; delivering a variety of flavours that all complement each other perfectly. It's a simply irresistible dish.

The Seafood Sensation

**Q. What has been the biggest success so far in 2013?**

**A.** Thursday evenings have been a real success this year. We're always packed with happy couples and families enjoying great food and a great night at a great price. You can find out more on our website but essentially a delicious, high quality meal, for just £19.95 per couple with two children eating for free is proving very popular.

**Q. I've heard a lot of good things about Afternoon Tea at the Wickentree, what makes them so popular?**

**A.** They're just a real old favourite with our customers here, we try to improve them every week and now they're better than ever! Whether you're looking for a light bite, a slice of cake or something more substantial, our Afternoon Teas provide the ideal setting for a special afternoon.

## FEEL THE DIFFERENCE

We only use the highest quality Full Hide leather on all of our sofas.

Many of our competitors use fragile Split Grain leather on the back and sides of their sofas to save cost. On the other hand, we use premium Full Hide leather on the whole of our sofas.

Why? Because you deserve the best of course.
