*Who is involved?*

Danyel Smith and I {Twitter}.

---

*What is the situation/context?*

Danyel asked for the best e-invoicing platform on Twitter.

---

*What happened?*

In the RBT Facebook group, there was a discussion about the invoice platforms people used. There was good info shared that I may need in the future, so I bookmarked the conversation. Months later, Danyel is asking the same question. I responded to her tweet.
